FOREWORD

This volume of legislation and related material is part of a five volume set of laws and related material frequently referred to by the Committees on Foreign Relations of the Senate and International Relations of the House of Representatives, amended to date and annotated to show pertinent history or cross references.

Volumes I (A and B), II, III and IV contain legislation and related material and are republished with amendments and additions at the end of each annual session of Congress. Volume V, which contains treaties and related material, will not be revised every year, but only as necessary.

We wish to express our appreciation to Dianne E. Rennack and C. Winston Woodland of the Foreign Affairs, Defense, and Trade Division of the Congressional Research Service of the Library of Congress who prepared volume I–A of this year's compilation.

HENRY J. HYDE,

Chairman, Committee on International Relations.

RICHARD G. LUGAR,

Chairman, Committee on Foreign Relations.

July 31, 2003.

EXPLANATORY NOTE

The body of statutory law set out in this volume was in force, as amended, at the end of 2002.

This volume sets out “session law” as originally enacted by Congress and published by the Archivist of the United States as “slip law” and later in the series *United States Statutes at Large* (as subsequently amended, if applicable). Amendments are incorporated into the text and distinguished by a footnote. Session law is organized in this series by subject matter in a manner designed to meet the needs of the Congress.

Although laws enacted by Congress in the area of foreign relations are also codified by the Law Revision Counsel of the House of Representatives, typically in title 22 United States Code, those codifications are not positive law and are not, in most instances, the basis of further amendment by the Congress. Cross references to the United States Code are included as footnotes for the convenience of the reader.

All Executive orders and State Department delegations of authority are codified and in force as of June 15, 2003.

Corrections may be sent to Dianne Rennack at Library of Congress, Congressional Research Service, Washington D.C., 20540-7460, or by electronic mail at drennack@crs.loc.gov.

AN ACT To promote the foreign policy, security, and general welfare of the United States by assisting peoples of the world in their efforts toward economic development and internal and external security, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as “The Foreign Assistance Act of 1961.”¹

¹The short title was added by sec. 111 of the FA Appropriation Act, 1962.

PART I

Chapter 1—Policy; Development Assistance Authorizations²

Sec. 101.³ **General Policy.**—(a) The Congress finds that fundamental political, economic, and technological changes have resulted in the interdependence of nations. The Congress declares that the individual liberties, economic prosperity, and security of the people of the United States are best sustained and enhanced in a community of nations which respect individual civil and economic rights and freedoms and which work together to use wisely the world's limited resources in an open and equitable international economic system. Furthermore, the Congress reaffirms the traditional humanitarian ideals of the American people and renews its commitment to assist people in developing countries to eliminate hunger, poverty, illness, and ignorance.

Therefore, the Congress declares that a principal objective of the foreign policy of the United States is the encouragement and sustained support of the people of developing countries in their efforts to acquire the knowledge and resources essential to development and to build the economic, political, and social institutions which will improve the quality of their lives.

United States development cooperation policy should emphasize five⁴ principal goals:

- (1) the alleviation of the worst physical manifestations of poverty among the world's poor majority;
- (2) the promotion of conditions enabling developing countries to achieve self-sustaining economic growth with equitable distribution of benefits;
- (3) the encouragement of development processes in which individual civil and economic rights are respected and enhanced;⁵
- (4) the integration of the developing countries into an open and equitable international economic system; and
- (5)⁵ the promotion of good governance through combating corruption and improving transparency and accountability.

The Congress declares that pursuit of these goals requires that development concerns be fully reflected in United States foreign policy and that United States development resources be effectively and efficiently utilized.

(b)⁶ Under the policy guidance of the Secretary of State, the agency primarily responsible for administering this part should

²Sec. 101(a) of the FA Act of 1963 struck out the words "SHORT TITLE AND" in the chapter heading, which formerly read "SHORT TITLE AND POLICY". Sec. 2(1) of the FA Act of 1973 added the following words to the chapter heading: "Development Assistance Authorizations".

³22 U.S.C. 2151. Sec. 101 was added by sec. 101 of the International Development and Food Assistance Act of 1978 (92 Stat. 937). Previously, sec. 101 had related to the short title before being repealed by the FA Act of 1963. This general policy statement was formerly contained in sec. 102 before 1978.

⁴Sec. 203(a)(1) of the International Anti-Corruption and Good Governance Act of 2000 (title II of Public Law 106-309; 114 Stat. 1091) struck out "four" and inserted in lieu thereof "five".

⁵Sec. 203(a) of the International Anti-Corruption and Good Governance Act of 2000 (title II of Public Law 106-309; 114 Stat. 1091) struck out "and" at the end of para. (3), replaced a period at the end of para. (4) with "; and", and added a new para. (5).

⁶The responsibilities of the Agency mentioned in this subsection were transferred to the Director of IDCA, pursuant to sec. 6 of Reorganization Plan No. 2 of 1979 (establishing IDCA). The responsibilities of the Secretary of State, insofar as they relate to policy guidance other than

have the responsibility for coordinating all United States development-related activities.

Sec. 102.⁷ Development Assistance Policy.—(a) The Congress finds that the efforts of developing countries to build and maintain the social and economic institutions necessary to achieve self-sustaining growth and to provide opportunities to improve the quality of life for their people depend primarily upon successfully marshaling their own economic and human resources. The Congress recognizes that the magnitude of these efforts exceeds the resources of developing countries and therefore accepts that there will be a long-term need for wealthy countries to contribute additional resources for development purposes. The United States should take the lead in concert with other nations to mobilize such resources from public and private sources.

Provision of development resources must be adapted to the needs and capabilities of specific developing countries. United States assistance to countries with low per capita incomes which have limited access to private external resources should primarily be provided on concessional terms. Assistance to other developing countries should generally consist of programs which facilitate their access to private capital markets, investment, and technical skills, whether directly through guarantee or reimbursable programs by the United States Government or indirectly through callable capital provided to the international financial institutions.

Bilateral assistance and United States participation in multilateral institutions shall emphasize programs in support of countries which pursue development strategies designed to meet basic human needs and achieve self-sustaining growth with equity.

The Congress declares that the principal purpose of United States bilateral development assistance is to help the poor majority of people in developing countries to participate in a process of equitable growth through productive work and to influence decisions that shape their lives, with the goal of increasing their incomes and their access to public services which will enable them to satisfy their basic needs and lead lives of decency, dignity, and hope. Activities shall be emphasized that effectively involve the poor in de-

foreign policy guidance, were also transferred to the Director. Subsequently, the Reorganization Plan No. 2 of 1979 ceased to be effective with enactment of the Foreign Affairs Reform and Restructuring Act of 1998, pursuant to sec. 1422(a)(1) (division G of Public Law 105-277; 112 Stat. 2681).

Sec. 1413 of the Foreign Affairs Reform and Restructuring Act of 1998 (22 U.S.C. 6563; 112 Stat. 2681-791), furthermore, provided the following:

“SEC. 1413. STATUS OF AID.

“(a) IN GENERAL.—Unless abolished pursuant to the reorganization plan submitted under section 1601, and except as provided in section 1412, there is within the Executive branch of Government the United States Agency for International Development as an entity described in section 104 of title 5, United States Code.

“(b) RETENTION OF OFFICERS.—Nothing in this section shall require the reappointment of any officer of the United States serving in the Agency for International Development of the United States International Development cooperation Agency as of the day before the effective date of this title.”

Sec. 1522 of that Act (22 U.S.C. 6592; 112 Stat. 2681-794), furthermore, provided the following:

“SEC. 1522. ADMINISTRATOR OF AID REPORTING TO THE SECRETARY OF STATE.

“The Administrator of the Agency for International Development, appointed pursuant to section 624(a) of the Foreign Assistance Act of 1961 (22 U.S.C. 2384(a)), shall report to and be under the direct authority and foreign policy guidance of the Secretary of State.”

⁷22 U.S.C. 2151-1. Sec. 101 of the International Development and Food Assistance Act of 1978 (92 Stat. 927) struck out sec. 102, which concerned a statement of policy, and added a new sec. 102.

velopment by expanding their access to the economy through services and institutions at the local level, increasing their participation in the making of decisions that affect their lives, increasing labor-intensive production and the use of appropriate technology, expanding productive investment and services out from major cities to small towns and rural areas, and otherwise providing opportunities for the poor to improve their lives through their own efforts. Participation of the United States in multilateral institutions shall also place appropriate emphasis on these principles.

(b) Assistance under this chapter should be used not only for the purpose of transferring financial resources to developing countries, but also to help countries solve development problems in accordance with a strategy that aims to insure wide participation of the poor in the benefits of development on a sustained basis. Moreover, assistance shall be provided in a prompt and effective manner, using appropriate United States institutions for carrying out this strategy. In order to achieve these objectives and the broad objectives set forth in section 101 and in subsection (a) of this section, bilateral development assistance authorized by this Act shall be carried out in accordance with the following principles:

(1) Development is primarily the responsibility of the people of the developing countries themselves. Assistance from the United States shall be used in support of, rather than substitution for, the self-help efforts that are essential to successful development programs and shall be concentrated in those countries that take positive steps to help themselves. Maximum effort shall be made, in the administration of this part, to stimulate the involvement of the people in the development process through the encouragement of democratic participation in private and local governmental activities and institution building appropriate to the requirements of the recipient countries.

(2) Development planning must be the responsibility of each sovereign country. United States assistance should be administered in a collaborative style to support the development goals chosen by each country receiving assistance.

(3) United States bilateral development assistance should give high priority to undertakings submitted by host governments which directly improve the lives of the poorest of their people and their capacity to participate in the development of their countries, while also helping such governments enhance their planning, technical, and administrative capabilities needed to insure the success of such undertakings.

(4) Development assistance provided under this chapter shall be concentrated in countries which will make the most effective use of such assistance to help satisfy basic human needs of poor people through equitable growth, especially in those countries having the greatest need for outside assistance. In order to make possible consistent and informed judgments in this respect, the President shall assess the commitment and progress of countries in moving toward the objectives and purposes of this chapter by utilizing criteria, including but not limited to the following:

- (A) increase in agricultural productivity per unit of land through small-farm, labor-intensive agriculture;
- (B) reduction of infant mortality;
- (C) control of population growth;
- (D) promotion of greater equality of income distribution, including measures such as more progressive taxation and more equitable returns to small farmers;
- (E) reduction of rates of unemployment and under-employment;⁸
- (F) increase in literacy; and
- (G)⁸ progress in combating corruption and improving transparency and accountability in the public and private sector.

(5) United States development assistance should focus on critical problems in those functional sectors which affect the lives of the majority of the people in the developing countries; food production and nutrition; rural development and generation of gainful employment; population planning and health; environment and natural resources; education, development administration, and human resources development; and energy development and production.⁹

(6) United States assistance shall encourage and promote the participation of women in the national economies of developing countries and the improvement of women's status as an important means of promoting the total development effort.

(7) United States bilateral assistance shall recognize that the prosperity of developing countries and effective development efforts require the adoption of an overall strategy that promotes the development, production,⁹ and efficient utilization of energy and, therefore, consideration shall be given to the full implications of such assistance on the price, availability, and consumption of energy in recipient countries.

(8) United States cooperation in development should be carried out to the maximum extent possible through the private sector, including those institutions which already have ties in the developing areas, such as educational institutions, cooperatives, credit unions, free labor unions, and private and voluntary agencies.

(9) To the maximum extent practicable, United States private investment should be encouraged in economic and social development programs to which the United States lends support.

(10) Assistance shall be planned and utilized to encourage regional cooperation by developing countries in the solution of common problems and the development of shared resources.

(11) Assistance efforts of the United States shall be planned and furnished to the maximum extent practicable in coordination and cooperation with assistance efforts of other countries,

⁸Sec. 203(b)(1) of the International Anti-Corruption and Good Governance Act of 2000 (title II of Public Law 106-309; 114 Stat. 1092) struck out "and" at the end of subpara. (E), replaced a period at the end of subpara. (F) with "; and", and added a new subpara. (G).

⁹The reference to energy development and production was added by sec. 104(a) of the International Development Cooperation Act of 1979 (Public Law 96-53; 93 Stat. 360).

including the planning and implementation of programs and projects on a multilateral and multidonor basis.

(12) United States bilateral development assistance should be concentrated on projects which do not involve large-scale capital transfers. However, to the extent that such assistance does involve large-scale capital transfers, it should be furnished in association with contributions from other countries working together in a multilateral framework.

(13)¹⁰ United States encouragement of policy reforms is necessary if developing countries are to achieve economic growth with equity.

(14)¹⁰ Development assistance should, as a fundamental objective, promote private sector activity in open and competitive markets in developing countries, recognizing such activity to be a productive and efficient means of achieving equitable and long-term economic growth.

(15)¹⁰ United States cooperation in development should recognize as essential the need of developing countries to have access to appropriate technology in order to improve food and water, health and housing, education and employment, and agriculture and industry.

(16)¹⁰ United States assistance should focus on establishing and upgrading the institutional capacities of developing countries in order to promote long-term development. An important component of institution building involves training to expand the human resource potential of people in developing countries.

(17)¹¹ Economic reform and development of effective institutions of democratic governance are mutually reinforcing. The successful transition of a developing country is dependent upon the quality of its economic and governance institutions. Rule of law, mechanisms of accountability and transparency, security of person, property, and investments, are but a few of the critical governance and economic reforms that underpin the sustainability of broad-based economic growth. Programs in support of such reforms strengthen the capacity of people to hold their governments accountable and to create economic opportunity.

¹⁰ Paragraphs (13), (14), (15), and (16) were added by sec. 301 of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 190).

¹¹ Sec. 203(b)(2) of the International Anti-Corruption and Good Governance Act of 2000 (title II of Public Law 106-309; 114 Stat. 1092) added para. (17).

(c) The Congress, recognizing the desirability of overcoming the worst aspects of absolute poverty by the end of this century by, among other measures, substantially lowering infant mortality and birth rates, and increasing life expectancy, food production, literacy, and employment, encourages the President to explore with other countries, through all appropriate channels, the feasibility of a worldwide cooperative effort to overcome the worst aspects of absolute poverty and to assure self-reliant growth in the developing countries by the year 2000.

NOTE.—Foreign assistance appropriations for fiscal year 2003 are included in the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2003 (division E of the Consolidated Appropriations Resolution, 2003; Public Law 108-7; 117 Stat. 11), and the Emergency Wartime Supplemental Appropriations Act, 2003 (Public Law 108-11; 117 Stat. 559). Amounts appropriated by that Act to carry out the purposes of provisions contained in the Foreign Assistance Act of 1961, during fiscal year 2003 unless otherwise specified, are included in footnotes.

NOTE.—Prior to fiscal year 1992, Congress appropriated funds for each of the Development Assistance functional accounts authorized in sections 103 through 106 of the Foreign Assistance Act of 1961. For fiscal year 1992 through fiscal year 1995, however, Congress made appropriations in one lump sum for all programs within sections 103 through 106, with the exception of “Population, Development Assistance”. In fiscal year 1996, Congress made appropriations in one lump sum for Development Assistance. Since fiscal year 1997, Congress has made appropriations to two development accounts: “Development Assistance” and “Child Survival and Disease Programs Fund”. In fiscal year 2003, the latter account is referred to as the “Child Survival and Health Programs Fund”.

For fiscal year 2003, to remain available until September 30, 2004, for the provisions of sections 103, 105, 106, and 131, and chapter 10 of part I of the Foreign Assistance Act of 1961 (Development Assistance and Development Fund for Africa), Congress appropriated \$1,389,000,000. Congress also appropriated \$1,836,500,000 in fiscal year 2003, to remain available until September 30, 2005, for child survival, reproductive health/family planning, assistance to combat tropical and other infectious diseases, and related activities. Congress also appropriated \$90,000,000 to remain available until September 30, 2004, in the Emergency Wartime Supplemental Appropriations Act, 2003 (Public Law 108-11; 117 Stat. 572).

IV.

Sec. 103.¹² Agriculture, Rural Development, and Nutrition.—(a)(1) In recognition of the fact that the great majority of the people of developing countries live in rural areas and are dependent on agriculture and agricultural-related pursuits for their livelihood, the President is authorized to furnish assistance, on such terms and conditions as he may determine, for agriculture, rural development, and nutrition—

(A) to alleviate starvation, hunger, and malnutrition;

(B) to expand significantly the provision of basic services to rural poor people to enhance their capacity for self-help; and

(C) to help create productive farm and off-farm employment in rural areas to provide a more viable economic base and enhance opportunities for improved incomes, living standards, and contributions by rural poor people to the economic and social development of their countries.

(2) There are authorized to be appropriated to the President for purposes of this section, in addition to funds otherwise available for such purposes, \$760,000,000 for the fiscal year 1986 and \$760,000,000 for the fiscal year 1987.¹³ Of these amounts, the President may use such amounts as he deems appropriate to carry out the provisions of section 316 of the International Security and Development Cooperation Act of 1980.¹⁴

(3)¹⁵ Of the amounts authorized to be appropriated in paragraph (2) for the fiscal year 1987, not less than \$2,000,000 shall be available only for the purpose of controlling and eradicating *amblyomman variegatum* (heartwater) in bovine animals in the Caribbean.

(b)(1) Assistance provided under this section shall be used primarily for activities which are specifically designed to increase the productivity and income of the rural poor, through such means as creation and strengthening of local institutions linked to the regional and national levels; organization of a system of financial institutions which provide both savings and credit services to the poor; stimulation of small, labor-intensive enterprises in rural towns; improvement of marketing facilities and systems; expansion of rural infrastructure and utilities such as farm-to-market roads, water management systems, land improvement, energy, and storage facilities; establishment of more equitable and more secure land tenure arrangements; and creation and strengthening of systems to provide other services and supplies needed by farmers, such as extension, research, training, fertilizer, water, forestry, soil

¹²22 U.S.C. 2151a. Sec. 103, as added by sec. 2(3) of the FA Act of 1973 (87 Stat. 715), was amended and restated by sec. 103(a) of the International Development and Food Assistance Act of 1978 (92 Stat. 943). Previous amendments to sec. 103 were made by sec. 2 of Public Law 93-559 (88 Stat. 1795), sec. 302 of Public Law 94-161 (89 Stat. 856), and by sec. 102 of Public Law 95-88 (91 Stat. 534).

¹³The authorization figures for fiscal years 1986 and 1987 were added by sec. 302 of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 190). Authorizations for recent years included: fiscal year 1975—\$500,000,000; fiscal year 1976—\$618,000,000; fiscal year 1977—\$745,000,000; fiscal year 1978—\$580,000,000; fiscal year 1979—\$665,231,000; fiscal year 1980—\$659,000,000; fiscal year 1981—\$713,500,000; fiscal year 1982—\$700,000,000; fiscal year 1983—\$700,000,000; fiscal year 1984—\$725,213,000; fiscal year 1985—no authorization; fiscal years 1988 through 2003—no authorization.

¹⁴Sec. 316 of the International Security and Development Cooperation Act of 1980 concerns world hunger and instructs the Director of IDCA to encourage the ongoing work of PVOs to deal with world hunger problems abroad.

¹⁵Paragraph 3 was added by sec. 1304 of Public Law 99-399 (100 Stat. 898).

conservation, and improved seed, in ways which assure access to them by small farmers.

(2) In circumstances where development of major infrastructure is necessary to achieve the objectives set forth in this section, assistance for that purpose should be furnished under this chapter in association with significant contributions from other countries working together in a multilateral framework. Infrastructure projects so assisted should be complemented by other measures to ensure that the benefits of the infrastructure reach the poor.

(3)¹⁶ The Congress recognizes that the accelerating loss of forests and tree cover in developing countries undermines and offsets efforts to improve agricultural production and nutrition and otherwise to meet the basic human needs of the poor. Deforestation results in increased flooding, reduction in water supply for agricultural capacity, loss of firewood and needed wood products, and loss of valuable plants and animals. In order to maintain and increase forest resources, the President is authorized to provide assistance under this section for forestry projects which are essential to fulfill the fundamental purposes of this section. Emphasis shall be given to community woodlots, agroforestry, reforestation, protection of watershed forests, and more effective forest management.

(c) The Congress finds that the greatest potential for significantly expanding availability of food for people in rural areas and augmenting world food production at relatively low cost lies in increasing the productivity of small farmers who constitute a majority of the agricultural producers in developing countries. Increasing the emphasis on rural development and expanded food production in the poorest nations of the developing world is a matter of social justice and a principal element contributing to broadly based economic growth, as well as an important factor in alleviating inflation in the industrialized countries. In the allocation of funds under this section, special attention shall be given to increasing agricultural production in countries which have been designated as "least developed" by the United Nations General Assembly.

(d) Assistance provided under this section shall also be used in coordination with programs carried out under section 104 to help improve nutrition of the people of developing countries through encouragement of increased production of crops with greater nutritional value; improvement of planning, research, and education with respect to nutrition, particularly with reference to improvement and expanded use of indigenously produced foodstuffs; and the undertaking of pilot or demonstration programs explicitly addressing the problem of malnutrition of poor and vulnerable people. In particular, the President is encouraged—

(1) to devise and carry out in partnership with developing countries a strategy for programs of nutrition and health improvement for mothers and children, including breast feeding; and

(2) to provide technical, financial, and material support to individuals or groups at the local level for such programs.

¹⁶Par. (3) and subsec. (f) were added by sec. 101 of the International Development Cooperation Act of 1979 (Public Law 96-53; 93 Stat. 359).

(e) Local currency proceeds from sales of commodities provided under the Agricultural Trade Development and Assistance Act of 1954 which are owned by foreign governments shall be used whenever practicable to carry out the provisions of this section.

(f)¹⁶ The Congress finds that the efforts of developing countries to enhance their national food security deserves encouragement as a matter of United States development assistance policy. Measures complementary to assistance for expanding food production in developing countries are needed to help assure that food becomes increasingly available on a regular basis to the poor in such countries. Therefore, United States bilateral assistance under this Act and the Agricultural Trade Development and Assistance Act of 1954, and United States participation in multilateral institutions, shall emphasize policies and programs which assist developing countries to increase their national food security by improving their food policies and management and by strengthening national food reserves, with particular concern for the needs of the poor, through measures encouraging domestic production, building national food reserves, expanding available storage facilities, reducing post-harvest food losses, and improving food distribution.

(g)¹⁷ (1) In order to carry out the purposes of this section, the President may continue United States participation in and may make contributions to the International Fund for Agricultural Development.

(2) Of the aggregate amount authorized to be appropriated to carry out part I of this Act, up to \$50,000,000 for fiscal year 1986 and up to \$50,000,000 for fiscal year 1987 may be made available, by appropriation or by transfer, for United States contributions to the second replenishment of the International Fund for Agricultural Development.

Sec. 103A.¹⁸ **Agricultural Research.**—Agricultural research carried out under this Act shall (1) take account of the special needs of small farmers in the determination of research priorities, (2) include research on the interrelationships among technology, institutions, and economic, social, environmental,¹⁹ and cultural factors affecting small-farm agriculture, and (3) make extensive use of field testing to adapt basic research to local conditions. Special emphasis shall be placed on disseminating research results to the farms on which they can be put to use, and especially on institutional and other arrangements needed to assure that small farmers have effective access to both new and existing improved technology.

¹⁷Sec. 1001 of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 190) amended and restated subsec. (g). Subsec. (g), in its previous form, had been added by sec. 301(c) of the International Security and Development Cooperation Act of 1981 (Public Law 97-113; 95 Stat. 1532). It previously read as follows: "In order to carry out the purposes of this section, the President may continue to participate in and may provide, on such terms and conditions as he may determine, up to \$180,000,000 to the International Fund for Agricultural Development. There are authorized to be appropriated to the President for the purposes of this subsection \$180,000,000, except that not more than \$40,500,000 may be appropriated under this subsection for the fiscal year 1982. Amounts appropriated under this subsection are authorized to remain available until expended."

¹⁸22 U.S.C. 2151a-1. Sec. 103A was added by sec. 303 of Public Law 94-161 (89 Stat. 849).

¹⁹The word "environmental," was added by sec. 103(d) of the International Development and Food Assistance Act of 1978 (92 Stat. 945).

Sec. 104.²⁰ Population and Health.—(a) FINDINGS.—The Congress recognizes that poor health conditions and uncontrolled population growth can vitiate otherwise successful development efforts.

Large families in developing countries are the result of complex social and economic factors which change relatively slowly among the poor majority least affected by economic progress, as well as the result of a lack of effective birth control. Therefore, effective family planning depends upon economic and social change as well as the delivery of services and is often a matter of political and religious sensitivity. While every country has the right to determine its own policies with respect to population growth, voluntary population planning programs can make a substantial contribution to economic development, higher living standards, and improved health and nutrition.

Good health conditions are a principal element in improved quality of life and contribute to the individual's capacity to participate in the development process, while poor health and debilitating disease can limit productivity.

(b) ASSISTANCE FOR POPULATION PLANNING.—In order to increase the opportunities and motivation for family planning and to reduce the rate of population growth, the President is authorized to furnish assistance, on such terms and conditions as he may determine, for voluntary population planning. In addition to the provision of family planning information and services, including also information and services which relate to and support natural family planning methods,²¹ and the conduct of directly relevant demographic research, population planning programs shall emphasize motivation for small families.

(c)²² ASSISTANCE FOR HEALTH AND DISEASE PREVENTION.—(1)²³ In order to contribute to improvements in the health of the greatest

“(4)(A) Congress recognizes the growing international dilemma of children with the human immunodeficiency virus (HIV) and the merits of intervention programs aimed at this problem. Congress further recognizes that the means exist to control and treat tuberculosis, and that it is therefore a major objective of the foreign assistance program to control the disease. To this end, Congress expects the agency primarily responsible for administering this part—

“(i) to coordinate with the World Health Organization, the Centers for Disease Control, the National Institutes of Health, and other organizations toward the development and implementation of a comprehensive tuberculosis control program; and

“(ii) to set as a goal the detection of at least 70 percent of the cases of infectious tuberculosis, and the cure of at least 85 percent of the cases detected, in those countries in which the agency has established development programs, by December 31, 2010.

“(B) There is authorized to be appropriated to the President, \$60,000,000 for each of the fiscal years 2001 and 2002 to be used to carry out this paragraph. Funds appropriated under this subparagraph are authorized to remain available until expended.”

Sec. 103 of the International Malaria Control Act of 2000 (Public Law 106-570; 114 Stat. 3039; 22 U.S.C. 2151b-1) provided the following:

²⁴Sec. 304 of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 190) replaced an authorization figure of "\$25,000,000" with "\$25,000,000 for fiscal year 1986 and \$25,000,000 for fiscal year 1987". Section 103(b) of Public Law 99-529 (100 Stat. 3010) replaced the \$25,000,000 authorization for fiscal year 1987 with an authorization of \$75,000,000.

Titles II and V of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2003 (division E of Public Law 108-7; 117 Stat. 161, 187), provided the following:

(2) the project shall not include payment of incentives, bribes, gratuities, or financial reward to: (A) an individual in exchange for becoming a family planning acceptor; or (B) program personnel for achieving a numerical target or quota of total number of births, number of family planning acceptors, or acceptors of a particular method of family planning; (3) the project shall not deny any right or benefit, including the right of access to participate in any program of general welfare or the right of access to health care, as a consequence of any individual's decision not to accept family planning services; (4) the project shall provide family planning acceptors comprehensible information on the health benefits and risks of the method chosen, including those conditions that might render the use of the method inadvisable and those adverse side effects known to be consequent to the use of the method; "CHILD SURVIVAL AND HEALTH ACTIVITIES

"SEC. 522. Up to \$13,500,000 of the funds made available by this Act for assistance under the heading 'Child Survival and Health Programs Fund', may be used to reimburse United States Government agencies, agencies of State governments, institutions of higher learning, and private and voluntary organizations for the full cost of individuals (including for the personal services of such individuals) detailed or assigned to, or contracted by, as the case may be, the United States Agency for International Development for the purpose of carrying out activities under that heading: *Provided*, That up to \$3,500,000 of the funds made available by this Act

\$25,000,000 for fiscal year 1986 and \$75,000,000 for fiscal year 1987 for use in carrying out this paragraph. Amounts appropriated under this subparagraph are authorized to remain available until expended.

(C) Appropriations pursuant to subparagraph (B) may be referred to as the “Child Survival Fund.”

(3)²⁵ The Congress recognizes that the promotion of primary health care is a major objective of the foreign assistance program. The Congress further recognizes that simple, relatively low-cost means already exist to reduce incidence of communicable diseases among children, mothers, and infants. The promotion of vaccines for immunization, and salts for oral rehydration, therefore, is an essential feature of the health assistance program. To this end, the Congress expects the agency primarily responsible for administering this part to set as a goal the protection of not less than 80 percent of all children, in those countries in which such agency has established development programs, from immunizable diseases by January 1, 1991. Of the aggregate amounts made available for fiscal year 1987 to carry out paragraph (2) of this subsection (relating to the Child Survival Fund) and to carry out subsection (c) (relating to development assistance for health), \$50,000,000 shall be used to carry out this paragraph.²⁶

(4)²⁷ RELATIONSHIP TO OTHER LAWS.—Assistance made available under this subsection and sections 104A, 104B, and 104C, and assistance made available under chapter 4 of part II to carry out the purposes of this subsection and the provisions cited in this paragraph, may be made available notwithstanding any other provision of law that restricts assistance to foreign countries, except for the provisions of this subsection, the provisions of law cited in this paragraph, subsection (f), section 634A of this Act, and provisions of law that limit assistance to organizations that support or participate in a program of coercive abortion or involuntary sterilization included under the Child Survival and Health Programs Fund heading in the Consolidated Appropriations Resolution, 2003 (Public Law 108-7).

for assistance under the heading ‘Development Assistance’ may be used to reimburse such agencies, institutions, and organizations for such costs of such individuals carrying out other development assistance activities: *Provided further*, That funds appropriated by this Act that are made available for child survival activities or disease programs including activities relating to research on, and the prevention, treatment and control of, HIV/AIDS may be made available notwithstanding any other provision of law: *Provided further*, That funds appropriated under title II of this Act may be made available pursuant to section 301 of the Foreign Assistance Act of 1961 if a primary purpose of the assistance is for child survival and related programs: *Provided further*, That of the funds appropriated under title II of this Act, not less than \$446,500,000 shall be made available for family planning/reproductive health.”

Title I, chapter 3 of the Emergency Wartime Supplemental Appropriations Act, 2003 (Public Law 108-11; 117 Stat. 572), provided an additional \$90,000,000 for “Child Survival and Health Programs Fund” to remain available until September 30, 2004.

Relating to family planning, see also the President’s Memorandum of March 28, 2001, to the Administrator of the U.S. Agency for International Development, restoring the Mexico City Policy (66 F.R. 17303).

²⁵ Par. (3) was added by sec. 305 of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 190). Sec. 305(b) of the act provides that: “Each annual report required by section 634 of the Foreign Assistance Act of 1961 shall describe the progress achieved during the preceding fiscal year in carrying out section 104(c)(3) of such Act.”

²⁶ The last sentence of paragraph (3) was added by sec. 103(a) of Public Law 99-529 (100 Stat. 3010).

²⁷ Sec. 303(c) of the United States Leadership Against HIV/AIDS, Tuberculosis, and Malaria Act of 2003 (Public Law 108-25; 117 Stat. 711) added para. (4).

(d) INTEGRATION OF ASSISTANCE PROGRAMS.—(1) Assistance under this chapter shall be administered so as to give particular attention to the interrelationship between (A) population growth, and (B) development and overall improvement in living standards in developing countries, and to the impact of all programs, projects, and activities on population growth. All appropriate activities proposed for financing under this chapter shall be designed to build motivation for smaller families through modification of economic and social conditions supportive of the desire for large families, in programs such as education in and out of school, nutrition, disease control, maternal and child health services, improvements in the status and employment of women, agricultural production, rural development, and assistance to the urban poor, and through community-based development programs which give recognition to people motivated to limit the size of their families.²⁸ Population planning programs shall be coordinated with other programs aimed at reducing the infant mortality rate, providing better nutrition for pregnant women and infants, and raising the standard of living of the poor.

(2) Since the problems of malnutrition, disease, and rapid population growth are closely related, planning for assistance to be provided under subsections (b) and (c) of this section and under section 103 shall be coordinated to the maximum extent practicable.

(3) Assistance provided under this section shall emphasize low-cost integrated delivery systems for health, nutrition, and family planning for the poorest people, with particular attention to the needs of mothers and young children, using paramedical and auxiliary medical personnel, clinics and health posts, commercial distribution systems, and other modes of community outreach.

(e) RESEARCH AND ANALYSIS.—(1) Health and population research and analysis carried out under this Act shall—

(A) be undertaken to the maximum extent practicable in developing countries by developing country personnel, linked as appropriate with private and governmental biomedical research facilities within the United States;

(B) take account of the special needs of the poor people of developing countries in the determination of research priorities; and

(C) make extensive use of field testing to adapt basic research to local conditions.

(2) The President is authorized to study the complex factors affecting population growth in developing countries and to identify factors which might motivate people to plan family size or to space their children.

(f)²⁹ PROHIBITION ON USE OF FUNDS FOR ABORTIONS AND INVOLUNTARY STERILIZATIONS.—(1) None of the funds made available to carry out this part may be used to pay for the performance of abor-

²⁸The reference to community-based development programs was added by sec. 102(b) of the International Development Cooperation Act of 1979 (Public Law 96-53; 93 Stat. 360).

²⁹Sec. 518 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2003 (division E of Public Law 108-7; 117 Stat. 186), made a similar prohibition.

tions as a method of family planning or to motivate³⁰ or coerce any person to practice abortions.

(2) None of the funds made available to carry out this part may be used to pay for the performance of involuntary sterilizations as a method of family planning or to coerce or provide any financial incentive to any person to undergo sterilizations.

(3)³¹ None of the funds made available to carry out this part may be used to pay for any biomedical research which relates, in whole or in part, to methods of, or the performance of, abortions or involuntary sterilization as a means of family planning.

(g) AUTHORIZATIONS OF APPROPRIATIONS.—(1) There are authorized to be appropriated to the President, in addition to funds otherwise available for such purposes—

(A) \$290,000,000 for fiscal year 1986 and \$290,000,000 for fiscal year 1987 to carry out subsection (b) of this section; and

(B) \$205,000,000 for fiscal year 1986 and \$180,000,000 for fiscal year 1987 to carry out subsection (c) of this section.

