

THE DEPUTY SECRETARY OF VETERANS AFFAIRS
WASHINGTON
February 10, 2005

Mr. Wilbert Bryant
Counselor to the Secretary
White House Initiative on Historically
Black Colleges and Universities
U.S. Department of Education
1990 K Street, NW – 6th Floor
Washington, DC 20206-5120

Dear Mr. Bryant:

Enclosed is the Department of Veterans Affairs (VA) Fiscal Year (FY) 2004 Annual Performance Report on Executive Agency Actions To Assist Historically Black Colleges and Universities (HBCUs). This report reflects VA's continuing support for the objectives of Executive Order 13256, President's Board of Advisors on Historically Black Colleges and Universities.

During FY 2004, VA funding in support of HBCUs totaled \$46,981,359, representing an increase of \$1,449,459 above VA's accomplishments for the FY 2003 report. The increase is attributed to VA's continuing commitment to intern programs, clinical training, and financial support to students who enrolled at HBCUs under the Montgomery GI Bill (Chapter 30 of Title 38, USC).

VA supports Executive Order 13256 and will continue to encourage wider participation of HBCUs in VA-sponsored programs. Questions regarding this submission should be directed to Ms. Susan C. McHugh, Deputy Assistant Secretary for Diversity Management and Equal Employment Opportunity, at (202) 501-1970.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Gordon H. Mansfield".

Gordon H. Mansfield

**Department of Veterans Affairs
Fiscal Year 2004
Annual Performance Report
On
Executive Agency Actions To Assist
Historically Black Colleges and Universities**

A. Summary of Agency's Performance

The Department of Veterans Affairs (VA) implemented Executive Order 13256 by developing programs designed to significantly increase the participation of Historically Black Colleges and Universities (HBCUs) in VA-sponsored programs. VA's goal is to create a workforce that reflects the diversity of our Nation and the veterans who have served it. HBCUs provide VA facilities a broader base to recruit qualified and trained professionals to serve our veterans.

During FY 2004, VA achieved the following goals and measurable objectives:

1. Promoted diversity by recruiting 14 HBCU interns from the National Association for Equal Opportunity in Higher Education member schools, including Claflin College, Clark Atlanta University, Elizabeth City State University, Fayetteville State University, Howard University, Lincoln University, Norfolk State University, Spelman College, Tennessee State University, Towson University, Trinity University, Virginia State University, Florida A&M University, and the University of Maryland Eastern Shore.
2. Assisted minority students in their professional development.
3. Sponsored three HBCU students at the GS-2 level as summer hires in the Student Temporary Employment Program. The students attended Xavier University, Spelman College, and Morehouse College. They will return to work during the holidays and the next summer break. In addition, VA hired 245 interns from 62 HBCUs under the Student Education Employment Program.
4. Partnered with six HBCUs under the National Nursing Education Incentive Program.
5. Partnered with 11 HBCUs under the Employment Incentive Scholarship Program.
6. Partnered with 22 HBCUs under the Education Debt Reduction Program.
7. Partnered with Norfolk State University under the VA Nurse Education Employment Program.

During FY 2004, VA used the following programs to increase Federal opportunities for HBCUs:

1. Student Education Employment Program
2. Employment Incentive Scholarship Program
3. National Nursing Education Incentive Program
4. Education Debt Reduction Program
5. VA Nurse Education Employment Program

Total awards to HBCUs for FY 2004:

Attachment B-1 identifies legislative awards; Attachment B-2 identifies discretionary awards.

During FY 2004, VA increased funding for HBCUs in the following manner:

VA funding in support of HBCUs totaled \$46,981,359, representing an increase of \$1,449,459 in FY 2004. The increase is attributed to VA's continuing commitment to intern programs, clinical training, and financial support to students who enrolled at HBCUs under the Montgomery GI Bill (Chapter 30 of Title 38, USC).

B. Summary of Total Agency Awards, by Category

See Attachments B-1 and B-2.

C. Table of FY 2004 Agency Awards, by Institution and Category

Attachment C-1 (Legislative) – Historically Black Colleges and Universities Annual Federal Performance Report on Executive Agency Actions to Assist Historically Black Colleges and Universities – Provides the amount of payments for Student Tuition Assistance and reporting fees paid to each of the HBCUs, as required by Chapter 30 of Title 38, USC.

Attachment C-2 (Discretionary) – Federal Agency Awards to Institutions Fiscal Year 2004 Annual Federal Performance Report on Executive Agency Actions to Assist Historically Black Colleges and Universities – Provides the amount of payments for Student Tuition Assistance under the discretionary category.

