

Subpart C—Head Start Program Options

§ 1306.30 Provisions of comprehensive child development services.

(a) All Head Start grantees must provide comprehensive child development services, as defined in the Head Start Performance Standards.

(b) All Head Start grantees must provide classroom or group socialization activities for the child as well as home visits to the parents. The major purpose of the classroom or socialization activities is to help meet the child's development needs and to foster the child's social competence. The major purpose of the home visits is to enhance the parental role in the growth and development of the child.

(c) The facilities used by Early Head Start and Head Start grantee and delegate agencies for regularly scheduled center-based and combination program option classroom activities or home-based group socialization activities must comply with State and local requirements concerning licensing. In cases where these licensing standards are less comprehensive or less stringent than the Head Start regulations, or where no State or local licensing standards are applicable, grantee and delegate agencies are required to assure that their facilities are in compliance with the Head Start Program Performance Standards related to health and safety as found in 45 CFR 1304.53(a), Physical environment and facilities.

(d) All grantees must identify, secure and use community resources in the provision of services to Head Start children and their families prior to using Head Start funds for these services.

(c) When assigning children to a particular program option, Head Start grantees that operate more than one program option must consider such factors as the child's age, developmental level, disabilities, health or learning problems, previous preschool experiences and family situation. Grantees must also consider parents' concerns and wishes prior to making final assignments.

(a) *Class size.* (1) Head Start classes must be staffed by a teacher and an aide or two teachers and, whenever possible, a volunteer.

A double session class for four or five-year old children may have no more than 17 children enrolled. (See paragraph (c) of this section for other requirements regarding the double session variation.)
