VISN 9 – Louisville – Healthcare Delivery Study,
General Capital and Reuse Plans

Secretary's CARES Decision

- VA will study the need for a replacement hospital for the Louisville VAMC.
- There is an opportunity to partner with the University of Louisville
- There is also potential for collocation of a VBA presence at a new Louisville facility.

Specific Considerations/Requirements

The determination of the need for a replacement hospital and the size and services will be provided including an estimate of the capital and operating costs of the new facility and a comparison to maintaining the current facility. Special attention will be given to referral patterns from VA facilities.