(2) Funds appropriated under this subsection are authorized to remain available until expended.³²

³⁰Title II of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2003 (Public Law 108-7; 117 Stat. 163), under “Child Survival and Health Programs Fund”, provided the following:

“That in awarding grants for natural family planning under section 104 of the Foreign Assistance Act of 1961 no applicant shall be discriminated against because of such applicant’s religious or conscientious commitment to offer only natural family planning; and, additionally, all such applicants shall comply with the requirements of the previous proviso: *Provided further*, That for purposes of this or any other Act authorizing or appropriating funds for foreign operations, export financing, and related programs, the term “motivate”, as it relates to family planning assistance, shall not be construed to prohibit the provision, consistent with local law, of information or counseling about all pregnancy options: *Provided further*, That nothing in this paragraph shall be construed to alter any existing statutory prohibitions against abortion under section 104 of the Foreign Assistance Act of 1961.”

Relating to family planning, see also the President’s Memorandum of March 28, 2001, to the Administrator of the U.S. Agency for International Development, restoring the Mexico City Policy (66 F.R. 17303).

³¹Par. (3) of subsec. (f) was added by sec. 302(b) of the International Security and Development Cooperation Act of 1981 (Public Law 97-113; 95 Stat. 1532).

³²The authorization figures for fiscal years 1986 and 1987 to carry out subsecs. (b) and (c) were added by sec. 303 of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 190). Subsequently, sec. 404 of Public Law 99-529 (100 Stat. 3341) replaced the \$205,000,000 authorization for subsec. (c) with an authorization of \$180,000,000. Authorizations under subsec. (b) in recent years include: fiscal year 1978—\$167,000,000; fiscal year 1979—\$224,745,000; fiscal year 1980—\$201,000,000; fiscal year 1981—\$238,000,000; fiscal year 1982—\$211,000,000; fiscal year 1983—\$211,000,000; fiscal year 1984—\$244,600,000; fiscal year 1985—no authorization; fiscal years 1988 through 2002—no authorization.

Authorizations under subsec. (c) in recent years include: fiscal year 1978—\$107,700,000; fiscal year 1979—\$148,494,000; fiscal year 1980—\$141,000,000; fiscal year 1981—\$145,300,000; fiscal year 1982—\$133,405,000; fiscal year 1983—\$133,405,000 (of the 1982 and 1983 subsec. (c) authorizations, not less than 16 percent or \$38,000,000 whichever amount is less was made available for United Nations Fund for Population Activities); fiscal year 1984—\$133,404,000; fiscal year 1985—no authorization; fiscal years 1988 through 2003—no authorization.

Congress did not enact an authorization for fiscal year 2003. Instead, the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2003 (division E of Public Law 108-7), waived the requirement for authorization, and title II of that Act (at 115 Stat. 162) provided the following:

“UNITED STATES AGENCY FOR INTERNATIONAL DEVELOPMENT

(b) **POLICY.**—It is a major objective of the foreign assistance program of the United States to provide assistance for the prevention, treatment, and control of HIV/AIDS. The United States and other developed countries should provide assistance to countries in sub-Saharan Africa, the Caribbean, and other countries and areas to control this crisis through HIV/AIDS prevention, treatment, monitoring, and related activities, particularly activities focused on women and youth, including strategies to protect women and prevent mother-to-child transmission of the HIV infection.

(c) **AUTHORIZATION.**—

SEC. 104B.³⁴ ASSISTANCE TO COMBAT TUBERCULOSIS.

(a) FINDINGS.—Congress makes the following findings:

(1) Congress recognizes the growing international problem of tuberculosis and the impact its continued existence has on those countries that had previously largely controlled the disease.

(2) Congress further recognizes that the means exist to control and treat tuberculosis through expanded use of the DOTS (Directly Observed Treatment Short-course) treatment strategy, including DOTS-Plus to address multi-drug resistant tuberculosis, and adequate investment in newly created mechanisms to increase access to treatment, including the Global Tuberculosis Drug Facility established in 2001 pursuant to the Amsterdam Declaration to Stop TB and the Global Alliance for TB Drug Development.

(b) POLICY.—It is a major objective of the foreign assistance program of the United States to control tuberculosis, including the detection of at least 70 percent of the cases of infectious tuberculosis, and the cure of at least 85 percent of the cases detected, not later than December 31, 2005, in those countries classified by the World Health Organization as among the highest tuberculosis burden, and not later than December 31, 2010, in all countries in which the United States Agency for International Development has established development programs.

(c) AUTHORIZATION.—To carry out this section and consistent with section 104(c), the President is authorized to furnish assistance, on such terms and conditions as the President may determine, for the prevention, treatment, control, and elimination of tuberculosis.

³⁴ 22 U.S.C. 2151b–3. Sec. 302(a) of the United States Leadership Against HIV/AIDS, Tuberculosis, and Malaria Act of 2003 (Public Law 108–25; 117 Stat. 711) added sec. 104B.

SEC. 104C.³⁵ ASSISTANCE TO COMBAT MALARIA.

(a) **FINDING.**—Congress finds that malaria kills more people annually than any other communicable disease except tuberculosis, that more than 90 percent of all malaria cases are in sub-Saharan Africa, and that children and women are particularly at risk. Congress recognizes that there are cost-effective tools to decrease the spread of malaria and that malaria is a curable disease if promptly diagnosed and adequately treated.

(b) **POLICY.**—It is a major objective of the foreign assistance program of the United States to provide assistance for the prevention, control, and cure of malaria.

(c) **AUTHORIZATION.**—To carry out this section and consistent with section 104(c), the President is authorized to furnish assistance, on such terms and conditions as the President may determine, for the prevention, treatment, control, and elimination of malaria.

(d) **COORDINATION.**—In carrying out this section, the President shall coordinate with the World Health Organization, the Global Fund to Fight AIDS, Tuberculosis, and Malaria, the Department of Health and Human Services (the Centers for Disease Control and Prevention and the National Institutes of Health), and other organizations with respect to the development and implementation of a comprehensive malaria control program.

³⁹ Sec. 562 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1991 (Public Law 101-513; 104 Stat. 2026), added a new chapter 10 to part I of this Act, providing for long-term development in sub-Saharan Africa, and made conforming amendments by striking out paragraph designation “(1)” and by striking out paragraph (2). Paragraph (2), previously added by sec. 201 of Public Law 99-440 (100 Stat. 1094), formerly read as follows:

“(2)(A)(i) Of the amounts authorized to be appropriated to carry out this section for the fiscal years 1987, 1988, and 1989, not less than \$4,000,000 shall be used in each such fiscal year to finance education, training, and scholarships for the victims of apartheid, including teachers and other educational professionals, who are attending universities and colleges in South Africa. Amounts available to carry out this subparagraph shall be provided in accordance with the provisions of section 802(c) of the International Security and Development Cooperation Act of 1985.

pecially those designed to improve productive skills of rural families and the urban poor and to provide them with useful information; to increase the relevance of formal education systems to the needs of the poor, especially at the primary level, through reform of curricula, teaching materials, and teaching methods, and improved teacher training; and to strengthen the management capabilities of institutions which enable the poor to participate in development. Assistance under this section shall also be provided for advanced education and training of people of developing countries in such disciplines as are required for planning and implementation of public and private development activities.⁴⁰

(c)^{39, 41} * * * [Repealed—1979]

Sec. 106.⁴² Energy, Private Voluntary Organizations, and Selected Development Activities.—(a)(1)(A)⁴³ The Congress finds that energy development and production are vital elements in the development process, that energy shortages in developing countries severely limit the development process in such countries, that two-thirds of the developing countries which import oil depend on it for at least 90 percent of the energy which their economies require, and that the dramatic increase in world oil prices since 1973 has resulted in considerable economic hardship for many developing countries. The Congress is concerned that the value and purpose of much of the assistance provided to developing countries

“(ii) Funds made available for each such fiscal year for purposes of chapter 4 of part II of this Act may be used to finance such education, training, and scholarships in lieu of an equal amount made available under this subparagraph.

“(B)(i) In addition to amounts used for purposes of subparagraph (A), the agency primarily responsible for administering this part, in collaboration with other appropriate departments or agencies of the United States, shall use assistance provided under this section or chapter 4 of part II of this Act to finance scholarships for students pursuing secondary school education in South Africa. The selection of scholarship recipients shall be by a nationwide panel or by regional panels appointed by the United States chief of diplomatic mission to South Africa.

“(ii) Of the amounts authorized to be appropriated to carry out this section and chapter 4 of part II of this Act for the fiscal years 1987, 1988, and 1989, up to an aggregate of \$1,000,000 may be used in each such fiscal year for purposes of this subparagraph.

“(C)(i) In addition to the assistance authorized in subparagraph (A), the agency primarily responsible for administering this part shall provide assistance for in-service teacher training programs in South Africa through such nongovernmental organizations as TOPS or teachers’ unions.

“(ii) Of the amounts authorized to be appropriated to carry out this section and chapter 4 of part II of this Act, up to an aggregate of \$500,000 for the fiscal year 1987 and up to an aggregate of \$1,000,000 for the fiscal year 1988 may be used for purposes of this subparagraph, subject to standard procedures for project review and approval.”

⁴⁰This sentence was added by sec. 103(b) of the International Development Cooperation Act of 1979 (Public Law 96-53; 93 Stat. 360).

⁴¹Subsec. (c), which authorized funds during fiscal year 1977 and fiscal year 1978 for the southern African student program and the southern African training program, was repealed by sec. 122 of the International Development Cooperation Act of 1979 (Public Law 96-53; 93 Stat. 366).

⁴²22 U.S.C. 2151d. Sec. 106, as added by Public Law 94-161 (89 Stat. 849), was amended by sec. 104 of the International Development Cooperation Act of 1979 (Public Law 96-53; 93 Stat. 360) by redesignating subsecs. (a) and (b) as (c) and (d) and by adding new subsecs. (a) and (b). Sec. 304(a) of the International Security and Development Cooperation Act of 1980 (Public Law 96-533; 94 Stat. 3146) substituted the current section heading in lieu of “Technical Assistance, Energy, Research, Reconstruction, and Selected Development Activities”. A prior version of sec. 106 (added in 1973 by Public Law 93-189) had also been repealed by Public Law 94-161.

See also the Energy Policy Act of 1992 (Public Law 102-486; 106 Stat. 2776), particularly title XII, as it relates to the export of renewable energy technologies, and title XIII, as it relates to the export of clean coal technology. See *Legislation on Foreign Relations Through 2002*, vol. IV, sec. L.

⁴³Sec. 304(b) of the International Security and Development Cooperation Act of 1980 (Public Law 96-533; 94 Stat. 3146) redesignated pars. (1), (2), (3), and (4) of subsec. (a) as subpars. (A), (B), (C), and (D), respectively; redesignated subpars. (A), (B), and (C) of former par. (3) as clauses (i), (ii), and (iii), respectively; and added a new par. (2).

under sections 103, 104, and 105 are undermined by the inability of many developing countries to satisfy their energy requirements. Unless the energy deficit of the developing countries can be narrowed by more fully exploiting indigenous sources of energy such as oil, natural gas, and coal, scarce foreign exchange will increasingly have to be diverted to oil imports, primarily to the detriment of long-term development and economic growth.

(B)⁴³ The Congress recognizes that many developing countries lack access to the financial resources and technology necessary to locate, explore, and develop indigenous energy resources.

(C)⁴³ The Congress declares that there is potential for at least a moderate increase by 1990 in the production of energy for commercial use in the developing countries which are not members of the Organization of Petroleum Exporting Countries. In addition, there is a compelling need for vigorous efforts to improve the available data on the location, scale, and commercial exploitability of potential oil, natural gas, and coal reserves in developing countries, especially those which are not members of the Organization of Petroleum Exporting Countries. The Congress further declares that there are many benefits to be gained by the developing countries and by the United States and other developed countries through expanded efforts to expedite the location, exploration, and development of potential sources of energy in developing countries. These benefits include, but are not limited to, the following:

(i)⁴³ The world's energy supply would be increased and the fear of abrupt depletion would be lessened with new energy production. This could have a positive impact upon energy prices in international markets as well as a positive effect upon the balance of payments problems of many developing countries.

(ii)⁴³ Diversification of the world's supplies of energy from fossil fuels would make all countries, developing and developed, less susceptible to supply interruptions and arbitrary production and pricing policies.

(iii)⁴³ Even a moderate increase in energy production in the developing countries would improve their ability to expand commercial trade, foreign investment, and technology transfer possibilities with the United States and other developed countries.

(D)⁴³ Assistance for the production of energy from indigenous resources, as authorized by subsection (b) of this section, would be of direct benefit to the poor in developing countries because of the overwhelming impact of imported energy costs upon the lives of the poor and their ability to participate in development.

(2)⁴³ The Congress also finds that energy production from renewable, decentralized sources and energy conservation are vital elements in the development process. Inadequate access by the poor to energy sources as well as the prospect of depleted fossil fuel reserves and higher energy prices require an enhanced effort to expand the energy resources of developing countries through greater emphasis on renewable sources. Renewable and decentralized energy technologies have particular applicability for the poor, especially in rural areas.

(b)⁴² (1)⁴⁴ In order to help developing countries alleviate their energy problems by improving their ability to use indigenous energy resources to produce the energy needed by their economies, the President is authorized to furnish assistance, on such terms and conditions as he may determine, to enable such countries to prepare for and undertake development of their energy resources. Such assistance may include data collection and analysis, the training of skilled personnel, research on and development of suitable energy sources, and pilot projects to test new methods of energy production.

(2)⁴⁴ The President is authorized to furnish assistance under this chapter for cooperative programs with developing countries in energy production and conservation through research on and development and use of small-scale, decentralized, renewable energy sources for rural areas carried out as integral parts of rural development efforts in accordance with section 103 of this Act. Such programs shall also be directed toward the earliest practicable development and use of energy technologies which are environmentally acceptable, require minimum capital investment, are most acceptable to and affordable by the people using them, are simple and inexpensive to use and maintain, and are transferable from one region of the world to another. Such programs may include research on and the development, demonstration, and application of suitable energy technologies (including use of wood); analysis of energy uses, needs, and resources; training and institutional development; and scientific interchange.

(c)⁴⁵ The agency primarily responsible for administering this part and the Department of Energy shall coordinate with one another, to the maximum extent possible, the planning and implementation of energy programs under this chapter.

(d)⁴⁵ The President is authorized to furnish assistance, on such terms and conditions as he may determine, for the following activities, to the extent that such activities are not authorized by sections 103, 104, and 105 of this Act:

(1) programs of technical cooperation and development, particularly the development efforts of United States private and voluntary agencies and regional and international development organizations;

(2)⁴⁶ programs of research into, and evaluation of, the process of economic development in less developed countries and areas, into the factors affecting the relative success and costs

⁴⁴Sec. 304(c) of the International Security and Development Cooperation Act of 1980 (Public Law 96-533; 94 Stat. 3146) redesignated pars. (1) and (2) of subsec. (b) as subpars. (A) and (B), respectively, and added a new par. (2). Subsequently, designation of subpar. (A) was struck out and subpar. (B) was repealed by sec. 1211(a)(2) of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 279). Subpar. (B) previously read as follows: "Of the funds made available to carry out this section, up to \$7,000,000 for the fiscal year 1981 shall be used for purposes of paragraph (A) to facilitate geological and geophysical survey work to locate potential oil, natural gas, and coal reserves and to encourage exploration for potential oil, natural gas, and coal reserves in developing countries which are not members of the Organization of Petroleum Exporting Countries".

⁴⁵Sec. 304 of the International Security and Development Cooperation Act of 1980 (Public Law 96-533; 94 Stat. 3146) redesignated subsec. (c) as subsec. (d), amended former subsec. (d) and redesignated it as subsec. (e), and added a new subsec. (c).

(1)⁸⁴ the status of internationally recognized human rights, within the meaning of subsection (a)—

(A) in countries that receive assistance under this part, and

(B) in all other foreign countries which are members of the United Nations and which are not otherwise the subject of a human rights report under this Act;

(2)⁸⁵ wherever applicable, practices regarding coercion in population control, including coerced abortion and involuntary sterilization;

⁸⁰ Sec. 162(e)(1) of the Foreign Relations Authorization Act, Fiscal Years 1994 and 1995 (Public Law 103-236; 108 Stat. 405), struck out “Assistant Secretary for Human Rights and Humanitarian Affairs” and inserted in lieu thereof “Assistant Secretary of State for Democracy, Human Rights, and Labor”. Previously, “Assistant Secretary” was inserted in lieu of “Coordinator” by sec. 109(a)(2) of the Foreign Relations Authorization Act, Fiscal Year 1978 (Public Law 95-105; 91 Stat. 846).

⁸¹ Sec. 421(a)(1) of the International Religious Freedom Act of 1998 (Public Law 105-292; 112 Stat. 2809) added “and in consultation with the Ambassador at Large for International Religious Freedom” after “Labor”.

⁸² Sec. 421(a) of the International Religious Freedom Act of 1998 (Public Law 105-292; 112 Stat. 2809) struck out “and” at the end of para. (1); replaced a period at the end of para. (2) with “; and”; and added para. (3).

⁸³ Sec. 2216(1) of the Foreign Relations Authorization Act, Fiscal Years 1998 and 1999 (subdivision B of division G of Public Law 105-277; 112 Stat. 2681), struck out “January 31” and inserted in lieu thereof “February 25”.

⁸⁴ Paragraph (1) was amended and restated by sec. 504 of the International Development Cooperation Act of 1979 (Public Law 96-53; 93 Stat. 378) by adding the requirement contained in clause (B). Sec. 504 also required a report from the Secretary of State by November 15, 1979, on the impact on the foreign relations of the United States of the reports required by this Act on the human rights practices of foreign governments.

⁸⁵ A new para. (2) was added and the former para. (2) was redesignated as para. (3) by sec. 127 of the Foreign Relations Authorization Act, Fiscal Years 1988 and 1989 (Public Law 100-204; 101 Stat. 1342). Subsequently, sec. 201(a) of Public Law 104-319 (110 Stat. 3864) struck

(9)⁸⁸ for each country with respect to which the report indicates that extrajudicial killings, torture, or other serious violations of human rights have occurred in the country, the extent

out "and" at the end of para. (2), redesignated para. (3) as para. (5), and added new paras. (3) and (4). See also footnote 86.

⁸⁶Sec. 2216(2) and (3) of the Foreign Relations Authorization Act, Fiscal Years 1998 and 1999 (subdivision B of division G of Public Law 105-277; 112 Stat. 2681), redesignated paras. (3) through (6) as paras. (4) through (7) and added a new para. (3). At the time of enactment of Public Law 105-277, however, no para. (6) was contained in the section. Public Law 105-292 added para. (6) later, shown here redesignated as para. (7).

⁸⁷Sec. 102(d)(1) of the International Religious Freedom Act of 1998 (Public Law 105-292; 112 Stat. 2794) struck out "and" at the end of para. (4); replaced a period at the end of this para. (5) with "; and"; and added a new para. (6). Paras. (4) and (5), however, had already been redesignated as paras. (5) and (6) by sec. 2216 of Public Law 105-277. Sec. 2216 of Public Law 105-277 also redesignated a then-nonexistent para. (6) as para. (7). The amendment has been made to the subsequently enacted para. (6), shown here as para. (7).

Sec. 806(a) of the Admiral James W. If the Secretary elects to submit such information as a separate report, such report shall be submitted not later than 30 days after the date of submission of the report required by section 116(d) and 502B(b) of the Foreign Assistance Act of 1961."

(ii) that such individuals take a direct part in hostilities; (B) what steps, if any, taken by the government of the country to eliminate such practices; and

(C) such other information related to the use by such government of individuals under the age of 18 as soldiers, as determined to be appropriate by the Secretary.

(e)^{79, 90} The President is authorized and encouraged to use not less than \$3,000,000 of the funds made available under this chapter, chapter 10 of this part,⁹¹ and chapter 4 of part II for each fiscal year for studies to identify, and for openly carrying out, programs and activities which will encourage or promote increased adherence to civil and political rights, including the right to free reli-

⁸⁹Sec. 683(a) of the Freedom Investment Act of 2002 (subtitle E of title VI of the Foreign Relations Authorization Act, Fiscal Year 2002; Public Law 107-228; 116 Stat. 1410) struck out “and” at the end of para. (8); replaced a period at the end of para (9) with “; and”; and added a new para. (10).

⁹⁰The first phrase, “The President is authorized and encouraged to use not less than”, was added by sec. 109(1) of the International Development and Food Assistance Act of 1978 (Public Law 95-424; 92 Stat. 947).

The authorization level of \$3,000,000 and the reference to funds available under chapter 4 of part II were added by sec. 1002(a)(1) of the Department of State Authorization Act, Fiscal Years 1984 and 1985 (Public Law 98-164; 97 Stat. 1052). Previously, amendments by sec. 306 of the International Security and Development Cooperation Act of 1981 (Public Law 97-113; 95 Stat. 1533), sec. 504 of Public Law 96-533 (94 Stat. 378), and sec. 109(2) of Public Law 95-424 (92 Stat. 947) authorized the use of \$1,500,000 for this purpose in fiscal years 1982-1983, fiscal year 1981, and fiscal year 1979, respectively. The original text of subsec. (e), added by sec. 111 of Public Law 95-88 (91 Stat. 537), authorized the use of \$750,000 for this purpose during fiscal year 1978.

The authorization level of \$1,500,000 for the fiscal year 1986 and for each fiscal year thereafter was added by sec. 202 of Public Law 99-440 (100 Stat. 1095).

Paragraph designation “(1)” and a new par. (2) were added to subsec. (e) by sec. 1002(a)(3) of the Department of State Authorization Act, Fiscal Years 1984 and 1985 (Public Law 98-164; 97 Stat. 1052). Par. (2) subsequently was repealed by sec. 4(a)(3)(B) of the South African Democratic Transition Support Act of 1993 (Public Law 103-149; 107 Stat. 1505), and the designation for par. (1) was struck out.

Par. (2) of subsec. (e) had stated a priority, with supporting guidelines and conditions, for giving grants to “nongovernmental organizations in South Africa promoting political, economic, social, juridical, and humanitarian efforts to foster a just society and to help victims of apartheid.”

Section 4(a)(3)(B) of the South African Democratic Transition Support Act of 1993 (Public Law 103-149; 107 Stat. 1505) also repealed subsec. (f) and (g) of sec. 116, which had been added by sec. 202(b) of Public Law 99-440 (100 Stat. 1095).

Subsec. (f) directed not less than \$500,000 under section (e)(2)(A) to be used “for direct legal and other assistance to political detainees and prisoners and their families, including the investigation of the killing of protesters and prisoners, and for support for actions of black-led community organizations to resist, through nonviolent means, the enforcement of apartheid policies”

Subsec. (g) directed \$175,000 each fiscal year to “be used for direct assistance to families of victims of violence such as ‘necklacing’ and other such inhumane acts”, and another \$175,000 to “be made available to black groups in South Africa which are actively working toward a multi-racial solution to the sharing of political power in that country through nonviolent, constructive means.”

⁹¹Sec. 562 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1991 (Public Law 101-513; 104 Stat. 2026), added a new chapter 10 to part I of this Act, providing for long-term development in sub-Saharan Africa, and made a conforming amendment by inserting “, chapter 10 of this part,” here, and text at the end of the first sentence beginning at “or under chapter 10”.

gious belief and practice,⁹² as set forth in the Universal Declaration of Human Rights, in countries eligible for assistance under this chapter or under chapter 10 of this part, except that funds made available under chapter 10 of this part may only be used under this subsection with respect to countries in sub-Saharan Africa. None of these funds may be used, directly or indirectly, to influence the outcome of any election in any country.

(f)⁹³ (1) The report required by subsection (d) shall include the following:

(A) A description of the nature and extent of severe forms of trafficking in persons, as defined in section 103 of the Trafficking Victims Protection Act of 2000, in each foreign country.

(B) With respect to each country that is a country of origin, transit, or destination for victims of severe forms of trafficking in persons, an assessment of the efforts by the government of that country to combat such trafficking. The assessment shall address the following:

(i) Whether government authorities in that country participate in, facilitate, or condone such trafficking.

⁹² Sec. 501(b) of the International Religious Freedom Act of 1998 (Public Law 105-292; 112 Stat. 2811) inserted “, including the right to free religious belief and practice” after “adherence to civil and political rights”. Subsec. (a) of that sec. provided the following:

“SEC. 501. ASSISTANCE FOR PROMOTING RELIGIOUS FREEDOM.

“(a) FINDINGS.—Congress makes the following findings:

“(1) In many nations where severe violations of religious freedom occur, there is not sufficient statutory legal protection for religious minorities or there is not sufficient cultural and social understanding of international norms of religious freedom.

“(2) Accordingly, in the provision of foreign assistance, the United States should make a priority of promoting and developing legal protections and cultural respect for religious freedom.”.

⁹³ Sec. 104(a) of the Trafficking Victims Protection Act of 2000 (division A of Public Law 106-386; 114 Stat. 1471) amended and restated subsec. (f). Originally added by sec. 597 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2000 (H.R. 3422, enacted by reference in sec. 1000(a)(2) of Public Law 106-113; 113 Stat. 1535), the subsec. formerly read as follows:

“(f) (1) The report required by subsection (d) shall include—

“(A) a list of foreign states where trafficking in persons, especially women and children, originates, passes through, or is a destination; and

“(B) an assessment of the efforts by the governments of the states described in paragraph (A) to combat trafficking. Such an assessment shall address—

“(i) whether government authorities in each such state tolerate or are involved in trafficking activities;

“(ii) which government authorities in each such state are involved in anti-trafficking activities;

“(iii) what steps the government of each such state has taken to prohibit government officials and other individuals from participating in trafficking, including the investigation, prosecution, and conviction of individuals involved in trafficking;

“(iv) what steps the government of each such state has taken to assist trafficking victims;

“(v) whether the government of each such state is cooperating with governments of other countries to extradite traffickers when requested;

“(vi) whether the government of each such state is assisting in international investigations of transnational trafficking networks; and

“(vii) whether the government of each such state refrains from prosecuting trafficking victims or refrains from other discriminatory treatment towards victims.

“(2) In compiling data and assessing trafficking for the purposes of paragraph (1), United States Diplomatic Mission personnel shall consult with human rights and other appropriate nongovernmental organizations.

“(3) For purposes of this subsection—

“(A) the term ‘trafficking’ means the use of deception, coercion, debt bondage, the threat of force, or the abuse of authority to recruit, transport within or across borders, purchase, sell, transfer, receive, or harbor a person for the purposes of placing or holding such person, whether for pay or not, in involuntary servitude, slavery or slavery-like conditions, or in forced, bonded, or coerced labor;

“(B) the term ‘victim of trafficking’ means any person subjected to the treatment described in subparagraph (A).”.

(ii) Which government authorities in that country are involved in activities to combat such trafficking.

(iii) What steps the government of that country has taken to prohibit government officials from participating in, facilitating, or condoning such trafficking, including the investigation, prosecution, and conviction of such officials.

(iv) What steps the government of that country has taken to prohibit other individuals from participating in such trafficking, including the investigation, prosecution, and conviction of individuals involved in severe forms of trafficking in persons, the criminal and civil penalties for such trafficking, and the efficacy of those penalties in eliminating or reducing such trafficking.

(v) What steps the government of that country has taken to assist victims of such trafficking, including efforts to prevent victims from being further victimized by traffickers, government officials, or others, grants of relief from deportation, and provision of humanitarian relief, including provision of mental and physical health care and shelter.

(vi) Whether the government of that country is cooperating with governments of other countries to extradite traffickers when requested, or, to the extent that such cooperation would be inconsistent with the laws of such country or with extradition treaties to which such country is a party, whether the government of that country is taking all appropriate measures to modify or replace such laws and treaties so as to permit such cooperation.

(vii) Whether the government of that country is assisting in international investigations of transnational trafficking networks and in other cooperative efforts to combat severe forms of trafficking in persons.

(viii) Whether the government of that country refrains from prosecuting victims of severe forms of trafficking in persons due to such victims having been trafficked, and refrains from other discriminatory treatment of such victims.

(ix) Whether the government of that country recognizes the rights of victims of severe forms of trafficking in persons and ensures their access to justice.

(C) Such other information relating to trafficking in persons as the Secretary of State considers appropriate.

(2) In compiling data and making assessments for the purposes of paragraph (1), United States diplomatic mission personnel shall consult with human rights organizations and other appropriate nongovernmental organizations.

Sec. 117.⁹⁴ **Assistance for Disadvantaged South Africans.**
* * * [Repealed—1993]

⁹⁴Formerly at 22 U.S.C. 2151o. Sec. 117 was repealed by sec. 4(a)(3)(B) of the South African Democratic Transition Support Act of 1993 (Public Law 103-149; 107 Stat. 1505). It had been added originally by sec. 201(b) of Public Law 99-440 (100 Stat. 1094). Sec. 117 provided assistance for disadvantaged South Africans through South African nongovernmental organizations, such as the Educational Opportunities Council, the South African Institute of Race Relations, READ, professional teachers' unions, the Outreach Program of the University of the Western Cape, the Funda Center in Soweto, SACHED, UPP Trust, TOPS, the Wilgespruit Fellowship

Sec. 117.⁹⁵ Environment and Natural Resources.—(a) The Congress finds that if current trends in the degradation of natural resources in developing countries continue, they will severely undermine the best efforts to meet basic human needs, to achieve sustained economic growth, and to prevent international tension and conflict. The Congress also finds that the world faces enormous, urgent, and complex problems, with respect to natural resources, which require new forms of cooperation between the United States and developing countries to prevent such problems from becoming unmanageable. It is, therefore, in the economic and security interests of the United States to provide leadership both in thoroughly reassessing policies relating to natural resources and the environment, and in cooperating extensively with developing countries in order to achieve environmentally sound development.

(b) In order to address the serious problems described in subsection (a), the President is authorized to furnish assistance under this part for developing and strengthening the capacity of developing countries to protect and manage their environment and natural resources. Special efforts shall be made to maintain and where possible to restore the land, vegetation, water, wildlife, and other resources upon which depend economic growth and human well-being, especially of the poor.

(c)(1) The President, in implementing programs and projects under this chapter and chapter 10 of this part,⁹⁶ shall take fully into account the impact of such programs and projects upon the environment and natural resources of developing countries. Subject to such procedures as the President considers appropriate, the President shall require all agencies and officials responsible for programs or projects under this chapter—

Center (WFC), and civic and other organizations working at the community level which did not receive funds from the Government of South Africa.

A previous sec. 117, relating to infant nutrition, was repealed in 1978.

⁹⁵22 U.S.C. 2151p. Sec. 117 was redesignated from being sec. 118 by sec. 301(1) of Public Law 99-529, resulting in the creation of two sections 117. Sec. 301(2) of Public Law 99-529 (100 Stat. 3014) further deleted subsec. (d) of that section, which dealt with tropical forests, and then sec. 301(3) of Public Law 99-529 added a new section 118 entitled "Tropical Forests". This section, as added by sec. 113 of Public Law 95-88 (91 Stat. 537) and amended by sec. 110 of Public Law 95-424 (92 Stat. 948) and sec. 122 of Public Law 96-53 (93 Stat. 948), was further amended and restated by sec. 307 of the International Security and Development Cooperation Act of 1981 (Public Law 97-113; 95 Stat. 1533). This section previously read as follows:

"Sec. 118. Environment and Natural Resources.—(a) The President is authorized to furnish assistance under this part for developing and strengthening the capacity of less developed countries to protect and manage their environment and natural resources. Special efforts shall be made to maintain and where possible restore the land, vegetation, water, wildlife and other resources upon which depend economic growth and human well-being especially that of the poor.

"(b) In carrying out programs under this chapter, the President shall take into consideration the environmental consequence of development actions."

See also sec. 534 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1990 (Public Law 101-167; 103 Stat. 1228), as amended, relating to "Global Warming Initiative".

See also sec. 532 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1993 (Public Law 102-391; 106 Stat. 1666), relating to "Environment".

⁹⁶Sec. 562 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1991 (Public Law 101-513; 104 Stat. 2026), added a new chapter 10 to part I of this Act, providing for long-term development in sub-Saharan Africa, and made a conforming amendment by inserting "and chapter 10 of this part" here.

(A) to prepare and take fully into account an environmental impact statement for any program or project under this chapter significantly affecting the environment of the global commons outside the jurisdiction of any country, the environment of the United States, or other aspects of the environment which the President may specify; and

(B) to prepare and take fully into account an environmental assessment of any proposed program or project under this chapter significantly affecting the environment of any foreign country.

Such agencies and officials should, where appropriate, use local technical resources in preparing environmental impact statements and environmental assessments pursuant to this subsection.

(2) The President may establish exceptions from the requirements of this subsection for emergency conditions and for cases in which compliance with those requirements would be seriously detrimental to the foreign policy interests of the United States.

Sec. 118.⁹⁷ Tropical Forests.

(a) IMPORTANCE OF FORESTS AND TREE COVER.—In enacting section 103(b)(3) of this Act the Congress recognized the importance of forests and tree cover to the developing countries. The Congress is particularly concerned about the continuing and accelerating alteration, destruction, and loss of tropical forests in developing countries, which pose a serious threat to development and the environment. Tropical forest destruction and loss—

(1) result in shortages of wood, especially wood for fuel; loss of biologically productive wetlands; siltation of lakes, reservoirs, and irrigation systems; floods; destruction of indigenous peoples; extinction of plant and animal species; reduced capacity for food production; and loss of genetic resources; and

(2) can result in desertification and destabilization of the earth's climate.

Properly managed tropical forests provide a sustained flow of resources essential to the economic growth of developing countries, as well as genetic resources of value to developed and developing countries alike.

(b) PRIORITIES.—The concerns expressed in subsection (a) and the recommendations of the United States Interagency Task Force on Tropical Forests shall be given high priority by the President—

(1) in formulating and carrying out programs and policies with respect to developing countries, including those relating to bilateral and multilateral assistance and those relating to private sector activities; and

(2) in seeking opportunities to coordinate public and private development and investment activities which affect forests in developing countries.

(c) ASSISTANCE TO DEVELOPING COUNTRIES.—In providing assistance to developing countries, the President shall do the following:

(1) Place a high priority on conservation and sustainable management of tropical forests.

