Introduction

Grants.gov has been designed to make it easier for organizations to find and apply for more than \$400 billion in federal grants. With electronic access to more than 1,000 grant programs offered by all federal grant-making agencies, Grants.gov leverages the power of the Web to streamline your grant acquisition process.

This user guide has been developed to help you navigate the Grants.gov environment more easily. In it, you'll find an overview of every step of the process.

From getting started and registration to viewing and tracking completed applications, this user guide offers clarification where and when you need it.

Finding Information about Grants.gov

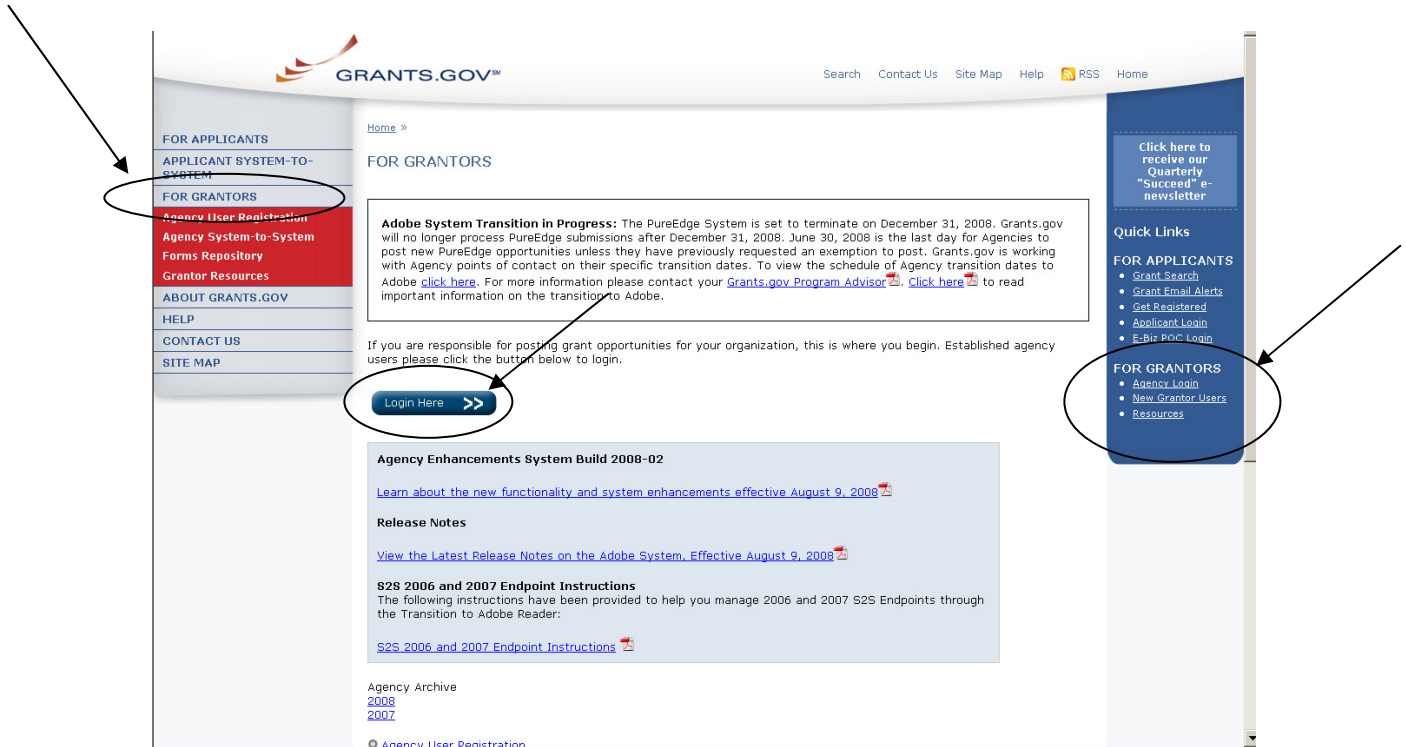

Grants.gov provides information for federal grant-making agencies in the **For Grantors** section of the website. To access specific information about Grants.gov, simply click **For Grantors** in the left side navigation on any Grants.gov page. This will take you to the **For Grantors** page.

Once on the For Grantors page, you may post grant opportunities, publish and retrieve grant applications and access resources specifically for grant-making agencies. Inform co-workers and constituents about Grants.gov, and receive help to make using Grants.gov easier.

