CAPI Reference Version  
OMB No. 0920-0314  
Expiration Date: July 31, 1996**

**Introduction**

This survey is called the National Survey of Family Growth. It is about topics related to women's health and childbearing. The study is being conducted for the U.S. Public Health Service. Your participation is voluntary, but it is very important because you represent many other women. We will hold your responses in the strictest confidence, as Federal law requires. You may decline to answer any question you wish. If you have any questions, please let me know.

Did you receive a copy of the letter and brochure describing the survey?

YES -- CONTINUE

NO -- GIVE R A COPY OF THE LETTER AND BROCHURE

Now we can begin.

-----  
Public reporting burden for complete participation in this survey is estimated to average 90 minutes. Send comments regarding this burden estimate or any other aspects of this collection of information, including suggestions for reducing this burden to PHS Reports Clearance Officer; ATTN: PRA; Hubert H. Humphrey Building, Rm 721-B; 200 Independence Avenue, SW; Washington, DC 20201; and to the Office of Management and Budget; Paperwork Reduction Project (0920-0314); Washington, DC 20503.

**SECTION A**

**Education, Work, and Family Background**

This section will be about your family while you were growing up, your schooling, and work. Many women we have talked to have found that having a calendar to look at helped them to remember when something happened to them. Let me show you an example calendar. (EXPLAIN EXAMPLE CALENDAR TO RESPONDENT.)

**AGE AND MARITAL STATUS SERIES (AA)**

**AGE**

AA-1. In order to set up a calendar for you, I need your age and date of birth. How old are you?

\_\_\_\_\_ (RANGE 15-44)  
AGE

**BIRTHDAY**

AA-2. What is the date of your birth?

\_\_\_\_\_/\_\_\_\_\_/\_\_\_\_\_  
MONTH DAY YEAR

**EDIT CHECK:** PROBE IF AGE IS INCONSISTENT WITH BIRTHDAY.

**FLOW CHECK A-1:** IF AGE AND BIRTHDAY INDICATE R IS BETWEEN THE AGES OF 15 AND 44 ON APRIL 1, 1995, GO TO CALENDAR INTRO. ELSE, GO TO TERMINATION SCRIPT.

**TERMINATION SCRIPT:** In this survey we are only interviewing women who are between the ages of 15 and 44 on April 1, 1995. Therefore, that's all the questions I have for you. Thank you for your time.

**CALENDAR INTRO:** (SET UP CALENDAR SO THAT R'S AGES CORRESPOND WITH THE CORRECT YEARS. GIVE CALENDAR TO R, AND A PENCIL, AND WAIT 10 SECONDS OR SO WHILE SHE LOOKS IT OVER. THEN EXPLAIN HOW CALENDAR IS LAID OUT AND WHERE TO RECORD EVENTS.)

Now we need to record on the calendar some of the important events in your life. Please think of five or six important things that happened in your life that really stand out in your

memory. These can be any events, such as leaving school, starting your first job, a wedding, a death, a birth, or anything that comes to mind. Please write these events on the calendar at the month and year they happened.

(PROMPT: What's another event?)

(WAIT WHILE R WRITES FIVE OR SIX (OR MORE IF SHE WISHES) IMPORTANT PERSONAL EVENTS ON THE CALENDAR.)

We will be talking about a lot more dates during the interview. At times I will ask you to enter specific events on the calendar. You may find it helps to mark other important events on the calendar as we go along, such as graduation dates, family events, or dates of jobs. You may also find it helpful to use colored markers to show periods of time, such as when you were pregnant. The events and time periods that are marked on the calendar should act as reminders to help you remember other dates later in the interview. Please refer to the calendar whenever you have trouble remembering dates.

Sometimes we'll be asking how old you were at a particular event in your life. Remember that your age will depend on whether the event happened before or after your birthday in that year. You can use the calendar to figure out whether the event happened before or after your birthday.

Now let's continue with the interview.

CREATION OF PREGNANCY INTERVALS AND FILL-INS (EC)

CREATE STRUCTURE NEEDED FOR ASKING ABOUT PREGNANCY INTERVALS.

**STEP 1. CREATE A PREGNANCY END DATE FOR EACH PREGNANCY (PGENDDXX):**

FOR EACH PREGNANCY 1 TO NUMPREGS, PGENDDXX = DATPRGEN IF PREGXEND ≠ LIVE BIRTH BY CESAREAN OR VAGINAL DELIVERY; ELSE, PGENDDXX = BABYXDOB.

**STEP 2. FOR EACH COMPLETED PREGNANCY, GENERATE PREGNANCY INTERVALS AS FOLLOWS:**

**INTERVAL 1:** Date first voluntary sex to end of first pregnancy: INTSTR01 = WNFSTSEX (OR WNVOLSEX), INTFIN01 = PGENDD01.