⁹⁷22 U.S.C. 2151p-1. Sec. 118 was added by sec. 301(3) of Public Law 99-529 (100 Stat. 3014). See also footnote 95.

(2) To the fullest extent feasible, engage in dialogues and exchanges of information with recipient countries—

(A) which stress the importance of conserving and sustainably managing forest resources for the long-term economic benefit of those countries, as well as the irreversible losses associated with forest destruction, and

(B) which identify and focus on policies of those countries which directly or indirectly contribute to deforestation.

(3) To the fullest extent feasible, support projects and activities—

(A) which offer employment and income alternatives to those who otherwise would cause destruction and loss of forests, and

(B) which help developing countries identify and implement alternatives to colonizing forested areas.

(4) To the fullest extent feasible, support training programs, educational efforts, and the establishment or strengthening of institutions which increase the capacity of developing countries to formulate forest policies, engage in relevant land-use planning, and otherwise improve the management of their forests.

(5) To the fullest extent feasible, help end destructive slash-and-burn agriculture by supporting stable and productive farming practices in areas already cleared or degraded and on lands which inevitably will be settled, with special emphasis on demonstrating the feasibility of agroforestry and other techniques which use technologies and methods suited to the local environment and traditional agricultural techniques and feature close consultation with and involvement of local people.

(6) To the fullest extent feasible, help conserve forests which have not yet been degraded, by helping to increase production on lands already cleared or degraded through support of reforestation, fuelwood, and other sustainable forestry projects and practices, making sure that local people are involved at all stages of project design and implementation.

(7) To the fullest extent feasible, support projects and other activities to conserve forested watersheds and rehabilitate those which have been deforested, making sure that local people are involved at all stages of project design and implementation.

(8) To the fullest extent feasible, support training, research, and other actions which lead to sustainable and more environmentally sound practices for timber harvesting, removal, and processing, including reforestation, soil conservation, and other activities to rehabilitate degraded forest lands.

(9) To the fullest extent feasible, support research to expand knowledge of tropical forests and identify alternatives which will prevent forest destruction, loss, or degradation, including research in agroforestry, sustainable management of natural forests, small-scale farms and gardens, small-scale animal husbandry, wider application of adopted traditional practices, and suitable crops and crop combinations.

(10) To the fullest extent feasible, conserve biological diversity in forest areas by—

(A) supporting and cooperating with United States Government agencies, other donors (both bilateral and multilateral), and other appropriate governmental, intergovernmental, and nongovernmental organizations in efforts to identify, establish, and maintain a representative network of protected tropical forest ecosystems on a worldwide basis;

(B) whenever appropriate, making the establishment of protected areas a condition of support for activities involving forest clearance or degradation; and

(C) helping developing countries identify tropical forest ecosystems and species in need of protection and establish and maintain appropriate protected areas.

(11) To the fullest extent feasible, engage in efforts to increase the awareness of United States Government agencies and other donors, both bilateral and multilateral, of the immediate and long-term value of tropical forests.

(12) To the fullest extent feasible, utilize the resources and abilities of all relevant United States Government agencies.

(13) Require that any program or project under this chapter significantly affecting tropical forests (including projects involving the planting of exotic plant species)—

(A) be based upon careful analysis of the alternatives available to achieve the best sustainable use of the land, and

(B) take full account of the environmental impacts of the proposed activities on biological diversity, as provided for in the environmental procedures of the Agency for International Development.

(14) Deny assistance under this chapter for—

(A) the procurement or use of logging equipment, unless an environmental assessment indicates that all timber harvesting operations involved will be conducted in an environmentally sound manner which minimizes forest destruction and that the proposed activity will produce positive economic benefits and sustainable forest management systems; and

(B) actions which significantly degrade national parks or similar protected areas which contain tropical forests or introduce exotic plants or animals into such areas.

(15) Deny assistance under this chapter for the following activities unless an environmental assessment indicates that the proposed activity will contribute significantly and directly to improving the livelihood of the rural poor and will be conducted in an environmentally sound manner which supports sustainable development:

(A) Activities which would result in the conversion of forest lands to the rearing of livestock.

(B) The construction, upgrading, or maintenance of roads (including temporary haul roads for logging or other extractive industries) which pass through relatively undegraded forest lands.

(C) The colonization of forest lands.

(D) The construction of dams or other water control structures which flood relatively undegraded forest lands.

(d) PVOs AND OTHER NONGOVERNMENTAL ORGANIZATIONS.—Whenever feasible, the President shall accomplish the objectives of this section through projects managed by private and voluntary organizations or international, regional, or national nongovernmental organizations which are active in the region or country where the project is located.

(e) COUNTRY ANALYSIS REQUIREMENTS.—Each country development strategy statement or other country plan prepared by the Agency for International Development shall include an analysis of—

(1) the actions necessary in that country to achieve conservation and sustainable management of tropical forests, and

(2) the extent to which the actions proposed for support by the Agency meet the needs thus identified.

(f)⁹⁸ ANNUAL REPORT.—Each annual report required by section 634(a) of this Act shall include a report on the implementation of this section.

Sec. 119.⁹⁹ Renewable and Unconventional Energy Technologies. * * * [Repealed—1980]

Sec. 119.¹⁰⁰ Endangered Species.—(a) The Congress finds the survival of many animal and plant species is endangered by overhunting, by the presence of toxic chemicals in water, air and soil, and by the destruction of habitats. The Congress further finds that the extinction of animal and plant species is an irreparable loss with potentially serious environmental and economic consequences for developing and developed countries alike. Accordingly, the preservation of animal and plant species through the regulation of the hunting and trade in endangered species, through limitations on the pollution of natural ecosystems, and through the protection of wildlife habitats should be an important objective of the United States development assistance.

(b)¹⁰⁰ In order to preserve biological diversity, the President is authorized to furnish assistance under this part, notwithstanding section 660,¹⁰¹ to assist countries in protecting and maintaining wildlife habitats and in developing sound wildlife management and plant conservation programs. Special efforts should be made to establish and maintain wildlife sanctuaries, reserves, and parks; to

In addition, the Agency for International Development shall, to the fullest extent possible, continue and increase assistance pursuant to subsection (b) for activities for which assistance was provided in fiscal years prior to fiscal year 1987.

(d)¹⁰² COUNTRY ANALYSIS REQUIREMENTS.—Each country development strategy statement or other country plan prepared by the Agency for International Development shall include an analysis of—

- (1) the actions necessary in that country to conserve biological diversity, and
- (2) the extent to which the actions proposed for support by the Agency meet the needs thus identified.

(e)¹⁰² LOCAL INVOLVEMENT.—To the fullest extent possible, projects supported under this section shall include close consultation with and involvement of local people at all stages of design and implementation.

(f)¹⁰² PVOS AND OTHER NONGOVERNMENTAL ORGANIZATIONS.—Whenever feasible, the objectives of this section shall be accomplished through projects managed by appropriate private and voluntary organizations, or international, regional, or national nongovernmental organizations, which are active in the region or country where the project is located.

- (4) support training and education efforts which improve the capacity of recipient countries to prevent loss of biological diversity;
- (5) whenever possible, enter into long-term agreements in which the recipient country agrees to protect ecosystems or other wildlife habitats recommended for protection by relevant governmental or nongovernmental organizations or as a result of activities undertaken pursuant to paragraph (6), and the United States agrees to provide, subject to obtaining the nec-

(7) cooperate with and support the relevant efforts of other agencies of the United States Government, including the United States Fish and Wildlife Service, the National Park Service, the Forest Service, and the Peace Corps;

(8) review the Agency's environmental regulations and revise them as necessary to ensure that ongoing and proposed actions by the Agency do not inadvertently endanger wildlife species or their critical habitats, harm protected areas, or have other adverse impacts on biological diversity (and shall report to the Congress within a year after the date of enactment of this paragraph on the actions taken pursuant to this paragraph);

(9) ensure that environmental profiles sponsored by the Agency include information needed for conservation of biological diversity; and

Sec. 123.¹¹⁰ Private and Voluntary Organizations and Cooperatives in Overseas Development.—(a) The Congress finds that the participation of rural and urban poor people in their countries' development can be assisted and accelerated in an effective manner through an increase in activities planned and carried out by private and voluntary organizations and cooperatives. “PRIVATE AND VOLUNTARY ORGANIZATIONS

“SEC. 502. (a) None of the funds appropriated or otherwise made available by this Act for development assistance may be made available to any United States private and voluntary organization, except any cooperative development organization, which obtains less than 20 percent of its total annual funding for international activities from sources other than the United States Government: *Provided*, That the Administrator of the United States Agency for International Development, after informing the Committees on Appropriations, may, on a case-by-case basis, waive the restriction contained in this subsection, after taking into account the effectiveness of the overseas development activities of the organization, its level of volunteer support, its financial viability and stability, and the degree of its dependence for its financial support on the agency.

ganizations and cooperatives, embodying the American spirit of self-help and assistance to others to improve their lives and incomes, constitute an important means of mobilizing private American financial and human resources to benefit poor people in developing countries. The Congress declares that it is in the interest of the United States that such organizations and cooperatives expand their overseas development efforts without compromising their private and independent nature. The Congress further declares that the financial resources of such organizations and cooperatives should be supplemented by the contribution of public funds for the purpose of undertaking development activities in accordance with the principles set forth in section 102 and, if necessary and determined on a case-by-case basis, for the purpose of sharing the cost of developing programs related to such activities.¹¹¹ The Congress urges the Administrator of the agency primarily responsible for administering this part, in implementing programs authorized under this part, to draw on the resources of private and voluntary organizations and cooperatives to plan and carry out development activities and to establish simplified procedures for the development and approval of programs to be carried out by such private and voluntary organizations and cooperatives as have demonstrated a capacity to undertake effective development activities.¹¹²

(b) In order to further the efficient use of United States voluntary contributions for development, relief, and rehabilitation of friendly peoples, the President is authorized to use funds made available for the purposes of this chapter and chapter 10 of this part¹¹³ to pay transportation charges on shipments by the American National Red Cross and by United States voluntary agencies registered with the Agency for International Development.¹¹⁴

(c) Reimbursement under this section may be provided for transportation charges on shipments from United States ports, or in the case of excess or surplus property supplied by the United States from foreign ports, to ports of entry abroad or to points of entry abroad in cases (1) of landlocked countries, (2) where ports cannot be used effectively because of natural or other disturbances, (3) where carriers to a specified country are unavailable, or (4) where a substantial savings in costs or time can be effected by the utilization of points of entry other than ports.

(d) Where practicable, the President shall make arrangements with the receiving country for free entry of such shipments and for the making available by the country of local currencies for the purpose of defraying the transportation costs of such shipments from the port or point of entry of the receiving country to the designated shipping point of the consignee.

¹¹⁴ This reference to the Agency for International Development was substituted in lieu of a reference to the Advisory Committee on Voluntary Foreign Aid by sec. 121 of the International Development Cooperation Act of 1979 (Public Law 96-53; 93 Stat. 366).

(e)¹¹⁵ Prohibitions on assistance to countries contained in this or any other Act shall not be construed to prohibit assistance by the agency primarily responsible for administering this part in support of programs of private and voluntary organizations and cooperatives already being supported prior to the date such prohibition becomes applicable. The President shall take into consideration, in any case in which statutory prohibitions on assistance would be applicable but for this subsection, whether continuation of support for such programs is in the national interest of the United States. If the President continues such support after such date, he shall prepare and transmit, not later than one year¹¹⁶ after such date, to the Speaker of the House of Representatives and to the chairman of the Committee on Foreign Relations of the Senate a report setting forth the reasons for such continuation.

(f)¹¹⁷ For each of the fiscal years 1986 through 1989¹¹⁸ funds in an amount not less than thirteen and one-half percent of the aggregate amount appropriated for that fiscal year to carry out sections 103(a), 104(b), 104(c), 105, 106, 121, and 491 of this Act shall be made available for the activities of private and voluntary organizations, and the President shall seek to channel funds in an amount not less than sixteen percent of such aggregate amount for the activities of private and voluntary organizations. Funds made available under chapter 4 of part II of this Act for the activities of private and voluntary organizations may be considered in determining compliance with the requirements of this subsection.¹¹⁸

(h)¹¹⁹ The Congress recognizes that, in addition to their role in social and economic development, cooperatives provide an opportunity for people to participate directly in democratic decision-making. Therefore, assistance under this chapter shall be provided to rural and urban cooperatives which offer large numbers of low- and middle-income people in developing countries an opportunity to participate directly in democratic decisionmaking. Such assistance shall be designed to encourage the adoption of self-help, private

¹¹⁷Subsecs. (f) and (g) were added by sec. 309 of the International Security and Development Cooperation Act of 1981 (Public Law 97-113; 95 Stat. 1535). Subsec. (g) was repealed by title II of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1999 (division A, sec. 101(d) of Public Law 105-277; 112 Stat. 2681). Subsec. (g), as amended, had read as follows:

"(g) After December 31, 1984, funds made available to carry out section 103(a), 104(b), 104(c), 105, 106, 491, or 496 of this Act may not be made available for programs of any United States private and voluntary organization which does not obtain at least 20 percent of its total annual financial support for its international activities from sources other than the United States Government, except that this restriction does not apply with respect to programs which, as of that date, are receiving financial support from the agency primarily responsible for administering this part. The Administrator of the agency primarily responsible for administering this part may, on a case-by-case basis, waive the restriction established by this subsection, after taking into account the effectiveness of the overseas development activities of the organization, its level of volunteer support, its financial viability and stability, and the degree of its dependence for its financial support on the agency primarily responsible for administering this part."

¹¹⁸Sec. 309(b) of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 190), amended sec. 123(f) by striking out "1982, 1983 and 1984" and substituting "1986 through 1989"; by striking out "twelve" and by inserting in lieu thereof "thirteen and one half", and by adding the current last sentence.

sector cooperative techniques and practices which have been successful in the United States.

Sec. 124.¹²⁰ **Relatively Least Developed Countries.**—(a) Relatively least developed countries (as determined on the basis of criteria comparable to those used for the United Nations General Assembly list of “least developed countries”) are characterized by extreme poverty, very limited infrastructure, and limited administrative capacity to implement basic human needs growth strategies. In such countries special measures may be necessary to insure the full effectiveness of assistance furnished under this part.

(b) For the purpose of promoting economic growth in these countries, the President is authorized and encouraged to make assistance under this chapter available on a grant basis to the maximum extent that is consistent with the attainment of United States development objectives.

(c)¹²¹ (1) The Congress recognizes that the relatively least developed countries have virtually no access to private international capital markets. Insofar as possible, prior assistance terms should be consistent with present grant assistance terms for relatively least developed countries. Therefore, notwithstanding section 620(r) of this Act and section 321 of the International Development and Food Assistance Act of 1975 but subject to paragraph (2) of this subsection, the President on a case-by-case basis, taking into account the needs of the country for financial resources and the commitment of the country to the development objectives set forth in sections 101 and 102—

(A) may permit a relatively least developed country to place amounts, which would otherwise be paid to the United States as payments on principal or interest on liability incurred by that country under this part (or any predecessor legislation) into local currency accounts (in equivalent amounts of local currencies as determined by the official exchange rate for United States dollars) for use by the relatively least developed country, with the concurrence of the Administrator of the agency primarily responsible for administering this part, for activities which are consistent with section 102; and

(B) may waive interest payments on liability incurred by a relatively least developed country under this part (or any predecessor legislation) if the President determines that that country would be unable to use for development purposes the equivalent amounts of local currencies which could be made available under subparagraph (A).

(2) The aggregate amount of interest waived and interest and principal paid into local currency accounts under this subsection in any fiscal year may not exceed the amount approved for such purpose in an Act appropriating funds to carry out this chapter for that fiscal year, which amount may not exceed the amount authorized to be so approved by the annual authorizing legislation for development assistance programs. Amounts due and payable during

(3) In exercising the authority granted by this subsection, the President should act in concert with other creditor countries.

(d) The President may on a case-by-case basis waive the requirement of section 110(a) for financial or “in kind” contributions in the case of programs, projects, or activities in relatively least developed countries.

(e) Section 110(b) shall not apply with respect to grants to relatively least developed countries.

Sec. 125.¹²³ **Project and Program Evaluation.**—(a) The Administrator of the agency primarily responsible for administering this part is directed to improve the assessment and evaluation of the programs and projects carried out by that agency under this chapter. The Administrator shall consult with the appropriate committees of the Congress in establishing standards for such evaluations.

Sec. 126.¹²⁵ **Development and Illicit Narcotics Production.**—(a) The Congress recognizes that illicit narcotics cultivation is related to overall development problems and that the vast majority of all individuals employed in the cultivation of illicit narcotics reside in the developing countries and are among the poorest of the poor in those countries and that therefore the ultimate success of any effort to eliminate illicit narcotics production depends upon the availability of alternative economic opportunities for those individuals, upon other factors which assistance under this chapter could address, as well as upon direct narcotics control efforts.

Title III—Housing and Other Credit Guaranty Programs¹⁷¹

Sec. 221.¹⁷² **Housing Guaranties.**—The Congress recognizes that shelter, including essential urban development services, is¹⁷³ among the most fundamental of human needs. Shelter for most people in the developing countries consists largely of domestic materials assembled by local labor. While recognizing that most financing for such shelter¹⁷⁴ must come from domestic resources, the Congress finds that carefully designed programs involving United States capital and expertise can increase the availability of domestic financing for improved shelter¹⁷⁴ and related services for low-income people by demonstrating to local entrepreneurs and institutions that providing low-cost shelter¹⁷⁴ can be financially viable. The Congress reaffirms, therefore, that the United States should continue to assist developing countries in marshalling resources for low-cost shelter.¹⁷⁴ Particular attention should be given to programs which will support pilot projects for low-cost shelter or which will have a maximum demonstration impact on local institutions and national policy. The Congress declares that the long run goal of all such programs should be to develop domestic construction capabilities and to stimulate local credit institutions to make available domestic capital and other management and technological resources required for effective low-cost shelter programs and policies.

Sec. 222.¹⁷⁵ **Authorization.**—(a) To carry out the policy of section 221, the President is authorized to issue guaranties to eligible investors (as defined in section 238(c)) assuring against losses incurred in connection with loans made for projects meeting the criteria set forth in section 221. (a) IN GENERAL.—Subject to the terms and conditions of this section, during the period beginning October 1, 1992, and ending September 30, 1997, the President is authorized to issue guarantees against losses incurred in connection with loans to Israel made as a result of Israel’s extraordinary humanitarian effort to resettle and absorb immigrants into Israel from the republics of the former Soviet Union, Ethiopia and other countries. In the event that less than the full amount authorized to be issued under subsection (b) of this section is issued in such period, the authority to issue the balance of such guarantees shall be available in the fiscal year ending on September 30, 1998.

(b)²¹² FISCAL YEAR LEVELS.—The President is authorized to issue guarantees in furtherance of the purposes of this section. Subject to subsection (d), the total principal amount of guarantees which may be issued by the President under this section shall be up to \$10,000,000,000 which may be issued as follows:

(1) in fiscal year 1993, up to \$2,000,000,000 may be issued on October 1, 1992 or thereafter;

(2) subject to subsection (d), in fiscal years 1994 through 1997, up to \$2,000,000,000 in each fiscal year may be issued on October 1 or thereafter.

(3) If less than the full amount of guarantees authorized to be made available in a fiscal year pursuant to paragraphs (1) and (2) of this subsection is issued to Israel during that fiscal year, the authority to issue the balance of such guarantees shall extend to any subsequent fiscal year ending on or before September 30, 1998.

(4)(A) Not later than September 1 of each year during the period in which the President is authorized to issue loan guarantees under subsection (a), beginning in fiscal year 1993, the President shall notify the appropriate congressional committees in writing of his intentions regarding the exercise of that authority for the fiscal year beginning on October 1 of that year, including a statement of the total principal amount of guarantees, if any, that the President proposes to issue for that fiscal year.

²¹¹ 22 U.S.C. 2186. Added by sec. 601 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1993 (Public Law 102-391; 106 Stat. 1699).

²¹² In past years, the President has determined, pursuant to sec. 226(d), that amounts authorized under this section for loan guarantees be reduced. See Presidential Determination No. 93-44 of September 30, 1993 (58 F.R. 52209); Presidential Determination No. 94-57 of September 30, 1994 (59 F.R. 52057); Presidential Determination No. 95-46 of September 29, 1995 (60 F.R. 53087).

(B) For purposes of this paragraph, the term “appropriate congressional committees” means the Committee on Appropriations and the Committee on Foreign Relations of the Senate and the Committee on Appropriations and the Committee on Foreign Affairs²¹³ of the House of Representatives.

(c) USE OF GUARANTEES.—Guarantees may be issued under this section only to support activities in the geographic areas which were subject to the administration of the Government of Israel before June 5, 1967.

(d)²¹² LIMITATION ON GUARANTEE AMOUNT.—The amount of authorized but unissued guarantees that the President is authorized to issue as specified in subsection (b) shall be reduced by an amount equal to the amount extended or estimated to have been extended by the Government of Israel during the previous year for activities which the President determines are inconsistent with the objectives of this section or understandings reached between the United States Government and the Government of Israel regarding the implementation of the loan program. The President shall submit a report to Congress no later than September 30 of each fiscal year during the pendency of the program specifying the amount calculated under this subsection and that will be deducted from the amount of guarantees authorized to be issued in the next fiscal year.

(e) FEES.—

(1) Fees charged for the loan guarantee program under this section each year shall be an aggregate annual origination fee equal to the estimated subsidy cost of the guarantees issued under this section for that year, calculated by the Office of Management and Budget for the Federal Credit Reform Act of 1990. This shall also include an amount for the administrative expenses of the Agency for International Development in administering the program under this section. All such fees shall be paid by the Government of Israel to the Government of the United States. Funds made available for Israel under chapter 4 of Part II of the Foreign Assistance Act of 1961, as amended, may be utilized by the Government of Israel to pay such fees to the United States Government. No further appropriations of subsidy cost are needed for the loan guarantee authorized hereunder for fiscal year 1993 and the four succeeding fiscal years.

(2) The origination fee shall be payable to the United States Government on a pro rata basis as each guarantee for each loan or increment is issued.

(f) AUTHORITY TO SUSPEND.—Except as provided in subsections (l) and (m) of this section, the President shall determine the terms and conditions for issuing guarantees. If the President determines that these terms and conditions have been breached, the President may suspend or terminate the provision of all or part of the additional loan guarantees not yet issued under this section. Upon making such a determination to suspend or terminate the provision of loan guarantees, the President shall submit to the Speaker of

²¹³Sec. 1(a)(5) of Public Law 104-14 (109 Stat. 186) provided that references to the Committee on Foreign Affairs of the House of Representatives shall be treated as referring to the Committee on International Relations of the House of Representatives.

the House of Representatives and the President Pro Tempore of the Senate his determination to do so, including the basis for such suspension or termination.

(g) PROCEDURES FOR SUSPENSION OR TERMINATION.—Any suspension or termination pursuant to subsection (f) shall be in accordance with the following procedures:

(1) Upon making a determination to suspend or terminate the provision of loan guarantees, the President shall submit to the Speaker of the House of Representatives and the President Pro Tempore of the Senate his determination to do so, including the basis for such suspension or termination.

(2) Such a suspension or termination shall cease to be effective if Congress enacts, within 30 days of submission, a joint resolution authorizing the assistance notwithstanding the suspension.

(3) Any such joint resolution shall be considered in the Senate in accordance with the provisions of section 601(b) of the International Security Assistance and Arms Export Control Act of 1976.

(4) For the purpose of expediting the consideration and enactment of joint resolutions under this subsection, a motion to proceed to the consideration of any such joint resolution after it has been reported by the appropriate committee shall be treated as highly privileged in the House of Representatives.

(5) In the event that the President suspends the provision of additional loan guarantees under subsection (f) and Congress does not enact a joint resolution pursuant to this subsection, the provision of additional loan guarantees under the program established by this section may be resumed only if the President determines and so reports to Congress that the reasons for the suspension have been resolved or that the resumption is otherwise in the national interest.

(h) ECONOMIC CONTEXT.—The effective absorption of immigrants into Israel from the republics of the former Soviet Union and Ethiopia within the private sector requires large investment and economic restructuring to promote market efficiency and thereby contribute to productive employment and sustainable growth. Congress recognizes that the Government of Israel is developing an economic strategy designed to achieve these goals, and that the Government of Israel intends to adopt a comprehensive, multi-year economic strategy based on prudent macroeconomic policies and structural reforms. Congress also recognizes that these policies are being designed to reduce direct involvement of the government in the economic system and to promote private enterprise, important prerequisites for economic stability and sustainable growth.

(i) CONSULTATIONS.—It is the sense of the Congress that, as agreed between the two Governments and in order to further the policies specified in subsection (h), Israel and the United States should continue to engage in consultations concerning economic and financial measures, including structural and other reforms, that Israel should undertake during the pendency of this program to enable its economy to absorb and resettle immigrants and to accommodate the increased debt burden that will result from loans guaranteed pursuant to this section. It is the sense of the Congress

that these consultations on economic measures should address progress and plans in the areas of budget policies, privatization, trade liberalization, financial and capital markets, labor markets, competition policy, and deregulation.

(j) GOODS AND SERVICES.—During the pendency of the loan program authorized under this section, it is anticipated that, in the context of the economic reforms undertaken pursuant to subsections (h) and (i) of this section, Israel's increased population due to its absorption of immigrants, and the liberalization by the Government of Israel of its trade policy with the United States, the amount of United States investment goods and services purchased for use in or with respect to the country of Israel will substantially increase.

(k) REPORTS.—The President shall report to Congress by December 31 of each fiscal year until December 31, 1999, regarding the implementation of this section.

(l) APPLICABILITY OF FOREIGN ASSISTANCE ACT AUTHORITIES.—Section 223 of the Foreign Assistance Act shall apply to guarantees issued under subsection (a) in the same manner as such section applies to guarantees issued under section 222, except that subsections (a), (e)(1), (g), and (j) of section 223 shall not apply to such guarantees and except that, to the extent section 223 is inconsistent with the Federal Credit Reform Act of 1990, that Act shall apply. Loans shall be guaranteed under this section without regard to sections 221, 222, and 238(c). Notwithstanding section 223(f), the interest rate for loans guaranteed under this section may include a reasonable fee to cover the costs and fees incurred by the borrower in connection with this program or financing under this section in the event the borrower elects not to finance such costs or fees out of loan principal. Guarantees once issued hereunder shall be unconditional and fully and freely transferable.

(m) TERMS AND CONDITIONS.—

(1) Each loan guarantee issued under this section shall guarantee 100 percent of the principal and interest payable on such loans.

(2) The standard terms of any loan or increment guaranteed under this section shall be 30 years with semiannual payments of interest only over the first 10 years, and with semiannual payments of principal and interest on a level payment basis, over the last 20 years thereof, except that the guaranteed loan or any increments issued in a single transaction may include obligations having different maturities, interest rates, and payment terms if the aggregate scheduled debt service for all obligations issued in a single transaction equals the debt service for a single loan or increment of like amount having the standard terms described in this sentence. The guarantor shall not have the right to accelerate any guaranteed loan or increment or to pay any amounts in respect of the guarantees issued other than in accordance with the original payment terms of the loan. For purposes of determining the maximum principal amount of any loan or increment to be guaranteed under this section, the principal amount of each such loan or increment shall be—

(A) in the case of any loan issued on a discount basis, the original issue price (excluding any transaction costs) thereof; or

(B) in the case of any loan issue on an interest-bearing basis, the stated principal amount thereof.

Title IV was amended extensively by title I of S. 2757 and title I of H.R. 5263, both enacted by reference in the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1989 (Public Law 100-461; 102 Stat. 2268):

“SEC. 555. * * * *Provided further*, That title I of H.R. 5263 as passed by the House of Representatives on September 20, 1988, is hereby enacted into law: *Provided further*, That purchases, investments or other acquisitions of equity by the fund created by section 104 of H.R. 5263 as hereby enacted are limited to such amounts as may be provided in advance in appropriations Acts: *Provided further*, That notwithstanding any other provision of this Act, titles I and III of S. 2757 as reported by the Senate Committee on Foreign Relations on September 7, 1988, are hereby enacted into law: *Provided further*, That purchases, investments or other acquisitions of equity by the fund created by section 104 of S. 2757 as hereby enacted are limited to such amounts as may be provided in advance in appropriations Acts: * * *”.

Except in two instances, title I, S. 2757 and title I, H.R. 5263 are identical. Sec. 106 in each title amended sec. 235(a)(2) of the FA Act of 1961. Sec. 235(a)(2) was previously amended by Public Law 100-418, sec. 2203(b)(1)(A); H.R. 5263 took this into account. Public Law 100-418, sec. 2203(b)(1)(B) redesignated sec. 235(a)(5) of the FA Act of 1961 as sec. 235(a)(6). Sec. 107 in S. 2757 and H.R. 5263 amended this section, but H.R. 5263 took into account the redesignation by Public Law 100-418. Sec. 296.³⁵⁷ **General Provisions.**—(a)³⁵⁸ The Congress declares that, in order to achieve the mutual goals among nations of ensuring food security, human health, agricultural growth, trade expansion, and the wise and sustainable use of natural resources, the United States should mobilize the capacities of the United States land-grant universities, other eligible universities, and pub-

³⁵³ The last sentence was added by sec. 106(a) of the FA Act of 1968.

³⁵⁸ Sec. 2(a)(1) of the Famine Prevention and Freedom From Hunger Improvement Act of 2000 (Public Law 106-373; 114 Stat. 1427) amended and restated the first sentence of subsec. (a). The sentence formerly read as follows:

“The Congress declares that, in order to prevent famine and establish freedom from hunger, the United States should strengthen the capacities of the United States land-grant and other eligible universities in program-related agricultural institutional development and research, consistent with sections 103 and 103A, should improve their participation in the United States Government’s international efforts to apply more effective agricultural sciences to the goal of increasing world food production, and in general should provide increased and longer term support to the application of science to solving food and nutrition problems of the developing countries.”

lic and private partners of universities in the United States and other countries, consistent with sections 103 and 103A of this Act, for: (1) global research on problems affecting food, agriculture, forestry, and fisheries; (2) improved human capacity and institutional resource development for the global application of agricultural and related environmental sciences; (3) agricultural development and trade research and extension services in the United States and other countries to support the entry of rural industries into world markets; and (4) providing for the application of agricultural sciences to solving food, health, nutrition, rural income, and environmental problems, especially such problems in low-income, food deficit countries.

The Congress so declares because it finds—

(A)³⁵⁹ that the establishment, endowment, and continuing support of land-grant universities in the United States by Federal, State, and county governments has led to agricultural progress with and through the private sector in this country and to understanding processes of economic development;³⁶⁰

(B)³⁶¹ that land-grant and other universities in the United States have demonstrated over many years their ability to cooperate with international agencies, educational and research institutions in other countries, the private sector, and non-governmental organizations worldwide, in expanding global agricultural production, processing, business and trade, to the benefit of aid recipient countries and of the United States;

(C)³⁶² that, in a world of growing populations with rising expectations, increased food production and improved distribution, storage, and marketing in the developing countries is necessary not only to prevent hunger and ensure human health and child survival, but to build the basis for economic growth and trade, and the social security in which democracy and a market economy can thrive, and moreover, that the greatest

³⁵⁹Sec. 2(a)(2)(A) of the Famine Prevention and Freedom From Hunger Improvement Act of 2000 (Public Law 106-373; 114 Stat. 1427) redesignated paras. (1) through (7) as subparas. (A) through (G), respectively. Sec. 2(a)(2)(E) of that Act struck out newly redesignated subparas. (E) and (G), which had read as follows:

“(E) that research, teaching, and extension activities, and appropriate institutional development therefor are prime factors in increasing agricultural production abroad (as well as in the United States) and in improving food distribution, storage, and marketing;

* * * * *
“(G) that universities need a dependable source of Federal funding, as well as other financing, in order to expand, or in some cases to continue, their efforts to assist in increasing agricultural production in developing countries.”

³⁶⁰Sec. 2(a)(2)(B) of the Famine Prevention and Freedom From Hunger Improvement Act of 2000 (Public Law 106-373; 114 Stat. 1427) struck out “in this country” and inserted in lieu thereof “with and through the private sector in this country and to understanding processes of economic development”.

³⁶¹Sec. 2(a)(2)(C) of the Famine Prevention and Freedom From Hunger Improvement Act of 2000 (Public Law 106-373; 114 Stat. 1427) amended and restated subpara. (B). It formerly read as follows:

“(B) that land-grant and other universities in the United States have demonstrated over many years their ability to cooperate with foreign agricultural institutions in expanding indigenous food production for both domestic and international markets;”

³⁶²Sec. 2(a)(2)(D) of the Famine Prevention and Freedom From Hunger Improvement Act of 2000 (Public Law 106-373; 114 Stat. 1428) amended and restated subpara. (C). It formerly read as follows:

“(C) that, in a world of growing population with rising expectations, increased food production and improved distribution, storage, and marketing in the developing countries is necessary not only to prevent hunger but to build the economic base for growth, and moreover, that the greatest potential for increasing world food supplies is in the developing countries where the gap between food need and food supply is the greatest and current yields are lowest;”

potential for increasing world food supplies and incomes to purchase food is in the developing countries where the gap between food need and food supply is the greatest and current incomes are lowest;

(D)³⁵⁹ that increasing and making more secure the supply of food is of greatest benefit to the poorest majority in the developing world;

(E)³⁶³ that, with expanding global markets and increasing imports into many countries, including the United States, food safety and quality, as well as secure supply, have emerged as mutual concerns of all countries;

(F)³⁶³ that research, teaching, and extension activities, and appropriate institutional and policy development therefore are prime factors in improving agricultural production, food distribution, processing, storage, and marketing abroad (as well as in the United States);

(G)³⁶⁴ moreover, that agricultural research abroad has in the past and will continue in the future to provide benefits for agriculture and the broader economy of the United States and that increasing the availability of food of higher nutritional quality is of benefit to all;³⁶⁵

(H)³⁶⁶ that there is a need to responsibly manage the world's agricultural and natural resources for sustained productivity, health and resilience to climate variability; and

(I)³⁶⁶ that universities and public and private partners of universities need a dependable source of funding in order to increase the impact of their own investments and those of their State governments and constituencies, in order to continue and expand their efforts to advance agricultural development in cooperating countries, to translate development into economic growth and trade for the United States and cooperating countries, and to prepare future teachers, researchers, extension specialists, entrepreneurs, managers, and decisionmakers for the world economy.

