(9:04 a.m.)

CHAIRMAN GREENBERG: Good morning, everybody. I'd like to welcome you to the November 4th-5th open session of the VRBPAC meeting.

I haven't seen my co-committee members since the hurricane. I hope all of you got home quickly after the last meeting.

I know you all introduced yourselves for the closed session, but I'd like to redo that for the open session.

Can we start down here at the right, Bob?

DR. DAUM: Good morning. I'm Robert Daum. I'm professor of pediatrics at the University of Chicago.

DR. KIM: I'm Kwang Sik Kim from Children's Hospital in Los Angeles.

DR. SNIDER: Dixie Snider, Associate Director for Science, Centers for Disease Control and Prevention.

DR. HUANG: Alice Huang, Senior Counselor for External Relations from Cal. Tech.

DR. STEPHENS: David Stephens, Emory University School of Medicine, Atlanta.

MS. FISHER: Barbara Loe Fisher, National

3 CHAIRMAN GREENBERG: We now have some
4 interesting administrative information to go over.

5 MS. CHERRY: Good morning, everyone. Let
6 me add my welcome to Dr. Greenberg's.

7 I have a couple of very short
8 announcements. First of all, I understand that if
9 you've parked in the public lot, be very careful about
10 your meters because the Bethesda police are very
11 careful about your meters.

12 Also, to tell everyone in the audience
13 that tomorrow we expect to have a very short lunch
14 period, and you may want to make plans appropriately
15 for that.

16 Now I have this interesting that Harry
17 promised you, which is the reading of the conflict of
18 interest statement. It's a two page statement. So
19 while I read it, this might be a good time for you to
20 put your pagers on silent mode or to turn off cell
21 phones because we ask you not to use cell phones in
22 the room.

23 This statement pertains to the VRBPAC
24 sessions today, Thursday, November 4th, 1999.

25 Three of our members, Dr. Ada Adimora, Dr.

1 Diane Griffin, and Dr. Steve Kohl were unable to
2 attend this meeting. Other members may be arriving
3 later this morning.

4 We do have some consultants who have been
5 granted privileges as temporary voting members for
6 specific sessions today.

7 The Director for the Center of Biologics
8 Evaluation and Research, CBER, has appointed Drs.
9 Pamela Hartigan, Patricia Ferrieri, Jay Nelson,
10 Georges Peter and Stanley Riddell as temporary voting
11 members for this discussion on use of chimeric
12 cytomegaloviral candidate vaccines in clinical trials.

13 For this afternoon's discussion on safety
14 data associated with a fifth successive dose of
15 Tripedia, the CBER Director has extended temporary
16 voting privileges to Drs. Pamela Hartigan, Patricia
17 Ferrieri, John Livengood, and Georges Peter. That's
18 if there are votes.

19 To determine if any conflicts of interest
20 existed, the agency reviewed the submitted agenda and
21 all financial interests reported by the meeting
22 participants.

23 Regarding this morning's discussion on
24 CMV, Drs. Robert Daum and Jay Nelson have been granted
25 waivers in accordance with 18 USC 208. These waivers

NEAL R. GROSS

COURT REPORTERS AND TRANSCRIBERS

WASHINGTON, D.C. 20005-3701

1 permit them to participate in the committee
2 discussions and to vote.

3 Dr. William Britt has been granted a
4 limited waiver, which will permit him to participate
5 in the discussion by sharing his expertise. Dr. Britt
6 will not be allowed to vote on any issues related to
7 the discussions on CMV.

8 Dr. Harry Greenberg has recused himself
9 from the CMV discussions.

10 For this afternoon's session on Tripedia,
11 Dr. Edwards has been granted a full waiver under 18
12 USC 208, which permits her to participate fully and
13 vote on the committee discussions.

14 Dr. Margaret Rennels has been granted a
15 restricted waiver which allows her to make a
16 presentation and answer questions regarding her
17 presentation, but she is precluded from participating
18 in the committee deliberations, and she may not vote.

19 Dr. Daum has recused himself from the
20 session on Tripedia.

21 In accordance with the Food and Drug
22 Administration Modernization Act of 1997, Section 505,
23 Dr. Harry Greenberg has been granted a waiver which
24 permits him to participate fully in the committee
25 discussions on Tripedia.

