

Cigarette Health Warning Plans

as of June 4, 2008

The following companies' plans are only approved for the specific listed brands. Companies with an asterisk (*) previously had approved plans for other brands that are not listed below. The plans were revoked for those other brands because the plans called for the importation of cigarettes with the health warnings on stickers rather than permanently imprinted directly on the packaging. The importation of such cigarettes became illegal on December 9, 2000.