³⁶⁶ Sec. 2(a)(2)(J) of the Famine Prevention and Freedom From Hunger Improvement Act of 2000 (Public Law 106-373; 114 Stat. 1428) added subparas. (H) and (I).

(2) contract research and the implementation of collaborative research support programs and other research collaboration led by United States universities, and involving research systems in other countries focused on crops, livestock, forests, fisheries, farming resources, and food systems, with benefits to the United States and partner countries;

(3) broadly disseminating the benefits of global agricultural research and development including increased benefits for United States agriculturally related industries through establishment of development and trade information and service centers, for rural as well as urban communities, through extension, cooperatively with, and supportive of, existing public and private trade and development related organizations;

(4) facilitation of participation by universities and public and private partners of universities in programs of multilateral banks and agencies which receive United States funds;

(6) competitive grants through universities to United States agriculturalists and public and private partners of universities from other countries for research, institution and policy development, extension, training, and other programs for global agricultural development, trade, and responsible management of natural resources.

(1) the building of democracy, the restoration of peace, the improvement of living conditions, and the application of equal justice under law in Central America are important to the interests of the United States and the community of American States; and

(2) The policy described in paragraph (1) should also promote equitable economic growth and development, including controlling the flight of capital and the effective use of foreign assistance and adhering to approved programs for economic stabilization and fiscal responsibility. Finally, this policy should foster dialog and negotiations—

(A) to achieve peace based upon the objectives of democratization, reduction of armament, an end to subversion, and the withdrawal of foreign military forces and advisers; and

⁴⁹⁰ Chapter 8 was added by sec. 109 of the FA Act of 1971. See other legislation on international narcotics control in *Legislation on Foreign Relations Through 2002*, vol. I-B, particularly the establishment of the President’s Council on Counter-Narcotics (title VII, sec. 709, of Public Law 105-277), and the Western Hemisphere Drug Elimination Act (title VIII of Public Law 105-277).

Sec. 1519(b) of Public Law 102-550, furthermore, amended sec. 481(e) to require a report on major money laundering countries.

Sec. 4 of the International Narcotics Control Act of 1992 (Public Law 102-583; 106 Stat. 4914), however, substantially amended and restated sec. 481. Sec. 4(a) struck the section designation, section heading, and subsection (a), and restated these through subpar. (F).

The original sec. 481 read as follows:

“It is the sense of the Congress that effective international cooperation is necessary to put an end to the illicit production, trafficking in, and abuse of dangerous drugs. In order to promote such cooperation, the President is authorized to conclude agreements with other countries to facilitate control of the production, processing, transportation, and distribution of narcotic analgesics, including opium and its derivatives, other narcotic drugs and psychotropics and other controlled substances as defined in the Comprehensive Drug Abuse Prevention and Control Act of 1970 (Public Law 91-513). Notwithstanding any other provision of law, the President is authorized to furnish assistance to any country or international organization, on such terms and condi-

(1) STATEMENTS OF POLICY.—(A) International narcotics trafficking poses an unparalleled transnational threat in today's world, and its suppression is among the most important foreign policy objectives of the United States.

(B) Under the Single Convention on Narcotic Drugs, 1961, and under the United Nations Convention Against Illicit Traffic in Narcotic Drugs and Psychotropic Substances, the parties are required to criminalize certain drug-related activities, provide appropriately severe penalties, and cooperate in the extradition of accused offenders.

(C) International narcotics control programs should include, as priority goals, the suppression of the illicit manufacture of and trafficking in narcotic and psychotropic drugs, money laundering, and precursor chemical diversion, and the progressive elimination of the illicit cultivation of the crops from which narcotic and psychotropic drugs are derived.

(D)⁴⁹² International criminal activities, particularly international narcotics trafficking, money laundering, and corruption, endanger political and economic stability and democratic development, and assistance for the prevention and suppression of international criminal activities should be a priority for the United States.

(E)⁴⁹² The international community should provide assistance, where appropriate, to those producer and transit countries which require assistance in discharging these primary obligations.

(F)⁴⁹² The objective of the United States in dealing with the problem of international money laundering is to ensure that countries adopt comprehensive domestic measures against money laundering and cooperate with each other in narcotics money laundering investigations, prosecutions, and related forfeiture actions.

(G)⁴⁹² Effective international cooperation is necessary to control the illicit cultivation, production, and smuggling of, trafficking in, and abuse of narcotic and psychotropic drugs.

(2) In order to promote such cooperation, the President is authorized to conclude agreements, including reciprocal maritime agree-

tions as he may determine, for the control of the production of, processing of, and traffic in, narcotic and psychotropic drugs. In furnishing such assistance the President may use any of the funds made available to carry out the provisions of this Act. The President shall suspend economic and military assistance furnished under this or any other Act, and shall suspend sales under the Foreign Military Sales Act and under title I of the Agriculture Trade Development and Assistance Act of 1954 with respect to any country when the President determines that the government of such country has failed to take adequate steps to prevent narcotic drugs and other controlled substances (as defined by the Comprehensive Drug Abuse Prevention and Control Act of 1970) produced or processed, in whole or in part, in such country, or transported through such country, from being sold illegally within the jurisdiction of such country to United States Government personnel or their dependents, or from entering the United States unlawfully. Such suspension shall continue until the President determines that the government of such country has taken adequate steps to carry out the purposes of this chapter.”

Sec. 481(a) had been amended previously by sec. 503 of the Foreign Relations Authorization Act of 1972, sec. 11 of the FA Act of 1973, sec. 1003(a) of the Department of State Authorization Act, Fiscal Years 1984 and 1985, sec. 4502 of the International Narcotics Control Act of 1988, and sec. 17 of the International Narcotics Control Act of 1989.

The 1980 amendment, in addition to other changes in subsection (a), struck out a paragraph which had earmarked \$16 million for Colombia during fiscal year 1980 for a variety of items used in the interdiction of drug traffic.

Subsec. (a) was further amended and restated when sec. 502(c) of the International Security and Development Cooperation Act of 1981 (Public Law 97-113; 95 Stat. 1539) substituted the authorization levels for fiscal years 1982 and 1983 in lieu of the figure for fiscal year 1981 and deleted a paragraph limiting the fiscal year 1981 U.S. contribution to the U.N. Fund for Drug Abuse Control to \$3,000,000 or 50 percent of total contributions, whichever is less.

Subsec. (a) was further amended when sec. 4201 of the International Narcotics Control Act of 1988 (Public Law 100-690; 102 Stat. 4267) set the fiscal year 1989 authorization level and struck out the following:

“In addition to the amounts authorized by the preceding sentence, there are authorized to be appropriated to the President \$45,000,000 for the fiscal year to 1987 to carry out the purposes of section 481, except that funds may be appropriated pursuant to this additional authorization only if the President has submitted to the Congress a detailed plan for the expenditure of those funds, including a description of how regional cooperation on narcotics control matters would be promoted by the use of those funds. Of the funds authorized to be appropriated by the preceding sentence, not less than \$10,000,000 shall be available only to provide helicopters or other aircraft to countries receiving assistance for fiscal year 1987 under this chapter. These aircraft shall be used solely for narcotics control, eradication, and interdiction efforts.”

Para. (3) subsec. (a), added by sec. 614 of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 231), was struck out by the International Narcotics Control Act of 1988. It previously read as follows:

“(3) Funds authorized to be appropriated by this section for fiscal year 1986 and for fiscal year 1987 may be used for a contribution to the United Nations Fund for Drug Abuse Control only if that organization includes in its crop substitution projects a plan for cooperation with the law enforcement forces of the host country.”

⁵¹⁴ Authorizations under sec. 482 during recent years included the following: fiscal year 1975—\$42,500,000; fiscal year 1976—\$40,000,000; fiscal year 1977—\$34,000,000; fiscal year 1978—\$39,000,000; fiscal year 1979—\$40,000,000; fiscal year 1980—\$51,758,000; fiscal year 1981—\$38,573,000; fiscal year 1982—\$37,700,000; fiscal year 1983—\$37,700,000; fiscal year 1984—\$47,000,000; fiscal year 1985—no authorization; fiscal years 1995 through 2003—no authorization.

Sec. 602 of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 228), added the authorizations for fiscal years 1986 (\$57,529,000) and 1987 (\$75,445,000). The authorization amount for 1987 was subsequently amended by sec. 401 of Public Law 99-529 and by sec. 2002(1) of Public Law 99-570 (100 Stat. 3207-60). Sec. 16 of the International Narcotics Control Act of 1989 (Public Law 101-231; 103 Stat. 1964) added authorization for fiscal year 1990 (\$115,000,000). Sec. 5 of the International Narcotics Control Act of 1990 (Public Law 101-623; 104 Stat. 3354) authorized \$150,000,000 for fiscal year 1991. Sec.

3 of the International Narcotics Control Act of 1992 (Public Law 102-583; 106 Stat. 4914) added authorization for fiscal years 1993 and 1994.

Congress did not enact an authorization for fiscal year 2003. Instead, the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2003 (division E of Public Law 108-7), waived the requirements for authorization, and title II of that Act (117 Stat. 172) provided the following:

(B) which countries have established a procedure by which such records may be made available to United States law enforcement authorities; and

(C) which countries have enacted national chemical control legislation which would impose specific recordkeeping and reporting requirements for listed chemicals, establish a system of permits or declarations for imports and exports of listed chemicals, and authorize government officials to seize or suspend shipments of listed chemicals.

(B) Which countries—

(viii) addressed the problem on international transportation of illegal-source currency and monetary instruments.

The report shall also detail instances of refusals to cooperate with foreign governments, and any actions taken by the United States Government and any international organization to address such obstacles, including the imposition of sanctions or penalties.

(b) ANNUAL REPORTS ON ASSISTANCE.—

(1) IN GENERAL.—At the time that the report required by subsection (a) is submitted each year, the Secretary of State, in consultation with appropriate United States Government agencies, shall report to the appropriate committees of the Congress on the assistance provided or proposed to be provided by the United States Government during the preceding fiscal

Sec. 1112 of Public Law 104-66 (109 Stat. 707) repealed secs. 489A—Reporting Requirements Applicable After September 30, 1995—and 490A—Annual Certification Procedures After September 30, 1995. That section also amended the section catchlines of secs. 489 and 490, striking out “FOR FISCAL YEAR 1995” in each case. Sec. 489A was originally added by sec. 5(a) of the International Narcotics Control Act of 1992 (Public Law 102-583; 106 Stat. 4917), the heading originally read “Reporting Requirements Applicable After September 30, 1994.” Sec. 101(f)(2) of the International Narcotics Control Corrections Act of 1994 (Public Law 103-447; 108 Stat. 4692) struck out “1994” and inserted in lieu thereof “1995”.

⁵⁴⁵ 22 U.S.C. 2291j. Added by sec. 5(a) of the International Narcotics Control Act of 1992 (Public Law 102-583; 106 Stat. 4917), the heading originally read “ANNUAL CERTIFICATION PROCEDURES FOR FISCAL YEARS 1993 AND 1994.” Sec. 101(g)(1)(A) of the International Narcotics Control Corrections Act of 1994 (Public Law 103-447; 108 Stat. 4692) struck out “FOR FISCAL YEARS 1993 AND 1994”, and inserted in lieu thereof “FOR FISCAL YEAR 1995”. Sec. 1112(b) of Public Law 104-66 (109 Stat. 707) struck out “FOR FISCAL YEAR 1995”.

Sec. 1112(d)(2) of Public Law 104-66 (104 Stat. 707) struck out subsec. (i) to this section. Previously amended and restated by sec. 101(g)(1)(H) of the International Narcotics Control Corrections Act of 1994 (Public Law 103-447; 108 Stat. 4693), subsec. (i) most recently read as follows:

“(i) **EFFECTIVE DATES OF SECTIONS.**—This section applies only during fiscal year 1995. Section 490A does not apply during that fiscal year.”.

Sec. 706 of the Foreign Relations Authorization Act, Fiscal Year 2003 (Public Law 107-228; 116 Stat. 1424; 22 U.S.C. 2291j-1), provided the following:

“**SEC. 706. INTERNATIONAL DRUG CONTROL CERTIFICATION PROCEDURES.**

“During any fiscal year, funds that would otherwise be withheld from obligation or expenditure under section 490 of the Foreign Assistance Act of 1961 may be obligated or expended beginning October 1 of such fiscal year provided that:

“(1) **REPORT.**—Not later than September 15 of the previous fiscal year the President has submitted to the appropriate congressional committees a report identifying each country determined by the President to be a major drug transit country or major illicit drug producing country as defined in section 481(e) of the Foreign Assistance Act of 1961.

Continued

“(2) DESIGNATION AND JUSTIFICATION.—In each report under paragraph (1), the President shall also—

“(A) designate each country, if any, identified in such report that has failed demonstrably, during the previous 12 months, to make substantial efforts—

“(i) to adhere to its obligations under international counternarcotics agreements; and

“(ii) to take the counternarcotics measures set forth in section 489(a)(1) of the Foreign Assistance Act of 1961; and

“(B) include a justification for each country so designated.

“(3) LIMITATION ON ASSISTANCE FOR DESIGNATED COUNTRIES.—In the case of a country identified in a report under paragraph (1) that is also designated under paragraph (2) in the report, United States assistance may be provided to such country in the subsequent fiscal year only if the President determines and reports to the appropriate congressional committees that—

“(A) provision of such assistance to the country in such fiscal year is vital to the national interests of the United States; or

“(B) subsequent to the designation being made under paragraph (2)(A), the country has made substantial efforts—

“(i) to adhere to its obligations under international counternarcotics agreements; and

“(ii) to take the counternarcotics measures set forth in section 489(a)(1) of the Foreign Assistance Act of 1961.

“(4) INTERNATIONAL COUNTERNARCOTICS AGREEMENT DEFINED.—In this section, the term “international counternarcotics agreement” means—

“(A) the United Nations Convention Against Illicit Traffic in Narcotic Drugs and Psychotropic Substances; or

“(B) any bilateral or multilateral agreement in force between the United States and another country or countries that addresses issues relating to the control of illicit drugs, such as—

“(i) the production, distribution, and interdiction of illicit drugs;

“(ii) demand reduction;

“(iii) the activities of criminal organizations;

“(iv) international legal cooperation among courts, prosecutors, and law enforcement agencies (including the exchange of information and evidence);

“(v) the extradition of nationals and individuals involved in drug-related criminal activity;

“(vi) the temporary transfer for prosecution of nationals and individuals involved in drug-related criminal activity;

“(vii) border security;

“(viii) money laundering;

“(xi) control of precursor chemicals;

“(xii) asset forfeiture; and

“(xiii) related training and technical assistance,

and includes, where appropriate, timetables and objective and measurable standards to assess the progress made by participating countries with respect to such issues.

“(5) APPLICATION.—(A) Section 490 (a) through (h) of the Foreign Assistance Act of 1961 (22 U.S.C. 2291j(a)-(h)) shall not apply during any fiscal year with respect to any country identified in the report required by paragraph (1) of this section.

“(B) Notwithstanding paragraphs (1) through (5)(A) of this section, the President may apply the procedures set forth in section 490 (a) through (h) of the Foreign Assistance Act of 1961 during any fiscal year with respect to any country determined to be a major drug transit country or major illicit drug producing country as defined in section 481(e) of the Foreign Assistance Act of 1961.

“(6) STATUTORY CONSTRUCTION.—Nothing in this section supersedes or modifies the requirement in section 489(a) of the Foreign Assistance Act of 1961 (with respect to the International Narcotics Control Strategy Report) for the transmittal of a report not later than March 1, each fiscal year under that section.

“(7) TRANSITION RULE.—For funds obligated or expended under this section in fiscal year 2003, the date for submission of the report required by paragraph (1) of this section shall be at least 15 days before funds are obligated or expended.

“(8) EFFECTIVE DATE.—This section shall take effect upon the date of enactment of this Act into law and shall remain in effect thereafter unless Congress enacts subsequent legislation repealing such section.”

Pursuant to sec. 706, the President submitted the following determination on January 30, 2003 (Presidential Determination No. 2003-14; 68 F.R. 5787):

“Pursuant to section 706(1) of the Foreign Relations Authorization Act, Fiscal Year 2003 (Public Law 107-228) (FRAA), which was enacted on September 30, 2002, I hereby identify the following countries as major drug transit or major illicit drug producing countries: Afghanistan, The Bahamas, Bolivia, Brazil, Burma, China, Colombia, Dominican Republic, Ecuador, Guatemala, Haiti, India, Jamaica, Laos, Mexico, Nigeria, Pakistan, Panama, Paraguay, Peru, Thailand, Venezuela, and Vietnam.

“The Majors List applies by its terms to countries. The United States Government interprets the term broadly to include entities that exercise autonomy over actions or omissions that could lead to a decision to place them on the list and, subsequently, to determine their eligibility for

(1) BILATERAL ASSISTANCE.—Fifty percent of the United States assistance allocated each fiscal year in the report required by section 653 for each major illicit drug producing country or major drug-transit country⁵⁴⁶ shall be withheld from obligation and expenditure, except as provided in subsection (b). This paragraph shall not apply with respect to a country if the President determines that its application to that country would be contrary to the national interest of the United States, except that any such determination shall not take effect until at least 15 days after the President submits written notification of that determination to the appropriate congressional committees in accordance with the procedures applicable to reprogramming notifications under section 634A.

(2) MULTILATERAL ASSISTANCE.—The Secretary of the Treasury shall instruct the United States Executive Director of each multilateral development bank to vote, on and after March 1⁵⁴⁷ of each year, against any loan or other utilization of the funds of their respective institution to or for any major illicit drug producing country or major drug-transit country (as determined under subsection (h)), except as provided in subsection (b). For purposes of this paragraph, the term “multilateral development bank” means the International Bank for Reconstruction and Development, the International Development Association, the Inter-American Development Bank, the Asian

certification. A country's presence on the Majors List is not necessarily an adverse reflection of its government's counternarcotics efforts or level of cooperation with the United States. Consistent with the statutory definition of a major drug transit or drug producing country set forth in section 481(e)(5) of the Foreign Assistance Act of 1961, as amended (FAA), one of the reasons that major drug transit or drug producing countries are placed on the list is the combination of geographical, commercial, and economic factors that allow drugs to transit or be produced despite the concerned government's most assiduous enforcement measures.

“Pursuant to section 706(2)(A) of the FRAA, I hereby designated Burma, Guatemala, and Haiti as countries that have failed demonstrably during the previous 12 months to adhere to their obligations under international counternarcotics agreements and take the measures set forth in section 489(a)(1) of the FAA. Attached to this memorandum are justifications for each of the countries so designated, as required by section 706(2)(B).

“I have also determined, in accordance with provisions of section 706(3)(A) of the FRAA, that provision of United States assistance to Guatemala and Haiti in FY 2003 is vital to the national interests of the United States.

“Additionally, the alarming increase in the quantity of illegal synthetic drugs entering to the United States, especially ecstasy from Europe, is of particular concern. A significant amount of the ecstasy consumed in the United States is manufactured clandestinely in The Netherlands (in 2001, a total of 9.5 million ecstasy tablets were seized in the United States, and the Drug Enforcement Administration believes that the majority of tablets originated in The Netherlands). We are working closely with Dutch authorities to stop the production and export of ecstasy, which we both regards as a serious threat to our citizens. We expect Dutch authorities to move effectively and measurably in the coming year against the production and export of this drug, including dismantling labs and proceeding against trafficking organizations. Early in the year, we plan to discuss specific steps we can take together to reduce drug trafficking.

“Although the United States enjoys an excellent level of bilateral cooperation with Canada, the United States Government is concerned that Canada is a primary source of pseudoephedrine and an increasing source of high potency marijuana, which are exported to the United States. Over the past few years there has been an alarming increase in the amount of pseudoephedrine diverted from Canadian sources to clandestine drug laboratories in the United States, where it is used to make methamphetamine. The Government of Canada, for the most part, has not regulated the sale and distribution of precursor chemicals. The regulations to restrict the availability of pseudoephedrine, which the Government of Canada has just promulgated, should be stronger. Notwithstanding Canada's inadequate control of illicit diversion of precursor chemicals, I commend Canada's law enforcement agencies, which continue to work energetically to support our joint law enforcement efforts.”

⁵⁴⁶Sec. 101(g)(1)(B) of the International Narcotics Control Corrections Act of 1994 (Public Law 103-447; 108 Stat. 4693) struck out “(as determined under subsection (h))” after “major drug-transit country”.

⁵⁴⁷Sec. 101(g)(1)(C) of the International Narcotics Control Corrections Act of 1994 (Public Law 103-447; 108 Stat. 4693) struck out “April 1” and inserted in lieu thereof “March 1”.

Development Bank, the African Development Bank, and the European Bank for Reconstruction and Development.

(b) CERTIFICATION PROCEDURES.—

(1) WHAT MUST BE CERTIFIED.—Subject to subsection (d), the assistance withheld from a country pursuant to subsection (a)(1) may be obligated and expended, and the requirement of subsection (a)(2) to vote against multilateral development bank assistance to a country shall not apply, if the President determines and certifies to the Congress, at the time of the submission of the report required by section 489(a), that—

(A) during the previous year the country has cooperated fully with the United States, or has taken adequate steps on its own, to achieve full compliance with the goals and objectives established by the United Nations Convention Against Illicit Traffic in Narcotic Drugs and Psychotropic Substances; or

(B) for a country that would not otherwise qualify for certification under subparagraph (A), the vital national interests of the United States require that the assistance withheld pursuant to subsection (a)(1) be provided and that the United States not vote against multilateral development bank assistance for that country pursuant to subsection (a)(2).

(2) CONSIDERATIONS REGARDING COOPERATION.—In making the determination described in paragraph (1)(A), the President shall consider the extent to which the country has—

(A) met the goals and objectives of the United Nations Convention Against Illicit Traffic in Narcotic Drugs and Psychotropic Substances, including action on such issues as illicit cultivation, production, distribution, sale, transport and financing, and money laundering, asset seizure, extradition, mutual legal assistance, law enforcement and transit cooperation, precursor chemical control, and demand reduction;

(B) accomplished the goals described in an applicable bilateral narcotics agreement with the United States or a multilateral agreement; and

(C) taken legal and law enforcement measures to prevent and punish public corruption, especially by senior government officials, that facilitates the production, processing, or shipment of narcotic and psychotropic drugs and other controlled substances, or that discourages the investigation or prosecution of such acts.

(3) INFORMATION TO BE INCLUDED IN NATIONAL INTEREST CERTIFICATION.—If the President makes a certification with respect to a country pursuant to paragraph (1)(B), the President shall include in such certification—

(A) a full and complete description of the vital national interests placed at risk if United States bilateral assistance to that country is terminated pursuant to this section and multilateral development bank assistance is not provided to such country; and

(B) a statement weighing the risk described in subparagraph (A) against the risks posed to the vital national in-

terests of the United States by the failure of such country to cooperate fully with the United States in combating narcotics or to take adequate steps to combat narcotics on its own.

(c) LICIT OPIUM PRODUCING COUNTRIES.—The President may make a certification under subsection (b)(1)(A) with respect to a major illicit drug producing country, or major drug-transit country, that is a producer of licit opium only if the President determines that such country maintains licit production and stockpiles at levels no higher than those consistent with licit market demand, and has taken adequate steps to prevent significant diversion of its licit cultivation and production into the illicit markets and to prevent illicit cultivation and production.⁵⁴⁸

(d) CONGRESSIONAL REVIEW.—Subsection (e) shall apply if, within 30⁵⁴⁹ calendar days after receipt of a certification submitted under subsection (b) at the time of submission of the report required by section 489(a), the Congress enacts a joint resolution disapproving the determination of the President contained in such certification.

(e) DENIAL OF ASSISTANCE FOR COUNTRIES DECERTIFIED.—If the President does not make a certification under subsection (b) with respect to a country or the Congress enacts a joint resolution disapproving such certification, then until such time as the conditions specified in subsection (f) are satisfied—

(1) funds may not be obligated for United States assistance for that country, and funds previously obligated for United States assistance for that country may not be expended for the purpose of providing assistance for that country; and

(2) the requirement to vote against multilateral development bank assistance pursuant to subsection (a)(2) shall apply with respect to that country, without regard to the date specified in that subsection.

(f) RECERTIFICATION.—Subsection (e) shall apply to a country described in that subsection until—

(1) the President, at the time of submission of the report required by section 489(a), makes a certification under subsection (b)(1)(A) or (b)(1)(B) with respect to that country, and the Congress does not enact a joint resolution under subsection (d) disapproving the determination of the President contained in that certification; or

(2) the President, at any other time, makes the certification described in subsection (b)(1)(B) with respect to that country, except that this paragraph applies only if either—

(A) the President also certifies that—

(i) that country has undergone a fundamental change in government, or

⁵⁴⁸Sec. 101(g)(1)(D) of the International Narcotics Control Corrections Act of 1994 (Public Law 103-447; 108 Stat. 4693) struck out “that such country has taken adequate steps to prevent significant diversion of its licit cultivation and production into the illicit market, maintains production and stockpiles at levels no higher than those consistent with licit market demand, and prevents illicit cultivation and production.”, and inserted in lieu thereof “that such country maintains licit production and stockpiles at levels no higher than those consistent with licit market demand, and has taken adequate steps to prevent significant diversion of its licit cultivation and production into the illicit markets and to prevent illicit cultivation and production.”

⁵⁴⁹Sec. 101(g)(1)(E) of the International Narcotics Control Corrections Act of 1994 (Public Law 103-447; 108 Stat. 4693) struck out “45” and inserted in lieu thereof “30”.

(ii) there has been a fundamental change in the conditions that were the reason—

(I) why the President had not made a certification with respect to that country under subsection (b)(1)(A), or

(II) if he had made such a certification and the Congress enacted a joint resolution disapproving the determination contained in the certification, why the Congress enacted that joint resolution; or

(B) the Congress enacts a joint resolution approving the determination contained in the certification under subsection (b)(1)(B).

Any certification under subparagraph (A) of paragraph (2) shall discuss the justification for the certification.

(g)⁵⁵⁰ SENATE PROCEDURES.—Any joint resolution under this section shall be considered in the Senate in accordance with the provisions of section 601(b) of the International Security Assistance and Arms Export Control Act of 1976.

(h)⁵⁵¹ DETERMINING MAJOR DRUG-TRANSIT AND MAJOR ILLICIT DRUG PRODUCING COUNTRIES.—Not later than November 1⁵⁵¹ of each year, the President shall notify the appropriate committees of the Congress of which countries have been determined to be major drug-transit countries, and which countries have been determined to be major illicit drug producing countries, for purposes of this Act.

⁵⁵¹ Sec. 101(g)(1)(G) of the International Narcotics Control Corrections Act of 1994 (Public Law 103-447; 108 Stat. 4693) struck out “FOR FISCAL YEARS 1993 AND 1994” in the subsec. catchline, and struck out “January 1” in lieu of “November 1” in the text.

⁵⁵² Formerly at 22 U.S.C. 2291k. Sec. 1112 of Public Law 104-66 (109 Stat. 707) repealed secs. 489A—Reporting Requirements Applicable After September 30, 1995—and 490A—Annual Certification Procedures After September 30, 1995. That section also amended the section catchlines of secs. 489 and 490, striking out “FOR FISCAL YEAR 1995” in each case. Originally added by sec. 5(a) of the International Narcotics Control Act of 1992 (Public Law 102-583; 106 Stat. 4917).

Sec. 101(g)(2)(A) of the International Narcotics Control Corrections Act of 1994 (Public Law 103-447; 108 Stat. 4693) struck out “1994” from the section catchline, and inserted in lieu thereof “1995”.

⁵⁵³ Sec. 101(1) of Public Law 94-161 (89 Stat. 849) inserted “International Disaster Assistance” in lieu of “Refugee Relief Assistance”.

See also Executive Order 13151 (April 27, 2000; 65 F.R. 25617), establishing an Interagency Coordinating Committee to provide leadership and oversight through a Global Disaster Information Network “to use information technology more effectively to reduce loss of life and property from natural and man-made disasters”.

⁵⁵⁴ 22 U.S.C. 2292. Sec. 491 was added by sec. 101(3) of Public Law 94-161 (80 Stat. 849). An earlier sec. 491, which was added by sec. 109 of the FA Act of 1971, and repealed by sec. 101(2) of Public Law 94-161 (89 Stat. 849), read as follows:

“Sec. 491. Refugee Relief Assistance.—There is authorized to be appropriated to the President for the fiscal year 1972, in addition to funds otherwise available for such purposes, not to exceed \$250,000,000, to remain available until expended, for use by the President in providing assistance for the relief and rehabilitation of refugees from East Pakistan and for humanitarian relief

human suffering caused by natural and manmade disasters is an important expression of the humanitarian concern and tradition of the people of the United States, affirms the willingness of the United States to provide assistance for the relief and rehabilitation of people and countries affected by such disasters.

(b) Subject to the limitations⁵⁵⁵ in section 492, and notwithstanding any other provision of this or any other Act, the President is authorized to furnish assistance to any foreign country, international organization, or private voluntary organization,⁵⁵⁶ on such terms and conditions as he may determine, for international disaster relief and rehabilitation, including assistance relating to disaster preparedness, and to the prediction of, and contingency planning for, natural disasters abroad.

(c) In carrying out the provisions of this section the President shall insure that the assistance provided by the United States shall, to the greatest extent possible, reach those most in need of relief and rehabilitation as a result of natural and manmade disasters.

Sec. 492.⁵⁵⁷ **Authorization.**—(a)⁵⁵⁸ There are authorized to be appropriated to the President to carry out section 491, \$25,000,000 for the fiscal year 1986 and \$25,000,000 for the fiscal year 1987.⁵⁵⁹

in East Pakistan. Such assistance shall be distributed, to the maximum extent practicable, under the auspices of and by international institutions and relief agencies or United States voluntary agencies.”

⁵⁵⁵The words “on appropriations” which previously appeared at this point, were struck out by sec. 404(b) of the International Security and Development Cooperation Act of 1980 (Public Law 96-533; 94 Stat. 3150).

⁵⁵⁶The words, “international organization, or private voluntary organization,” were inserted in lieu of “or international organization” by sec. 118(a) of the International Development and Food Assistance Act of 1978 (Public Law 95-424; 92 Stat. 953).

⁵⁵⁷22 U.S.C. 2292a. Sec. 492 was added by sec. 101(3) of Public Law 94-161 (89 Stat. 849).

⁵⁵⁸The subsection designation “(a)” and a new subsec. (b) were added by sec. 404(a) of the International Security and Development Cooperation Act of 1980 (Public Law 96-533; 94 Stat. 3150).

⁵⁵⁹The authorization figures for fiscal years 1986 and 1987 were inserted by sec. 404 of the International Security and Development Cooperation Act of 1985. (Public Law 99-83; 99 Stat. 219). Authorizations under Sec. 492 in recent years included the following: fiscal year 1979—\$25,000,000; fiscal year 1980—\$21,800,000; fiscal year 1981—\$25,000,000; fiscal year 1982—\$27,000,000; fiscal year 1983—\$27,000,000; fiscal year 1984—\$25,000,000; fiscal year 1985—no authorization; fiscal years 1988 through 2003—no authorization.

Congress did not enact an authorization for fiscal year 2003. Instead, the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2003 (division E of Public Law 108-7), waived the requirements for authorization, and title II of that Act (at 117 Stat. 164) provided the following:

“INTERNATIONAL DISASTER ASSISTANCE

Ludden Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2002 (Public Law 107-115; 115 Stat. 2127), para. on Assistance for the Independent States of the Former Soviet Union, however, exempts the application of sec. 907 for a range of foreign assistance such as democracy support, Trade and Development Agency, Export-Import Bank, and OPIC programs, and humanitarian assistance. The para. also authorizes the President to waive sec. 907 if he determines that it is necessary to support U.S. efforts to counter international terrorism or other related concerns. The President issued such a waiver on January 25, 2002 (Presidential Determination No. 2002-06; 67 F.R. 5921).

⁶⁰⁴Sec. 106(b) of the Cuban Liberty and Democratic Solidarity (LIBERTAD) Act of 1996 (Public Law 104-114; 110 Stat. 795) struck out “of military facilities” and inserted in lieu thereof “military and intelligence facilities, including the military and intelligence facilities at Lourdes and Cienfuegos”.

Sec. 111(b) of that Act (110 Stat. 802) further provided that “Notwithstanding any other provision of law, the President shall withhold from assistance allocated on or after [March 12, 1996], for any country an amount equal to the sum of assistance and credits, if any, provided on or after [March 12, 1996] by that country or any entity in that country in support of the completion of the Cuban nuclear facility at Juragua, near Cienfuegos, Cuba.”

⁶⁰⁵Section 1(a)(2) of Executive Order 12884 of December 1, 1993 (58 F.R. 64099; December 3, 1993), as amended, delegated to the Secretary of State those functions conferred upon the President in paragraphs (1), (2), (3), and (5) of sec. 498A(b).

Sec. 826(b) of the Foreign Relations Authorization Act, Fiscal Years 1994 and 1995 (Public Law 103-236; 108 Stat. 519), repealed those two sections, and sec. 826(c) of that Act stated that “Any reference in law as of the date of enactment of this Act [April 30, 1994] to section 669 or 670 of the Foreign Assistance Act of 1961 shall, after such date, be deemed to be a reference to section 101 or 102, as the case may be, of the Arms Export Control Act.”

(B) At the time of a certification made with respect to Russia under subparagraph (A), the President shall also submit to the appropriate congressional committees a report describing the intelligence activities of Russia in Cuba, including the purposes for which the Lourdes facility is used by the Russian Government and the extent to which the Russian Government provides payment or government credits to the Cuban Government for the continued use of the Lourdes facility.

PART II⁶³⁶

Chapter 1—Policy⁶³⁷

Sec. 501.⁶³⁸ **Statement of Policy.**—The Congress of the United States reaffirms the policy of the United States to achieve international peace and security through the United Nations so that armed force shall not be used except for individual or collective self-defense. The Congress hereby finds that the efforts of the United States and other friendly countries to promote peace and security continue to require measures of support based upon the principle of effective self-help and mutual aid. It is the purpose of this part to authorize measures in the common defense against internal and external aggression, including the furnishing of military assistance, upon request, to friendly countries and international organizations. In furnishing such military assistance, it remains the policy of the United States to continue to exert maximum efforts to achieve universal control of weapons of mass destruction and universal regulation and reduction of armaments, including armed forces, under adequate safeguards to protect complying countries against violation and invasion.