The screenshot shows the Grants.gov website interface. At the top, the Grants.gov logo and navigation links (Search, Contact Us, Site Map, Help, RSS, Home) are visible. The left sidebar contains a navigation menu with categories: FOR APPLICANTS, APPLICANT SYSTEM-TO-SYSTEM, FOR GRANTORS, Agency User Registration, Agency System-to-System, Forms Repository, Grantor Resources, ABOUT GRANTS.GOV, HELP, CONTACT US, and SITE MAP. The 'FOR GRANTORS' link is highlighted with a red circle, and an arrow points to it from the text above. The main content area features a 'FOR GRANTORS' heading, a 'Home »' breadcrumb, and a prominent notice titled 'Adobe System Transition in Progress'. Below this notice is a 'Login Here >>' button. Further down, there are sections for 'Agency Enhancements System Build 2008-02', 'Release Notes', and 'S2S 2006 and 2007 Endpoint Instructions'. The right sidebar includes a newsletter sign-up link and 'Quick Links' for both applicants and grantors.

Posting Grant Opportunities

Opportunity Number*: The Opportunity Number is a number that you choose to identify your grant opportunity within the Grants.gov system. You must enter a number into this section – the system will not self-generate a number for you.

Opportunity Title*: This is the title of your grant opportunity. Your Opportunity Title should accurately reflect the nature of your funding opportunity.

Opportunity Category*: You need to select a category for this particular opportunity. The choices are Discretionary, Continuation, Mandatory or Earmark. If the opportunity falls in between one or more of these choices, please select the option that is closest to the description of the opportunity.

Category Explanation (*if opportunity category is other): In this field please indicate the category and a brief explanation.

CFDA Number: You can enter numerous CFDA Numbers if your opportunity falls under different CFDA programs. This is an optional field. Also, if it is a new program number, you may need to wait for 24 hours after you have entered in this information at the CFDA Catalog before you will be able to post this new CFDA program.

After you have entered this information, you must add either a synopsis or application package in order to have the grant opportunity properties saved.

*For Mandatory Grants do not post a synopsis, instead only post the application package. Then email the applicant the Opportunity Number of the grant so they can apply.

Modifying Grant Opportunities

If you select **Publish**, you will receive a confirmation screen regarding the successful publishing of the opportunity.

If the post date you have entered is today's date, then the synopsis will appear on the site within 30 minutes.

If the post date is in the future, then you will also receive a confirmation screen regarding a successful publishing of the opportunity, but it will not be present on the screen until the actual post date you entered. You will be able to edit and modify this synopsis until the post date without any of those edits being visible to the applicant.

Please be aware that Grants.gov will be updating the content on this confirmation screen to more accurately explain that synopsis with a future post date will not automatically appear on the site until that future date.

