

## § 780.912

### § 780.912 Exempt preparation.

The following operations, if required in order to move the commodities from the farm and to deliver them to a place of first marketing or first processing, are considered preparation for transportation: Assembling, weighing, placing the fruits or vegetables in containers such as lugs, crates, boxes or bags, icing, marking, labeling or fastening containers, and moving the commodities from storage or concentration areas on the farm to loading sites.

### § 780.913 Nonexempt preparation.

(a) *Retail packing.* Since the exemption, as expressly stated in section 13(b)(16), includes the transportation of the fruits or vegetables only to places of first marketing or first processing, packing or preparing for retail or further distribution beyond the place of first processing or first marketing is not exempt as "preparation for transportation." (*Schultz v. Durrence* (D. Ga.), 19 WH Cases 747, 63 CCH Lab. Cas. secs. 32, 387.)

(b) *Preparation for market.* No exemption is provided under section 13(b)(16) for operations performed on the farm in preparation for market (such as ripening, cleaning, grading, or sorting) rather than in preparation for the transportation described in the section. Exemption, if any, for these activities should be considered under sections 13(a)(6) and 13(b)(12). (See subparts D and E of this part 780.)

(c) *Processing or canning.* Processing is not exempt preparation for transportation. Thus, the canning of fruits or vegetables is not under section 13(b)(16).

### § 780.914 "From the farm."

The exemption applies only to employees whose work relates to transportation of fruits or vegetables "from the farm." The phrase "from the farm" makes it clear that the preparation of the fruits or vegetables should be performed on the farm and that the first movement of the commodities should commence at the farm. A "farm" has been interpreted under the Act to mean a tract of land devoted to one or more of the primary branches of farming outlined in the definition of "agri-

culture" in section 3(f) of the Act. These expressly include the cultivation and tillage of the soil and the growing and harvesting of any agricultural or horticultural commodities.

### § 780.915 "Place of first processing."

Under section 13(b)(16) the fruits or vegetables may be transported to only two types of places. One is a "place of first processing", which includes any place where canning, freezing, drying, preserving, or other operations which first change the form of the fresh fruits or vegetables from their raw and natural state are performed. (For overtime exemption applicable to "first processing," see part 526 of this chapter.) A plant which grades and packs only is not a place of first processing (*Walling v. DeSoto Creamery and Produce Co.*, 51 F. Supp. 938). However, a packer's plant may qualify as a place of first marketing. (See § 780.916.)

### § 780.916 "Place of \* \* \* first marketing."

A "place of \* \* \* first marketing" is the second of the two types of places to which the freshly harvested fruits or vegetables may be transported from the farm under the exemption provided by section 13(b)(16). Typically, a place of first marketing is a farmer's market of the kind to which "delivery to market" is made within the meaning of section 3(f) of the Act when a farmer delivers such commodities there as an incident to or in conjunction with his own farming operations. Under section 13(b)(16), of course, there is no requirement that the transportation be performed by or for a farmer or as an incident to or in conjunction with any farming operations. A place of first marketing may be described in general terms as a place at which the freshly harvested fruits or vegetables brought from the farm are first delivered for marketing, such as a packing plant or an establishment of a wholesaler or other distributor, cooperative marketing agency, or processor to which the fruits or vegetables are first brought from the farm and delivered for sale. A place of first marketing may also be a place of first processing (see *Mitchell v. Budd*, 350 U.S. 473) but it