⁶³⁵ 22 U.S.C. 2296f.

⁶³⁶ Sec. 594(a) of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1993 (Public Law 102-391; 106 Stat. 1692), inserted a chapter 12 at the end of Part I, preceding this note, to provide for the Enterprise for the Americas Initiative. Sec. 602(b) of the Jobs Through Exports Act of 1992 (Public Law 102-549; 106 Stat. 3669), struck out this amendment, however, and inserted “Part IV—Enterprise for the Americas Initiative” beginning at sec. 701 of this Act.

⁶³⁷ Sec. 201(a) of the FA Act of 1963 struck out the words “Short Title and” in the chapter heading which formerly read “Short Title and Policy”.

⁶³⁸ 22 U.S.C. 2301. Former sec. 502 was designated sec. 501 by sec. 201(a)(1) of the FA Act of 1967. Former sec. 501, which related to the short title, was repealed by sec. 201(b) of the FA Act of 1963.

The Congress recognizes that the peace of the world and the security of the United States are endangered so long as hostile countries⁶³⁹ continue by threat of military action, by the use of economic pressure, and by internal subversion, or other means to attempt to bring under their domination peoples now free and independent and continue to deny the rights of freedom and self-government to peoples and countries once free but now subject to such domination.

It is the sense of the Congress that an important contribution toward peace would be made by the establishment under the Organization of American States of an international military force.

In enacting this legislation, it is therefore the intention of the Congress to promote the peace of the world and the foreign policy, security, and general welfare of the United States by fostering an improved climate of political independence and individual liberty, improving the ability of friendly countries and international organizations to deter or, if necessary, defeat⁶⁴⁰ aggression, facilitating arrangements for individual and collective security, assisting friendly countries to maintain internal security, and creating an environment of security and stability in the developing friendly countries essential to their more rapid social, economic, and political progress. The Congress urges that all other countries able to contribute join in a common undertaking to meet the goals stated in this part.

It is the sense of the Congress that in the administration of this part priority shall be given to the needs of those countries in danger of becoming victims of⁶⁴¹ aggression or in which the internal security is threatened by internal subversion inspired or supported by hostile countries.

Finally, the Congress reaffirms its full support of the progress of the members of the North Atlantic Treaty Organization toward increased cooperation in political, military, and economic affairs. In particular, the Congress welcomes the steps which have been taken to promote multilateral programs of coordinated procurement, research, development, and production of defense articles and urges that such programs be expanded to the fullest extent possible to further the defense of the North Atlantic area.

Sec. 502.⁶⁴² **Utilization of Defense Articles and Services.**— Defense articles and defense services⁶⁴³ to any country shall be furnished solely for internal security (including for antiterrorism and nonproliferation purposes),⁶⁴⁴ for legitimate self-defense, to

⁶³⁹Sec. 705(1)(A) of the FRIENDSHIP Act (Public Law 103-199; 107 Stat. 2317) struck out “international communism and the countries it controls” and inserted in lieu thereof “hostile countries”.

⁶⁴⁰Sec. 705(1)(B) of the FRIENDSHIP Act (Public Law 103-199; 107 Stat. 2317) struck out “Communist or Communist-supported” from this point.

⁶⁴¹Sec. 705(1)(C) of the FRIENDSHIP Act (Public Law 103-199; 107 Stat. 2317) struck out “active Communist or Communist-supported aggression or those countries in which the internal security is threatened by Communist-inspired or Communist-supported internal subversion.” and inserted in lieu thereof “aggression or in which the internal security is threatened by internal subversion inspired or supported by hostile countries.” This paragraph was added originally by sec. 201(a)(2) of the FA Act of 1967.

⁶⁴²22 U.S.C. 2302. Former subsec. (a) of sec. 505 was redesignated sec. 502 by sec. 201(d)(1) of the FA Act of 1967.

⁶⁴³The words to this point were substituted for “Utilization of Assistance.—(a) Military assistance” by sec. 201(d)(2) of the FA Act of 1967.

⁶⁴⁴Sec. 701 of the Security Assistance Act of 2000 (public Law 106-280; 114 Stat. 861) inserted “(including for antiterrorism and nonproliferation purposes)” after “internal security”.

permit the recipient country to participate in regional or collective arrangements or measures consistent with the Charter of the United Nations, or otherwise to permit the recipient country to participate in collective measures requested by the United Nations for the purpose of maintaining or restoring international peace and security,⁶⁴⁵ or for the purpose of assisting foreign military forces in less developed friendly countries (or the voluntary efforts of personnel of the Armed Forces of the United States in such countries) to construct public works and to engage in other activities helpful to the economic and social development of such friendly countries. It is the sense of the Congress that such foreign military forces should not be maintained or established solely for civic action activities and that such civic action activities not significantly detract from the capability of the military forces to perform their military missions and be coordinated with and form part of the total economic and social development effort.

Sec. 502A.⁶⁴⁶ * * * [Repealed—1996]

Sec. 502B.⁶⁴⁷ **Human Rights.**—(a)(1)⁶⁴⁸ The United States shall, in accordance with its international obligations as set forth in the Charter of the United Nations and in keeping with the constitutional heritage and traditions of the United States, promote and encourage increased respect for human rights and fundamental freedoms throughout the world without distinction as to race, sex, language, or religion. Accordingly, a principal goal of the foreign policy of the United States shall be to promote the increased observance of internationally recognized human rights by all countries.

⁶⁴⁵Sec. 201(c)(1) of the FA Act of 1965 struck out a colon and added the remainder of this section from this point.

⁶⁴⁶Formerly at 22 U.S.C. 2302. Sec. 104(b)(2)(A) of Public Law 104-164 (110 Stat. 1426) repealed sec. 502A. Originally added by sec. 12(a) of the FA Act of 1973, the section had read as follows:

“SEC. 502A. EXCESS DEFENSE ARTICLES.—Excess defense articles shall be provided whenever possible rather than providing such articles by the procurement of new items.”

⁶⁴⁷22 U.S.C. 2304. Sec. 502B, which was added by sec. 46 of the FA Act of 1974, was amended by sec. 301(a) of the International Security Assistance and Arms Export Control Act of 1976 (Public Law 94-329; 90 Stat. 748), and by the Export Administration Amendments Act of 1985 (Public Law 99-64; 99 Stat. 156.) It formerly read as follows:

“Sec. 502B. Human Rights.—It is the sense of Congress that except in extraordinary circumstances, the President shall substantially reduce or terminate security assistance to any government which engages in a consistent pattern of gross violations of internationally recognized human rights, including torture or cruel, inhuman or degrading treatment or punishment; prolonged detention without charges; or other flagrant denials of the right to life, liberty, and the security of the person.

“(b) Whenever proposing or furnishing security assistance to any government falling within the provisions of paragraph (a), the President shall advise the Congress of the extraordinary circumstances necessitating the assistance.

“(c) In determining whether or not a government falls within the provisions of subsection (a), consideration shall be given to the extent of cooperation by such government in permitting an unimpeded investigation of alleged violations of internationally recognized human rights by appropriate international organizations, including the International Committee of the Red Cross and anybody acting under the authority of the United Nations or of the Organization of American States.

“(d) For purposes of this section, ‘security assistance’ means assistance under chapter 2 (military assistance) or chapter 4 (security supporting assistance) of this part, assistance under part V (Indochina Postwar Reconstruction) or part VI (Middle East Peace) of this Act, sales under the Foreign Military Sales Act, or assistance for public safety under this or any other Act.”

⁶⁴⁸Par. (1) was amended and restated by sec. 6(a) of the International Security Assistance Act of 1978 (Public Law 95-384; 92 Stat. 731).

(2)⁶⁴⁹ Except under circumstances specified in this section, no security assistance may be provided to any country the government of which engages in a consistent pattern of gross violations of internationally recognized human rights. Security assistance may not be provided to the police, domestic intelligence, or similar law enforcement forces of a country, and licenses may not be issued under the Export Administration Act of 1979⁶⁵⁰ for the export of crime control and detection instruments and equipment to a country, the government of which engages in a consistent pattern of gross violations of internationally recognized human rights unless the President certifies in writing to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate and the chairman of the Committee on Banking, Housing, and Urban Affairs of the Senate (when licenses are to be issued pursuant to the Export Administration Act of 1979), that extraordinary circumstances exist warranting provision of such assistance and issuance of such licenses. Assistance may not be provided under chapter 5 of this part to a country the government of which engages in a consistent pattern of gross violations of internationally recognized human rights unless the President certifies in writing to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate that extraordinary circumstances exist warranting provision of such assistance.⁶⁵¹

(3) In furtherance of paragraphs (1) and (2),⁶⁵² the President is directed to formulate and conduct international security assistance programs of the United States in a manner which will promote and advance human rights and avoid identification of the United States, through such programs, with governments which deny to their people internationally recognized human rights and fundamental freedoms, in violation of international law or in contravention of the policy of the United States as expressed in this section or otherwise.

(4)⁶⁵³ In determining whether the government of a country engages in a consistent pattern of gross violations of internationally recognized human rights, the President shall give particular consideration to whether the government—

(A) has engaged in or tolerated particularly severe violations of religious freedom, as defined in section 3 of the International Religious Freedom Act of 1998; or

(B) has failed to undertake serious and sustained efforts to combat particularly severe violations of religious freedom when such efforts could have been reasonably undertaken.

⁶⁴⁹The words "It is further the policy of the United States that," which previously appeared at this point, were struck by sec. 6(b) of the International Security Assistance Act of 1978 (Public Law 95-384; 92 Stat. 731).

⁶⁵⁰The reference to the Export Administration Act of 1979 was inserted in lieu of a reference to the Export Administration Act of 1969 by sec. 704 of the International Security and Development Cooperation Act of 1980 (Public Law 96-533; 94 Stat. 3157).

⁶⁵¹The final two sentences of par. (2) were added by sec. 6 of the International Security Assistance Act of 1978 (Public Law 95-384; 92 Stat. 731, 732).

⁶⁵²The words "paragraphs (1) and (2)," were inserted in lieu of "the foregoing policy" by sec. 6(e) of the International Security Assistance Act of 1978 (Public Law 95-384; 92 Stat. 732).

⁶⁵³Sec. 421(b) of the International Religious Freedom Act of 1998 (Public Law 105-292; 112 Stat. 2810) added para. (4).

(b) The Secretary of State shall transmit to the Congress, as part of the presentation materials for security assistance programs proposed for each fiscal year, a full and complete report, prepared with the assistance of the Assistant Secretary of State for Democracy, Human Rights, and Labor⁶⁵⁴ and with the assistance of the Ambassador at Large for International Religious Freedom,⁶⁵⁵ with respect to practices regarding the observance of and respect for internationally recognized human rights in each country proposed as a recipient of security assistance. Wherever applicable, such report shall include consolidated information regarding the commission of war crimes, crimes against humanity, and evidence of acts that may constitute genocide (as defined in article 2 of the Convention on the Prevention and Punishment of the Crime of Genocide and modified by the United States instrument of ratification to that convention and section 2(a) of the Genocide Convention Implementation Act of 1987).⁶⁵⁶ Wherever applicable, such report shall include information on practices regarding coercion in population control, including coerced abortion and involuntary sterilization.⁶⁵⁷ Such report shall also include, wherever applicable, information on violations of religious freedom, including particularly severe violations of religious freedom (as defined in section 3 of the International Religious Freedom Act of 1998).⁶⁵⁸ Such report shall also include, for each country with respect to which the report indicates that extrajudicial killings, torture, or other serious violations of human rights have occurred in the country, the extent to which the United States has taken or will take action to encourage an end to such practices in the country.⁶⁵⁹ Each report under this section shall describe the extent to which each country has extended protection to refugees, including the provision of first asylum and resettlement.⁶⁶⁰ Each report under this section shall also include (i) wherever applicable, a description of the nature and extent of the

⁶⁵⁴ Sec. 162(e)(2) of the Foreign Relations Authorization Act, Fiscal Years 1994 and 1995 (Public Law 103-236; 108 Stat. 405), changed this title designation by striking "Human Rights and Humanitarian Affairs" and inserting lieu thereof "Democracy, Human Rights, and Labor". Previously, sec. 109(a)(3) of the Foreign Relations Authorization Act, Fiscal Year 1978 (Public Law 95-105; 91 Stat. 846) changed the title designation from "Coordinator for Human Rights and Humanitarian Affairs" to "Assistant Secretary of State for Human Rights and Humanitarian Affairs".

⁶⁵⁵ Sec. 102(d)(2)(A) of the International Religious Freedom Act of 1998 (Public Law 105-292; 112 Stat. 2795) inserted "and with the assistance of the Ambassador at Large for International Religious Freedom" after "Labor".

⁶⁵⁶ The sentence beginning "Wherever applicable" referring to war crimes and crimes of genocide was added by sec. 806(b) of the Admiral James W. Nance and Meg Donovan Foreign Relations Authorization Act, Fiscal Years 2000 and 2001 (H.R. 3427, enacted by reference in sec. 1000(a)(7) of Public Law 106-113; 113 Stat. 1536).

⁶⁵⁷ The sentence beginning "Wherever applicable" referring to coercive population control was added by sec. 127 of the Foreign Relations Authorization Act, Fiscal Years 1988 and 1989 (Public Law 100-204; 101 Stat. 1331).

⁶⁵⁸ Sec. 102(d)(2)(B) of the International Religious Freedom Act of 1998 (Public Law 105-292; 112 Stat. 2795) added the sentence that begins "Such report shall also include".

⁶⁵⁹ Sec. 665(b) of the Freedom Investment Act of 2002 (subtitle E of title VI of the Foreign Relations Authorization Act, Fiscal Year 2002; Public Law 107-228; 116 Stat. 1407) added this sentence. Sec. 665(c) of that Act further provided the following:

"(c) SEPARATE REPORT.—The information to be included in the report required by sections 116(d) and 502B(b) of the Foreign Assistance Act of 1961 pursuant to the amendments made by subsections (a) and (b) may be submitted by the Secretary as a separate report. If the Secretary elects to submit such information as a separate report, such report shall be submitted not later than 30 days after the date of submission of the report required by section 116(d) and 502B(b) of the Foreign Assistance Act of 1961."

⁶⁶⁰ Sec. 252 of the Admiral James W. Nance and Meg Donovan Foreign Relations Authorization Act, Fiscal Years 2000 and 2001 (H.R. 3427, enacted by reference in sec. 1000(a)(7) of Public Law 106-113; 113 Stat. 1536), added the sentence relating to the protection of refugees.

⁶⁷² 22 U.S.C. 2311. Sec. 12(b)(1) of the FA Act of 1973 amended sec. 503, which formerly read as follows:

“SEC. 503. In 2002, the President made similar determinations for the Governments of Palau, Kiribati, and Tuvalu (Presidential Determination No. 2002-09 of March 12, 2002; 67 F.R. 13245); for the Governments of Armenia, Azerbaijan, and Tajikistan (Presidential Determination No. 2002-15 of April 18, 2002; 67 F.R. 20429); and for East Timor (Presidential Determination No. 02-19 of May 27, 2002; 67 F.R. 39245).

⁶⁷⁴ Par. (3) was added by sec. 112(a) of the International Security and Development Cooperation Act of 1980 (Public Law 96-533; 94 Stat. 3138).

Title III of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1988 (sec. 101(e) of the Continuing Appropriations for 1988, Public Law 100-202; 101 Stat. 1329-131), stipulated: “That, after September 30, 1989, none of the funds appropriated under this heading shall be made available for the purposes of section 503(a)(3) of the Foreign Assistance Act of 1961”. This proviso was subsequently repealed by title III of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1989 (Public Law 100-461; 102 Stat. 2268).

⁶⁷⁵ The word “country” was inserted in lieu of the words “specified in section 504(a)(1) of this Act, within the dollar limitations of that section” by sec. 110(c) of the International Security and Development Cooperation Act of 1981 (Public Law 97-113; 95 Stat. 1536).

(b) In addition to such other terms and conditions as the President may determine pursuant to subsection (a), defense articles may be loaned thereunder only if—

(1) there is a bona fide reason, other than the shortage of funds, for providing such articles on a loan basis rather than on a grant basis;

(2) there is a reasonable expectation that such articles will be returned to the agency making the loan at the end of the loan period unless the loan is then renewed;

(3) the loan period is of fixed duration not exceeding five years, during which such article may be recalled for any reason by the United States;

(4) the agency making the loan is reimbursed for the loan based on the amount charged to the appropriation for military assistance under subsection (c); and

(5)⁶⁷⁷ the loan agreement provides that (A) if the defense article is damaged while on loan, the country or international organization to which it was loaned will reimburse the United States for the cost of restoring or replacing the defense article, and (B) if the defense article is lost or destroyed while on loan, the country or international organization to which it was loaned will pay to the United States an amount equal to the replacement cost (less any depreciation in the value) of the defense article.

(c)(1) In the case of any loan of a defense article or defense service made under this section, there shall be a charge to the appropriation for military assistance for any fiscal year while the article or service is on loan in an amount based on—

(A) the out-of-pocket expenses authorized to be incurred in connection with such loan during such fiscal year; and

(B) the depreciation which occurs during such year while such article is on loan.

(2) The provisions of this subsection shall not apply—

(A) to any particular defense article or defense service which the United States Government agreed, prior to the date of enactment of this subsection, to lend; and

⁶⁷⁶The last sentence of par. (3) was added by sec. 123(a) of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 205). ⁶⁷⁷Par. (5) was amended and restated by sec. 109(c) of the International Security and Development Cooperation Act of 1981 (Public Law 97-113; 95 Stat. 1536). It formerly read as follows: "(5) arrangements are made with the agency making the loan to be reimbursed in the event such article is lost or destroyed while on loan, such reimbursement being made first out of any funds available to carry out this chapter and based on the depreciated value of the article at the time of loss or destruction."

(B) to any defense article or defense service, or portion thereof, acquired with funds appropriated for military assistance under this Act.

(2) Amounts appropriated under this subsection are authorized to remain available until expended.

(b) In order to make sure that a dollar spent on military assistance to foreign countries is as necessary as a dollar spent for the United States military establishment, the President shall establish procedures for programing and budgeting so that programs of military assistance come into direct competition for financial support with other activities and programs of the Department of Defense.

Sec. 505.⁶⁸⁰ **Conditions of Eligibility.**—(a) In addition to such other provisions as the President may require, no defense articles or related training or other defense service⁶⁸¹ shall be furnished to any country on a grant basis unless it shall have agreed that—

(1) it will not, without the consent of the President—

(A) permit any use of such articles or related training or other defense service⁶⁸¹ by anyone not an officer, employee, or agent of that country,

(B) transfer, or permit any officer, employee, or agent of that country to transfer such articles or related training or other defense service⁶⁸¹ by gift, sale, or otherwise, or

(C) use or permit the use of such articles or related training or other defense service⁶⁸¹ for purposes other than those for which furnished;

(3) that such country is taking all reasonable measures, consistent with its political and economic stability, which may be needed to develop its defense capacities; and

(d)^{683, 684} (1) Assistance and deliveries of assistance under this chapter to any country shall be terminated as hereinafter provided, if such country uses defense articles or defense services furnished under this Act, the Mutual Security Act of 1954,⁶⁸⁵ or any predecessor Foreign Assistance Act, in substantial violation (either in terms of quantities or in terms of the gravity of the consequences regardless of the quantities involved) of any agreement entered into pursuant to any such Act (A) by using such articles or services for a purpose not authorized under section 502 or, if such agreement provides that such articles or services may only be used for purposes more limited than those authorized under section 502, for a purpose not authorized under such agreement; (B) by transferring such articles or services to, or permitting any use of such articles or services by, anyone not an officer, employee, or agent of the recipient country without the consent of the President; or (C) by failing to maintain the security of such articles or services.

(2)⁸⁴³ Paragraph (1) does not apply with respect to an advanced developing country which—

(A) is receiving direct economic assistance under chapter 1 of part I or chapter 4 of part II of this Act, and

(B) if the country has its own foreign assistance programs which finance the procurement of construction or engineering services, permits United States firms to compete for those services.

Sec. 605.⁸⁴⁴ **Retention and Use of Certain Items and Funds.**—(a) Any commodities and defense articles procured to carry out this Act shall be retained by, or upon reimbursement, transferred to, and for the use of, such agency of the United States Government as the President may determine in lieu of being disposed of to a foreign country or international organization, whenever in the judgment of the President the best interests of the United States will be served thereby or whenever such retention is called for by concurrent resolution. Any commodities or defense articles so retained may be disposed of without regard to provisions of law relating to the disposal of property owned by the United States Government, when necessary to prevent spoilage or wastage of such commodities or defense articles or to conserve the usefulness thereof. Funds realized from any disposal or transfer shall revert to the respective appropriation, fund, or account used to procure such commodities or defense articles or to the appropriation, fund, or account currently available for the same general purpose.

(b) Whenever commodities are transferred to the United States Government as repayment of assistance under this Act, such commodities may be used in furtherance of the purposes and within the limitations of this Act.

(d)⁸⁴⁵ Funds realized by the United States Government from the sale, transfer, or disposal of defense articles returned to the United States Government by a recipient country or international organization as no longer needed for the purpose for which furnished shall be credited to the respective appropriation, fund, or account used to procure such defense articles or to the appropriation, fund, or account currently available for the same general purpose.

(1) an invention or discovery covered by a patent issued by the United States Government is practiced within the United States without the authorization of the owner, or

(2) information, which is (A) protected by law, and (B) held by the United States Government subject to restrictions imposed by the owner, is disclosed by the United States Government or any of its officers, employees, or agents in violation of such restrictions,

the exclusive remedy of the owner, except as provided in subsection (b) of this section, is to sue the United States Government for reasonable and entire compensation for such practice or disclosure in the district court of the United States for the district in which such owner is a resident, or in the United States Court of Federal Claims⁸⁴⁷ within six years after the cause of action arises. Any period during which the United States Government is in possession of a written claim under subsection (b) of this section before mailing a notice of denial of that claim does not count in computing the six years. In any such suit, the United States Government may plead any defense that may be pleaded by a private person in such an action. The last paragraph of section 1498(a) of title 28 of the United States Code shall apply to inventions and information covered by this section.

(b) Before suit against the United States Government has been instituted, the head of the agency of the United States Government concerned may settle and pay any claim arising under the circumstances described in subsection (a) of this section. No claim may be paid under this subsection unless the amount tendered is accepted by the claimant in full satisfaction.

(c) Funds appropriated pursuant to this Act shall not be expended by the United States Government for the acquisition of any drug product or pharmaceutical product manufactured outside the United States if the manufacture of such drug product or pharmaceutical product in the United States would involve the use of, or be covered by, an unexpired patent of the United States which has not previously been held invalid by an unappealed or unappealable judgment or decree of a court of competent jurisdiction, unless such manufacture is expressly authorized by the owner of such patent.

⁸⁴⁷ Reference to the United States Claims Court was inserted in lieu of a reference to the Court of Claims by sec. 160(a)(6) of the Federal Courts Improvement Act (Public Law 97-164; 96 Stat. 48). Subsequently, sec. 902(b) of Public Law 102-572 (106 Stat. 4516) provided that any reference, in law or in Federal documents, to the United States Claim Court should be deemed to be a reference to the United States Court of Federal Claims.

⁸⁴⁸ 22 U.S.C. 2357. Subsection designation “(a)” was added by sec. 301(b) of the FA Act of 1968. (1) Advances or reimbursements which are received under this section within one hundred and eighty days after the close of the fiscal year in which such services and commodities are delivered.

(2) Advances or reimbursements received pursuant to agreements executed under this section in which reimbursement will not be completed within one hundred and eighty days after the close of the fiscal year in which such services and commodities are delivered: *Provided*, That such agreements require the payment of interest at the current rate established pursuant to section 2(b)(1)(B) of the Export-Import Bank Act of 1945 (59 Stat. 526), and repayment of such principal and interest does not exceed a period of three years from the date of signing of the agreement to provide the service: *Provided further*, That funds available for this paragraph in any fiscal year shall not exceed \$1,000,000 of the total funds authorized for use in such fiscal year by chapter 1 of part I of this Act, and shall be available only to the extent provided in appropriation Acts. Interest shall accrue as of the date of disbursement to the agency or organization providing such services.⁸⁵¹

(b)⁸⁵² When any agency of the United States Government provides services on an advance-of-funds or reimbursable basis under this section, such agency may contract with individuals for personal service abroad or in the United States to perform such services or to replace officers or employees of the United States Government who are assigned by the agency to provide such services. Such individuals shall not be regarded as employees of the United

⁸⁵¹Sec. 315 of Public Law 94-161 (89 Stat. 849) inserted the words to this point commencing with "Such advances or reimbursements may be credited * * *" in lieu of "Such advances or reimbursements which are received under this section within one hundred and eighty days after the close of the fiscal year in which such services and commodities are delivered, may be credited to the current applicable appropriation, account, or fund of the agency concerned and shall be available for the purposes for which such appropriation, account, or fund is authorized to be used."

⁸⁵²Sec. 522 of the International Development and Food Assistance Act of 1978 (Public Law 95-424; 92 Stat. 959) redesignated subsec. (b) (as added by FA Act of 1968) as subsec. (c) and added a new subsec. (b).

(c)⁸⁵² (1) Except as provided in subsection (d),⁸⁵⁴ no Government-owned excess property shall be made available under this section, section 608, or otherwise in furtherance of the purposes of part I of this Act, unless, before the shipment of such property for use in a specified country (or transfer, if the property is already in such country), the agency administering such part I has approved such shipment (or transfer) and made a written determination—

(A)⁸⁵⁴ that there is a need for such property in the quantity requested and that such property is suitable for the purpose requested;

(d)⁸⁵⁵ The Secretary of State, acting through the Assistant Secretary of State for Oceans and International Environmental and Scientific Affairs, is authorized to transfer to any friendly country, international organization, the American Red Cross, or other voluntary nonprofit relief agency described in subsection (a), Government-owned excess property made available under this section or section 608 in order to support activities carried out under part I of this Act which are designed to enhance environmental protection in foreign countries if the Secretary of State makes a written determination—

(1) that there is a need for such property in the quantity requested and that such property is suitable for the purpose requested;

(2) as to the status and responsibility of the designated end-user and his ability effectively to use and maintain such property; and

(3) that the residual value, serviceability, and appearance of such property would not reflect unfavorably on the image of the United States and would justify the costs of packing, crating, handling, transportation, and other accessorial costs, and that the residual value at least equals the total of these costs.

“SEC. 509. (a) None of the funds made available by this Act may be transferred to any department, agency, or instrumentality of the United States Government, except pursuant to a transfer made by, or transfer authority provided in, this Act or any other appropriation Act.

“(b) Notwithstanding subsection (a), in addition to transfers made by, or authorized elsewhere in, this Act, funds appropriated by this Act to carry out the purposes of the Foreign Assistance Act of 1961 may be allocated or transferred to agencies of the United States Government pursuant to the provisions of sections 109, 610, and 632 of the Foreign Assistance Act of 1961.

The President shall take all appropriate steps to assure that, to the maximum extent possible, United States-owned foreign currencies are utilized in lieu of dollars. Dollar funds made available pursuant to this Act shall not be expended for goods and services when United States-owned foreign currencies are available for such purposes unless the administrative official approving the voucher certifies as to the reason for the use of dollars in each case.⁸⁷⁸

(c)⁸⁷⁹ In addition to funds otherwise available, excess foreign currencies, as defined in subsection (b), may be made available to friendly foreign governments and to private, nonprofit United States organizations to carry out voluntary family planning programs in countries which request such assistance. No such program shall be assisted unless the President has received assurances that in the administration of such program the recipient will take reasonable precautions to insure that no person receives any family planning assistance or supplies unless he desires such services. The excess foreign currencies made available under this subsection shall not, in any one year, exceed 5 per centum of the aggregate of all excess foreign currencies. As used in this subsection, the term “voluntary family planning program” includes, but is not limited to, demographic studies, medical and psychological research, personnel training, the construction and staffing of clinics and rural health centers, specialized training of doctors and paramedical personnel, the manufacture of medical supplies, and the dissemination of family planning information, medical assistance, and supplies to individuals who desire such assistance.

(c)⁸⁸⁴ * * * [Repealed—1981]

(d)⁸⁸⁵ In cases where assistance is to be furnished to any recipient country in furtherance of the purposes of this or any other Act on a basis which will result in the accrual of foreign currency proceeds to the United States, the Secretary of the Treasury shall issue regulations requiring that agreements, in respect of such assistance, include provisions for the receipt of interest income on the foreign currency proceeds deposited in authorized depositories: *Provided*, That whenever the Secretary of State determines it not to be in the national interest to conclude arrangements for the receipt of interest income he may waive the requirement thereof: *Provided further*, That the Secretary of State, or his delegate, shall promptly make a complete report to the Congress on each such determination and the reasons therefor.

regard to any provision of this Act, the Arms Export Control Act, any law relating to receipts and credits accruing to the United States, and any Act authorizing or appropriating funds for use under this Act, in furtherance of any of the purposes of this Act, when the President determines, and so notifies in writing the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate, that to do so is important to the security interests of the United States.⁸⁸⁸

(2) The President may make sales, extend credit, and issue guarantees under the Arms Export Control Act, without regard to any provision of this Act, the Arms Export Control Act, any law relating to receipts and credits accruing to the United States, and any Act authorizing or appropriating funds for use under the Arms Export Control Act, in furtherance of any of the purposes of such Act, when the President determines, and so notifies in writing the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate, that to do so is vital to the national security interests of the United States.

(3) Before exercising the authority granted in this subsection, the President shall consult with, and shall provide a written policy justification to, the Committee on Foreign Affairs⁸⁸⁹ and the Committee on Appropriations of the House of Representatives and the Committee on Foreign Relations and the Committee on Appropriations of the Senate.

therance of any of the purposes of such Acts, when the President determines that such authorization is important to the security of the United States. Not more than \$50,000,000 of the funds available under this subsection may be allocated to any one country in any fiscal year. The limitation contained in the preceding sentence shall not apply to any country which is a victim of active Communist or Communist-supported aggression. The authority of this section shall not be used to waive the limitations on transfers contained in section 610(a) of this Act.”

⁸⁸⁸Pursuant to sec. 506(a)(1) and sec. 614(a)(2), on May 30, 2002, the President determined that “it is vital to the national security interests of the United States to provide up to \$4.5 million in fiscal year 1997 and 1998 Foreign Military Financing Funds for assistance to Georgia under section 23 of the Arms Export Control Act without regard to any provision of law that might otherwise restrict provision of such funds. I further determine that an unforeseen emergency exists requiring immediate military assistance for Georgia that cannot be met under the Arms Export Control Act or any other law, and hereby direct the drawdown of defense articles and services from the stocks of the Department of Defense, and military education and training of the aggregate value of \$21 million to meet that emergency requirement. I hereby authorize the furnishing of this assistance.” (Presidential Determination No. 02-20; 67 F.R. 39247).

Not more than \$50,000,000 of the funds available under this subsection may be allocated to any one country in any fiscal year, unless such country is a victim of active Communist or Communist-supported aggression.”

(B) If the authority of this subsection is used both to authorize a sale under the Arms Export Control Act and to authorize funds to be used under the Arms Export Control Act or under this Act with respect to the financing of that sale, then the use of the funds shall be counted against the limitation in subparagraph (A)(ii) and the portion, if any, of the sale which is not so financed shall be counted against the limitation in subparagraph (A)(i).

(C) Not more than \$50,000,000 of the \$250,000,000 limitation provided in subparagraph (A)(ii) may be allocated to any one country in any fiscal year unless that country is a victim of active⁸⁹¹ aggression, and not more than \$500,000,000 of the aggregate limitation of \$1,000,000,000 provided in subparagraphs (A)(i) and (A)(ii) may be allocated to any one country in any fiscal year.

(5) The authority of this section may not be used to waive the limitations on transfers contained in section 610(a) of this Act.

(b) Whenever the President determines it to be important to the national interest, he may use funds available for the purposes of chapter 4 of part I in order to meet the responsibilities or objectives of the United States in Germany, including West Berlin, and without regard to such provisions of law as he determines should be disregarded to achieve this purpose.

(c) The President is authorized to use amounts not to exceed \$50,000,000 of the funds made available under this Act pursuant to his certification that it is inadvisable to specify the nature of the use of such funds, which certification shall be deemed to be a sufficient voucher for such amounts.⁸⁹² The President shall fully inform the chairman and ranking minority member of the Committee on Foreign Affairs⁸⁸⁹ of the House of Representatives and the chairman and ranking minority member of the Committee on Foreign Relations of the Senate of each use of funds under this subsection prior to the use of such funds.⁸⁹³

It is the sense of the Congress that when consideration is given to authorizing assistance to a country removed from the application of this subsection, one of the factors to be weighed, among others, is whether the country in question is giving evidence of fostering the establishment of a genuinely democratic system, with respect for internationally recognized human rights.

(g)⁹¹⁷ Notwithstanding any other provision of law, no monetary assistance shall be made available under this Act to any government or political subdivision or agency of such government which will be used to compensate owners for expropriated or nationalized property and, upon finding by the President that such assistance has been used by any government for such purpose, no further assistance under this Act shall be furnished to such government until appropriate reimbursement is made to the United States for sums so diverted. This prohibition shall not apply to monetary assistance made available for use by a government (or a political subdivision or agency of a government) to compensate nationals of that country in accordance with a land reform program, if the President determines that monetary assistance for such land reform program will further the national interests of the United States.⁹¹⁸

(k)⁹²² Without the express approval of Congress, no assistance shall be furnished under this Act to any country for construction of any productive enterprise with respect to which the aggregate value of assistance to be furnished by the United States will exceed \$100,000,000, except that this sentence does not apply with respect to assistance for construction of any productive enterprise in Egypt which is described in the presentation materials to Congress.⁹²³ Except as otherwise provided in section 506,⁹²⁴ no military assistance to be furnished beginning July 1, 1966, by the United States will exceed \$100,000,000 unless such program has been included in the presentation to the Congress during its consideration of authorizations for appropriations under this Act or of appropriations pursuant to authorizations contained in this Act. No provision of this or any other Act shall be construed to authorize the President to waive the provisions of this subsection.

