

## **Advertising in the MVMA Directory**

Every year, the Manitoba Veterinary Medical Association releases a directory listing contact information for its members, staff, and related governmental organizations. This directory helps MVMA members and related professionals keep important numbers right at their fingertips.

Advertising in the directory will allow you to reach your target market – veterinary professionals – at the source. In conjunction with Naylor Publishing, the MVMA is pleased to offer a variety of options to suit the needs of advertisers and corporate sponsors.

For more information on the distribution of the MVMA directory and available advertising options, you can visit this link:
