#### Sec. 307.1 Definitions.

(a) Alternative approach to APD requirements means that the State has developed an APD that does not meet all conditions for APD approval in Sec. 307.15(b) resulting in the need for a waiver under Sec. 307.5.

(b) Business day means a day on which State offices are open for business.

(c) Alternative system means the separate manual and/or automated processes that perform one or more of the required functions separately from the base system and that interfaces with the base system to ensure that the State can meet all requirements for purposes of the audit

prescribed in section 403(h) of the Act. These separate processes may involve geographic areas, such as counties; administrative jurisdictions, such as courts; or separate means by which the State meets particular program requirements, e.g., collection of support for non-AFDC cases.

(d) Alternative system configuration means an alternative to a comprehensive computerized support enforcement system. It includes a base system with electronic linkages to an alternative system(s), which is not part of the State's computerized support enforcement project (i.e., not the State's sole system effort), but which is necessary to meet the functional requirements of the statewide, comprehensive computerized support enforcement system under Sec. 307.10, or Sec. 307.11.

(e) Base system means the hardware, operational software, applications software and electronic linkages in an alternative system configuration which allow the State to monitor, account for and control all support enforcement services and activities under the State plan.

(f) Certification means approval of an operational computerized support enforcement system based on a determination that the system has an efficient and effective design and is comprehensive, except where a waiver applies.

(g) Comprehensive means that a computerized support enforcement system meets the requirements prescribed in Sec. 307.10, or Sec. 307.11 of this part, as further defined in the OCSE guideline entitled ``Automated Systems for Child Support Enforcement: A Guide for States.''

(h) Computerized support enforcement system means a comprehensive, statewide system or an alternative system configuration which encompasses all political subdivisions within the State and which effectively and efficiently;

[[Page 188]]

(1) Introduces, processes, accounts for and monitors data used by the Child Support Enforcement program in carrying out activities under the State plan; and

(2) Produces utilization and management information about support enforcement services as required by the State IV-D agency and Federal government for program administration and audit purposes.

(i) Planning means: (1) The preliminary project activity to determine the requirements necessitating the project, the activities to

be undertaken, and the resources required to complete the project;

(2) The preparation of an APD;

(3) The preparation of a detailed project plan describing when and how the computer system will be designed or transferred and adapted; and

(4) The preparation of a detailed implementation plan describing specific training, testing, and conversion plans to install the computer system.

(j) The following terms are defined at 45 CFR part 95, subpart F, in Sec. 95.605:

``Advance Planning Document";

``Annually Updated APD";

``Design" or ``System Design";

``Development";

``Enhancement";

``Implementation Advance Planning Document";

``Initial APD";

``Installation";

``Operation";

``Planning Advance Planning Document";

``Requirements Analysis"; and

``Software".

(k) The definitions found in Sec. 301.1 of this chapter are also applicable to this part.

[57 FR 47002, Oct. 14, 1992, as amended at 63 FR 44814, Aug. 21, 1998]

Sec. 307.5 Mandatory computerized support enforcement systems.

(a) Basic requirement. (1) By October 1, 1997, each State must have in effect an operational computerized support enforcement system, which meets Federal requirements under Sec. 302.85(a)(1) of this chapter, OCSE will review each system to certify that these requirements are met; and

(2) By October 1, 2000, each State must have in effect an operational computerized support enforcement system, which meets Federal requirements under Sec. 302.85(a)(2) of this chapter. OCSE will review each system to certify that these requirements are met.

(b) Waiver option. A State may apply for a waiver of any functional requirement in Sec. 307.10, or Sec. 307.11 by presenting a plan for an

alternative system configuration, or a waiver of any conditions for APD approval in Sec. 307.15(b) by presenting an alternative approach. Waiver requests must be submitted and approved as part of the State's APD or APD update.

(c) Conditions for waiver. The Secretary may grant a State a waiver if:

(1) The State demonstrates that it has an alternative approach to the APD requirements or an alternative system configuration that enables the State, in accordance with part 305 of this chapter, to be in substantial compliance with the other requirements of this chapter; and either:

(2) The waiver request meets the criteria set forth in section 1115(c) (1), (2) and (3) of the Act; or

(3) The State provides written assurance that steps will be taken to otherwise improve the State's Child Support Enforcement program.

