"Letter of gift" means a document transferring ownership of a watercraft and listing the following: the name of both the previous owner and the new owner; the name of the manufacturer of the watercraft if known; the hull identification number, unless exempted by R12-4-505; a statement that the watercraft is a gift; and the signature of the previous owner.

Section 2: Authority and Responsibilities of an Agent

Upon authorization to become a watercraft agent, you will be issued the following:

1. Agent number.
2. Agent manual that includes the monthly report form and the supply request form.
3. Agent agreement.
4. 25 pre-numbered applications.

It is your responsibility to read and understand the agent manual. If you have any questions or require training, you may call the Department at (602) 789-3404.

You have the authority to issue temporary certificates if the following criteria are met:

1. The watercraft has been purchased from you and is **new** as distinguished from used. Please note that a watercraft previously registered in any state is a used watercraft.
2. The watercraft was purchased from someone else and the applicant has a complete bill of sale, and the watercraft is **new** and has never been registered by any jurisdiction.

You shall submit applications only on pre-numbered application forms **provided to you by the Department**.

You shall collect from each applicant the registration fees. The State registration fee shall be identified on the bill of sale separately from any other costs.

The Game and Fish Department copy of the temporary certificate must be mailed or delivered to the Watercraft Administrative Section in the Phoenix Office within **72 hours** of the issuance date as identified on the application form.

Each application must be accompanied by a **legible** (dark print or handwriting), complete bill of sale.

By the tenth day of each month you must submit a report of activity for the previous month. Any voided application (all copies) must be mailed to the Department with the monthly report.

Supplies should be ordered **thirty days** in advance.

Receipt of supplies should be verified and the charge out returned to the Department within 7 days of receipt.

Section 3: Bill of Sale

For your convenience, you may use the bill of sale form provided in this manual. The following information must be included on a bill of sale:

1. The name and address of the buyer and seller.
2. Date of purchase.
3. Amount of sales tax paid unless the applicant is exempt. The Registration Certificate shall not be issued if sales tax has not been paid.*
4. Purchase price.
5. Manufacturer's name.
6. Length of craft.
7. Year of manufacture.
8. Hull Identification Number (HIN).

The State registration fee shall be identified to the applicant separately from any other costs.

*Registrant must contact the Department of Revenue to pay use tax before the craft will be registered. If the sales tax was not paid due to a trade-in that meets or exceeds the amount of the purchase price, the bill of sale must reflect this information.

Section 4: Registration Fees

NOTE ON DETERMINING FEES. Registration fees are based on the length of the watercraft and the user code. The boat must be measured from the most forward part of the bow excluding the bowsprit, rudder or jibboom, over the centerline to the rear-most part of the transom excluding the sheer, outboard motor, handles or other attachments.

Following are the categories under which a boat may be registered, and the fees to be charged under those categories. Note that there is a “**user code**” for each category, which must be properly entered on the application so the appropriate fees are collected.

1. Resident Pleasure (User code: RP). The fee is based on the length of the watercraft as follows:

| | |
|------------------------|---------|
| 0 to 12 ft. | \$20.00 |
| 12 ft. 1 in. to 16 ft. | \$22.00 |
| 16 ft. 1 in. to 20 ft. | \$30.00 |
| 20 ft. 1 in. to 26 ft. | \$35.00 |
| 26 ft. 1 in. to 39 ft. | \$39.00 |
| 39 ft. 1 in. to 64 ft. | \$44.00 |
| 64 ft. 1 in. and over | \$66.00 |

"Resident", for the purpose of registration, means the following:

- a. Any person who, regardless of domicile, remains in this state for an aggregate period of seven months or more during any calendar year.
- b. Any person who engages in a trade, profession or occupation in this state or who accepts employment other than seasonal agriculture.
- c. Any person placing children in a public school without payment of nonresident tuition.
- d. Any person declaring residency of this state for the purpose of obtaining at residential rates a state license or tuition fees at an educational institution maintained by public funds.
- e. Any individual, partnership, company, firm, corporation or association, which maintains a main office, branch office or warehouse facilities in this state, and which bases and operates motor vehicles in this state.
- f. Any individual, partnership, company, firm, corporation or association, which operates motor vehicles in intrastate transportation, for other than seasonal agricultural work.

