Time Code	Description
1:00:16:00	Launch Recovery Transit Vessel At and below surface
1:01:45:00	Navy Salvage Remotely Operated Vehicle (ROV) Deployed, at surface, below surface
1:02:17:00	LEO 15 Observatory ROV Below surface
1:03:16:00	Johnson Sea Link Submersible Near bottom, two scientists inside
1:04:20:00	ROPOS Remotely Operated Vehicle (ROV ROPOS) Deployed, at surface, on deck
1:06:18:00	Tiburón Remotely Operated Vehicle (ROV Tiburon) On crane, swings over side of ship
1:06:37:00	ALVIN Submersible Suspended from ship, deployed (at surface)
1:06:37:00	Pisces Submersible (Hawaii Undersea Research Lab) On ship, on conveyor, suspended off stern, lowered into water, at surface, scientists inside, instruments, screens and readouts, out window
1:07:03:00	Pisces Submersible (Hawaii Undersea Research Lab) On ship, on conveyor, suspended off stern, lowered into water, at surface, scientists inside, instruments, screens and readouts, out window
1:09:45:00	Discovery of WWII Japanese Submarine Shot from Pisces submersible.
1:12:09:00	Side Scan Sonar Deployed from ship, underwater, sonar display onscreen
1:13:49:00	Little Herc Remotely Operated Vehicle (ROV) Underwater, at bottom, in blue water
1:15:42:00	Phantom Remotely Operated Vehicle (ROV) Deployed, ROV point of view, in water at surface, below surface, at bottom.
1:17:28:00	NOAA Aquarius Habitat Diver at surface, 3 divers outside Aquarius on ocean bottom.
1:18:30:00	NOAA "Explore" animated logo

Total Running Time = 19:00