(l)⁹²⁵ The President shall consider denying assistance under this Act to the government of any less developed country which, after December 31, 1966, has failed to enter into an agreement with the President to institute the investment guaranty program under section 234(a)(1) of this Act, providing protection against the specific risks of inconvertibility under subparagraph (A), and expropriation or confiscation under subparagraph (B), of such section 234(a)(1).

Sec. 620A.^{948, 949} Prohibition on Assistance to Governments Supporting International Terrorism.

⁹⁴⁵ Par. (2) was added by sec. 2(a)(2) of Public Law 94-104.

⁹⁴⁶ Par. (2) did not become effective until enactment of the International Security Assistance and Arms Export Control Act of 1976 on June 30, 1976. See sec. 2(c)(5) of Public Law 94-104, in *Legislation on Foreign Relations Through 2002*, vol. I-B, for explanation of the effective date of par. (2).

⁹⁴⁷ Sec. 2810(a) of the Foreign Relations Authorization Act, Fiscal Years 1998 and 1999 (subdivision B of division G of Public Law 105-277; 112 Stat. 2861), added subsec. (y). Subsec. (b) of that section provided that the amendment “* * * shall apply with respect to assistance provided in fiscal years beginning on or after the date of the enactment of this Act.”

⁹⁴⁸ 22 U.S.C. 2371. Sec. 6(j) of the Export Administration Act (Public Law 96-72; 50 U.S.C. app. 2405(j)) similarly requires the Secretary of State to determine whenever a country is found to support acts of international terrorism. Most recently, in Department of State Public Notice 1878 of August 12, 1993, (58 F.R. 52523), the Secretary of State stated: “In accordance with section 6(j) of the Export Administration Act (50 U.S.C. App. 2405(j)), I hereby determine that Sudan is a country which has repeatedly provided support for acts of international terrorism. The list of 6(j) countries as of this time therefore includes Cuba, Iran, Iraq, Libya, North Korea, Sudan, and Syria.”

Sec. 40A of the Arms Export Control Act (Public Law 90-629; 22 U.S.C. 2781) requires the President to determine annually those countries not cooperating fully with United States antiterrorism efforts. Pursuant to that requirement, on May 15, 2003, the Deputy Secretary of State determined and certified, “that the following countries are not cooperating fully with United States antiterrorism efforts: Cuba; Iran; Libya; North Korea; Sudan; and Syria” (Department of State Public Notice No. 4369; 68 F.R. 28041).

Title I, chapter 3 of the Emergency Wartime Supplemental Appropriations Act, 2003 (Public Law 108-11; 117 Stat. 579), provided the following:

“SEC. 1503. The President may suspend the application of any provision of the Iraq Sanctions Act of 1990: *Provided*, That nothing in this section shall affect the applicability of the Iran-Iraq Arms Non-Proliferation Act of 1992 (Public Law 102-484), except that such Act shall not apply to humanitarian assistance and supplies: *Provided further*, That the President may make inapplicable with respect to Iraq section 620A of the Foreign Assistance Act of 1961 or any other provision of law that applies to countries that have supported terrorism: *Provided further*, That military equipment, as defined by title XVI, section 1608(1)(A) of Public Law 102-484, shall not be exported under the authority of this section: *Provided further*, That section 307 of the Foreign

Assistance Act of 1961 shall not apply with respect to programs of international organizations for Iraq: *Provided further*, That provisions of law that direct the United States Government to vote against or oppose loans or other uses of funds, including for financial or technical assistance, in international financial institutions for Iraq shall not be construed as applying to Iraq: *Provided further*, That the President shall submit a notification 5 days prior to exercising any of the authorities described in this section to the Committee on Appropriations of each House of the Congress, the Committee on Foreign Relations of the Senate, and the Committee on International Relations of the House of Representatives: *Provided further*, That not more than 60 days after enactment of this Act and every 90 days thereafter the President shall submit a report to the Committee on Appropriations of each House of the Congress, the Committee on Foreign Relations of the Senate, and the Committee on International Relations of the House of Representatives containing a summary of all licenses approved for export to Iraq of any item on the Commerce Control List contained in the Export Administration Regulations, 15 CFR Part 774, Supplement 1, including identification of end users of such items: *Provided further*, That the authorities contained in this section shall expire on September 30, 2004, or on the date of enactment of a subsequent Act authorizing assistance for Iraq and that specifically amends, repeals or otherwise makes inapplicable the authorities of this section, whichever occurs first.”.

⁹⁴⁹Section 620A was added by sec. 303 of the International Security Assistance and Arms Export Control Act of 1976 (Public Law 94-329; 90 Stat. 753). It was amended and restated by sec. 503(a) of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 220). It was further amended and restated by sec. 5 of the Anti-Terrorism and Arms Export Amendments Act of 1989 (Public Law 101-222; 103 Stat. 1897).

Section 10 of the Anti-Terrorism and Arms Export Amendments Act of 1989 (Public Law 101-222; 103 Stat. 1900) provided the following in relation to the amendment of sec. 620A:

“SEC. 10. SELF-DEFENSE IN ACCORDANCE WITH INTERNATIONAL LAW.

“The use by any government of armed force in the exercise of individual or collective self-defense in accordance with applicable international agreements and customary international law shall not be considered an act of international terrorism for purposes of the amendments made by this Act.”.

The Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2003 (division E of Public Law 108-7; 117 Stat. 190, 195, 197), provided the following:

“PROHIBITION ON BILATERAL ASSISTANCE TO TERRORIST COUNTRIES

“SEC. 527. (a) Funds appropriated for bilateral assistance under any heading of this Act and funds appropriated under any such heading in a provision of law enacted prior to the enactment of this Act, shall not be made available to any country which the President determines—

“(1) grants sanctuary from prosecution to any individual or group which has committed an act of international terrorism; or

“(2) otherwise supports international terrorism.

“(b) The President may waive the application of subsection (a) to a country if the President determines that national security or humanitarian reasons justify such waiver. The President shall publish each waiver in the Federal Register and, at least 15 days before the waiver takes effect, shall notify the Committees on Appropriations of the waiver (including the justification for the waiver) in accordance with the regular notification procedures of the Committees on Appropriations.

(a) ASSISTANCE THROUGH NONGOVERNMENTAL ORGANIZATIONS.—Restrictions contained in this or any other Act with respect to assistance for a country shall not be construed to restrict assistance in support of programs of nongovernmental organizations from funds appropriated by this Act to carry out the provisions of chapters 1, 10, 11, and 12 of part I and chapter 4 of part II of the Foreign Assistance Act of 1961, and from funds appropriated under the heading ‘Assistance for Eastern Europe and the Baltic States’: *Provided*, That before using the authority of this subsection to furnish assistance in support of programs of nongovernmental organizations, the President shall notify the Committees on Appropriations under the regular notification procedures of those committees, including a description of the program to be assisted, the assistance to be provided, and the reasons for furnishing such assistance: *Provided further*, That nothing in this subsection shall be construed to alter any existing statutory prohibitions against abortion or involuntary sterilizations contained in this or any other Act.

“(b) PUBLIC LAW 480.—During fiscal year 2003, restrictions contained in this or any other Act with respect to assistance for a country shall not be construed to restrict assistance under the Agricultural Trade Development and Assistance Act of 1954: *Provided*, That none of the funds appropriated to carry out title I of such Act and made available pursuant to this subsection may be obligated or expended except as provided through the regular notification procedures of the Committees on Appropriations.

“(c) EXCEPTION.—This section shall not apply—

“(1) with respect to section 620A of the Foreign Assistance Act of 1961 or any comparable provision of law prohibiting assistance to countries that support international terrorism; or

“(2) with respect to section 116 of the Foreign Assistance Act of 1961 or any comparable provision of law prohibiting assistance to the government of a country that violates internationally recognized human rights.

(a)⁹⁵⁰ PROHIBITION.—The United States shall not provide any assistance under this Act, the Agricultural Trade Development and Assistance Act of 1954, the Peace Corps Act, or the Export-Import Bank Act of 1945 to any country if the Secretary of State determines that the government of that country has repeatedly provided support for acts of international terrorism.

(c) RESCISSION.—A determination made by the Secretary of State under subsection (a) may not be rescinded unless the President submits to the Speaker of the House of Representatives and the Chairman of the Committee on Foreign Relations of the Senate—

(1) before the proposed rescission would take effect, a report certifying that—

(A) there has been a fundamental change in the leadership and policies of the government of the country concerned;

(B) that government is not supporting acts of international terrorism;

(C) that government has provided assurances that it will not support acts of international terrorism in the future; or
(2) at least 45 days before the proposed rescission would take effect, a report justifying the rescission and certifying that—

(A) the government concerned has not provided any support for international terrorism during the preceding 6-month period; and

(B) the government concerned has provided assurances that it will not support acts of international terrorism in the future.

(d) WAIVER.—Assistance prohibited by subsection (a) may be provided to a country described in that subsection if—

“PROHIBITION ON ASSISTANCE TO FOREIGN GOVERNMENTS THAT EXPORT LETHAL MILITARY EQUIPMENT TO COUNTRIES SUPPORTING INTERNATIONAL TERRORISM

“SEC. 543. (a) None of the funds appropriated or otherwise made available by this Act may be available to any foreign government which provides lethal military equipment to a country the government of which the Secretary of State has determined is a terrorist government for purposes of section 6(j) of the Export Administration Act. The prohibition under this section with respect to a foreign government shall terminate 12 months after that government ceases to provide such military equipment. This section applies with respect to lethal military equipment provided under a contract entered into after October 1, 1997.

“(b) Assistance restricted by subsection (a) or any other similar provision of law, may be furnished if the President determines that furnishing such assistance is important to the national interests of the United States.

App. 2405) shall be fined under title 18, imprisoned for not more than 10 years, or both.

(2) at least 15 days before the waiver takes effect, the President consults with the Committee on Foreign Affairs⁹⁵¹ of the House of Representatives and the Committee on Foreign Relations of the Senate regarding the proposed waiver and submits a report to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate containing—

Sec. 620C.⁹⁵³ **United States Policy Regarding the Eastern Mediterranean.**—(a) The Congress declares that the achievement of a just and lasting Cyprus settlement is and will remain a central objective of United States foreign policy. The Congress further declares that any action of the United States with respect to section 620(x) of this Act shall not signify a lessening of the United States commitment to a just solution to the conflict on Cyprus but is authorized in the expectation that this action will be conducive to achievement of a Cyprus solution and a general improvement in relations among Greece, Turkey, and Cyprus and between those countries and the United States. The Congress finds that—

(1) a just settlement on Cyprus must involve the establishment of a free and independent government on Cyprus and

Sec. 620B had prohibited the furnishing of MAP, ESF, IMET, and Peacekeeping assistance under this Act, and the extension of credits, sales, or export licenses under the Arms Export Control Act for Argentina after September 30, 1978. Sec. 725(b) of Public Law 97-113, conditions on U.S. assistance and sales to Argentina, was repealed in 1989.

Title II of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2003 (division E of Public Law 108-7; 117 Stat. 166), provided the following:

“ECONOMIC SUPPORT FUND

“* * * *Provided further*, That not less than \$15,000,000 of the funds appropriated under this heading shall be made available for Cyprus to be used only for scholarships, administrative support of the scholarship program, bicomunal projects, and measures aimed at reunification of the island and designed to reduce tensions and promote peace and cooperation between the two communities on Cyprus: * * *”.

must guarantee that the human rights of all of the people of Cyprus are fully protected;

(2) a just settlement on Cyprus must include the withdrawal of Turkish military forces from Cyprus;

(3) the guidelines for inter-communal talks agreed to in Nicosia in February 1977 and the United Nations resolutions regarding Cyprus provide a sound basis for negotiation of a just settlement on Cyprus;

(4) serious negotiations, under United Nations auspices, will be necessary to achieve agreement in, and implementation of, constitutional and territorial terms within such guidelines; and

(5) the recent proposals by both Cypriot communities regarding the return of the refugees to the city of New Famagusta (Varosha) constitute a positive step and the United States should actively support the efforts of the Secretary General of the United Nations with respect to this issue.

(b) United States policy regarding Cyprus, Greece, and Turkey shall be directed toward the restoration of a stable and peaceful atmosphere in the Eastern Mediterranean region and shall therefore be governed by the following principles:

(1) The United States shall actively support the resolution of differences through negotiations and internationally established peaceful procedures, shall encourage all parties to avoid provocative actions, and shall strongly oppose any attempt to resolve disputes through force or threat of force.

(2) The United States will accord full support and high priority to efforts, particularly those of the United Nations, to bring about a prompt, peaceful settlement on Cyprus.

(3) All defense articles furnished by the United States to countries in the Eastern Mediterranean region will be used only in accordance with the requirements of this Act, the Arms Export Control Act, and the agreements under which those defense articles were furnished.

(4) The United States will furnish security assistance for Greece and Turkey only when furnishing that assistance is intended solely for defensive purposes, including when necessary to enable the recipient country to fulfill its responsibilities as a member of the North Atlantic Treaty Organization, and shall be designed to ensure that the present balance of military strength among countries of the region, including between Greece and Turkey, is preserved. Nothing in this paragraph shall be construed to prohibit the transfer of defense articles to Greece or Turkey for legitimate self defense or to enable Greece or Turkey to fulfill their North Atlantic Treaty Organization obligations.

(5) The United States shall use its influence to ensure the continuation of the ceasefire on Cyprus until an equitable negotiated settlement is reached.

(6) The United States shall use its influence to achieve the withdrawal of Turkish military forces from Cyprus in the context of a solution to the Cyprus problem.

(c)⁹⁵⁴ Because progress toward a Cyprus settlement is a high priority of United States policy in the Eastern Mediterranean, the President and the Congress shall continually review that progress and shall determine United States policy in the region accordingly. To facilitate such a review the President shall, within 60 days after the date of enactment of this section and at the end of each succeeding 60-day period, transmit to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate a report on progress made toward the conclusion of a negotiated solution of the Cyprus problem. Such transmissions shall include any relevant reports prepared by the Secretary General of the United Nations for the Security Council.

(d) In order to ensure that United States assistance is furnished consistent with the policies established in this section, the President shall, whenever requesting any funds for security assistance under this Act or the Arms Export Control Act for Greece and Turkey, transmit to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate his certification, with a full explanation thereof, that the furnishing of such assistance will be consistent with the principles set forth in subsection (b). The President shall also submit such a certification with any notification to the Congress, pursuant to section 36(b) of the Arms Export Control Act, of a proposed sale of defense articles or services to Greece or Turkey.

(e)⁹⁵⁵ (1) Any agreement for the sale or provision of any article on the United States Munitions List (established pursuant to section 38 of the Arms Export Control Act) entered into by the United States after the enactment of this provision shall expressly state that the article is being provided by the United States only with the understanding that it will not be transferred to Cyprus or otherwise used to further the severance or division of Cyprus.

(2) The President shall report to Congress any substantial evidence that equipment provided under any such agreement has been used in a manner inconsistent with the purposes of this subsection.

Sec. 620D.⁹⁵⁶ Prohibition on Assistance to Afghanistan.—

(a) None of the funds authorized to be appropriated under this Act may be used to furnish assistance to Afghanistan nor may funds authorized to be appropriated under this Act before October 1, 1979, be expended for assistance to Afghanistan until the President certifies to the Congress that—

(1) the Government of Afghanistan has apologized officially and assumes responsibility for the death of Ambassador Adolph Dubs; and

⁹⁵⁴ Sec. 209(e)(7) of the Admiral James W. Nance and Meg Donovan Foreign Relations Authorization Act, Fiscal Years 2000 and 2001 (H.R. 3427, enacted by reference in sec. 1000(a)(7) of Public Law 106-113; 113 Stat. 1536), stated that sec. 3003(a)(1) of Public Law 104-66 (109 Stat. 734) is not applicable to this subsection. Sec. 3003(a)(1) of that Act, as amended, provided that “* * * each provision of law requiring the submittal to Congress (or any committee of the Congress) of any annual, semiannual, or other regular periodic report specified on the list * * * [prepared by the Clerk of the House of Representatives for the first session of the One Hundred Third Congress] shall cease to be effective, with respect to that requirement, May 15, 2000.”

⁹⁵⁵ Subsec. (e) was added by sec. 562 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1988 (Continuing Appropriations for 1988; Public Law 100-202; 101 Stat. 1329-171).

⁹⁵⁶ 22 U.S.C. 2374. Sec. 620D was added by sec. 505 of the International Development Cooperation Act of 1979 (Public Law 96-53; 93 Stat. 378).

(2) the Government of Afghanistan agrees to provide adequate protection for all personnel of the United States Government in Afghanistan.

(b) The provisions of subsection (a) shall not apply if the President determines that such assistance is in the national interest of the United States because of substantially changed circumstances in Afghanistan.⁹⁵⁷

Sec. 620E.⁹⁵⁸ **Assistance to Pakistan.**—(a) The Congress recognizes that Soviet Forces occupying Afghanistan pose a security threat to Pakistan. The Congress also recognizes that an independent and democratic Pakistan with continued friendly ties with the United States is in the interest of both nations. The Congress finds that United States assistance will help Pakistan maintain its independence. Assistance to Pakistan is intended to benefit the people of Pakistan by helping them meet the burdens imposed by the presence of Soviet forces in Afghanistan and by promoting economic development. In authorizing assistance to Pakistan, it is the intent of Congress to promote the expeditious restoration of full civil liberties and representative government in Pakistan. The Congress further recognizes that it is in the mutual interest of Pakistan and the United States to avoid the profoundly destabilizing effects of the proliferation of nuclear explosive devices or the capacity to manufacture or otherwise acquire nuclear devices.

(b) The United States reaffirms the commitment made in its 1959 bilateral agreement with Pakistan relating to aggression from a Communist or Communist-dominated state.

(c) Security assistance for Pakistan shall be made available in order to assist Pakistan in dealing with the threat to its security posed by the Soviet presence in Afghanistan. The United States will take appropriate steps to ensure that defense articles provided by the United States to Pakistan are used for defensive purposes.

(d)⁹⁵⁹ The President may waive the prohibitions of section 101 of the Arms Export Control Act with respect to any grounds for the prohibition of assistance under that section arising before the effective date of part B of the Nuclear Proliferation Prevention Act of

⁹⁵⁷ In a determination of October 7, 1992, directed to the Secretary of State, the President stated:

“By virtue of the authority vested in me by section 620D(b) of the Foreign Assistance Act of 1961, as amended (22 U.S.C. 2374(b)), I hereby determine that furnishing assistance to Afghanistan with funds authorized to be appropriated under that Act is in the national interest of the United States because of substantially changed circumstances in Afghanistan.

“By virtue of the authority vested in me by section 2(b)(2)(C) of the Export-Import Bank Act of 1945, as amended (12 U.S.C. 635(b)(2)(C)), I hereby determine that Afghanistan has ceased to be a Marxist-Leninist country within the definition of such term in subparagraph (B)(i) of section 2(b)(2) of that Act (12 U.S.C. 635(b)(2)(B)(i)).

“In accordance with section 118(c)(1) of Public Law 99-190 (99 Stat. 1319), I hereby provide notice of my intention to restore nondiscriminatory trade treatment to the products of Afghanistan no sooner than 30 days following receipt by the Congress of this memorandum.” (Presidential Determination No. 93-3 of October 7, 1992; 57 F.R. 47557).

⁹⁵⁸ 22 U.S.C. 2375. Sec. 620E was added by sec. 736 of the International Security and Development Cooperation Act of 1981 (Public Law 97-113; 95 Stat. 1561). The President exercised his authority under subsec. (d) on Feb. 10, 1982 (Presidential Determination No. 82-7).

⁹⁵⁹ Sec. 822(b)(2) of the Nuclear Proliferation Prevention Act of 1994 (title VIII of the Foreign Relations Authorization Act, Fiscal Years 1994 and 1995; Public Law 103-236; 108 Stat. 507 at 512), amended and restated subsec. (d). The subsec. formerly read, as previously amended, as follows:

“(d) The President may waive the prohibitions of section 669 of this Act at any time during the period beginning on the date of enactment of this section and ending on September 30, 1994, to provide assistance to Pakistan during that period if he determines that to do so is in the national interest of the United States.”

(e)⁹⁶⁰ (1)⁹⁶¹ No military assistance⁹⁶² shall be furnished to Pakistan and no military equipment or technology shall be sold or

⁹⁶⁰ Popularly referred to as the Pressler amendment. Subsec. (e) was added by sec. 902 of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 268). Presidential Determinations No. 86-3 of November 25, 1985; No. 87-3 of October 27, 1986; No. 88-4 of December 17, 1987; 89-7 of November 18, 1988; and 90-1 of October 5, 1989, 54 F.R. 43797, certified that Pakistan does not have a nuclear explosive device and that U.S. assistance would reduce significantly the risk that Pakistan will possess a nuclear explosive device. The President did not certify for fiscal years 1991-1997.

On May 28 and 30, 1998, Pakistan tested nuclear explosive devices. On May 30, 1998, the President determined that such tests had transpired, and imposed a range of sanctions required pursuant to sec. 102(b) of the Arms Export Control Act (Presidential Determination No. 98-25; 63 F.R. 31881).

The India-Pakistan Relief Act, enacted as title IX of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 1999 (division A, sec. 101(a) of Public Law 105-277; 112 Stat. 2681), however, authorized the President to waive the application of sanctions against India and Pakistan for one year. The President issued such a determination as referred to in sec. 902 of the India-Pakistan Relief Act on December 1, 1998, that provided: "I hereby waive until October 21, 1999, the sanctions and prohibitions contained in section 101 and 102 of the Arms Export Control Act, section 620E(e) of the Foreign Assistance Act of 1961, and section 2(b)(4) of the Export-Import Bank Act of 1945, insofar as such sanctions and prohibitions would otherwise apply to activities of the Export-Import Bank, the Overseas Private Investment Corporation, and the Trade and Development Agency with respect to Pakistan and India; assistance to Pakistan and India under the 'International Military Education and Training' program; the making of any loan or financial or technical assistance to Pakistan by any international financial institution in support of the assistance program that Pakistan is negotiating with the International Monetary Fund." (Presidential Determination No. 99-7; *Weekly Compilation of Presidential Documents*, vol. 34, no. 49, December 7, 1998, p. 2402).

The President extended the waiver on September 30, 1999 (Presidential Determination No. 99-44; 64 F.R. 54503).

Title IX of the Department of Defense Appropriations Act, 2000 (Public Law 106-79; 113 Stat. 1283), repealed the India-Pakistan Relief Act, effective October 21, 1999. In its place, title IX of that Act, as amended, provided the following:

"TITLE IX

"WAIVER OF CERTAIN SANCTIONS AGAINST INDIA AND PAKISTAN

"SEC. 9001. (a) WAIVER AUTHORITY.—Except as provided in subsections (b) and (c) of this section, the President may waive, with respect to India and Pakistan, the application of any sanction contained in section 101 or 102 of the Arms Export Control Act (22 U.S.C. 2799aa or 22 U.S.C. 2799aa-1), section 2(b)(4) of the Export-Import Bank Act of 1945 (12 U.S.C. 635(b)(4)), or section 620E(e) of the Foreign Assistance Act of 1961, as amended, (22 U.S.C. 2375(e)).

"(b) EXCEPTION.—The authority to waive the application of a sanction or prohibition (or portion thereof) under subsection (a) shall not apply with respect to a sanction or prohibition contained in subparagraph (B), (C), or (G) of section 102(b)(2) of the Arms Export Control Act, unless the President determines, and so certifies to the Congress, that the application of the restriction would not be in the national security interests of the United States.

"(c) TERMINATION OF WAIVER.—The President may not exercise the authority of subsection (a), and any waiver previously issued under subsection (a) shall cease to apply, with respect to India or Pakistan, if that country detonates a nuclear explosive device after the date of the enactment of this Act or otherwise takes such action which would cause the President to report pursuant to section 102(b)(1) of the Arms Export Control Act.

"(d) TARGETED SANCTIONS.—

"(1) SENSE OF THE CONGRESS.—

"(A) it is the sense of the Congress that the broad application of export controls to nearly 300 Indian and Pakistani entities is inconsistent with the specific national security interests of the United States and that this control list requires refinement; and

"(B) export controls should be applied only to those Indian and Pakistani entities that make direct and material contributions to weapons of mass destruction and missile programs and only to those items that can contribute to such programs.

"(2) REPORTING REQUIREMENT.—Not later than 60 days after the date of the enactment of this Act, the President shall submit both a classified and unclassified report to the appropriate congressional committees listing those Indian and Pakistani entities whose activities contribute to missile programs or weapons of mass destruction programs.

"(e) CONGRESSIONAL NOTIFICATION.—The issuance of a license for export of a defense article, defense service, or technology under the authority of this section shall be subject to the same requirements as are applicable to the export of items described in section 36(c) of the Arms Export Control Act (22 U.S.C. 2776(c)), including the transmittal of information and the application of congressional review procedures. The application of these requirements shall be subject to the dollar amount thresholds specified in that section.

SEC. 620F.⁹⁶⁶ NUCLEAR NON-PROLIFERATION POLICY IN SOUTH ASIA.

(a) FINDINGS.—The Congress finds that—

(1) the proliferation of weapons of mass destruction remains one of the most serious threats to international peace and stability;

(2) South Asia, in particular, is an area where the threat of a regional nuclear exchange remains high due to continued Indo-Pakistani tensions over issues such as Kashmir;

(3) to date, United States efforts to halt proliferation in South Asia have failed;

(4) although global disarmament is a desirable goal which should be vigorously pursued, both regional and sub-regional security arrangements can serve to decrease tensions and promote non-proliferation in certain areas;

(5) thus far, there has been some success on a regional basis, such as the South Pacific Nuclear Weapons Free Zone and the Treaty of Tlatelolco in Latin America;

(6) in particular, in Latin America, the Treaty of Tlatelolco has been signed by all the nuclear powers;

(7) a critical part of this treaty is Protocol II which prohibits nuclear attacks by nuclear weapons states on signatories to the treaty;

(8) in 1991, a proposal was made for a regional conference on non-proliferation in South Asia which would include Pakistan, India, the People's Republic of China, the Soviet Union, and the United States; and

(9) thus far, Pakistan, China, Russia, and the United States have expressed interest in attending such a conference, whereas India has refused to attend.

(b) POLICY.—It is the sense of the Congress that the President should pursue a policy which seeks a regional negotiated solution to the issue of nuclear non-proliferation in South Asia at the earliest possible time, including a protocol to be signed by all nuclear weapons states, prohibiting nuclear attacks by nuclear weapons states on countries in the region. Such a policy should have as its ultimate goal concurrent accession by Pakistan and India to the Nuclear Non-Proliferation Treaty, and should also include as needed a phased approach to that goal through a series of agreements among the parties on nuclear issues, such as the agreement reached by Pakistan and India not to attack one another's nuclear facilities.

⁹⁶⁶ 22 U.S.C. 2376. Added by sec. 585(a) of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1993 (Public Law 102-391; 106 Stat. 1688).

Sec. 585(b) of that Act further provided:

“(b) REPORT ON SOUTH ASIAN NUCLEAR PROGRAMS.—Not later than six months after the enactment of this Act, the President shall submit a report with respect to the People's Republic of China, Pakistan, and India in writing to the Committees on Appropriations, the Speaker of the House of Representatives, the chairman of the Committee on Foreign Relations of the Senate, on those country's nuclear and ballistic missile programs, including, but not limited to—

“(1) a determination as to whether that country possesses a nuclear explosive device or whether it possesses all the components necessary for the assembly of such a device;

“(2) a complete report on the status of that country's missile development program, foreign assistance to that program, and foreign sales of missiles or missile components to that country and steps which the United States has taken in response to such sales; and

“(3) a report on whether that country has agreed to fully adhere, and is adhering, to all peaceful nuclear cooperation agreements with the United States and has formally agreed to place all United States-supplied nuclear materials under international safeguards in perpetuity.”

(c)⁹⁶⁷ REPORT ON PROGRESS TOWARD REGIONAL NON-PROLIFERATION.—Not later than April 1 of each year,⁹⁶⁸ the President shall submit a report to the Committees on Appropriations, the Speaker of the House of Representatives, and the chairman of the Committee on Foreign Relations of the Senate, on nuclear proliferation in South Asia, including efforts taken by the United States to achieve a regional agreement on nuclear non-proliferation, and including a comprehensive list of the obstacles to concluding such a regional agreement.

“(2) the term ‘assistance’ does not include assistance of the type authorized under chapter 9 of part 1 of the Foreign Assistance Act of 1961 (relating to international disaster assistance).”

(2) a country that has been designated as a major non-NATO ally (as defined in section 644(q)); or

(3) Taiwan.

(b) EXCEPTION.—The prohibition contained in subsection (a) shall not apply with respect to the use of funds to facilitate the sale of antitank shells to a country if the President determines that to do so is in the national security interest of the United States.

(B) playing a critical role as carbon sinks in reducing greenhouse gases in the atmosphere, thus moderating potential global climate change; and

(C) regulating hydrological cycles on which far-flung agricultural and coastal resources depend.

(3) International negotiations and assistance programs to conserve forest resources have proliferated over the past dec-

Assistance Act of 1954, as amended, and concessional loans, guarantees and credit agreements, as authorized under section 572 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1989 (Public Law 100-461), and of canceling amounts owed, as a result of loans or guarantees made pursuant to the Export-Import Bank Act of 1945, by countries that are eligible for debt reduction pursuant to title V of H.R. 3425 as enacted into law by section 1000(a)(5) of Public Law 106-113, \$229,000,000, to remain available until expended: *Provided*, That not less than \$5,000,000 of the funds appropriated under this heading shall be made available to carry out the provisions of part V of the Foreign Assistance Act of 1961, and up to \$20,000,000 of unobligated balances of funds available under this heading from prior year appropriations acts should be made available to carry out such provisions: *Provided further*, That funds appropriated or otherwise made available under this heading in this Act may be used by the Secretary of the Treasury to pay to the Heavily Indebted Poor Countries (HIPC) Trust Fund administered by the International Bank for Reconstruction and Development amounts for the benefit of countries that are eligible for debt reduction pursuant to title V of H.R. 3425 as enacted into law by section 1000(a)(5) of Public Law 106-113: *Provided further*, That amounts paid to the HIPC Trust Fund may be used only to fund debt reduction under the enhanced HIPC initiative by—

“(3) the African Development Bank; and

“(4) the Central American Bank for Economic Integration:

“*Provided further*, That funds may not be paid to the HIPC Trust Fund for the benefit of any country if the Secretary of State has credible evidence that the government of such country is engaged in a consistent pattern of gross violations of internationally recognized human rights or in military or civil conflict that undermines its ability to develop and implement measures to alleviate poverty and to devote adequate human and financial resources to that end: *Provided further*, That on the basis of final appropriations, the Secretary of the Treasury shall consult with the Committees on Appropriations concerning which countries and international financial institutions are expected to benefit from a United States contribution to the HIPC Trust Fund during the fiscal year: *Provided further*, That the Secretary of the Treasury shall inform the Committees on Appropriations not less than 15 days in advance of the signature of an agreement by the United States to make payments to the HIPC Trust Fund of amounts for such countries and institutions: *Provided further*, That the Secretary of the Treasury may disburse funds designated for debt reduction through the HIPC Trust Fund only for the benefit of countries that—

¹²⁰³ 22 U.S.C. 2431.

ade, but the rapid rate of tropical deforestation continues unabated.

(4) Developing countries with urgent needs for investment and capital for development have allocated a significant amount of their forests to logging concessions.

(5) Poverty and economic pressures on the populations of developing countries have, over time, resulted in clearing of vast areas of forest for conversion to agriculture, which is often unsustainable in the poor soils underlying tropical forests.

(6) Debt reduction can reduce economic pressures on developing countries and result in increased protection for tropical forests.

(7) Finding economic benefits to local communities from sustainable uses of tropical forests is critical to the protection of tropical forests.

(b) PURPOSES.—The purposes of this part are—

(1) to recognize the values received by United States citizens from protection of tropical forests;

(2) to facilitate greater protection of tropical forests (and to give priority to protecting tropical forests with the highest levels of biodiversity and under the most severe threat) by providing for the alleviation of debt in countries where tropical forests are located, thus allowing the use of additional resources to protect these critical resources and reduce economic pressures that have led to deforestation;

(3) to ensure that resources freed from debt in such countries are targeted to protection of tropical forests and their associated values; and

(4) to rechannel existing resources to facilitate the protection of tropical forests.

AN ACT To consolidate and revise foreign assistance legislation relating to reimbursable military exports.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the “Arms Export Control Act”.¹

Chapter 1—FOREIGN AND NATIONAL SECURITY POLICY OBJECTIVES AND RESTRAINTS

Section 1.² The Need for International Defense Cooperation and Military Export Controls.—As declared by the Congress in the Arms Control and Disarmament Act, an ultimate goal of the United States continues to be a world which is free from the scourge of war and the dangers and burdens of armaments; in which the use of force has been subordinated to the rule of law; and in which international adjustments to a changing world are achieved peacefully. In furtherance of that goal, it remains the policy of the United States to encourage regional arms control and disarmament agreements and to discourage arms races.

The Congress recognizes, however, that the United States and other free and independent countries continue to have valid requirements for effective and mutually beneficial defense relationships in order to maintain and foster the environment of international peace and security essential to social, economic, and political progress. Because of the growing cost and complexity of defense equipment, it is increasingly difficult and uneconomic for any country, particularly a developing country, to fill all of its legitimate defense requirements from its own design and production base. The need for international defense cooperation among the United States and those friendly countries to which it is allied by mutual defense treaties is especially important, since the effectiveness of their armed forces to act in concert to deter or defeat aggression is directly related to the operational compatibility of their defense equipment.

Accordingly, it remains the policy of the United States to facilitate the common defense by entering into international arrangements with friendly countries which further the objective of applying agreed resources of each country to programs and projects of cooperative exchange of data, research, development, production, procurement, and logistics support to achieve specific national de-

¹The new title, “Arms Export Control Act,” was added in lieu of “The Foreign Military Sales Act” by sec. 201 of the International Security Assistance and Arms Export Control Act of 1976 (Public Law 94-329; 90 Stat. 734). Sec. 201 further stated that “any reference to the Foreign Military Sales Act shall be deemed to be a reference to the Arms Export Control Act.”

I-B.

