Community Lecture
by Dr. Eugene Garfield

“On the Shoulders of Giants—
tracing the impacts of
information retrieval systems
on science policy”

7:00 pm, September 18, 2007
American Museum of Science and Energy Auditorium

Dr. Eugene Garfield

Dr. Eugene Garfield is Chairman Emeritus of Thomson Scientific, formerly the Institute for Scientific Information.[®] A pioneer in information retrieval systems and inventor of *Current Contents* (1958), *Index Chemicus* (1960), *Science Citation Index* (1964), *SSCI* (1970), and *AHCI* (1975), he is an eclectic science communicator and founding publisher/editor of *The Scientist*, and author of over 1,000 articles and books. Dr. Garfield serves on the editorial boards of *Scientometrics* and the *Journal of Information Science*, and is past president of the American Society for Information Science and Technology. He received a BS in Chemistry and an MS in Library Science from Columbia University, and a Ph.D. in Structural Linguistics from the University of Pennsylvania, where he serves on the Board of Overseers of the Library. Dr. Garfield has lectured widely throughout the world.

7:00 pm, September 18, 2007

American Museum of Science and Energy

Welcome and Introduction

Dr. Walter L. Warnick, Director

Department of Energy

Office of Scientific and Technical Information

Lecture

“On the Shoulders of Giants—tracing the impacts
of information retrieval systems on science policy”

Dr. Eugene Garfield

Reception to Follow

Lecture sponsored by
Office of Scientific and Technical Information
and Friends of Oak Ridge National Laboratory

Reception sponsored by
Information International Associates, Inc., NCI Information Systems, Inc.,
and Deep Web Technologies

Community Event Celebrating
U.S. Department of Energy
Office of Scientific and Technical Information
60th Anniversary
