

GEIS, and the proposed schedule; and (2) the opportunity for interested government agencies, organizations, and individuals to submit comments or suggestions on the environmental issues or the proposed scope of the addendum to the GEIS. A participant may elect to submit a detailed written statement for the record and provide a brief oral summary. In addition to the formal meeting, the NRC staff will host informal discussions for members of the public one hour before the start of the session at each location; general information on the NRC and related NRC programs will be available for meeting participants as supplies permit. No formal comments on the proposed scope of the addendum to the GEIS will be accepted during the informal discussions. To be considered in the scoping process, comments must be provided either at the transcribed public meetings or in writing, as discussed below.

Persons may register to attend or present oral comments at the meetings on the scope of the NEPA review by contacting Mr. Barry Zalzman, by telephone at 1-800-368-5642, extension 2419, or by e-mail to the NRC at LRGEISUpdate@NRC.GOV no later than June 30, 2003. Members of the public may also register to speak at the meeting within 15 minutes of the start of each session. Individual oral comments may be limited by the time available, and at the discretion of the meeting facilitator, depending on the number of persons who register. Members of the public who have not registered may also have an opportunity to speak, if time permits. Public comments will be considered in the scoping process for the addendum to the GEIS. Mr. Zalzman will need to be contacted no later than June 30, 2003, if special equipment or accommodations are needed to attend or present information at the public meeting, so that the NRC staff can determine whether the request can be accommodated.

Members of the public, whether or not they participate in the public meetings, may send written comments on the environmental scope of the GEIS Update Project to the Chief, Rules and Directives Branch, Division of Administrative Services, Office of Administration, Mailstop T-6 D 59, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, and should cite the publication date and page number of this **Federal Register** notice. Comments may also be delivered to Room T-6 D 59, Two White Flint North, 11545 Rockville Pike, Rockville, Maryland, from 7:30 a.m. to 4:15 p.m.

during Federal workdays. To be considered in the scoping process, written comments should be postmarked by September 2, 2003. Electronic comments may be sent by e-mail to the NRC at LRGEISUpdate@nrc.gov. Electronic submissions should be sent no later than September 2, 2003, to be considered timely in the scoping process. Comments will be available electronically and accessible through the NRC's PERR link at <http://www.nrc.gov/reading-rm/adams.html>.

At the conclusion of the scoping process, the NRC will prepare a summary of the determinations and conclusions reached, including the significant issues identified, and will send a copy of the summary to participants in the scoping process. The summary will also be available for inspection at the NRC PDR or through the PERR link. If necessary, the staff will then prepare and issue for comment the draft addendum to the GEIS, which will be the subject of a separate **Federal Register** notice, to report the results of the NRC's review. At this time, the NRC plans to conduct separate public meetings, at similar locations as the public scoping meetings, on the draft addendum to the GEIS. Copies of the draft addendum to the GEIS will be available for public inspection at the above-mentioned address, and one copy per request will be provided free of charge. After receipt and consideration of the comments on the draft, the NRC will prepare a final addendum to the GEIS, which will also be available for public inspection. Should the review indicate that one or more environmental issues enumerated in Appendix B to Subpart A of Part 51, "Environmental Effects of Renewing the Operating License of a Nuclear Power Plant," requires change, then the proposed and final rule amendments will accompany the draft and final addendum to the GEIS.

Information about the proposed action, the addendum to the GEIS, and the scoping process may be obtained from Mr. Zalzman at the aforementioned telephone number or e-mail address.