See also sec. 564 of the Foreign Relations Authorization Act, Fiscal Years 1994 and 1995 (Public Law 103-236; 108 Stat. 484) relating to prohibiting sales and leases to those participating in or supporting the Arab boycott of Israel, in *Legislation on Foreign Relations Through 2002*, vol. II.

fense requirements and objectives of mutual concern. To this end, this Act authorizes sales by the United States Government to friendly countries having sufficient wealth to maintain and equip their own military forces at adequate strength, or to assume progressively larger shares of the costs thereof, without undue burden to their economies, in accordance with the restraints and control measures specified herein and in furtherance of the security objectives of the United States and of the purposes and principles of the United Nations Charter.

It is the sense of the Congress that all such sales be approved only when they are consistent with the foreign policy interests of the United States, the purposes of the foreign assistance program of the United States as embodied in the Foreign Assistance Act of 1961, as amended, the extent and character of the military requirement, and the economic and financial capability of the recipient country, with particular regard being given, where appropriate, to proper balance among such sales, grant military assistance, and economic assistance as well as to the impact of the sales on programs of social and economic development and on existing or incipient arms races.³

It shall be the policy of the United States to exert leadership in the world community to bring about arrangements for reducing the international trade in implements of war and to lessen the danger of outbreak of regional conflict and the burdens of armaments. United States programs for or procedures governing the export, sale, and grant of defense articles and defense services to foreign countries and international organizations shall be administered in a manner which will carry out this policy.

It is the sense of the Congress that the President should seek to initiate multilateral discussions for the purpose of reaching agreements among the principal arms suppliers and arms purchasers and other countries with respect to the control of the international trade in armaments. It is further the sense of Congress that the President should work actively with all nations to check and control the international sale and distribution of conventional weapons of death and destruction and to encourage regional arms control arrangements. In furtherance of this policy, the President should undertake a concerted effort to convene an international conference of major arms-supplying and arms-purchasing nations which shall consider measures to limit conventional arms transfers in the interest of international peace and stability.

It is the sense of the Congress that the aggregate value of defense articles and defense services—

(1) which are sold under section 21 or section 22 of this Act;

or

³A paragraph, as amended by sec. 4 of Public Law 91-672 and which had previously appeared at this point, was repealed by sec. 734(a)(10) of the International Security and Development Cooperation Act of 1981 (Public Law 97-113; 95 Stat. 1560). It formerly read as follows:

"It is further the sense of Congress that sales and guaranties under sections 21, 22, 23, and 24, shall not be approved where they would have the effect of arming military dictators who are denying the growth of fundamental rights or social progress to their own people: *Provided*, That the President may waive this limitation when he determines it would be important to the security of the United States, and promptly so reports to the Speaker of the House of Representatives and the Committee on Foreign Relations in the Senate."

(2) which are licensed or approved for export under section 38 of this Act to, for the use, or for benefit of the armed forces, police, intelligence, or other internal security forces of a foreign country or international organization under a commercial sales contract;

in any fiscal year should not exceed current levels.⁴

It is the sense of the Congress that the President maintain adherence to a policy of restraint in conventional arms transfers and that, in implementing this policy worldwide, a balanced approach should be taken and full regard given to the security interests of the United States in all regions of the world and that particular attention should be paid to controlling the flow of conventional arms to the nations of the developing world. To this end, the President is encouraged to continue discussions with other arms suppliers in order to restrain the flow of conventional arms to less developed countries.⁵

Sec. 2.⁶ Coordination With Foreign Policy.—(a) Nothing contained in this Act shall be construed to infringe upon the powers or functions of the Secretary of State.

(b)⁷ Under the direction of the President, the Secretary of State (taking into account other United States activities abroad, such as military assistance, economic assistance, and food for peace program) shall be responsible for the continuous supervision and general direction of sales, leases, financing, cooperative projects, and exports under this Act, including, but not limited to, determining—

(1) whether there will be a sale to or financing for a country and the amount thereof;

(2) whether there will be a lease to a country;

(3) whether there will be a cooperative project and the scope thereof; and

(4) whether there will be delivery or other performance under the sale, lease, cooperative project, or export,

to the end that sales, financing, leases, cooperative projects, and exports will be integrated with other United States activities and to the end that the foreign policy of the United States would be best served thereby.

⁴Sec. 202(a) of the International Security Assistance and Arms Export Control Act of 1976 (Public Law 94-329; 90 Stat. 734) amended sec. 1 by striking out the last paragraph and adding the language beginning with "It shall be the policy of the United States". The last paragraph of sec. 1 formerly read as follows: "In order to reduce the role of the United States Government in the furnishing of defense articles and defense services to foreign countries and international organizations, and return such transactions to commercial channels, the United States Government shall reduce its sales, credit sales, and guaranties of such articles, and defense services as soon as, and to the maximum extent, practicable."

⁵This paragraph was added by sec. 15(a) of the International Security Assistance Act of 1978 (92 Stat. 739). Sec. 15(b) of the same Act required a report from the President to the Congress by December 31, 1979, concerning the implications of the multilateral discussions referred to in the paragraph.

⁶22 U.S.C. 2752. See also Presidential determinations, in notes at section 38.

⁷Subsec. (b) was amended and restated by sec. 115(b) of Public Law 99-83 (99 Stat. 201). It previously read as follows:

"(b) Under the direction of the President, the Secretary of State, taking into account other United States activities abroad, such as military assistance, economic assistance, and food for freedom, shall be responsible for the continuous supervision and general direction of sales, leases, and exports under this Act, including, but not limited to, determining whether there shall be a sale to a country and the amount thereof, whether there shall be a lease to a country, and whether there shall be delivery or other performance under such sale, lease, or export, to the end that sales, leases, and exports are integrated with other United States activities and the foreign policy of the United States is best served thereby."

(c) The President shall prescribe appropriate procedures to assure coordination among representatives of the United States Government in each country, under the leadership of the Chief of the United States Diplomatic Mission. The Chief of the diplomatic mission shall make sure that recommendations of such representatives pertaining to sales are coordinated with political and economic considerations, and his comments shall accompany such recommendations if he so desires.

Sec. 3.⁸ Eligibility.—(a) No defense article or defense service shall be sold or leased⁹ by the United States Government under this Act to any country or international organization,¹⁰ and no agreement shall be entered into for a cooperative project (as defined in section 27 of this Act), unless—

(1)¹¹ the President finds that the furnishing of defense articles and defense services to such country or international organization will strengthen the security of the United States and promote world peace;

(2) the country or international organization shall have agreed not to transfer title to, or possession of, any defense ar-

(A) the identity of such country;

(B) a description of such hostilities or terrorist acts; and

(C) the number of members of the United States Armed Forces and the number of United States civilian personnel that may be endangered by such hostilities or terrorist acts.

(d) If the President determines it to be in the national interest pursuant to subsection (b) of this section, billings for sales made under letters of offer issued under this section after the enactment of this subsection may be dated and issued upon delivery of the defense article or rendering of the defense service and shall be due and payable upon receipt thereof by the purchasing country or international organization. Interest shall be charged on any net amount due and payable which is not paid within sixty days after the date of such billing. The rate of interest charged shall be a rate not less than a rate determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding short-term obligations of the United States as of the last day of the month preceding the billing and shall be computed from the date of billing. The President may extend such sixty-day period to one hundred and twenty days if he determines that emergency requirements of the purchaser for acquisition of such defense articles or defense services exceed the ready availability to the purchaser of funds sufficient to pay the United States in full for them within such sixty-day period and submits that determination to the Congress together with a special emergency request for the authorization and appropriation of additional funds to finance such purchases under this Act.

⁶⁸Sec. 710 of the Security Assistance Act of 2000 (Public Law 106-280; 114 Stat. 864) provided the following:

"SEC. 710. WAIVER OF CERTAIN COSTS.

"Notwithstanding any other provision of law, the President may waive the requirement to impose an appropriate charge for a proportionate amount of any nonrecurring costs of research, development, and production under section 21(e)(1)(B) of the Arms Export Control Act (22 U.S.C. 2761(e)(1)(B)) for the November 1999 sale of five UH-60L helicopters to the Republic of Colombia in support of counternarcotics activities."

⁷⁰Sec. 4303(a) of the National Defense Authorization Act for Fiscal Year 1996 (Public Law 104-106; 110 Stat. 658) conditionally amended para. (2) by inserting subpara. designation "(A)", and adding subparas. (B) and (C). Sec. 4303(b) of that Act stated the conditions for incorporating the amendment as follows:

"(b) CONDITIONS.—Subsection (a) shall be effective only if—

"(1) the President, in the budget of the President for fiscal year 1997, proposes legislation that if enacted would be qualifying offsetting legislation; and

"(2) there is enacted qualifying offsetting legislation.

"(c) EFFECTIVE DATE.—If the conditions in subsection (b) are met, then the amendments made by subsection (a) shall take effect on the date of the enactment of qualifying offsetting legislation.

"(d) DEFINITIONS.—For purposes of this section:

"(1) The term 'qualifying offsetting legislation' means legislation that includes provisions that—

"(A) offset fully the estimated revenues lost as a result of the amendments made by subsection (a) for each of the fiscal years 1997 through 2005;

"(B) expressly state that they are enacted for the purpose of the offset described in subparagraph (A); and

"(C) are included in full on the PayGo scorecard.

"(2) The term 'PayGo scorecard' means the estimates that are made by the Director of the Congressional Budget Office and the Director of the Office of Management and Budget under section 252(d) of the Balanced Budget and Emergency Deficit Control Act of 1985."

ance of the mutual defense treaties between the United States and those countries, or foreign procurement in the United States under coproduction arrangements.⁷²

(B)⁷⁰ The President may waive the charge or charges which would otherwise be considered appropriate under paragraph (1)(B) for a particular sale if the President determines that—

(i) imposition of the charge or charges likely would result in the loss of the sale; or

(ii) in the case of a sale of major defense equipment that is also being procured for the use of the Armed Forces, the waiver of the charge or charges would (through a resulting increase in the total quantity of the equipment purchased from the source of the equipment that causes a reduction in the unit cost of the equipment) result in a savings to the United States on the cost of the equipment procured for the use of the Armed Forces that substantially offsets the revenue foregone by reason of the waiver of the charge or charges.

(C) The President may waive, for particular sales of major defense equipment, any increase in a charge or charges previously considered appropriate under paragraph (1)(B) if the increase results from a correction of an estimate (reasonable when made) of the production quantity base that was used for calculating the charge or charges for purposes of such paragraph.

(3)⁷³ (A) The President may waive the charges for administrative services that would otherwise be required by paragraph (1)(A) in connection with any sale to the Maintenance and Supply Agency of the North Atlantic Treaty Organization in support of—

(i) a weapon system partnership agreement; or

(ii) a NATO/SHAPE project.

(B) The Secretary of Defense may reimburse the fund established to carry out section 43(b) of this Act in the amount of the charges waived under subparagraph (A) of this paragraph. Any such reimbursement may be made from any funds available to the Department of Defense.

(C) As used in this paragraph—

(i) the term “weapon system partnership agreement” means an agreement between two or more member countries of the Maintenance and Supply Agency of the North Atlantic Treaty Organization that—

(I) is entered into pursuant to the terms of the charter of that organization; and

(II) is for the common logistic support of a specific weapon system common to the participating countries; and

(g)⁷⁴ The President may enter into North Atlantic Treaty Organization standardization agreements in carrying out section 814 of the Act of October 7, 1975 (Public Law 94-106), and may enter into similar agreements with countries⁷⁵ which are major non-NATO allies, for the cooperative furnishing of training on a bilateral or multilateral basis, if the financial principles of such agreements are based on reciprocity. Such agreements shall include reimbursement for all direct costs but may exclude reimbursement for indirect costs, administrative surcharges, and costs of billeting of trainees (except to the extent that members of the United States Armed Forces occupying comparable accommodations are charged for such accommodations by the United States). Each such agreement shall be transmitted promptly to the Speaker of the House of Representatives and the Committees on Appropriations, Armed Services, and Foreign Relations of the Senate.⁷⁶

Subsec. (g) was previously repealed by the Foreign Assistance Appropriations Act, 1985 (sec. 101 of the Continuing Appropriations Act, 1985; Public Law 98-473; 98 Stat. 1895). This amendment had been included as sec. 102(b) of S. 2346, as introduced on February 27, 1984. Public Law 98-473 enacted sec. 102 of S. 2346. Subsec. (g) previously read as follows:

Such agreements shall include reimbursement for all direct costs but may exclude reimbursement for indirect costs, administrative surcharges, and costs of billeting of trainees (except to the extent that members of the United States Armed Forces occupying comparable accommodations are charged for such accommodations by the United States). Each such agreement shall be transmitted promptly to the Speaker of the House of Representatives and the Committees on Appropriations, Armed Services, and Foreign Relations of the Senate.”

⁷⁵Sec. 147(b) of Public Law 104-164 (110 Stat. 1435) struck out “similar agreements with Japan, Australia, and New Zealand, and with other countries” and inserted in lieu thereof “similar agreements with countries”. Sec. 580 of Public Law 100-202 (101 Stat. 1329-181) had added “and with other countries which are major non-NATO allies”.

⁷⁶Sec. 147(a)(3)(A) of Public Law 104-164 (110 Stat. 1435) struck out the last sentence of subsec. (g). Originally added by sec. 580 of Public Law 100-202 (101 Stat. 1329-181), and amended by sec. 705(d)(1) of Public Law 102-25 (105 Stat. 120), the sentence read: “As used in this subsection, the term ‘major non-NATO allies’ means those countries designated as major non-NATO allies for purposes of section 2350a(i)(3) of title 10, United States Code.”

(2)⁷⁷ In carrying out the objectives of this section, the President is authorized to provide cataloging data and cataloging services, without charge, to the North Atlantic Treaty Organization or to any member government of that Organization if that Organization or member government provides such data and services in accordance with an agreement on a reciprocal basis, without charge, to the United States Government.

(i)⁸¹ (1) Sales of defense articles and defense services which could have significant adverse effect on the combat readiness of the Armed Forces of the United States shall be kept to an absolute minimum. The President shall transmit to the Speaker of the House of Representatives and the Committees on Armed Services and Foreign Relations of the Senate on the same day a written statement giving a complete explanation with respect to any proposal to sell, under this section or under authority of chapter 2B,⁸² any defense articles or defense services if such sale could have a significant adverse effect on the combat readiness of the Armed Forces of the United States. Each such statement shall be unclassified except to the extent that public disclosure of any item of information contained therein would be clearly detrimental to the security of the United States. Any necessarily classified information shall be confined to a supplemental report. Each such statement shall include an explanation relating to only one such proposal to sell and shall set forth—

(A) the country or international organization to which the sale is proposed to be made;

(B) the amount of the proposed sale;

(C) a description of the defense article or service proposed to be sold;

(D) a full description of the impact which the proposed sale will have on the Armed Forces of the United States; and

(E) a justification for such proposed sale, including a certification that such sale is important to the security of the United States.

⁸²The reference to the authority under chapter 2B was added by sec. 3 of Public Law 97-392 (96 Stat. 1962).

A certification described in subparagraph (E) shall take effect on the date on which such certification is transmitted and shall remain in effect for not to exceed one year.

(2) No delivery may be made under any sale which is required to be reported under paragraph (1) of this subsection unless the certification required to be transmitted by paragraph (E) of paragraph (1) is in effect.

(j)⁸³ * * * [Repealed—1996]

(k)⁸⁴ Before entering into the sale under this Act of defense articles that are excess to the stocks of the Department of Defense, the President shall determine that the sale of such articles will not have an adverse impact on the national technology and industrial base and, particularly, will not reduce the opportunities of entities in the national technology and industrial base to sell new or used equipment to the countries to which such articles are transferred.

(l)⁸⁵ REPAIR OF DEFENSE ARTICLES.—

(1) IN GENERAL.—The President may acquire a repairable defense article from a foreign country or international organization if such defense article—

(B) is not an end item; and

(C) will be exchanged for a defense article of the same type that is in the stocks of the Department of Defense.

(2) LIMITATION.—The President may exercise the authority provided in paragraph (1) only to the extent that the Department of Defense—

(A)(i) has a requirement for the defense article being returned; and

(ii) has available sufficient funds authorized and appropriated for such purpose; or

(B)(i) is accepting the return of the defense article for subsequent transfer to another foreign government or international organization pursuant to a letter of offer and acceptance implemented in accordance with this Act; and

⁸³Sec. 112 of the National Defense Authorization Act for Fiscal Year 1996 (Public Law 104-106; 110 Stat. 206) repealed subsec. (j), originally added by sec. 114 of the National Defense Authorization Act for Fiscal Year 1993 (Public Law 102-484; 106 Stat. 2333). The subsec. read as follows:

“(j) TANK AND INFANTRY VEHICLE UPGRADES.—(1) Funds received from the sale of tanks under this section shall be available for the upgrading of tanks for fielding to the Army.

Interest shall be charged on any net amount by which any such country or international organization is in arrears under all of its outstanding unliquidated dependable undertakings, considered collectively. “Sec. 22. Procurement for Cash Sales.—The President may, without requirement for charge to any appropriation or contract authorization otherwise provided, enter into contracts for the procurement of defense articles or defense services for sale for United States dollars to any friendly country or international organization if such country or international organization provides the United States Government with a dependable undertaking (1) to pay the full amount of such contract which will assure the United States Government against any loss on the contract, and (2) to make funds available in such amounts and at such times as may be required to meet the payments required by the contract, and any damages and costs that may accrue from the cancellation of such contract, in advance of the time such payments, damages, or costs are due: *Provided*, That the President may, when he determines it to be in the national interest accept a dependable undertaking to make full payment within one hundred and twenty days after delivery of the defense articles, or the rendering of the defense services, and appropriations available to the Department of Defense may be used to meet the payments required by the contracts and shall be reimbursed by the amounts subsequently received from the country or international organization: *Provided further*, That the President may, when he determines it to be in the national interest, enter into sales agreements with purchasing countries or international organizations which fix prices to be paid by the purchasing countries or international organizations for the defense articles or defense services ordered. Funds made available under section 31 for financing sales shall be used to reimburse the applicable appropriations in the amounts required by the contracts which exceed the price so fixed, except that such reimbursement shall not be required upon determination by the President that the continued production of the defense article being sold is advantageous to the Armed Forces of the United States. Payments by purchasing countries or international organizations which exceed the amounts required by such contracts shall be transferred to the general fund of the Treasury. To the maximum extent possible, prices fixed under any such sales agreement shall be sufficient to reimburse the United States for the cost of defense articles or defense services ordered. The President shall submit to the Congress promptly a detailed report concerning any fixed-price sales agreement under which the aggregate cost to the United States exceeds the aggregate amount required to be paid by the purchasing country or international organization. No sales of unclassified defense articles shall be made to the government of any economically developed nation under the provisions of this section unless such articles are not generally available for purchase by such nations from commercial sources in the United States: *Provided, however*, That the President may waive the provisions of this sentence when he determines that the waiver of such provisions is in the national interest.”

(b) The President may, if he determines it to be in the national interest, issue letters of offer under this section which provide for billing upon delivery of the defense article or rendering of the defense service and for payment within one hundred and twenty days after the date of billing. This authority may be exercised, however, only if the President also determines that the emergency requirements of the purchaser for acquisition of such defense articles and services exceed the ready availability to the purchaser of funds sufficient to make payments on a dependable undertaking basis and submits both determinations to the Congress together with a special emergency request for authorization and appropriation of additional funds to finance such purchases under this Act.⁸⁹ Appropriations available to the Department of Defense may be used to meet the payments required by the contracts for the procurement of defense articles and defense services and shall be reimbursed by the amounts subsequently received from the country or international organization to whom articles or services are sold.

(c)⁹⁰ The provisions of the Renegotiation Act of 1951 do not apply to procurement contracts, heretofore or hereafter entered into under this section, section 29, or predecessor provisions of law.

¹⁰⁴ Subsec. (c), as amended by the FA Act of 1973 and the FA Act of 1974, was further amended and restated by sec. 104(a) of the International Security and Development Cooperation Act of 1980 (Public Law 96-533; 94 Stat. 3132). It formerly read as follows:

“(c) Funds made available to carry out this Act shall be obligated in an amount equal to 10 per centum of the principal amount of contractual liability related to any guaranty issued under this section, and all the funds so obligated shall constitute a single reserve for the payment of claims under such guaranties. Any funds so obligated which are deobligated from time to time during any current fiscal year as being in excess of the amount necessary to maintain a fractional reserve of 10 per centum in the principal amount of contractual liability under outstanding guaranties shall be transferred to the general fund of the Treasury. Any guaranties issued hereunder shall be backed by the full faith and credit of the United States.”

Sec. 106 (b) and (c) of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 196) amended subsec. (c) by deleting the following text:

“The President shall report promptly to the Congress whenever the payment of a claim under any such guaranty reduces the total amount of funds in the single reserve under this subsection to an amount less than \$750,000,000, together with his recommendations for the authorization of appropriations of additional funds for such reserve.”

It also added the text beginning with “That single reserve” and continued with the following: “Funds authorized to be appropriated by section 31(a) to carry out this Act which are allocated for credits at market rates of interest may be used to pay claims under such guaranties to the extent funds in the Guaranty Reserve Fund are inadequate for that purpose.”

The Supplemental Appropriations Act, 1987 (Public Law 100-71; 101 Stat. 409), deleted this text and replaced it with the present language.

pay claims on the Guaranty Reserve Fund to the extent that funds in the Guaranty Reserve Fund are inadequate for that purpose.

For purposes of any provision in this Act or any other Act relating to a prohibition or limitation on the availability of funds under this Act, whenever a guaranty is issued under this section, the principal amount of the loan so guaranteed shall be deemed to be funds made available for use under this Act. Any guaranties issued hereunder shall be backed by the full faith and credit of the United States.

(2) an estimate of the total amount of sales and licensed commercial exports expected to be made to each foreign nation from the United States;

(3) the United States national security considerations involved in expected sales or licensed commercial exports to each country, an analysis of the relationship between anticipated sales to each country and arms control efforts concerning such country and an analysis of the impact of such anticipated sales on the stability of the region that includes such country;

Sec. 26.¹¹⁵ **Security Assistance**¹¹⁶ **Surveys.**—(a) The Congress finds that surveys prepared by the United States for foreign countries have had a significant impact on subsequent military procurement decisions of those countries. It is the policy of the United States that the results of security assistance¹¹⁶ surveys conducted by the United States clearly do not represent a commitment by the United States to provide any military equipment to any foreign country. Further, recommendations in such surveys should be consistent with the arms export control policy provided for in this Act.

(A) for one or more of the other participants to share with the United States the costs of research on and development, testing, evaluation, or joint production (including follow-on support) of certain defense articles;

(B) for concurrent production in the United States and in another member country of a defense article jointly developed in accordance with subparagraph (A); or

The full costs of such cooperative project shall include overhead costs, administrative costs, and costs

(d) The President may enter into contracts or incur other obligations for a cooperative project on behalf of the other participants, without charge to any appropriation or contract authorization, if each of the other participants in the cooperative project agrees (1) to pay its equitable share of the contract or other obligation, and (2) to make such funds available in such amounts and at such times as may be required by the contract or other obligation and to pay any damages and costs that may accrue from the performance of or cancellation of the contract or other obligation in advance of the time such payments, damages, or costs are due.

(e)(1) For those cooperative projects entered into on or after the effective date of the International Security and Development Cooperation Act of 1985, the President may reduce or waive the charge or charges which would otherwise be considered appropriate under section 21(e) of this Act in connection with sales under sections 21 and 22 of this Act when such sales are made as part of such cooperative project, if the other participants agree to reduce or waive corresponding charges.

(2) Notwithstanding provisions of section 21(e)(1)(A) and section 43(b) of this Act, administrative surcharges shall not be increased on other sales made under this Act in order to compensate for reductions or waivers of such surcharges under this section. Funds received pursuant to such other sales shall not be available to reimburse the costs incurred by the United States Government for which reduction or waiver is approved by the President under this section.

(f) Not less than 30 days before a cooperative project agreement is signed on behalf of the United States, the President shall transmit to the Speaker of the House of Representatives, the chairman of the Committee on Foreign Relations of the Senate, and the chairman of the Committee on Armed Services of the Senate, a numbered certification with respect to such proposed agreement, setting forth—

(h) The authority under this section is in addition to the authority under sections 21 and 22 of this Act and under any other provision of law.

(i)(1) With the approval of the Secretary of State and the Secretary of Defense, a cooperative agreement which was entered into by the United States before the effective date of the amendment to this section made by the International Security and Development Cooperation Act of 1985 and which meets the requirements of this section as so amended may be treated on and after such date as having been made under this section as so amended.

(2) Notwithstanding the amendment made to this section made by the International Security and Development Cooperation Act of 1985, projects entered into under the authority of this section before the effective date of that amendment may be carried through to conclusion in accordance with the terms of this section as in effect immediately before the effective date of that amendment.

(1) Exporting or otherwise providing (by sale, lease or loan, grant, or other means), directly or indirectly, any munitions item to a country described in subsection (d) under the authority of this Act, the Foreign Assistance Act of 1961, or any other law (except as provided in subsection (h)). In implementing this paragraph, the United States Government shall suspend expenditures pursuant to any such assistance obligated before the Secretary of State makes the determination described in subsection (d). The President may authorize expenditures otherwise required to be suspended pursuant to the preceding sentence if the President has determined, and reported to the Congress, that suspension of those expenditures causes undue financial hardship to a supplier, shipper, or similar person and allowing the expenditure will not result in any munitions item being made available for use by such country.

(3) Consenting under section 3(a) of this Act, under section 505(a) of the Foreign Assistance Act of 1961, under the regulations issued to carry out section 38 of this Act, or under any other law (except as provided in subsection (h)), to any transfer

“Sec. 40. Exports to Countries Supporting Acts of International Terrorism.

“(a) PROHIBITION.—Except as provided in subsection (b), items on the United States Munitions List may not be exported to any country which the Secretary of State has determined, for purposes of section 6(j)(1)(A) of the Export Administration Act of 1979 (50 U.S.C. App. 2405(j)(1)(A)), has repeatedly provided support for acts of international terrorism.

“(b) WAIVER.—The President may waive the prohibition contained in subsection (a) in the case of a particular export if the President determines that the export is important to the national interests of the United States and submits to the Congress a report justifying that determination and describing the proposed export. Any such waiver shall expire at the end of 90 days after it is granted unless the Congress enacts a law extending the waiver.”.

of any munitions item to a country described in subsection (d). In implementing this paragraph, the United States Government shall withdraw any such consent, which is in effect at the time the Secretary of State makes the determination described in subsection (d), except that this sentence does not apply with respect to any item that has already been transferred to such country.

(4) Providing any license or other approval under section 38 of this Act for any export or other transfer (including by means of a technical assistance agreement, manufacturing licensing agreement, or coproduction agreement) of any munitions item to a country described in subsection (d). In implementing this paragraph, the United States Government shall suspend any such license or other approval which is in effect at the time the Secretary of State makes the determination described in subsection (d), except that this sentence does not apply with respect to any item that has already been exported or otherwise transferred to such country.

(A) by any department, agency, or other instrumentality of the Government,

(B) by any officer or employee of the Government (including members of the United States Armed Forces), or

(C) by any other person at the request or on behalf of the Government.

The Secretary of State may waive the requirements of the second sentence of paragraph (1), the second sentence of paragraph (3), and the second sentence of paragraph (4) to the extent that the Secretary determines, after consultation with the Congress, that unusual and compelling circumstances require that the United States Government not take the actions specified in that sentence.

(b) PROHIBITED TRANSACTIONS BY UNITED STATES PERSONS.—

(1) IN GENERAL.—A United States person may not take any of the following actions:

(A) Exporting any munitions item to any country described in subsection (d).

(C) Selling, leasing, loaning, granting, or otherwise providing any munitions item to any recipient which is not the government of or a person in a country described in subsection (d) if the United States person has reason to know that the munitions item will be made available to any country described in subsection (d).

(D) Taking any other action which would facilitate the acquisition, directly or indirectly, of any munitions item by the government of any country described in subsection (d), or any person acting on behalf of that government, if the United States person has reason to know that that action will facilitate the acquisition of that item by such a government or person.

(2) LIABILITY FOR ACTIONS OF FOREIGN SUBSIDIARIES, ETC.—A United State person violates this subsection if a corporation or other person that is controlled in fact by that United States person (as determined under regulations, which the President shall issue), takes an action described in paragraph (1) outside the United States.

(3) APPLICABILITY TO ACTIONS OUTSIDE THE UNITED STATES.—Paragraph (1) applies with respect to actions described in that paragraph which are taken either within or outside the United States by a United States person described in subsection (1)(3)(A) or (B). To the extent provided in regulations issued under subsection (1)(3)(D), paragraph (1) applies with respect to actions described in that paragraph which are taken outside the United State by a person designated as a United States person in those regulations.

(1) the acquisition of munitions items by the government of a country described in subsection (d); and

(2) the acquisition of munitions items by any individual, group, or other person within a country described in subsection (d), except to the extent that subparagraph (D) of subsection (b)(1) provides otherwise.

(d)²⁴³ COUNTRIES COVERED BY PROHIBITION.—The prohibitions contained in this section apply with respect to a country if the Secretary of State determines that the government of that country has repeatedly provided support for acts of international terrorism. For purposes of this subsection, such acts shall include all activities that the Secretary determines willfully aid or abet the international proliferation of nuclear explosive devices to individuals or groups,²⁴⁴ willfully aid or abet an individual or groups in acquiring unsafeguarded special nuclear material, or willingly aid or abet the efforts of an individual or group to use, develop, produce, stockpile,

The prohibition under this section with respect to a foreign government shall terminate 12 months after that government ceases to provide such military equipment. This section applies with respect to lethal military equipment provided under a contract entered into after October 1, 1997.

“(b) Assistance restricted by subsection (a) or any other similar provision of law, may be furnished if the President determines that furnishing such assistance is important to the national interests of the United States.

“(c) Whenever the waiver authority of subsection (b) is exercised, the President shall submit to the appropriate congressional committees a report with respect to the furnishing of such assistance. Any such report shall include a detailed explanation of the assistance to be provided, including the estimated dollar amount of such assistance, and an explanation of how the assistance furthers United States national interests.”

A resolution described in paragraph (1) introduced in the Senate shall be referred to the Committee on Appropriations of the Senate. Such a resolution may not be reported before the eighth day after its introduction.

“(5)(A) When the committee to which a resolution is referred has reported, or has been deemed to be discharged (under paragraph (4)) from further consideration of, a resolution described in paragraph (1), notwithstanding any rule or precedent of the Senate, including Rule 22, it is at any time thereafter in order (even though a previous motion to the same effect has been disagreed to) for any Member of the respective House to move to proceed to the consideration of the resolution, and all points of order against the resolution (and against consideration of the resolution) are waived. “(A) The resolution of the House of Representatives shall not be referred to a committee.

“(B) With respect to a resolution described in paragraph (1) of the Senate—

“(i) the procedure in the Senate shall be the same as if no resolution had been received from the House; but

“(ii) the vote on final passage shall be on the resolution of the House.

“(C) Upon disposition of the resolution received from the House, it shall no longer be in order to consider the resolution originated in the Senate.

“(7) If the Senate receives from the House of Representatives a resolution described in paragraph (1) after the Senate has disposed of a Senate originated resolution, the action of the Senate with regard to the disposition of the Senate originated resolution shall be deemed to be the action of the Senate with regard to the House originated resolution.”

²⁵⁴ 22 U.S.C. 2781. Sec. 330 of the Antiterrorism and Effective Death Penalty Act of 1996 (Public Law 104-132; 110 Stat. 1258) added this sec. 40A. Sec. 150(a) of Public Law 104-164 (110 Stat. 1436) also added a sec. 40A, relating to end-use monitoring of defense articles and defense services.

The first list promulgated under this section, in 1997, included Afghanistan and Iraq. Afghanistan was removed from the list in 2002. Iraq was removed from the list in 2003.

²⁵⁵ Sec. 150(a) of Public Law 104-164 (110 Stat. 1436) added chapter 3A.

(B) shall be designed to provide reasonable assurance that—

(i) the recipient is complying with the requirements imposed by the United States Government with respect to use, transfers, and security of defense articles and defense services; and

(ii) such articles and services are being used for the purposes for which they are provided.

(b) CONDUCT OF PROGRAM.—In carrying out the program established under subsection (a), the President shall ensure that the program—

(1) provides for the end-use verification of defense articles and defense services that incorporate sensitive technology, defense articles and defense services that are particularly vulnerable to diversion or other misuse, or defense articles or defense services whose diversion or other misuse could have significant consequences; and

Sec. 42.²⁵⁸ **General Provisions.**—(a)²⁵⁹ In carrying out this Act, special emphasis shall be placed on procurement in the United States, but, subject to the provisions of subsection (b) of this section, consideration shall also be given²⁶⁰ to coproduction or licensed production outside the United States of defense articles of United States origin when such production best serves the foreign policy, national security, and economy of the United States. In evaluating any sale proposed to be made pursuant to this Act, there shall be taken into consideration (A) the extent to which the proposed sale damages or infringes upon licensing arrangements whereby United States entities have granted licenses for the manufacture of the defense articles selected by the purchasing country to entities located in friendly foreign countries, which licenses result in financial returns to the United States,²⁶¹ (B) the portion of the defense articles so manufactured which is of United States origin, and (C)²⁵⁹ whether, and the extent to which, such sale might contribute to an arms race, aid in the development of weapons of mass destruction, support international terrorism, increase the possibility of outbreak or escalation of conflict, or prejudice the development of bilateral or multilateral arms control or nonproliferation agreements or other arrangements.

(b)²⁶² No credit sale shall be extended under section 23, and no guarantee shall be issued under section 24, in any case involving coproduction or licensed,²⁶³ production outside the United States of any defense article of United States origin unless the Secretary of State shall, in advance of any such transaction, advise the appropriate committees of the Congress and furnish the Speaker of the House of Representatives and the President of the Senate with full information regarding the proposed transaction, including, but not limited to, a description of the particular defense article or articles which would be produced under license or coproduced outside the United States, the estimated value of such production or coproduc-

(2)(A) Each export license issued under section 38 of this Act shall provide that such license may be revoked, suspended, or amended by the Secretary of State, without prior notice, whenever the Secretary deems such action to be advisable.

(B) Nothing in this paragraph may be construed as limiting the regulatory authority of the President under this Act.