(d) APD submittal requirements for alternative system configuration. APDs submitted by States which include requests for waiver for an alternative system configuration must, in addition to meeting conditions of Sec. 307.15(b):

(1) Describe the State's base system;

(2) Include a detailed description of the separate automated or manual processes the State plans to use and how they will interface with the base system;

(3) Provide documentation that the alternative system configuration will enable the State to be in substantial compliance with title IV-D of the Act in accordance with section 403(h) of the Act and implementing regulations. In addition, if the State is subject to a Notice under Sec. 305.99 of this part that it did not substantially comply with one or more of the requirements of title IV-D of the Act, at the time a waiver request is submitted, the State must:

[[Page 189]]

(i) Demonstrate that the deficiency is not related to or caused by the performance of the system; or

(ii) Specify the corrective action taken to modify the system if the system contributed to the deficiency.

(e) APD submittal requirements for alternative approach. APDs submitted by States which include requests for waiver of conditions for APD approval in Sec. 307.15(b) must demonstrate why meeting the

conditions is unnecessary or inappropriate.

(f) Review of waiver requests. (1) The Office will review waiver requests to assure that all necessary information is provided, that all processes provide for effective and efficient program operation, and that the conditions for waiver in paragraph (d) of this section are met.

(2) When a waiver is approved, it becomes part of the State's approved APD. A waiver is subject to the APD suspension provisions in Sec. 307.40.

(3) When a waiver is disapproved, the APD will be disapproved. The APD disapproval is a final administrative decision and is not subject to administrative appeal.

(g) FFP limitations. (1) The provisions of Secs. 307.30 and 307.35 apply to requests for FFP for costs of computerized support enforcement systems.

(2) FFP for alternative system configurations is further limited as follows:

(i) FFP is available at the enhanced matching rate for development of the base system and for hardware, operational system software, and electronic linkages with the separate components of an alternative system configuration.

(ii) FFP is available at the applicable matching rate for minor alterations to the separate automated or manual processes that are part of an alternative system configuration and for operating costs including hardware, operational software and applications software of a computerized support enforcement system.

(iii) FFP is not available for developing new systems or making major changes and enhancements to separate automated or manual processes so that alternative system configurations meet conditions for waiver.

Sec. 307.15 Approval of advance planning documents for computerized support enforcement systems.

(a) Approval of an APD. The Office shall not approve the APD and annually updated APD unless the document, when implemented, will carry out the requirements of Sec. 307.10, or Sec. 307.11 of this part.

Conditions for APD approval are specified in this section.

(b) Conditions for initial approval. In order to be approvable, an APD for a statewide computerized support enforcement system described under Sec. 307.10, or Sec. 307.11 must meet the following requirements:

(1) The APD must represent the sole systems effort being undertaken by the State in accordance with Sec. 307.10, or Sec. 307.11. If the State is requesting a waiver under Sec. 302.85 of this chapter, the APD must specify the conditions for which waiver is requested;

(2) The APD must specify how the objectives of the computerized support enforcement system in Sec. 307.10, or Sec. 307.11 will be carried out throughout the State; this includes a projection of

[[Page 194]]

how the proposed system will meet the functional requirements of Sec. 307.10, or Sec. 307.11 and how the single State system will encompass all political subdivisions in the State by October 1, 1997, or October 1, 2000 respectively.

(3) The APD must assure the feasibility of the proposed effort and provide for the conduct of a requirements analysis study which address all system components within the State and includes consideration of the program mission, functions, organization, services and constraints related to the computerized support enforcement system;

(4) The APD must indicate how the results of the requirements analysis study will be incorporated into the proposed system design, development, installation or enhancement;

(5) The APD must contain a description of each component within the proposed computerized support enforcement system as required by Sec. 307.10, or Sec. 307.11 and must describe information flows, input data, and output reports and uses;

(6) The APD must describe the security requirements to be employed in the proposed computerized support enforcement system;

(7) The APD must describe the intrastate and interstate interfaces set forth in Sec. 307.10, or Sec. 307.11 to be employed in the proposed computerized support enforcement system;

(8) The APD must describe the projected resource requirements for staff, hardware, and other needs and the resources available or expected to be available to meet the requirements;

(9) The APD must contain a proposed budget and schedule of life-cycle milestones relative to the size, complexity and cost of the project which at a minimum address requirements analysis, program design, procurement and project management; and, a description of estimated expenditures by category and amount for:

(i) Items that are eligible for funding at the enhanced matching rate, and

(ii) Items related to developing and operating the system that are eligible for Federal funding at the applicable matching rate;

(10) The APD must contain an implementation plan and backup procedures to handle possible failures in system planning, design, development, installation or enhancement.