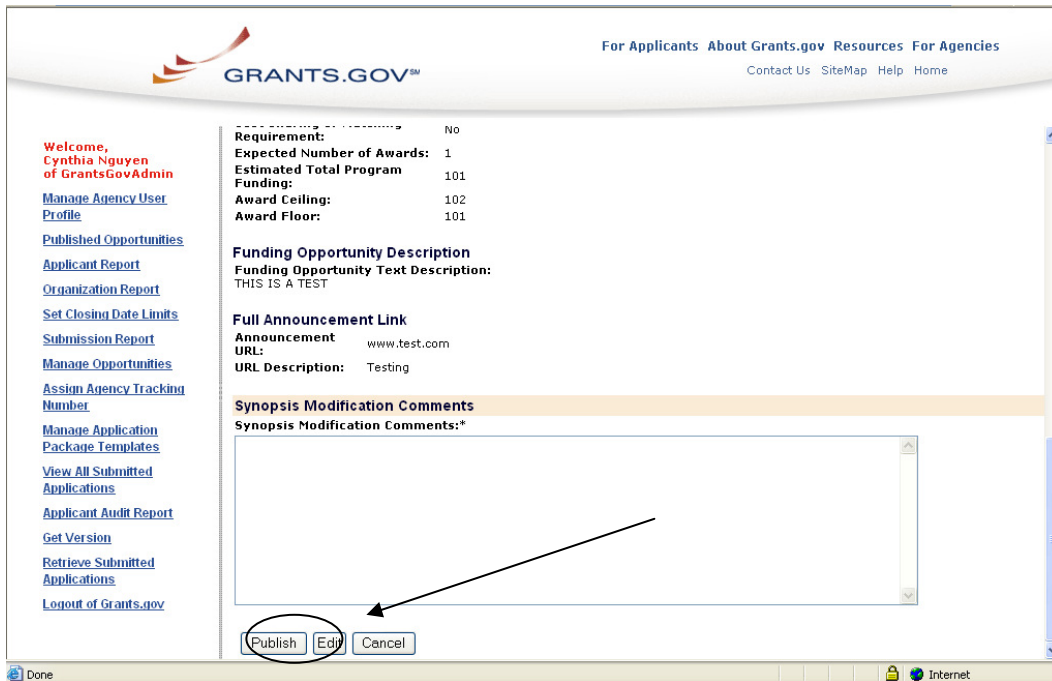

Modifying Synopses with a Future Post Date

This section is in reference to modifying synopses that have been published, but have a post date that is in the future. These synopses can be modified without the applicants being notified and without the record of these modifications being made public.

In order to modify a synopsis, you must select the grant opportunity from the **Manage Opportunities** section and click on **Modify Opportunity**. Once you enter the **Grant Opportunity Properties** screen, click on **Modify** next to **Synopsis**.

The screenshot shows the Grants.gov interface. At the top, the logo and navigation links are visible. The main content area is titled 'GRANT OPPORTUNITY PROPERTIES' and displays details for a specific opportunity: Opportunity Number: 5555555, Opportunity Title: Cynthia Test, Opportunity Category: Discretionary, and CFDA Numbers: 00.000. A 'Modify' button is located below these details. In the left sidebar, the 'Manage Opportunities' link is circled. Below the breadcrumb trail, the 'Synopsis' section contains 'Modify', 'Delete', and 'Attachments' buttons, with the 'Modify' button also circled. An 'Add' button is present under the 'Application Packages' section. The browser's address bar at the bottom shows 'Internet'.

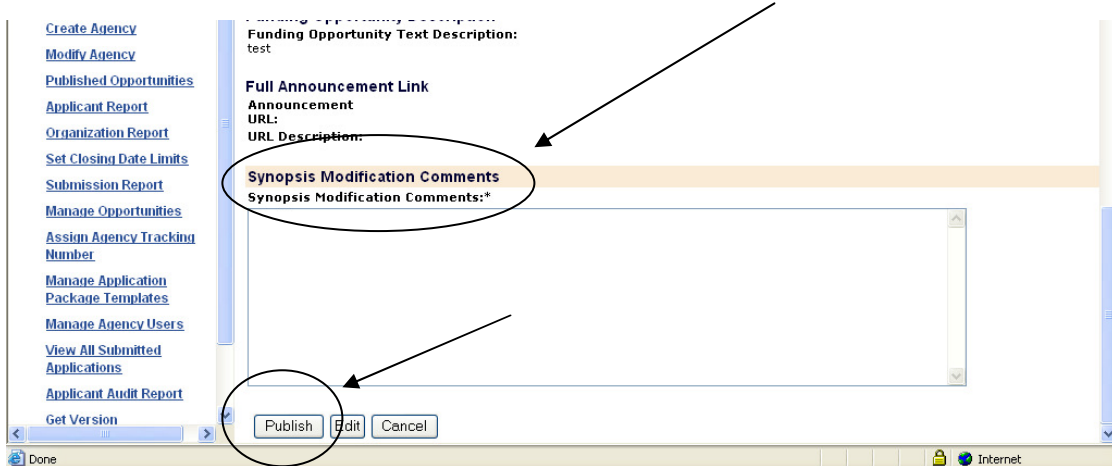

In the next screen, you will be provided the original synopsis. Make the necessary modifications and select **Publish** at the bottom of the screen.

You will be taken to the **Confirm Opportunity Synopsis Properties** screen.

At the bottom of the screen, you will be asked to enter the details pertaining to what you have modified in the **Synopsis Modification Comments** box.

Enter what you have modified. If the post date is in the future, these comments will not be made public, but will serve as a record of what you have previously modified. After this synopsis is posted, any future modification comments will be made public so that the applicant knows what has been modified with the post date that the synopsis was originally posted on the site.

Once you have reviewed the modifications and completed the comments box, select **Publish**. If you need to make additional changes, select **Edit** and perform those revisions. If you select **Cancel** you will be taken back to the **Grant Opportunity Properties** screen.

You will receive a **Synopsis Publish Success** screen. Please be aware that though the text states that the opportunity will be available within 30 minutes, since your post date is not until the future, the synopsis will not be published until that post date. All modifications made before the post date will not be seen by the public.

