SUPPLEMENTARY INFORMATION: Section 3506(c)(2)(A) of the Paperwork Reduction Act requires each agency "to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *." Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

The Department of the Interior (DOI) is the department within the Federal Government responsible for matters relevant to mineral resource development on Federal and Indian Lands and the Outer Continental Shelf (OCS). The Secretary of the Interior

(Secretary) is responsible for managing the production of minerals from Federal and Indian Lands and the OCS; for collecting royalties from lessees who produce minerals; and for distributing the funds collected in accordance with applicable laws. MMS performs the royalty management functions for the Secretary.

The MMS Royalty Management Program (RMP) is proposing to continue the use of Form MMS-4393, Request to Exceed Regulatory Allowance Limitation, to be used by royalty payors on Federal or Indian mineral leases. The payors will use the form when requesting MMS approval to exceed established transportation or processing allowance limits.

To request permission to exceed an allowance limit, royalty payors must write a letter to MMS providing the reasons why a higher allowance limit is necessary. Although the request to exceed an allowance limit is voluntary on the part of the payors and results in a benefit to them, many times payors have not provided all of the data needed by MMS to approve or deny a request. The followup necessary to obtain required information creates an additional burden for both the payor and the Government. RMP developed Form MMS-4393 to be included with the payor's request for approval to exceed the allowance limit. The form ensures that MMS receives the lease data required to make a decision on the request by including the Accounting Identification Number identifying the lease, the product code identifying the product being transported or processed, and the selling arrangement used to identify the marketing outlet for the product. These are the necessary data that have been missing from many of the requests in the past. We estimate the annual burden to complete this information collection is 30 minutes.

Dated: December 2, 1999.

Lucy Querques Denett,

Associate Director for Royalty Management.