**INTERVAL 2:** End of first pregnancy to end of second pregnancy: INTSTR02 = PGENDD01 = INTFIN01, INTFIN02 = PGENDD01

**STEP 3. CREATE THE OPEN INTERVALS. THERE ARE TWO OF THESE -- ONE FOR RESPONDENTS WHO HAVE EVER COMPLETED A PREGNANCY (INTERVAL OO) AND ONE FOR RESPONDENTS WHO HAVE NEVER BEEN PREGNANT (INTERVAL ON).**

**INTERVAL OO:** FOR R'S WHO HAVE EVER COMPLETED A PREGNANCY, INTERVAL OO (INTSTROO) IS FROM THE END OF THE LAST PREGNANCY THROUGH MONTH OF INTERVIEW. INTSTROO = PGENDD(N); INTFINOO = MON[CUR]. (NOTE THAT IF R IS CURRENTLY PREGNANT, THERE IS NO OPEN INTERVAL.)

INTERVAL ON: IF R HAS HAD SEX AND NOT BEEN PREGNANT, THERE IS ONLY ONE INTERVAL -- THE OPEN INTERVAL (INTSTRON). IT EXTENDS FROM THE DATE OF FIRST VOLUNTARY INTERCOURSE THROUGH THE CURRENT MONTH. THUS, INTSTRON = WNFSTSEX (OR WNVOLSEX); INTFINON = MON[CUR].

STEP 4. CREATE FINAL INTERVAL FOR CURRENTLY PREGNANT RESPONDENTS. IT IS KIND OF LIKE AN OPEN INTERVAL SINCE WE DO NOT KNOW WHEN THE BABY WILL BE BORN. THIS INTERVAL EXTENDS FROM THE END OF THE LAST PREGNANCY (OR DATE OF FIRST INTERCOURSE) THROUGH THE MONTH OF THE INTERVIEW.

INTERVAL OP: LAST INTERVAL FOR R'S WHO ARE CURRENTLY PREGNANT (INTSTROP). IF CURRPREG = YES AND NUMPREGS > 1, INTSTROP = INTSTR[NUMPREGS-1] AND INTFINOP = MON[CUR]. IF CURRPREG = YES AND NUMPREGS = 1, INTSTROP = WNFSTSEX (OR WNVOLSEX) AND INTFINOP = MON[CUR].

STEP 5. FOR EACH PREGNANCY INTERVAL OTHER THAN THE OPEN INTERVAL, WE ALSO NEED THE DATE THE PREGNANCY BEGAN (PGBEGDXX). DETERMINE PGBEGDXX BY USING THE MONTHS OR WEEKS PREGNANT FROM SECTION B (GESTASUN). IF R DID NOT KNOW GESTASUN AND GAVE A RANGE IN DKGESTAS, USE THE FOLLOWING: 1.5 MONTHS IF LESS THAN 3 MONTHS, 4.5 MONTHS IF FROM 3 TO 6 MONTHS, AND 7.5 MONTHS FOR GREATER THAN 6 MONTHS.

IF GESTASUN ≠ DK, PGBEGDXX = PGENDDXX - GESTASUN; ELSE, PGBEGDXX = PGENDDXX - DKGESTAS.

AS A RESULT, IF R HAS BEEN PREGNANT N TIMES AND IS NOT CURRENTLY PREGNANT, SHE WILL BE QUESTIONED ABOUT N+1 INTERVALS. IF R IS PREGNANT, SHE WILL BE QUESTIONED ABOUT N INTERVALS.

STEP 6. CREATE FILL-INS FOR THE BEGINNING OF THE PREGNANCY INTERVALS AS WELL.

- (1) SET BEGFIL01 = "your first intercourse" IF VOLSEX = VOLUNTARY. SET BEGFIL01 = "your first voluntary intercourse" IF VOLSEX = NOT VOLUNTARY.

- (2) SET BEGFILXX (XX > 1) = "(BABYNMX's) birth in (PGENDDX)" IF PREVIOUS PREGNANCY ENDED IN LIVE BIRTH. ELSE, SET BEGFILXX (XX > 1) = "your (XX) pregnancy which ended in (PGENDDX OF PREVIOUS PREGNANCY)".

STEP 7. DETERMINE HOW THE INTERVALS OVERLAP JANUARY 1, 1991. HOW THEY OVERLAP, R'S AGE, AND BIRTH CONTROL USE DETERMINES WHAT WE ASK ABOUT EACH INTERVAL.