Click **Continue** and you will be directed to the Grant Opportunity Properties Screen.

Modifying Posted Synopses

This section is in reference to modifying synopses that have been published and posted to the website. These synopses can still be modified, but any modification will require the agency to document what has been modified and this documentation will be made available for the public.

In order to modify a synopsis, you must select the grant opportunity from the **Manage Opportunities** section and click on **Modify Opportunity**. Once you have entered the **Grant Opportunity Properties** screen, click on **Modify** next to **Synopsis**.

Deleting Agency User Profiles

C.

To delete an existing agency user profile, click the [Manage Agency Users](#) link on the left of your screen. This will take you to the [Manage Agency Users](#) screen. This screen lists the users currently registered for your agency.

Select the user profile that you want to delete by clicking in the check box in the first column of that user's row. Click the [Delete User](#) button above the listed users.

This will take you to the [Delete User Confirmation](#) screen. Click the [Delete](#) button to permanently remove the listed user.

OR

Click the [Cancel](#) button to return to the previous screen without deleting the listed user.

If a user has the Manage Agencies role, they cannot be deleted until that role is removed. If you try to delete a user with the Manage Agencies role you will get a message that you need to "reassign roles" before deleting the user, and you will get a **Return** button on the Delete User Confirmation screen rather than a Cancel or Delete button.

Managing Agencies

This section shows you how to create and modify agency/sub-agency profiles, and set agency levels.

Note: If an agency or sub-agency needs to delete an agency or sub-agency you will need to contact Grants.gov PMO to do so.

To modify your agency profile, click the **Modify Agency** link in the left menu.

To create an agency, click the **Create Agency** link in the left menu.

To set your agency level, click the **Set Agency Level** link in the left menu.

To modify an existing sub-agency, select the sub-agency that you want to modify by clicking on the sub-agency's name and then click the **Set Agency Level** button above the list. Once you have set the agency level you can modify the agency profile by clicking on the **Modify Agency** link in the left menu.

To modify the users of an existing agency, select the agency for which you want to modify at the **Set Agency Level** screen. Then once you have set the agency level, click on **Manage Agency Users** on the left menu. This will take you to the **Manage Agency Users** screen where you can reassign user roles and modify user profiles as well as delete users. For more detailed information about these procedures, refer to the "Reassigning Roles", "Modifying User Profiles" and "Delete Users Profiles" topics.

The Grants.gov tiers are linear in that the Tier 1 agency is referred to as the "parent agency". Tiers 2-6 are "sub-agencies" within the "parent agency".

The above graphic is a sample of how the agency and sub-agency structure might look. You may have numerous sub-agencies registered with the parent agency.

How Agency Enrollment Codes Work

When you sign up as a new user, you are required to enter an Agency Enrollment Code. This code designates to which agency you are assigned. The Agency Enrollment Code is created from the Agency Code entered when creating an agency. The code combines the Agency Codes of your agency and those of your “parent” agencies, separating them by hyphens.

For example, if Tier 1’s agency code is T1, Tier 2’s agency code is T2, Tier 3’s agency code is T3 and so on, and you wanted to register with the Tier 3 “sub-agency,” your Agency Enrollment Code would be T1-T2-T3

What You Can See When You Login

When you login to the **For Grantors** section of the site, you are logging into a specific agency in a specific tier.

You will be able to view the following (depending on your assigned roles):

- The application packages created by the current agency you are logged into
- The application package templates created by the current agency you are logged into (you can copy but you cannot edit the templates from this screen)
- The application packages which your agency created that have been downloaded, completed and submitted by grant applicants. You will be able to retrieve and assign agency tracking numbers to these applications.
- The users registered with your agency and the agencies which are one tier below your agency.*

*To view the users of the agencies registered one tier below your agency, you will need to change the **Set Agency Level** to the tier below the parent agency. And then to view the users you will need to click on **Manage Agency Users** link in the left menu.

- The agencies which are registered one tier directly below your agency.

For example, a user registered with a Tier 2 Agency will be able to see:

- All the application packages and package templates that his/her Tier 2 Agency created
- All the application packages that his/her Tier 2 Agency created which have been downloaded, completed and submitted by grant applicants
- The users registered with his/her Tier 2 Agency
- The users registered with the Tier 3 agencies that are directly below his/her Tier 2 Agency
- The Tier 3 agencies that are registered directly below his/her Tier 2 Agency
