

Coming In January 2008...

The ASME Digital Library

► Your One-Stop Source for ASME Technical Publications

All 21 of ASME's Transactions Journals, Applied Mechanics Reviews, and more than 100 ASME annual conference proceedings volumes will be available on a single platform, with integrated searching and linking features.

The new ASME Digital Library will launch in January 2008 and will feature over 13,000 journal articles along with more than 30,000 conference proceedings papers.

► Continually Growing Collection

ASME will continue to add content to the Digital Library over the next few years and will ultimately offer subscribers access to a complete digital archive of ASME Journals dating back to their initial issues.

ASME will offer online access to this new archival product to libraries and other institutional and corporate customers with the option of adding newer issues periodically.

Future upgrades to the ASME Digital Library will include additional archival or legacy documents, and optional add-on packages of selected ASME E-Books.

► Discount Offer

Save 25 percent or more when you order a journal or conference proceedings package! Check out your subscription options on the reverse side of this flyer.

Subscribe to a new online package now and receive advance access to the Digital Library test site until December 31, 2007!

Current subscribers will have trial access as part of their existing subscriptions.

► Just a Click Away!

With the ASME Digital Library, engineers and scientists will have a full range of information, features, and services right at their fingertips, including:

- Contents alerts and RSS feeds
- Advanced search capabilities
- Links to cited source articles from other publishers via CrossRef
- Links to abstracting and indexing databases enabling the retrieval of related articles including those that cite source material

- Ability to download citations to a variety of citation managers
- COUNTER compliant statistics and usage reports
- Ability to create and share virtual article collections
- Full-text articles (for subscribers)
- Pay-per-view online document delivery and article packs available to non-subscribers

► Archive Access

For the first time, ASME is digitizing its journal archives. In 2008, the years 1990–1999 will be made available on the ASME Digital Library platform with all the search functionality of current issues. Additional years from the archive will be made available as different archive packages are released.

A Variety of Subscription Options – See Reverse Side!

ASME Digital Library Packages

A Variety of Subscription Options!

Package 1: All Transactions Journals

Includes access to all 21 ASME Transactions Journals.
Print: 2008; Online: 2000–2008

Print & Online (U.S.)	\$6,130
Print & Online (outside U.S.)	\$6,905
Online Only (worldwide)	\$5,200

Package 1A: Archives

Online Only Archives, 1990-1999...\$2,600

Package 2: All Transactions Journals Plus Applied Mechanics Reviews

Includes access to all 21 ASME Transactions Journals, plus Applied Mechanics Reviews.
Print: 2008; Online: 2000–2008

Print & Online (U.S.)	\$6,550
Print & Online (outside U.S.)	\$7,350
Online Only (worldwide)	\$5,568

Package 2A: Archives

Online Only Archives, 1990-1999...\$2,784

Package 3: All Conference Proceedings

Includes full access to up to 30 ASME conference proceedings and up to 100 individual proceedings volumes from 2007–2008, comprising up to 100,000 pages of technical content.

Print & Online (worldwide)	\$15,000*
Online Only (worldwide)	\$7,000

Package 3A: Archives

Online Only Archives, 2002-2006...\$3,500

* Shipping and handling charges will be added to conference proceedings print packages.

Standing Order Customers

You may continue with your existing standing order plans to receive the print editions of conference proceedings.

To order your subscription package from the ASME Digital Library, go to:
www.asme.org/publications

The following specialized packages include smaller collections of conference proceedings grouped by industry. Packages may be customized to suit your organization's needs.

Package 4: Engineering Technology

Includes more than 20 proceedings volumes from 2007–2008 related to applied mechanics, heat transfer, fluids engineering, materials, micro and nanotechnology, biomechanical engineering, tribology, education, electronic packaging, and management.

Print & Online (worldwide)	\$5,000*
Online Only (worldwide)	\$2,500

Package 4A: Archives

Online Only Archives, 2002-2006...\$1,250

Package 5: Energy and Power

Includes more than 30 proceedings volumes from 2007–2008 related to power generation, advanced energy systems, gas turbines, fuel cells, nuclear energy, coal power, internal combustion, fuels and combustion technologies, rail, environmental, waste management, solar energy, wind energy, and transportation.

Print & Online (worldwide)	\$5,000*
Online Only (worldwide)	\$2,500

Package 5A: Archives

Online Only Archives, 2002-2006...\$1,250

Package 6: Design, Manufacturing, and Systems Engineering

Includes more than 20 proceedings volumes from 2007–2008 related to design, manufacturing, computing, information systems, aerospace, materials, nondestructive evaluation, noise control and acoustics, and biomechanical engineering.

