

## Acknowledgments

This Prevention through Design edition of the *Journal of Safety Research* would not have been possible without the support and guidance from the organizations and individuals identified below. NIOSH is grateful for their continued contributions to the PtD National Initiative.

## Organizations

American Industrial Hygiene Association	National Safety Council
American Society of Safety Engineers	Occupational Safety and Health Administration
Center to Protect Workers' Rights	ORC WorldWide
Kaiser Permanente	Regenstrief Center for Healthcare Engineering
Liberty Mutual	

## Individuals

Vern Anderson NIOSH	Scott Earnest NIOSH
Michael Barsan NIOSH	David Eherts Sikorsky Aircraft
Vanessa Becks NIOSH	David Enghahl Haskell Company (retired)
Michael Behm East Carolina University	Richard Fairfax OSHA
Elyce Biddle NIOSH	Gino Fazio NIOSH
Donald Boswick University of Utah	David Felinski Association for Manufacturing Technology
James Boiano NIOSH	June Fisher Training for Development of Innovative Control Technologies
Theodore Braun Liberty Mutual	Gary Fore National Asphalt Paving Association
Ronny Briers Johnson & Johnson	John Gambatese Oregon State University
Stewart Burkhammer OSHA	John Garland Garland and Associates
Larry Chapman University of Wisconsin, Madison	Charles Geraci NIOSH
Wayne Christianson Christianson Consulting for Safety Excellence, Ltd	Matt Gillen NIOSH
Beth Cooper NASA	Michael Gressel NIOSH
Wayne Creaser Department of Employment and Workplace Safety Australia	Ronald Hall NIOSH
Mohammad Dehghani Lawrence Livermore Labs	Andre Harte BHDP Architecture
Lou DiBerardinis MIT	Donna S. Heidel Heidel Associates, LLC
Jennifer Donaldson Consultant	David Heidorn American Society of Safety Engineers