FOR EACH INTERVAL, CLASSIFY IT AS PRIOR, OVERLAP, OR POST, AS FOLLOWS:

- (1) INTERVAL X = PRIOR IF INTFINXX < 1/91.
- (2) INTERVAL X = OVERLAP IF INTSTRXX < 1/91 < INTFINXX.
- (3) INTERVAL X = POST IF INTSTRXX > 1/91.

STEP 8. DETERMINE WHICH SERIES OF QUESTIONS TO ASK.

- (1) IF ALL INTERVALS ARE POST, GO TO PERIODS OF NON-INTERCOURSE QUESTIONS (EE SERIES). IF WNFSTSEX ≥ JANUARY 1, 1991, GO TO NOFUNAAL.
- (2) IF THE ONLY INTERVALS ARE OPEN (ON OR OP), GO TO PERIODS OF NON-INTERCOURSE QUESTIONS (EE SERIES). IF NUMPREGS = 0 OR (NUMPREGS = 1 AND CURRPREG = YES), GO TO FLOW CHECK E-20a.
- (3) ASK SECTION ED ABOUT USE OF LAST METHOD ONLY FOR PREGNANCIES THAT BEGAN PRIOR TO 1/91. IF EVERUSED = YES AND R HAS ONE OR MORE PREGNANCY INTERVALS THAT BEGAN PRIOR TO 1/91, ASK SECTION ED. ELSE, GO TO FLOW CHECK E-20a.

CONTRACEPTIVE USE QUESTIONS FOR PERIOD PRIOR TO 1/91 FOR Rs WHO ARE USERS AND WHO HAVE HAD A COMPLETED PREGNANCY (ED)

COMMENT: THIS SECTION IS COMPLETED FOR EACH PREGNANCY INTERVAL THAT BEGAN PRIOR TO 1/91. SKIP THIS SECTION FOR NEGATIVE INTERVALS, E.G., WHERE FIRST PREGNANCY ENDED BEFORE FIRST SEX OR FIRST VOLUNTARY SEX. ALSO SKIP THIS SECTION IF R HAS NEVER HAD

CARD F-5 (LEFT SIDE)

**A pregnancy test** is a procedure that tests the urine or blood for chemical signs of pregnancy. Do not include self-administered tests performed at home.

**An abortion** is a medical procedure that ends an intrauterine pregnancy.

**A pap smear** is a sample or test for cancers of the cervix or uterus.

**A pelvic exam** is a diagnostic procedure in which the external and internal genitalia are physically inspected.

**Prenatal care** is medical care to monitor the progress of a pregnancy and treat pregnancy-related problems. The care can include counseling, a physical exam, medical tests or treatment, but must have involved care for the pregnancy. It does not include childbirth education classes.

A blood test for infection with HIV, the virus that causes AIDS, is a test for the presence of antibodies to the AIDS virus in your blood. The test does not determine if you have the AIDS disease.

**Post-pregnancy care** is care of the mother or her newborn in the period shortly after childbirth, including physical examination of the mother or the infant, and counseling or instruction to the mother, e.g., about care of the umbilical and diaper areas, nursing the infant, etc.

**Testing or treatment for some other sexually transmitted disease** means a medical exam, blood test, or culture taken to determine whether you have a sexually transmitted disease (STD), or treatment for such disease, e.g. in the form of antibiotic pills or creams. The most common sexually transmitted diseases are chlamydia, gonorrhea, and genital herpes.

**Treatment for a vaginal, urinary tract, or pelvic infection** means diagnostic testing or medical treatment for such conditions as yeast infections, non-specific vaginitis, bladder infections, trichomoniasis, pelvic inflammatory disease (PID), and other infections usually caused by bacteria or fungus. They are often treated with antibiotic pills or creams.

**A-CASI ABORTION QUESTIONS (JB)**

**ABORINTR**

Hello, my name is Dr. Kathy London. I have worked on the National Survey of Family Growth since 1987, and I am pleased that I have the opportunity to talk to you on this recording, a technique which is being used for the first time in this study.

In past studies, some women have told us that they did not feel comfortable talking to an interviewer about personal topics, so we have developed the new procedure that you are using now. You can listen to questions and put your answers into the computer in complete privacy. Your interviewer will not know how you answer and will not ask you any questions about your answers.

Remember, you have three ways in which you can complete this part of the interview:

If you want to read the questions on the computer screen without hearing them, press the [F9] key and then the [Enter] key.

If you want to hear the questions but not see them on the computer screen, press the [F8] key and then the [Enter] key.

If you change your mind and want to turn the sound or the computer screen back on, simply press the [F9] or [F8] key again.

Otherwise, to hear and see the questions, press the [Enter] key now.

The first questions are about abortion. When you answer, include any abortions that you may have already told your interviewer about and any that you did not want to talk with the interviewer about.