Owning property and paying property taxes or paying for utilities in Arizona does not qualify an applicant to claim resident status unless one of the above items also apply. If the boat is co-owned by a nonresident, but Arizona is the state of principal use, the primary (first) owner on the application should be the resident and the resident fee shall be charged.

2. Nonresident Pleasure (User code: NP). The fee is based on the length of the watercraft as follows:

| | |
|------------------------|----------|
| 0 to 12 ft. | \$100.00 |
| 12 ft. 1 in. to 16 ft. | \$110.00 |
| 16 ft. 1 in. to 20 ft. | \$222.00 |

| | |
|------------------------|----------|
| 20 ft. 1 in. to 26 ft. | \$259.00 |
| 26 ft. 1 in. to 39 ft. | \$292.00 |
| 39 ft. 1 in. to 64 ft. | \$330.00 |
| 64 ft. 1 in. and over | \$495.00 |

A nonresident owner is a person who:

- a. Owns a boat for which registration is required (the boat will be used in Arizona more than any other state during the calendar year).
- b. Is not a resident as determined in the preceding section.
- c. The "pleasure" category simply means the boat is not being used for a commercial purpose.
- d. If the watercraft is co-owned by an Arizona resident but Arizona has become the state of principal use, the Arizona co-owner has ninety days to register the boat in his name (A.R.S. § 5-321) and the resident fee would then apply.

3. Commercial (User code: CO, CF, CP) and Livery (User code: LL). The resident registration fee applies.

- a. A livery rents boats without an operator.
- b. Commercial operations include renting a boat with an operator, or any boat used for one's livelihood. The following are the different types of commercial operations:

Commercial Passenger-Carrying Vessels, User Code CP: The carriage of any person or persons by a vessel for a valuable consideration, whether directly or indirectly flowing to the owner, charterer, operator, agent, or any other person interested in the vessel.

Commercial Fishing Vessels, User Code CF: A vessel that commercially engages in the catching, taking, or harvesting of fish or an activity that can reasonably be expected to result in the catching, taking, or harvesting of fish. (Fish means finfish, mollusks, crustaceans, urchins and all other forms of marine animal and plant life, except marine mammals and birds.)

Other Commercial Vessels, User Code CP: Carrying freight for hire. The carriage of any goods, wares or merchandise or any other freight for a valuable consideration, whether directly or indirectly flowing to the owner, charterer, operator, agent, or any other person interested in the vessel.

4. Dealers and Manufacturers (User Code: DL). The fee is \$2.50 for each certificate of number and accompanying current decals. Dealers and manufacturers may be issued as many of these as they deem necessary. (They are transferable between boats.) A dealer is a business offering watercraft for sale. A tax privilege license number must be presented at the time of application. A watercraft manufacturer must be registered as such by the U.S. Coast Guard. A tax privilege license number and the U.S. Coast Guard manufacturer identification code must be presented at the time of application.

5. Government (User code: GO). There is no fee for registration of a boat to the state or any county, or city for government use.

Section 5: Joint Ownership Designations

Joint ownership designations must be chosen by the applicants and reflected on each application when there is more than one owner.

1. The use of "**and/or**" between the names of individuals shall require the signature of both parties if both are living. Upon legal proof of the death of either party, registration shall be transferred upon the signature of the living party.
2. The use of "**and**" between the names of individuals shall require the signature of both parties. In the event of the death of either party, the interest of the deceased party shall be handled through probate proceedings or other legal means.
3. The use of "**or**" between the names of individuals shall express the intent that either of the owners has full authority to transfer registration of the watercraft.

Joint/Severalty Explanation (JS Code)

| | |
|------------|----|
| Individual | IN |
| Business | CO |
| Trust | TR |
| Or | OR |
| And | AN |
| And/Or | AO |

All parties claiming joint ownership in a boat must make one of three selections. A complete explanation appears on the Application for Arizona Watercraft Certificate of Number, page 2. Persons choosing the "or" designation should also be asked to sign the statement. The form appears in Section 14 of the manual. If they refuse, make a notation of such on the form and submit it with the application.