Print & Online (worldwide)	\$5,000*
Online Only (worldwide)	\$2,500

Package 6A: Archives

Online Only Archives, 2002-2006...\$1,250

Package 7: Pressure Technology and Pipelines

Includes more than 20 proceedings volumes from 2007–2008 related to pressure vessels and piping, pressure technology for the petroleum and chemical process industries, offshore mechanics, nuclear energy, and pipeline engineering.

Print & Online (worldwide)	\$4,000*
Online Only (worldwide)	\$2,000

Package 7A: Archives

Online Only Archives, 2002-2006...\$1,000

Package 7 package listings on back cover.

Sample Proceedings Packages Grouped by Industry*

(*Based on 2006 publications)

Package 4 includes:

FEDS2006

ASME Fluids Engineering Conference Proceedings

FEDSM2006

ASME Joint U.S.–European Fluids Engineering Summer Meeting Proceedings

Vol. 1, Parts A & B

Joint U.S.–European Fluids Engineering Summer Meeting Proceedings

Vol. 2

HT-EPP (2005/2007)

Summer Heat Transfer/InterPack (Electronic Packaging) Proceedings

Vols. 1–5

ICNMM2006

4th International Conference on Nanochannels, Microchannels and Minichannels Proceedings, Parts A & B

IJTC2006

STLE/ASME International Joint Tribology Conference Proceedings, Parts A & B

MN2006

Multifunctional Nanocomposites International Conference Proceedings

NanoBio2006

I748CD

Frontiers in Biomedical Devices Conference Proceedings

IMECE2006

ASME Applied Mechanics Division Proceedings

Advances in Bioengineering, Biomedical and Safety Systems

Electronic and Photonics Packaging, Electrical Systems Design and Photonic, and Nano-Technology

ASME Fluids Engineering Division Proceedings

ASME Heat Transfer Division Proceedings, Vols. 1–3

ASME Materials Division, ASME Non-Destructive Evaluation Division, and the Pressure Vessels and Piping Division Proceedings

Microelectromechanical Systems Proceedings

Engineering/Technology Management Proceedings

Innovations in Engineering Education – 2006: Mechanical Engineering Education; Mechanical Engineering Technology Department Heads

ASME Tribology Division Proceedings

Package 5 includes:

EANES/ASME2006

ANES/ASME Joint XXX National Solar Energy Week Proceedings

ENIC2006

Energy Nanotechnology International Conference Proceedings

FBC (2005)

Fluidized Bed Combustion Proceedings

FUELCELL2006

Fourth International Conference on Fuel Cell Science, Engineering and Technology Proceedings Parts A & B

GT2006

ASME Turbo Expo Proceedings

ICE

Spring Technical Conference of the ASME Internal Combustion Engine Division Proceedings

ICEF2006

Fall Technical Conference of the ASME Internal Combustion Engine Division Proceedings

ICONE14

Fourteenth International Conference on Nuclear Engineering Proceedings

Vol. 1: Plant Operations, Maintenance and Life Cycle; Component Reliability and Materials Issues; Codes, Standards, Licensing and Regulatory Issues; Fuel Cycle and High level Waste Management

Vol. 2: Fuel Cycle and High Level Waste Management

Vol. 3: Structural Integrity; Nuclear Engineering Advances; Next Generation Systems; and Near Term Deployment and Promotion of Nuclear Energy

Vol. 4: Computational Fluid Dynamics (CFD), Neutronics Methods and Coupled Codes; and Student Paper Competition

Vol. 5: Safety and Security; Low Level Waste Management, Decontamination and Decommissioning; and Nuclear Industry Forum (Keynote, Plenary, Panel, and Poster Sessions)

ISEC2006

Solar Energy Conference Proceedings

JRC2006

Joint Rail Conference Proceedings

NAWTEC14

14th Annual North American Waste to Energy Conference Proceedings

PWR2006

ASME Power Conference Proceedings

WATER2006

1st Water Quality, Drought, Human Health and Engineering Conference Proceedings

IMECE2006

ASME Advanced Energy Systems Division Proceedings

Energy Conversion Resources Proceedings

ASME Fluid Power Systems and Technology Division Proceedings

Rail Transportation Proceedings

Transportation Proceedings

Package 6 includes:

