INTERSTATE COMMERCE COMMISSION

[Docket No. AB-315X]

Angelina and Neches River Railroad Co.—Abandonment Exemption—In Angelina County, TX

Applicant has filed a notice of exemption under 49 CFR 1152 Subpart F—*Exempt Abandonments* to abandon its 4.0-mile line of railroad between milepost 829.0 and milepost 833.0 in Angelina County, TX.

Applicant has certified that: (1) No local traffic has moved over the line for at least 2 years; (2) any overhead traffic on the line can be rerouted over other lines; and (3) no formal complaint filed by a user of rail service on the line (or a State or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Commission or with any U.S. District Court or has been decided in favor of the complainant within the 2-year period. The appropriate State agency has been notified in writing at least 10 days prior to the filing of this notice.

As a condition to use of this exemption, any employee affected by the abandonment shall be protected under *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10505(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance has been received, this exemption will be effective on May 24, 1989 (unless stayed pending reconsideration). Petitions to stay that do not involve environmental issues,¹ formal expressions of intent to file an offer of financial assistance under 49 CFR 1152.27(c),² and trail use/rail banking statements under 49 CFR 1152.29 must be filed by May 4, 1989.³ Petitions for reconsideration and requests for public use conditions under 49 CFR 1152.28 must be filed by May 15, 1989, with: Office of the Secretary, Case Control Branch, Interstate Commerce Commission, Washington, DC 20423.

A copy of any petition filed with the Commission should be sent to applicant's representative: Peter A. Greene, Thompson, Hine, and Flory, 1920 N Street, NW., Washington, DC 20036.

¹ A stay will be routinely issued by the Commission in those proceedings where an informed decision on environmental issues (whether raised by a party or by the Section of Energy and Environment in its independent investigation) cannot be made prior to the effective date of the notice of exemption. See *Exemption of Out-of-Service Rail Lines*, 4 I.C.C. 2d 600 (1988). Any entity seeking a stay involving environmental concerns is encouraged to file its request as soon as possible in order to permit this Commission to review and act on the request before the effective date of this exemption.

² See *Exempt of Rail Abandonment—Offers of Finan. Assist.*, 4 I.C.C. 2d 164 (1987), and final rule published in the Federal Register on December 20, 1987 (52 FR 48440-48448).

³ The Commission will accept a late-filed trail use statement so long as it retains jurisdiction to do so.
