Introduction

This publication normally contains draft worksheets from IRS taxpayer information publications (TIPs) for tax year 2003. This publication is available only on the Internet.

Final versions of all worksheets are now available in other publications. A new version of a worksheet will be posted only if there is a change in the computation. This publication will be updated with drafts for the 2004 year as they become available to help you plan for the 2004 filing season.

Publication 503