CANEUS2006

MNT for Aerospace Applications 2007 Proceedings

DETC2006

2006 ASME Design Engineering Technical Conferences and Computers and Information in Engineering Conference Proceedings

Vol. 1: 32nd Design Automation Conference, Parts A & B

Vol. 2: 30th Annual Mechanisms and Robotics Conference, Parts A & B

Vol. 3: 26th Computers and information in Engineering Conference 2007

Vol. 4: 18th International Conference on Design Theory and Methodology; 11th Design for Manufacturing and the Lifecycle Conference; and 3rd Symposium on International Design and Design Education 2007

ESDA2006

Proceedings of the 8th Biennial Conference on Engineering Systems Design and Analysis

Vol. 1: Advanced Energy Systems; Advanced Materials; Aerospace; Automation and Robotics; Noise Control and Acoustics; and Systems Engineering

Vol. 2: Automotive Systems; Bioengineering and Biomedical Technology; Fluids Engineering; Maintenance Engineering and Non-Destructive Evaluation; and Nanotechnology

Vol. 3: Dynamic Systems and Control; Symposium on Design and Analysis of Advanced Structures; and Tribology

Vol. 4: Fatigue and Fracture; Heat Transfer; Internal Combustion Engines; Manufacturing; and Technology and Society

MSEC2006

ASME Conference on Manufacturing Science and Engineering Proceedings, Parts A & B 2007

NanoBio2006

Frontiers in Biomedical Devices Conference Proceedings

IMECE2006

ASME Aerospace Division Proceedings

Advances in Bioengineering, Biomedical and Safety Systems Proceedings

ASME Design Engineering Division and the Computers and Information in Engineering Division Proceedings, Vol. 1, Part A

ASME Design Engineering Division and the Computers and Information in Engineering Division Proceedings, Vol. 1, Part B

ASME Dynamic Systems and Control Division Proceedings, Vol. 1, Part A

ASME Dynamic Systems and Control Division Proceedings, Vol. 1, Part B

ASME Manufacturing Engineering Division and the Textile Division Proceedings

ASME Noise Control and Acoustics Division Proceedings

Package 7 includes:

ICONE14

Fourteenth International Conference on Nuclear Engineering Proceedings

Vol. 1: Plant Operations, Maintenance and Life Cycle; Component Reliability and Materials Issues; Codes, Standards, Licensing and Regulatory Issues; Fuel Cycle and High level Waste Management

Vol. 2: Fuel Cycle and High Level Waste Management

Vol. 3: Structural Integrity; Nuclear Engineering Advances; Next Generation Systems; and Near Term Deployment and Promotion of Nuclear Energy

Vol. 4: Computational Fluid Dynamics (C F D), Neutronics Methods and Coupled Codes; and Student Paper Competition

Vol. 5: Safety and Security; Low Level Waste Management, Decontamination and Decommissioning; and Nuclear Industry Forum (Keynote, Plenary, Panel, and Poster Sessions)

IPC2006

International Pipeline Conference Proceedings

Vol.1: Project Management; Design and Construction; Environmental Issues; GIS/ Database Development; Innovative Projects and Emerging Issues; Operations and Maintenance; Pipelining in Northern Environments; and Standards and Regulations

Vol. 2: Integrity Management; Poster Session; and Student Paper Competition

Vol. 3: International Pipeline Conference

Part A: Materials and Joining

Part B: Pipeline Automation and Measurement; and Risk and Reliability

PVP2006

ASME PVP2006/ICPVT-11 Conference Proceedings

Vol. 1: Codes and Standards

Vol. 2: Computer Technology

Vol. 3: Design and Analysis

Vol. 4: Fluid- Structure Interaction, Parts A & B

Vol. 5: High-Pressure Technology; ASME NDE Division; ASME Pipeline Systems Division; Student Paper Competition

Vol. 6: Materials and Fabrication

Vol. 7: Operations, Applications, and Components

Vol. 8: Seismic Engineering

Vol. 9: 6th FSI, AE & FIV and N Symposium

OMAE

25th International Conference on Offshore Mechanics and Arctic Engineering Proceedings

Vol. 1: Offshore Technology Offshore Wind Energy Ocean Research Technology LNG Specialty Symposium

Vol. 2: Ocean Engineering Polar and Arctic Science and Technology

Vol. 3: Safety and Reliability Materials Technology Douglas Faulkner Symposium on Reliability and Ultimate Strength of Marine Structure

Vol. 4: Terry Jones Pipeline Technology Ocean Space Utilization CFD and VIV Symposium

IMECE2006

International Mechanical Engineering Congress and Exposition Proceedings

ASME Materials Division, the ASME Non-Destructive Evaluation Division, and the Pressure Vessels and Piping Division

ASME Process Industries Division Proceedings
