*This table displays the total post-charge off recovery amount by program as of the end of each fiscal year.
 Post-charge off recovery amount is defined as the dollar amount recovered via the Treasury Cross Servicing program after a loan has been charged off.
 Loans are charged off if SBA determines no additional principal and interest from the borrower will be recovered via the agency.
 Post-charge off recovery amounts are net of recovery related expenses and, therefore, may be negative.
 For guarantied loans, the post-charge off recovery amounts reflect the SBA guarantied portion and exclude the non-guarantied portion of the loan.
 Post-charge off recovery amounts for a given fiscal year may be adjusted due to data updates.*

*Guarantied Business, Direct Business, and Disaster loan programs include all loans that are subject to the Credit Reform Act of 1990; which are loans SBA approved on or after 10/01/1991.
 The 7(a) and 504 loans in the DELTA and STAR programs are included in the 'All Other' category, not the '7(a) Regular' and '504 Regular' categories, of guarantied business programs.*
