LOCATION MAP
NTS

GENERAL NOTES:

1. Soundings are in feet and tenths and refer to the plane of Mean Low Water (MLW).
2. Topography shown is from previous surveys and/or NOAA Chart No. 13214. All topography, including shoreline, bridges, piers, etc., is located approximate unless otherwise noted and should be used as a general reference only.
3. Bench Mark Data: BM 10 (1918) is a standard NOS disk stamped "1918 BM 10", set in rock in top of north-south stone bulkhead on east shore of Stonington Harbor. It is south of Stonington Boat Works, 15 feet (4.57 m) north of corner of bulkhead and on north side of large stone-lined slip known as Recreation Pier.
Elevation is 5.45 feet above MLW.
4. Coordinates shown are based on the Lambert Grid System for the State of Connecticut & NAD 1927.
5. The sounding information shown on this map represents the SHOALEST soundings of those obtained from hydrographic surveys conducted during June 2000.
6. The sounding information depicted on this map should NOT be used to determine volumes. Volumes are determined from more sounding information than shown. Additional sounding information is available upon request.
7. The information depicted on this map represents the results of surveys made on the dates indicated, and can only be considered as indicating the general conditions existing at that time.
8. Field Book: R&H 2338
Depthsounder Roll: 00-483/01
