

FREE ENTOMOLOGICAL LITERATURE

The following lists represent a large amount of duplicate entomological literature in storage in Entomology at the National Museum of Natural History of the Smithsonian Institution. This literature is available free of charge to researchers visiting the Museum or by mail upon request. We will mail reasonable requests (non-excessive amounts) to entomological researchers only, this literature is not to be sold. This literature is available on a first come first serve basis. We will mail it as staff time and resources allow.

Please send any requests by email to David Furth (furthd@si.edu)