Section 6: Issuing Temporary Certificates of Number

1. Temporary certificates are issued for **new** watercraft (see definition in Section 1). The temporary is valid for 30 days after the issuance date.
2. Issue temporary applications in consecutive number order.
3. Do not issue a temporary or submit an application until the sale is final. If the customer does not take delivery or returns the craft and the Department has processed the application, a release of interest will be required from the registered owner before it can be transferred to someone else.
4. The application must be complete and legible. If the application is printed on a printer, please make sure that the form is lined up properly and the ink is dark.
5. The application cannot be altered. Any voids must be sent with the monthly report.
6. Familiarize yourself with residency requirements so that you can assist the applicant in selecting the user code. Selecting the wrong user code could result in a fine or fee increase for your customer.
7. The **date of birth** for each owner is required.
8. Each owner must **sign** the application.
9. If more than one owner, a **joint ownership designation is required**.
10. The “**Principal Use State**” must be completed. If any state other than Arizona is indicated, the craft cannot be registered in this state.
11. The application must be submitted to the Department's Phoenix office within 72 hours. **The postmark date must be within 72 hours of the issuance date.**
12. The state registration fee shall be identified to the applicant separately from any other costs.
13. **Do not destroy an application.** If an error is made, write “void” on the application and return the original (white) Game and Fish copy and (yellow) temporary certificate copy to Phoenix with your monthly report. No photocopies will be accepted.
14. Submit the original (Game and Fish Copy) to the Department. The second copy (temporary certificate) is given to the new owner, and the third copy (file copy) is retained by the agent.

Section 7: Ordering Supplies

Your request for supplies, including pre-numbered applications, will be filled within **30 days** of receipt of your request. Orders cannot be phoned in. The request can be sent by mail or by FAX (602-789-3729) to your agent representative.

Complete the order form. Include your name, address and agent number.

Your order will be provided to you within 30 calendar days of receipt.

Verify your order against the charge-out. Clearly note any discrepancies on the charge-out. The white copy shall be signed and returned to the Department within 7 days. The agent retains the yellow copy.

Pre-numbered applications cannot be transferred between agents. Agents are responsible for their pre-numbered applications. If you are out of applications, and another agent is willing to assist you, your customer can take a complete bill of sale to that agent's location and that agent can complete the pre-numbered application.

It is your **responsibility** as a Watercraft Agent to maintain an adequate supply of applications and to order in a timely manner, as it may take up to 30 days for you to receive your order.

DESIGNATION OF JOINT OWNERSHIP

Pursuant to R12-4-502 (A) (11), application for registration of a watercraft with more than one owner must be indicated by one of the following methods, and the Department shall record and transfer registrations as prescribed:

- a. The use of "and/or" between the names of individuals shall require the signatures of both parties if both are living. Upon legal proof of the death of either party, the Department shall transfer registration upon the signature of the living party.
- b. The use of "and" between the names of individuals shall require the signatures of both parties. In the event of the death of either party the interest of the deceased party shall be handled through probate proceedings.
- c. The use of "or" between the names of individuals shall express to the Department the intent that either of the owners have full authority to transfer registration of the watercraft.

Persons using the "New Owner's Application for Transfer of Ownership" on the reverse of a certificate of number to apply for transfer of registration must complete this form if:

- 1. They have not already designated type of joint ownership on the signed "New Owner's Application for Transfer of Ownership".
- 2. There are more than two co-owners.

JOINT OWNERSHIP DESIGNATION (Circle only one) AND/OR AND OR

"OR" STATEMENT

Owners who have designated ownership as "OR" on this application are asked to sign this statement.

The undersigned affirm that the watercraft described on the reverse of this form is not property held as tenants in common, and not as community property, but as joint tenants with the right of survivorship, and furthermore both of us empower and authorize each other as their attorney in fact to assign ownership of this watercraft by his or her signature alone, and therefore the watercraft may be transferred, sold or otherwise encumbered in the same manner as though all joint owners had acted and signed.
