

(a) The extent to which provision is made for a continuation of services to the eligible children who have been participating as enrollees in the program;

(b) The extent to which provision is made for continuation of services to the target area or areas served by the program; and

(c) The extent to which provision is made for continued employment by the applicant of the qualified personnel of the existing program.

Subpart C—Change in Grantee Requiring Amendment of Approved Application or Replacement of Head Start Program

§ 1302.20 Grantee to show both legal status and financial viability.

(a) Upon the occurrence of a change in the legal condition of a grantee or of a substantial diminution of the financial resources of a grantee, or both, for example, such as might result from cessation of grants to the grantee under section 514 of the Act, the grantee is required within 30 days after the effective date of the regulations in this Part or the date the grantee has notice or knowledge of the change, whichever is later, to show in writing to the satisfaction of the responsible HHS official that it has and will continue to have legal status and financial viability. Failure to make this showing may result in suspension, termination or denial of refunding.

(b) The responsible HHS official will notify the grantee in writing of the decision as to the grantee's legal status and financial viability within 30 days after receiving the grantee's written submittal.

(c) When it is consistent with proper and efficient administration, the responsible HHS official may extend a grantee's program year to end on the date when a change in its legal condition or a substantial diminution of financial resources, or both, is scheduled to take place.

§ 1302.21 Grantee shows legal status but not financial viability.

(a) If a grantee shows legal status but impaired financial viability the respon-

sible HHS official will entertain a timely request for amendment of the grantee's approved application which restores the grantee's financial viability either by a reduction in the program which produces minimum disruption to services and functions, or by an amendment which incorporates essential functions and services not previously funded as part of the total cost of the Head Start program, and, therefore, requires an increase in the amount of the Head Start grant but which will not result in a Federal share of the total cost of the Head Start program in excess of the percentage authorized by the Act or applicable regulations. In considering such a request which includes an increase in the Head Start grant the responsible HHS official will take into account the funds available to him for obligation and whether the proposed increase is consistent with that distribution of Head Start funds which:

(1) Maximizes the number of children served within his area of responsibility, or in the case of experimental or demonstration programs, the experimental or demonstration benefits to be achieved, and

(2) Maintains approximately the same distribution of Head Start program funds to States as exist during the fiscal year in which his decision is made.

(b) A request for amendment will be considered to be timely if it is included with the written submittal required by § 1302.20(a) of this part, submitted within 30 days after receiving the notice required by § 1302.20(b) of this part, or submitted as a part of a timely application for refunding.

(c) The grantee will be notified in writing by the responsible HHS official within 30 days after submission of the requested amendment of the decision to approve or disapprove the requested amendment. If the requested amendment is disapproved the notice will contain a statement of the reasons for disapproval.

§ 1302.22 Suspension or termination of grantee which shows financial viability but not legal status.

If a grantee fails to show that it will continue to have legal status after the

§ 1302.23

date of change even though it may show financial viability, the grant shall be suspended or terminated or refunding shall be denied as of the date of change. If it appears reasonable to the responsible HHS official that the deficiency in legal status will be corrected within 30 days he may suspend the grant for not to exceed 30 days after the date of change or the date of submission of a timely request for amendment. If such correction has not been made within the 30 day period the grant shall be terminated.

§ 1302.23 Suspension or termination of grantee which shows legal status but not financial viability.

(a) If the date of change of financial viability precedes or will precede the end of the grantee's program year the grant will be suspended or terminated on that date, or, if a request for amendment has been submitted under § 1302.21 of this part, upon written notice of disapproval of the requested amendment, whichever is later. If it appears reasonable to the responsible HHS official that the deficiency in financial viability will be corrected within 30 days he may suspend the grant for not to exceed 30 days after the date of change or notice of disapproval. If such correction has not been made within the 30 day period the grant will be terminated.

§ 1302.24 Denial of refunding of grantee.

(a) If the date of change will coincide with or will come after the end of the program year and the grantee has notice or knowledge of such change prior to the end of the program year any action taken to approve the grantee's application for refunding for the following program year shall be subject to rescission or ratification depending upon the decision of the responsible HHS official on the grantee's legal status and financial viability and on any requested amendment submitted by the grantee. If the requested amendment is disapproved the responsible HHS official may extend the program year in accordance with § 1302.20(c) of this part.

(b) If the date of change coincides with the end of the program year and the grantee does not have notice or

45 CFR Ch. XIII (10-1-07 Edition)

knowledge of the change prior thereto and the grantee's application for refunding for the following program year has been approved, such approval shall be subject to rescission or ratification depending upon the decision of the responsible HHS official on the grantee's legal status and viability and on any requested financial amendment submitted by the grantee.

(c) If the date of change will coincide with or will come after the end of the program year and if the responsible HHS official has prior notice thereof from the grantee or other official source such as the Community Services Administration action to approve any application for refunding submitted by the grantee shall be deferred pending decision by the responsible HHS official on the grantee's legal status and financial viability and any requested amendment submitted by the grantee.

(d) When the responsible HHS official determines to approve a requested amendment for refunding he will approve it for the full term of the proposed program period, if that period as approved is no longer than a program year.

§ 1302.25 Control of funds of grantee scheduled for change.

Responsible HHS officials will place strict controls on the release of grant funds to grantees which are scheduled for change by cessation of their grants under section 519 of the Act. Specifically, the following controls will be established:

(a) Funds will be released on a monthly basis regardless of the form of grant payment.

(b) Funds released each month will be limited to the amount required to cover actual disbursements during that period for activities authorized under the approved Head Start program.

(c) The amount of funds released must be approved each month by the responsible HHS official.
