

Subpart A—Clarification and Definition of Account Insurance Coverage

§ 745.0 Scope.

The regulation and appendix contained in this part describe the insurance coverage of various types of member accounts. In general, all types of member share accounts received by the credit union in its usual course of business, including regular shares, share certificates, and share draft accounts, represent equity and are insured. For the purposes of applying the rules in this part, it is presumed that the owner of funds in an account is an insured credit union member or otherwise eligible to maintain an insured account in a credit union. These rules do not extend insurance coverage to persons not entitled to maintain an insured account or to account relationships that have not been approved by the Board as an insured account. Where there are multiple owners of a single account, generally only that part which is allocable to the member(s) is insured.

§ 745.1 Definitions.

(a) The terms *account* or *accounts* as used in this part mean share, share certificate or share draft accounts (or their equivalent under state law, as determined by the Board in the case of insured state credit unions) of a member (which includes other credit unions, public units and nonmembers where permitted under the Act) in a credit union of a type approved by the Board which evidences money or its equivalent received or held by a credit union in the usual course of business and for which it has given or is obligated to give credit to the account of the member.

(b) The terms *member* or *members* as used in this part mean those persons enumerated in the credit union's field of membership who have been elected to membership in accordance with the Act or state law in the case of state credit unions. It also includes those nonmembers permitted under the Act to maintain accounts in an insured credit union, including nonmember credit unions and nonmember public units and political subdivisions.

(c) The term *public unit* means the United States, any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Panama Canal Zone, any territory or possession of the United States, any county, municipality, or political subdivision thereof, or any Indian tribe as defined in section 3(c) of the Indian Financing Act of 1974.

(d) The term *political subdivision* includes any subdivision of a public unit, as defined in paragraph (c) of this section, or any principal department of such public unit, (1) the creation of which subdivision or department has been expressly authorized by state statute, (2) to which some functions of government have been delegated by state statute, and (3) to which funds have been allocated by statute or ordinance for its exclusive use and control. It also includes drainage, irrigation, navigation improvement, levee, sanitary, school or power districts and bridge or port authorities, and other special districts created by state statute or compacts between the states. Excluded from the term are subordinate or nonautonomous divisions, agencies, or boards within principal departments.

(e) The term "standard maximum share insurance amount" or "SMSIA" means \$100,000, adjusted pursuant to subparagraph (F) of section 11(a)(1) of the Federal Deposit Insurance Act (12 U.S.C. 1821(a)(1)(F)). The current SMSIA is \$100,000. All examples in this regulation (12 CFR part 745) and appendix, unless otherwise noted, use the current SMSIA of \$100,000.

§ 745.2 General principles applicable in determining insurance of accounts.

(a) *General.* This part provides for determination by the Board of the amount of members' insured accounts. The rules for determining the insurance coverage of accounts maintained by members in the same or different rights and capacities in the same insured credit union are set forth in the following provisions of this part. The