D. FY 2004 Awards Narrative

LEGISLATIVE AWARDS

Category 6 – **Student Tuition Assistance, Scholarships, and Other Aid:** \$35,579,638 – This category represents educational assistance payments to veterans, dependents, reservists, and service members enrolled in IHEs and HBCUs. During FY 2004, VA awarded \$35,579,638 in educational assistance payments to eligible beneficiaries enrolled at HBCUs. The number of eligible veterans and dependents enrolled at HBCUs decreased from 9,713 in FY 2003 to 8,864 in FY 2004, an 8.7 percent decrease.

Category 7 – **Direct Institutional Subsidies:** \$60,964 – Reporting fees are an aid to educational and training institutions for reports and certifications required by law in the administration of VA educational assistance programs. During FY 2004, VA awarded \$60,964 to HBCUs for reporting fees. This amount decreased from \$68,795 in FY 2003, an 11.4 percent decrease. The decrease in educational assistance payments and reporting fees during FY 2004 is attributed to a decrease in the number of students that enrolled at HBCUs.

DISCRETIONARY AWARDS

Category 1 – **Research and Development:** \$404,850 – During FY 2004, VA's Office of Research and Development continued to support its Research Training Initiative for HBCUs. VHA offered special education opportunities for minorities through the Research Training Initiative for HBCUs, Hispanic-Serving Institutions (HSIs), and Tribal and Other Colleges and Universities Serving Native Americans (TCUs). Support was provided through local medical centers that recruit participants to the program and provide salary and research funds for collaborative and training research activities at the medical centers and the participating colleges or universities. The program provided financial support through two mechanisms: the Collaborative Research Program and the Research Experience Program.

- **Collaborative Research Program:** This program aims to further collaboration between VA's researchers and faculty scientists from eligible academic institutions. The objective of the program is to promote and facilitate the pursuit of biomedical and behavioral research with these academic institutions, provide periods of concentrated research activity for the collaborating faculty scientists, and provide research training experiences for students from eligible academic institutions. In FY 2004, funding was provided to continue support for four HBCUs at a cost of \$381,100.

Institution	Corresponding VA Medical Centers	Allocation
Xavier University	VAMC	\$46,500
Morehouse School of Medicine	Miami VAMC	\$35,800
South Carolina State University	Columbia VAMC	\$74,000
Meharry Medical College	Nashville VAMC	\$224,800
FY 2004 Total		\$381,100

- Research Experience Program:** This program encourages students (post-doctoral fellows, graduates, and undergraduates) and faculty members from eligible academic institutions (HBCUs, HSIs, TCUs) to participate in the research enterprise of VA for a limited period of time (a summer, a semester, or one to two years). The objectives of the program for students are to encourage matriculation in medical and graduate programs and to provide current and future employment possibilities. The objectives of the Research Experience Program for faculty members are to advance their scientific skills and to provide opportunities to pursue specific research projects under the tutelage of established VA investigators. On their return to HBCUs, the faculty members should have advanced scientific knowledge and skills and should be prepared to conduct independent research. In FY 2004, VA provided one Research Experience Award for a faculty scientist and a student affiliated with HBCUs at a cost of \$23,750.

Total FY 2004 amount of Research and Development awards: \$404,850 (a 21.7 percent decrease from \$516,862 in FY 2003). The decrease is attributed to lower overall funding, due to the outcome of the scientific review of proposals. Fewer meritorious proposals were identified for funding.

Category 3 – **Training:** \$9,087,018 – The Veterans Health Professions Education and Training Program does not provide awards directly to HBCUs. Instead, it provides direct support in terms of stipends and fringe benefits to students receiving training in VA. Indirect support is the reported cost of VA medical center staff instructors and other administrative costs associated with the program.

Total FY 2004 amount of training awards, both direct and indirect support: \$9,087,018 (an increase of 1.1 percent from \$8,313,340 in FY 2003). The increase is attributed to the number of HBCU trainees that rotated through each VA medical center.

Category 5 – **Fellowships, Traineeships, Internships, Recruitment, and IPAs:** \$135,744 – Fourteen interns were sponsored by Veterans Benefits Administration, Veterans Health Administration, National Cemetery Administration, and the Center for Minority Veterans.

Total FY 2004 amount of Fellowships, Traineeships, Internships, Recruitment, and IPAs: \$135,744 (an 18.52 percent decrease from \$166,600 in FY 2003).

Category 6 – **Student Tuition Assistance, Scholarships, and Other Aid:**
\$1,713,145 – Veterans Health Administration selected the Student Career Experience Program as one vehicle to assist in diversifying VA's workforce. The program allows undergraduate and graduate students to gain valuable work experience, training, and education in high-demand career fields, based on mutual agreements between VA facilities and academic institutions. After these students complete their education, they can be appointed non-competitively to career positions in VA as physical therapists, physical assistants, health care administrators, registered nurses, social workers, and other associated health professionals.

Total FY 2004 amount of Student Tuition Assistance, Scholarships, and Other Aid: \$1,713,145, an increase of 45.5 percent from \$1,177,500 in FY 2003.