1 Several participants disclosed potential
2 conflicts of interest which were deemed by FDA as not
3 sufficient to require waivers, but which did suggest
4 the appearance of conflicts of interest. Written
5 appearance determinations under Section 2635.502 of
6 the Standards of Ethical Conduct have been granted to
7 permit Drs. Edwards, Hartigan, Finkelstein, Riddell
8 and Stephens to participate in the committee
9 discussions on CMV, and to permit Drs. Edwards and
10 Estes to participate in the discussions on Tripedia.

11 In the event that discussions involve
12 specific products or pharms. not on the agenda and for
13 which FDA's participants have a financial interest,
14 the participants are reminded of the need to exclude
15 themselves from the sessions. Their recusals will be
16 noted for the public record.

17 With respect to all other meeting
18 participants, we ask in the interest of fairness that
19 you state your name and affiliation, and address any
20 current or previous involvement with any firm whose
21 products you wish to comment on.

22 Copies of all waivers and appearance
23 determinations addressed in this announcement are
24 available by written request under the Freedom of
25 Information Act.

1 CHAIRMAN GREENBERG: Thank you, Nancy.

2 I'd now like to move on to a discussion by
3 Dr. Robert Yetter on the Public Citizen settlement.

4 DR. YETTER: Good morning. I've been
5 asked to give you some general information about a
6 lawsuit that was filed by --sorry about that -- that
7 was filed by Public Citizen against FDA in January of
8 this year and how the lawsuit has been resolved.

9 In one of the issues raised by Public
10 Citizen in that suit, they claimed that FDA was not
11 providing redacted copies of advisory committee
12 briefing materials to the public before or at advisory
13 committee meetings, and that FDA's alleged failure to
14 do so violates the Federal Advisory Committee Act.

15 While the FDA did not admit to the
16 allegations in Public Citizen's complaint, the agency
17 decided to enter into two separate agreements,
18 settlement agreements in July and September of this
19 year.

20 The September agreement pertains to open
21 advisory committee meetings that are convened by the
22 Center for Drugs, and so I'm not going to go into that
23 particular agreement any further at this time.

24 The July agreement, however, applies to
25 open, nonapproval issue oriented advisory committee

NEAL R. GROSS

WASHINGTON, D.C. 200053701

1 meetings convened by any center and, therefore, does
2 apply to open, nonapproval issue oriented meetings of
3 this committee.

4 First I think I ought to explain what a
5 nonapproval issue oriented meeting is and then we'll
6 go to what the agreement actually says.

7 Nonapproval issue oriented meetings are
8 convened to discuss topics as you might expect other
9 than approval or testing of products. They include
10 meetings that are convened to discuss topics like
11 guidance documents, post approval issues associated
12 with approved products, such as adverse events,
13 withdrawal of products, or post approval monitoring
14 programs.

15 Advisory committee meetings that are
16 convened to discuss a biologic for which a biologics
17 license application is pending, approval of a
18 biologics license application for a new supplement, or
19 a product for which an investigational new drug
20 application has been submitted, but for which an
21 application to market the product has not yet been
22 submitted are not nonapproval issue oriented meetings.
23 They are not covered by this agreement.

24 So what does the agreement actually state?
25 What it means is that for the meetings to which it

NEAL R. GROSS

COURT REPORTERS AND TRANSCRIBERS
1323 RHODE ISLAND AVE., N.W.
WASHINGTON, D.C. 200053701

1 applies, FDA has agreed, whenever practicable and
2 subject to any applicable exemptions of the Freedom of
3 Information Act, we will make available before or at
4 the time of the open advisory committee meeting
5 convened under the Federal Advisory Committee Act
6 materials provided to the members of the advisory
7 committee for public inspection and copying in advance
8 of the meeting.

9 I need to emphasize that the FDA is not
10 going to be releasing trade secret or confidential
11 commercial information submitted by the sponsors.
12 This agreement only requires the agency to make
13 publicly available information that is not exempt from
14 release under the Freedom of Information Act.

15 Are there any questions?

16 (No response.)

17 CHAIRMAN GREENBERG: If there are no
18 questions, thank you, Dr. Yetter, and we will now move
19 on to the session on CMV.

20 Bob.

21 (Whereupon, at 9:10 a.m., the Open
22 Session 2 was concluded, and the committee reconvened
23 immediately in Open Session 3.)
