SUPPLEMENTARY INFORMATION:

Title: Child Nutrition Labeling Program.

OMB Number: 0584-0320.

Expiration Date: July 31, 2008.

Type of Request: Revision of currently approved collection.

Abstract: The Child Nutrition (CN) Labeling Program is a voluntary technical assistance program to aid schools and institutions participating in the National School Lunch Program (NSLP), School Breakfast Program (SBP), Child and Adult Care Food Program (CACFP), and Summer Food Service Program (SFSP) in determining

the contribution a commercial product makes toward the food-based meal pattern requirements of these programs. (See Appendix C to 7 CFR Parts 210, 220, 225 and 226 for more information on this program). There is no Federal requirement that commercial products must have a CN label statement.

To participate in the Child Nutrition Labeling Program, a manufacturer submits product labels and formulations to the Food and Nutrition Service (FNS) that are in conformance with the Food Safety and Inspection Service (FSIS) label approval program for meat and poultry, or United States Department of Commerce (USDC) label approval program for seafood products. FNS reviews a manufacturer's product formulation to determine the contribution a serving of the product makes toward the food-based meal pattern requirements. The application form submitted to FNS is the same application form that companies submit to FSIS or USDC to receive label approval. A CN label application is also reviewed by FNS for accuracy. Participation in the CN Labeling Program is voluntary: only manufacturers who wish to place CN labels on their products must comply with CN Labeling Program requirements.

Paperwork Reduction Act of 1995

This notice does not contain reporting or recordkeeping requirements subject to approval by the Office of

Management and Budget in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3507).

Executive Order 12372

This program is listed in the Catalog of Federal Domestic Assistance Programs under No. 10.557, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials (7 CFR Part 3015, Subpart V, 48 FR 29114, June 24, 1983, and 49 FR 22676, May 31, 1984).

Description

Section 17(d)(2)(A) of the Child Nutrition Act of 1966 (42 U.S.C. 1786 (d)(2)(A)) requires the Secretary of Agriculture to establish income criteria to be used with nutritional risk criteria in determining a person's eligibility for participation in the WIC Program. The law provides that persons will be income eligible for the WIC Program only if they are members of families that satisfy the income standard prescribed for reduced-price school meals under section 9(b) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1758(b)). Under section 9(b), the income limit for reduced-price school meals is 185 percent of the Federal poverty guidelines, as adjusted.

Section 9(b) also requires that these guidelines be revised annually to reflect changes in the Consumer Price Index. The annual revision for 2008 was published by the Department of Health and Human Services (HHS) at 73 FR 3971, January 23, 2008. The guidelines published by HHS are referred to as the poverty guidelines.

Section 246.7(d)(1) of the WIC regulations (Title 7, Code of Federal Regulations) specifies that State agencies may prescribe income guidelines either equaling the income guidelines established under section 9 of the Richard B. Russell National School Lunch Act for reduced-price school meals or identical to State or local guidelines for free or reduced-price health care. However, in

conforming WIC income guidelines to State or local health care guidelines, the State cannot establish WIC guidelines which exceed the guidelines for reduced-price school meals, or which are less than 100 percent of the Federal poverty guidelines. Consistent with the method used to compute income eligibility guidelines for reduced-price meals under the National School Lunch Program, the poverty guidelines were multiplied by 1.85 and the results rounded upward to the next whole dollar.

At this time the Department is publishing the maximum and minimum WIC income eligibility guidelines by household size for the period July 1, 2008, through June 30, 2009. Consistent with section 17(f)(17) of the Child Nutrition Act of 1966 (42 U.S.C. 1786(f)(17)), a State agency may implement the revised WIC income eligibility guidelines concurrently with the implementation of income eligibility guidelines under the Medicaid program established under Title XIX of the Social Security Act (42 U.S.C. 1396, et seq.). State agencies may coordinate implementation with the revised Medicaid guidelines, but in no case may implementation take place later than July 1, 2008.

State agencies that do not coordinate implementation with the revised Medicaid guidelines must implement the WIC income eligibility guidelines on July 1, 2008. The first table of this notice contains the income limits by household size for the 48 contiguous States, the District of Columbia and all Territories, including Guam. Because the poverty guidelines for Alaska and Hawaii are higher than for the 48 contiguous States, separate tables for Alaska and Hawaii have been included for the convenience of the State agencies.

Authority: 42 U.S.C. 1786.

Dated: April 1, 2008.

Roberto Salazar,
Administrator.