(i) These backup procedures must include provision for independent

validation and verification (IV&V) analysis of a State's system development effort in the case of States:

(A) That do not have in place a statewide automated child support enforcement system that meets the requirements of the FSA of 1988;

(B) States which fail to meet a critical milestone, as identified in their APDs;

(C) States which fail to timely and completely submit APD updates;

(D) States whose APD indicates the need for a total system redesign;

(E) States developing systems under waivers pursuant to section 452(d)(3) of the Social Security Act; or,

(F) States whose system development efforts we determine are at risk of failure, significant delay, or significant cost overrun.

(ii) Independent validation and verification efforts must be conducted by an entity that is independent from the State (unless the State receives an exception from OCSE) and the entity selected must:

(A) Develop a project workplan. The plan must be provided directly to OCSE at the same time it is given to the State.

(B) Review and make recommendations on both the management of the project, both State and vendor, and the technical aspects of the project. The IV&V provider must provide the results of its analysis directly to OCSE at the same time it reports to the State.

(C) Consult with all stakeholders and assess the user involvement and buy-in regarding system functionality and the system's ability to meet program needs.

(D) Conduct an analysis of past project performance sufficient to identify and make recommendations for improvement.

(E) Provide risk management assessment and capacity planning services.

(F) Develop performance metrics which allow tracking project completion against milestones set by the State.

[[Page 195]]

(iii) The RFP and contract for selecting the IV&V provider (or similar documents if IV&V services are provided by other State agencies) must include the experience and skills of the key personnel proposed for the IV&V analysis and specify by name the key personnel who actually will work on the project and must be submitted to OCSE for prior approval.

(11) The APD must describe each system considered during planning

including the advantages of selecting the proposed solution. If a transfer system is not selected as the proposed solution, a transfer system must be among those systems considered. If a system that is already in place in the State could be enhanced to meet the requirements for a computerized support enforcement system, that system must be among the solutions considered;

(12) The APD must contain a cost benefit analysis of the proposed computerized support enforcement system and all alternatives considered that describes the proposed improvements to the IV-D program in both qualitative and quantitative terms;

(13) The APD must specify the basis for determining direct and indirect costs of the computerized support enforcement system during development and operation, including the methodology for determining costs of planning, design, development, installation or enhancement that are eligible for 90 percent Federal funding versus costs of development and operations that are eligible for Federal funding at the applicable matching rate;

(14) The APD must contain a statement indicating the period of time the State expects to use the proposed computerized support enforcement system; and

(15) The APD must include any waiver requested in accordance with Sec. 307.5 of this chapter.

(c) Conditions for approval of annual update. The APD for a computerized support enforcement system described under Sec. 307.10, or Sec. 307.11 must be updated annually. In order to be approvable, the annual update of an APD for a computerized support enforcement system described under Sec. 307.10 must meet only those requirements of paragraph (b) of this section that are prescribed by instructions issued by the Office.

- (4) The Office determines that the computerized support enforcement

system or alternative system configuration is designed effectively and efficiently and will improve the management and administration of the State IV-D plan;

(5) The State IV-D agency agrees in writing to use the system for a period of time which is consistent with the APD approved by the Office; and

(6) The State or local government has ownership rights in software, software modifications and associated documentation that is designed, developed, installed, or enhanced with 90 percent FFP under this section subject to the Department of Health and Human Services license specified in paragraph (c) of this section.

(d) Consequences of suspension of the APD. If the Office suspends approval of an APD in accordance with Sec. 307.40 of this part during the planning design, development, installation, enhancement or operation

of the system:

(1) The Office shall disallow FFP as of the date the State failed to comply substantially with the approved APD; and

(2) FFP at the 90 and applicable matching rates is not available in any expenditures incurred under the APD after the date of the suspension until the date the Office determines that the State has taken the actions specified in the notice of suspension described in Sec. 307.40(a)(2) of this part. The Office will notify the State in writing upon making such a determination. (See Sec. 307.35(b) regarding reimbursement for disallowed expenditures under part 95, subpart F of this title.)