(3) There are authorized to be appropriated from time to time such sums as may be necessary (A) to refund moneys received from purchasers under contracts of sale entered into under sections 21, 22, 29, and 30²⁶⁴ of this Act, or under contracts entered into under sec. 27(d) of this Act,²⁶⁶ that are canceled or suspended under this subsection to the extent such moneys have previously been disbursed to private contractors and United States Government agencies for work in progress, and (B) to pay such damages and costs that accrue from the corresponding cancellation or suspension of the existing procurement contracts or United States Government agency work orders involved.

(3)²⁹⁵ the President first considers the effects of the lease of the articles on the national technology and industrial base, particularly the extent, if any, to which the lease reduces the opportunities of entities in the national technology and industrial base to sell new equipment to the country or countries to which the articles are leased; and

(4)²⁹⁵ the country or international organization has agreed to pay in United States dollars all costs incurred by the United States Government in leasing such articles, including reimbursement for depreciation of such articles while leased, the costs of restoration or replacement if the articles are damaged

²⁹² Formerly at 22 U.S.C. 2795b. Sec. 145(a) of Public Law 104-164 (110 Stat. 1434) repealed sec. 53, which had required the President to file an annual comprehensive report on acquisitions of defense articles and defense services under this chapter.

²⁹³ Chapter 6 was added by sec. 109(a) of the International Security and Development Cooperation Act of 1981 (Public Law 97-113; 95 Stat. 1524). Sec. 1003(b) of Public Law 100-456 revised the title of chapter 6. It formerly read “Leases of Defense Articles”.

(B) in the event the United States does not intend to replace the articles lost or destroyed, an amount not less than the actual value (less any depreciation in the value) specified in the lease agreement.

The requirement of paragraph (4)²⁹⁵ shall not apply to leases entered into for purposes of cooperative research or development, military exercises, or communications or electronics interface projects.²⁹⁷ The President may waive the requirement of paragraph (4) for reimbursement of depreciation for any defense article which has passed three-quarters of its normal service life if the President determines that to do so is important to the national security interest of the United States.²⁹⁸

²⁹⁹ The President may waive the requirement of paragraph (4)²⁹⁵ with respect to a lease which is made in exchange with the lessee for a lease on substantially reciprocal terms of defense articles for the Department of Defense, except that this waiver authority—

(A) may be exercised only if the President submits to the Committee on Foreign Affairs³⁰⁰ and the Committee on Appropriations of the House of Representatives and the Committee on Foreign Relations and the Committee on Appropriations of the Senate, in accordance with the regular notification procedures of those Committees, a detailed notification for each lease with respect to which the authority is exercised; and

(B) may be exercised only during the current fiscal year³⁰¹ and only with respect to one country, unless the Congress hereafter provides otherwise.

²⁹⁶Sec. 146 of Public Law 104-164 (110 Stat. 1434) struck out “and the replacement cost (less any depreciation in the value) of the articles if the articles are lost or destroyed while leased.” and inserted in lieu thereof “and, if the articles are lost or destroyed while leased—” and subparas. (A) and (B).

²⁹⁷Sec. 153(a)(1) of Public Law 104-164 (110 Stat. 1440) struck out “, or to any defense article which has passed three-quarters of its normal service life” at the end of the second sentence of sec. 61(a).

²⁹⁸Sec. 153(a)(2) of Public Law 104-164 (110 Stat. 1440) added this sentence. Sec. 153(b) of that Act (22 U.S.C. 2796 note) further provided: “The third sentence of section 61(a) of the Arms Export Control Act, as added by subsection (a)(2), shall apply only with respect to a defense article leased on or after the date of the enactment of this Act.”

²⁹⁹The words from this point to the end of subsec. (a) were added by sec. 147 of the Continuing Appropriations Act for Fiscal Year 1987 (Public Law 99-591; 100 Stat. 3341-354).

If executed literally, the amended text would read “during the fiscal year the current fiscal year”. It is interpreted to intend to read “the current fiscal year”.

Sec. 73.^{331, 333} **Transfers of Missile Equipment or Technology by Foreign Persons.**

(a) SANCTIONS.—(1)³³⁴ Subject to subsections (c) through (g), if the President determines that a foreign person, after the date of the enactment of this chapter, knowingly—

(A) exports, transfers, or otherwise engages in the trade of any MTCR equipment or technology that contributes to the acquisition,³³⁵ design, development, or production of missiles in a country that is not an MTCR adherent and would be, if it were United States-origin equipment or technology, subject to the jurisdiction of the United States under this Act,

(B) conspires to or attempts to engage in such export, transfer, or trade, or

(C) facilitates such export, transfer, or trade by any other person,

or if the President has made a determination with respect to a foreign person under section 11B(b)(1) of the Export Administration Act of 1979, then the President shall impose on that foreign person the applicable sanctions under paragraph (2).

(2) The sanctions which apply to a foreign person under paragraph (1) are the following:

(A)³³⁴ If the item involved in the export, transfer, or trade is within category II of the MTCR Annex, then the President shall deny, for a period of 2 years—

(i) United States Government contracts relating to missile equipment or technology; and

(ii) licenses for the transfer to such foreign person of missile equipment or technology controlled under this Act.

(B) If the item involved in the export, transfer, or trade is within category I of the MTCR Annex, then the President shall deny, for a period of not less than 2 years—

³³³ 22 U.S.C. 2797b.

³³⁴ On May 19, 2003, the State Department determined that entities in Moldova had engaged in missile technology proliferation activities in violation of this section (Department of State Public Notice 4374; 68 F.R. 31740).

On August 20, 2002, the State Department determined that the terms of sec. 73 had been violated, by concluded “that publication of the determination would be harmful to the national security of the United States.” (Department of State Public Notice 4107 of August 20, 2002; 67 F.R. 54693). A similar determination was issued on March 27, 2003 (Public Notice 4325; 68 F.R. 16113).

On August 16, 2002, the State Department determined that Changgwang Sinyong Corporation of North Korea was in violation of this section (Department of State Public Notice 4106; 67 F.R. 54693). On April 2, 2003, another determination was made against this entity (Public Notice 4326; 68 F.R. 16113).

³³⁵ Sec. 323(a) of the Foreign Relations Authorization Act, Fiscal Years 1992 and 1993 (Public Law 102-138; 105 Stat. 711), inserted “acquisition.”

- (i) all United States Government contracts with such foreign person; and
 - (ii) licenses for the transfer to such foreign person of all items on the United States Munitions List.
- (C) If, in addition to actions taken under subparagraphs (A) and (B), the President determines that the export, transfer, or trade has substantially contributed to the design, development, or production of missiles in a country that is not an MTCR adherent, then the President shall prohibit, for a period of not less than 2 years, the importation into the United States of products produced by that foreign person.
- (b) ³³⁶ INAPPLICABILITY WITH RESPECT TO MTCR ADHERENTS.—
- (1) IN GENERAL.—Except as provided in paragraph (2), subsection (a) does not apply with respect to—
 - (A) any export, transfer, or trading activity that is authorized by the laws of an MTCR adherent, if such authorization is not obtained by misrepresentation or fraud; or
 - (B) any export, transfer, or trade of an item to an end user in a country that is an MTCR adherent.
 - (2) ³³⁶ LIMITATION.—Notwithstanding paragraph (1), subsection (a) shall apply to an entity subordinate to a government that engages in exports or transfers described in section 498A(b)(3)(A) of the Foreign Assistance Act of 1961 (22 U.S.C. 2295a(b)(3)(A)).
- (c) EFFECT OF ENFORCEMENT ACTIONS BY MTCR ADHERENTS.—Sanctions set forth in subsection (a) may not be imposed under this section on a person with respect to acts described in such subsection or, if such sanctions are in effect against a person on account of such acts, such sanctions shall be terminated, if an MTCR adherent is taking judicial or other enforcement action against that person with respect to such acts, or that person has been found by the government of an MTCR adherent to be innocent of wrongdoing with respect to such acts, and if the President certifies to the Committee on Foreign Relations of the Senate and the Committee on International Relations of the House of Representatives that—
- (1) for any judicial or other enforcement action taken by the MTCR adherent, such action has—
 - (A) been comprehensive; and
 - (B) been performed to the satisfaction of the United States; and
 - (2) with respect to any finding of innocence of wrongdoing, the United States is satisfied with the basis for such finding.³³⁷

³³⁶Sec. 1136(b) of the Arms Control and Nonproliferation Act of 1999 (title XI of the Admiral James W. Nance and Meg Donovan Foreign Relations Authorization Act, Fiscal Years 2000 and 2001 (H.R. 3427, enacted by reference in sec. 1000(a)(7) of Public Law 106-113; 113 Stat. 1536): (1) redesignated paras. (1) and (2) as subparas. (A) and (B), respectively; (2) struck out “Subsection (a)” and inserted in lieu thereof “(1) IN GENERAL.—Except as provided in paragraph (2), subsection (a)” at the beginning of subsec. (b); and (3) added para. (2).

³³⁷Sec. 1136(c) of the Arms Control and Nonproliferation Act of 1999 (title XI of the Admiral James W. Nance and Meg Donovan Foreign Relations Authorization Act, Fiscal Years 2000 and 2001 (H.R. 3427, enacted by reference in sec. 1000(a)(7) of Public Law 106-113; 113 Stat. 1536) added text beginning at “and if the President certifies”.

(d) **ADVISORY OPINIONS.**—The Secretary of State, in consultation with the Secretary of Defense and the Secretary of Commerce,³³⁸ may, upon the request of any person, issue an advisory opinion to that person as to whether a proposed activity by that person would subject that person to sanctions under this section. Any person who relies in good faith on such an advisory opinion which states that the proposed activity would not subject a person to such sanctions, and any person who thereafter engages in such activity, may not be made subject to such sanctions on account of such activity.

(e) **WAIVER AND REPORT TO CONGRESS.**—(1) In any case other than one in which an advisory opinion has been issued under subsection (d) stating that a proposed activity would not subject a person to sanctions under this section, the President may waive the application of subsection (a) to a foreign person if the President determines that such waiver is essential to the national security of the United States.

(2) In the event that the President decides to apply the waiver described in paragraph (1), the President shall so notify the Committee on Armed Services and the Committee on Foreign Relations of the Senate and the Committee on National Security and the Committee on International Relations of the House of Representatives³³⁹ not less than 45 working days³³⁹ before issuing the waiver. Such notification shall include a report fully articulating the rationale and circumstances which led the President to apply the waiver.

(f)³⁴⁰ **PRESUMPTION.**—In determining whether to apply sanctions under subsection (a) to a foreign person involved in the export, transfer, or trade of an item on the MTCR Annex, it should be a rebuttable presumption that such item is designed for use in a missile listed in the MTCR Annex if the President determines that the final destination of the item is a country the government of which the Secretary of State has determined, for purposes of 6(j)(1)(A) of the Export Administration Act of 1979, has repeatedly provided support for acts of international terrorism.

(g)³⁴⁰ **ADDITIONAL WAIVER.**—The President may waive the imposition of sanctions under paragraph (1) on a person with respect to a product or service if the President certifies to the Congress that—

(1) the product or service is essential to the national security of the United States; and

³³⁸Sec. 1225(a)(8) of the Foreign Affairs Agencies Consolidation Act of 1998 (division G, subdivision A of Public Law 105-277; 112 Stat. 2681) struck out “, the Secretary of Commerce, and the Director of the United States Arms Control and Disarmament Agency” and inserted in lieu thereof “and the Secretary of Commerce”. Previously, sec. 714(a)(7) of the Foreign Relations Authorization Act, Fiscal Years 1994 and 1995 (Public Law 103-236; 108 Stat. 497), made such an amendment in the reverse.

³³⁹Sec. 1408(d) of the National Defense Authorization Act for Fiscal Year 1996 (Public Law 104-106; 110 Stat. 494) (1) struck out “the Congress” and inserted in lieu thereof “the Committee on Armed Services and the Committee on Foreign Relations of the Senate and the Committee on National Security and the Committee on International Relations of the House of Representatives”; and (2) struck out “20 working days” and inserted in lieu thereof “45 working days”.

The House Committee on National Security reverted back to its former name, Committee on Armed Services, in the 106th Congress. No legislation, however, was enacted to universally amend reference to that committee in Public Law. Sec. 1067 of the National Defense Authorization Act for Fiscal Year 2000 (Public Law 106-65; 113 Stat. 774) did make such a change in specific pieces of legislation and 10 United States Code.

³⁴⁰Sec. 734(b) of the Foreign Relations Authorization Act, Fiscal Years 1994 and 1995 (Public Law 103-236; 108 Stat. 505), redesignated subsecs. (f) and (g) as subsecs. (g) and (h), and added a new subsec. (f).

(2) such person is a sole source supplier of the product or service, the product or service is not available from any alternative reliable supplier, and the need for the product or service cannot be met in a timely manner by improved manufacturing processes or technological developments.

(h)³⁴⁰ EXCEPTIONS.—The President shall not apply the sanction under this section prohibiting the importation of the products of a foreign person—

(1) in the case of procurement of defense articles or defense services—

(A) under existing contracts or subcontracts, including the exercise of options for production quantities to satisfy requirements essential to the national security of the United States;

(B) if the President determines that the person to which the sanctions would be applied is a sole source supplier of the defense articles and services, that the defense articles or services are essential to the national security of the United States, and that alternative sources are not readily or reasonably available; or

(C) if the President determines that such articles or services are essential to the national security of the United States under defense coproduction agreements or NATO Programs of Cooperation;

(2) to products or services provided under contracts entered into before the date on which the President publishes his intention to impose the sanctions; or

(3) to—

(A) spare parts,

(B) component parts, but not finished products, essential to United States products or production,

(C) routine services and maintenance of products, to the extent that alternative sources are not readily or reasonably available, or

(D) information and technology essential to United States products or production.

SEC. 73A.³⁴¹ NOTIFICATION OF ADMITTANCE OF MTCR ADHERENTS.

(a)³⁴² POLICY REPORT.—Following any action by the United States that results in a country becoming a MTCR adherent, the President shall transmit promptly to the Congress a report which describes the rationale for such action, together with an assessment of that country's nonproliferation policies, practices, and commitments. Such report shall also include the text of any agreements or understandings between the United States and such

Functions in this section are delegated to the Under Secretary of State for International Security Affairs (Department of State Public Notice 2086; Delegation of Authority No. 214; 59 F.R. 50790).

(b).

country regarding the terms and conditions of the country's adherence to the MTCR.

(b)³⁴² INTELLIGENCE ASSESSMENT REPORT.—At such times that a report is transmitted pursuant to subsection (a), the Director of Central Intelligence shall promptly prepare and submit to the Congress a separate report containing any credible information indicating that the country described in subsection (a) has engaged in any activity identified under subparagraph (A), (B), or (C) of section 73(a)(1) within the previous two years.

CHAPTER 8—CHEMICAL OR BIOLOGICAL WEAPONS PROLIFERATION³⁴⁸

SEC. 81.^{349, 350} SANCTIONS AGAINST CERTAIN FOREIGN PERSONS.

(a) IMPOSITION OF SANCTIONS.—

³⁴⁶ Popularly referred to as the Helms amendment. Sec. 323(b) of the Foreign Relations Authorization Act, Fiscal Years 1992 and 1993 (Public Law 102-138; 105 Stat. 711), struck out “countries where it may be impossible to identify a specific governmental entity referred to in subparagraph (A)” and inserted in lieu thereof “countries with non-market economies (excluding former members of the Warsaw Pact)”.

³⁴⁷ Sec. 323(c) of the Foreign Relations Authorization Act, Fiscal Years 1992 and 1993 (Public Law 102-138; 105 Stat. 711), struck out “aircraft, electronics, and space systems or equipment” and inserted in lieu thereof “electronics, space systems or equipment, and military aircraft”.

³⁴⁸ Two forms of the Chemical and Biological Weapons Control and Warfare Elimination Act of 1991 were enacted in 1991. Sec. 505(b) of the first Chemical and Biological Weapons Control and Warfare Elimination Act of 1991 (title V of the Foreign Relations Authorization Act, Fiscal Years 1992 and 1993; Public Law 102-138; 105 Stat. 727) added chapter 8, sec. 81.

Subsequently, sec. 309(a) of the second Chemical and Biological Weapons Control and Warfare Elimination Act of 1991 (title III of Public Law 102-182; 105 Stat. 1245) repealed title V of the Foreign Relations Authorization Act, Fiscal Years 1992 and 1993 (the first Chemical and Biological Weapons Control and Warfare Elimination Act), and all amendments made therein.

³⁴⁹ 22 U.S.C. 2798.

(1) DETERMINATION BY THE PRESIDENT.—Except as provided in subsection (b)(2), the President shall impose both of the sanctions described in subsection (c) if the President determines that a foreign person, on or after the date of the enactment of this section,³⁵¹ has knowingly and materially contributed—

(A) through the export from the United States of any goods or technology that are subject to the jurisdiction of the United States,

(B) through the export from any other country of any goods or technology that would be, if they were United States goods or technology, subject to the jurisdiction of the United States, or

(C) through any other transaction not subject to sanctions pursuant to the Export Administration Act of 1979, to the efforts by any foreign country, project, or entity described in paragraph (2) to use, develop, produce, stockpile, or otherwise acquire chemical or biological weapons.

(2) COUNTRIES, PROJECTS, OR ENTITIES RECEIVING ASSISTANCE.—Paragraph (1) applies in the case of—

(A) any foreign country that the President determines has, at any time after January 1, 1980—

(i) used chemical or biological weapons in violation of international law;

(ii) used lethal chemical or biological weapons against its own nationals; or

(iii) made substantial preparations to engage in the activities described in clause (i) or (ii);

(B) any foreign country whose government is determined for purposes of section 6(j) of the Export Administration

“Section 1. *Chemical and Biological Weapons Proliferation and Use Sanctions.* (a) *Chemical and Biological Weapons Proliferation.* The authority and duties vested in me by section 81 of the Arms Export Control Act, as amended (‘AECA’) (22 U.S.C. 2798), and section 11C of the Export Administration Act of 1979, as amended (‘EAA’) (50 U.S.C. App. 2410c), are delegated to the Secretary of State, except that:

“(1) The authority and duties vested in me to deny certain United States Government contracts, as provided in section 81(c)(1)(A) of the AECA and section 11C(c)(1)(A) of the EAA, pursuant to a determination made by the Secretary of State under section 81(a)(1) of the AECA or section 11C(a)(1) of the EAA, as well as the authority and duties vested in me to make the determinations provided for in section 81(c)(2) of the AECA and section 11C(c)(2) of the EAA are delegated to the Secretary of Defense. The Secretary of Defense shall notify the Secretary of the Treasury of determinations made pursuant to section 81(c)(2) of the AECA and section 11(c)(2) of the EAA.

“(2) The authority and duties vested in me to prohibit certain imports as provided in section 81(c)(1)(B) of the AECA and section 11C(c)(1)(B) of the EAA, pursuant to a determination made by the Secretary of State under section 81(a)(1) of the AECA or section 11C(a)(1) of the EAA, and the obligation to implement the exceptions provided in section 81(c)(2) of the AECA and section 11C(c)(2) of the EAA, insofar as the exceptions affect imports of goods into the United States, are delegated to the Secretary of the Treasury.”

On February 4, 2003, the Department of State determined that entities of Indian origin had engaged in proliferation activities that were in violation of sec. 81 of this Act and the Export Administration Act (Department of State Public Notice 4280; 68 F.R. 8068).

On July 19, 2002, the Department of State determined that numerous entities in China and one of Indian origin had engaged in proliferation activities that were in violation of sec. 81 of this Act, the Export Administration Act, and the Iran-Iraq Arms Nonproliferation Act of 1992 (Department of State Public Notice 4071; 67 F.R. 48696).

³⁵¹ Sec. 309(a)(2) of Public Law 102-182 (105 Stat. 1258) provides that “the ‘date of the enactment of this section’ * * * shall be deemed to refer to the date of the enactment of the Foreign Relations Authorization Act, Fiscal Years 1992 and 1993 (Public Law 102-138)”, which was enacted on October 28, 1991.

(b) CONSULTATIONS WITH AND ACTIONS BY FOREIGN GOVERNMENT OF JURISDICTION.—

(2) ACTIONS BY GOVERNMENT OF JURISDICTION.—In order to pursue such consultations with that government, the President may delay imposition of sanctions pursuant to this section for a period of up to 90 days. Following these consultations, the President shall impose sanctions unless the President determines and certifies to the Congress that that government has taken specific and effective actions, including appropriate penalties, to terminate the involvement of the foreign person in the activities described in subsection (a)(1). The President may delay imposition of sanctions for an additional period of up to 90 days if the President determines and certifies to the Congress that that government is in the process of taking the actions described in the preceding sentence.

(3) REPORT TO CONGRESS.—The President shall report to the Congress, not later than 90 days after making a determination under subsection (a)(1), on the status of consultations with the appropriate government under this subsection, and the basis for any determination under paragraph (2) of this subsection that such government has taken specific corrective actions.

(c) SANCTIONS.—

(1) DESCRIPTION OF SANCTIONS.—The sanctions to be imposed pursuant to subsection (a)(1) are, except as provided in paragraph (2) of this subsection, the following:

(A) PROCUREMENT SANCTION.—The United States Government shall not procure, or enter into any contract for

- (A) in the case of procurement of defense articles or defense services—
- (i) under existing contracts or subcontracts, including the exercise of options for production quantities to satisfy United States operational military requirements;
- (ii) if the President determines that the person or other entity to which the sanctions would otherwise be applied is a sole source supplier of the defense articles or services, that the defense articles or services are essential, and that alternative sources are not readily or reasonably available; or
- (iii) if the President determines that such articles or services are essential to the national security under defense coproduction agreements;
- (B) to products or services provided under contracts entered into before the date on which the President publishes his intention to impose sanctions;

- (E) to medical or other humanitarian items.
- (d) TERMINATION OF SANCTIONS.—The sanctions imposed pursuant to this section shall apply for a period of at least 12 months following the imposition of sanctions and shall cease to apply thereafter only if the President determines and certifies to the Congress that reliable information indicates that the foreign person with respect to which the determination was made under subsection (a)(1) has ceased to aid or abet any foreign government, project, or entity in its efforts to acquire chemical or biological weapons capability as described in that subsection.
- (e) WAIVER.—
- (1) CRITERION FOR WAIVER.—The President may waive the application of any sanction imposed on any person pursuant to this section, after the end of the 12-month period beginning on the date on which that sanction was imposed on that person, if the President determines and certifies to the Congress that such waiver is important to the national security interests of the United States.
- (2) NOTIFICATION OF AND REPORT TO CONGRESS.—If the President decides to exercise the waiver authority provided in para-

graph (1), the President shall so notify the Congress not less than 20 days before the waiver takes effect. Such notification shall include a report fully articulating the rationale and circumstances which led the President to exercise the waiver authority.

(f) DEFINITION OF FOREIGN PERSON.—For the purposes of this section, the term “foreign person” means—

- (1) an individual who is not a citizen of the United States or an alien admitted for permanent residence to the United States; or

In support of that determination, the Department of State issued Public Notice 2825 (63 F.R. 27781; May 15, 1998), to revoke all “licenses and other approvals to export or otherwise transfer defense articles and defense services from the United States to India, or transfer U.S. origin defense articles and defense services from a foreign destination to India, or temporarily import defense articles from India pursuant to Section 38 of the Arms Export Control Act * * *”

On May 30, 1998, the President determined “that Pakistan, a non-nuclear-weapon state, detonated a nuclear explosive device on May 28, 1998. The relevant agencies and instrumentalities of the United States Government are hereby directed to take the necessary actions to impose the sanctions described in section 102(b)(2) * * *” (Presidential Determination 98-25 of May 30, 1998; 63 F.R. 31881). In support of that determination, the Department of State issued Public Notice 2835 (63 F.R. 33122; May 30, 1998), to revoke all “licenses and other approvals to export or otherwise transfer defense articles and defense services from the United States to Pakistan, or transfer U.S. origin defense articles and defense services from a foreign destination to Pakistan, or temporarily import defense articles from Pakistan pursuant to Section 38 of the Arms Export Control Act * * *”

The India-Pakistan Relief Act, enacted as title IX of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 1999 (division A, sec. 101(a) of Public Law 105-277; 112 Stat. 2681), however, authorized the President to waive the application of sanctions against India and Pakistan for one year. The President issued such a determination as referred to in sec. 902 of the India-Pakistan Relief Act on December 1, 1998, that provided: “I hereby waive until October 21, 1999, the sanctions and prohibitions contained in section 101 and 102 of the Arms Export Control Act, section 620E(e) of the Foreign Assistance Act of 1961, and section 2(b)(4) of the Export-Import Bank Act of 1945, insofar as such sanctions and prohibitions would otherwise apply to activities of the Export-Import Bank, the Overseas Private Investment Corporation, and the Trade and Development Agency with respect to Pakistan and India; assistance to Pakistan and India under the International Military Education and Training program; the making of any loan or financial or technical assistance to Pakistan by any international financial institution in support of the assistance program that Pakistan is negotiating with the International Monetary Fund.” (Presidential Determination No. 99-7; *Weekly Compilation of Presidential Documents*, vol. 34, no. 49, December 7, 1998, p. 2402).

The President extended the waiver on September 30, 1999 (Presidential Determination No. 99-44; 64 F.R. 54503).

In 1999, the President exercised authority pursuant to the India-Pakistan Relief Act of 1998 in Presidential Determination No. 99-38 of September 21, 1999 (64 F.R. 53573); Presidential Determination No. 99-44 of September 30, 1999 (64 F.R. 54503); and Presidential Determination No. 2000-4 of October 27, 1999 (64 F.R. 60649).

Title IX of the Department of Defense Appropriations Act, 2000 (Public Law 106-79; 113 Stat. 1283) repealed the India-Pakistan Relief Act, effective October 21, 1999. In its place, title IX of that Act, as amended, provided the following:

- (B) is a non-nuclear-weapon state and either—
 - (i) receives a nuclear explosive device, or

“(b) EXCEPTION.—The authority to waive the application of a sanction or prohibition (or portion thereof) under subsection (a) shall not apply with respect to a sanction or prohibition contained in subparagraph (B), (C), or (G) of section 102(b)(2) of the Arms Export Control Act, unless the President determines, and so certifies to the Congress, that the application of the restriction would not be in the national security interests of the United States.

“(c) TERMINATION OF WAIVER.—The President may not exercise the authority of subsection (a), and any waiver previously issued under subsection (a) shall cease to apply, with respect to India or Pakistan, if that country detonates a nuclear explosive device after the date of the enactment of this Act or otherwise takes such action which would cause the President to report pursuant to section 102(b)(1) of the Arms Export Control Act.

“(d) TARGETED SANCTIONS.—

“(1) SENSE OF THE CONGRESS.—

“(A) it is the sense of the Congress that the broad application of export controls to nearly 300 Indian and Pakistani entities is inconsistent with the specific national security interests of the United States and that this control list requires refinement; and

“(B) export controls should be applied only to those Indian and Pakistani entities that make direct and material contributions to weapons of mass destruction and missile programs and only to those items that can contribute to such programs.

“(2) REPORTING REQUIREMENT.—Not later than 60 days after the date of the enactment of this Act, the President shall submit both a classified and unclassified report to the appropriate congressional committees listing those Indian and Pakistani entities whose activities contribute to missile programs or weapons of mass destruction programs.

“(e) CONGRESSIONAL NOTIFICATION.—The issuance of a license for export of a defense article, defense service, or technology under the authority of this section shall be subject to the same requirements as are applicable to the export of items described in section 36(c) of the Arms Export Control Act (22 U.S.C. 2776(c)), including the transmittal of information and the application of congressional review procedures. The application of these requirements shall be subject to the dollar amount thresholds specified in that section.

“(f) REPEAL.—The India-Pakistan Relief Act (title IX of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 1999, as contained in section 101(a) of Public Law 105-277) is repealed effective October 21, 1999.”

The President waived the application of sanctions under the new law on October 27, 1999 (Presidential Determination No. 2000-4; 64 F.R. 60649), to the following extent:

“(1) with respect to India, insofar as such sanctions would otherwise apply to activities of the Export-Import Bank, the Overseas Private Investment Corporation, and the Trade and Development Agency; assistance under the ‘International Military Education and Training’ program; the making of any loan or the providing of any credit to the Government of India by any U.S. bank; assistance to the Asian elephant Conservation Fund, the Rhinoceros and Tiger conservation Fund, and the Indo-American Environmental Leadership program; and any credit, credit guarantee, or other financial assistance provided by the Department of Agriculture to support the purchase of food or other agricultural commodity; and

“(2) with respect to Pakistan, insofar as such sanctions would otherwise apply to any credit, credit guarantee, or other financial assistance provided by the Department of Agriculture to support the purchase of food or other agricultural commodity; and the making of any loan or the providing of any credit to the Government of Pakistan by any U.S. bank.” (Presidential Determination No. 2000-4; October 27, 1999; 64 F.R. 60649).

The President and executive branch agencies subsequently waived or adjusted sanctions against particular Indian and Pakistani entities: see Presidential Determination No. 2000-18 (March 18, 2000; 65 F.R. 16297); Bureau of Export Administration, 15 CFR Part 744 (March 17, 2000; 65 F.R. 14444); and Presidential Determination No. 2001-11 (January 19, 2001; 66 F.R. 8503).

On September 22, 2001, the President lifted all nuclear test-related sanctions against India and Pakistan, under the authority granted him in the Defense Appropriations Act, FY 2000 (Presidential Determination No. 2001-28; 66 F.R. 50095).

On October 27, 2001, the President signed Public Law 107-57 (115 Stat. 403), authorizing the waiver of remaining sanctions imposed against Pakistan for debt arrearage and the military overthrow of its democratically elected government. This authority remains available through fiscal year 2003.

(ii) to medicines, medical equipment, and³⁶⁹ humanitarian assistance, or³⁶⁸

(iii)³⁶⁸ to any credit, credit guarantee, or financial assistance provided by the Department of Agriculture to support the purchase of food or other agricultural commodity.

³⁶⁸Sec. 2(a) of the Agriculture Export Relief Act of 1998 (Public Law 105-194; 112 Stat. 627) struck out “or” at the end of clause (i); struck out a period at the end of clause (ii) and inserted in lieu thereof “, or”; and added clause (iii). Subsecs. (d) and (e) of that section further provided:

“(d) APPLICATION OF AMENDMENTS.—The amendment made by subsection (a)(3) shall apply to any credit, credit guarantee, or other financial assistance provided by the Department of Agriculture before, on, or after the date of enactment of this Act through September 30, 1999.

In the case of the amendment made by subsection (a)(3), any sanction imposed under section 102(b)(1) of the Arms Export Control Act before the date of the enactment of this Act shall not be in effect during the period beginning on that date and ending on September 30, 1999, with respect to the activities and items described in the amendment.”

³⁶⁹Sec. 2(c) of the Agriculture Export Relief Act of 1998 (Public Law 105-194; 112 Stat. 627) inserted “medicines, medical equipment, and” after “to”. Subsec. (e) of that section further provided:

In the case of the amendment made by subsection (a)(3), any sanction imposed under section 102(b)(1) of the Arms Export Control Act before the date of the enactment of this Act shall not be in effect during the period beginning on that date and ending on September 30, 1999, with respect to the activities and items described in the amendment.”

(E) The United States Government shall oppose, in accordance with section 701 of the International Financial Institutions Act (22 U.S.C. 262d), the extension of any loan or financial or technical assistance to that country by any international financial institution.

(F) The United States Government shall prohibit any United States bank from making any loan or providing any credit to the government of that country, except for loans or credits for the purpose of purchasing food or other agricultural commodities, which includes fertilizer.³⁷⁰

(G) The authorities of section 6 of the Export Administration Act of 1979 shall be used to prohibit exports to that country of specific goods and technology (excluding food and other agricultural commodities), except that such prohibition shall not apply to any transaction subject to the reporting requirements of title V of the National Security Act of 1947 (relating to congressional oversight of intelligence activities).

(3) As used in this subsection—

(A) the term “design information” means specific information that relates to the design of a nuclear explosive device and that is not available to the public; and

(B) the term “component” means a specific component of a nuclear explosive device.

(4)(A) Notwithstanding paragraph (1) of this subsection, the President may, for a period of not more than 30 days of continuous session, delay the imposition of sanctions which would otherwise be required under paragraph (1)(A) or (1)(B) of this subsection if the President first transmits to the Speaker of the House of Representatives, and to the chairman of the Committee on Foreign Relations of the Senate, a certification that he has determined that an immediate imposition of sanctions on that country would be detrimental to the national security of the United States. Not more than one such certification may be transmitted for a country with respect to the same detonation, transfer, or receipt of a nuclear explosive device.

(B) If the President transmits a certification to the Congress under subparagraph (A), a joint resolution which would permit the President to exercise the waiver authority of paragraph (5) of this subsection shall, if introduced in either House within thirty days of continuous session after the Congress receives this certification, be considered in the Senate in accordance with subparagraph (C) of this paragraph.

(C) Any joint resolution under this paragraph shall be considered in the Senate in accordance with the provisions of section 601(b) of the International Security Assistance and Arms Export Control Act of 1976.

³⁷⁰Sec. 2(b) of the Agriculture Export Relief Act of 1998 (Public Law 105-194; 112 Stat. 627) struck out the period at the end of subpara. (F) and inserted in lieu thereof “, which includes fertilizer.” Subsec. (e) of that section also provided the following:

“(e) EFFECT ON EXISTING SANCTIONS.—Any sanction imposed under section 102(b)(1) of the Arms Export Control Act before the date of the enactment of this Act shall cease to apply upon that date with respect to the items described in the amendments made by subsections (b) and (c). In the case of the amendment made by subsection (a)(3), any sanction imposed under section 102(b)(1) of the Arms Export Control Act before the date of the enactment of this Act shall not be in effect during the period beginning on that date and ending on September 30, 1999, with respect to the activities and items described in the amendment.”

(D) For purposes of this paragraph, the term “joint resolution” means a joint resolution the matter after the resolving clause of which is as follows: “That the Congress having received on ___ a certification by the President under section 102(b)(4) of the Arms Export Control Act with respect to ___, the Congress hereby authorizes the President to exercise the waiver authority contained in section 102(b)(5) of that Act.”, with the date of receipt of the certification inserted in the first blank and the name of the country inserted in the second blank.

(5) Notwithstanding paragraph (1) of this subsection, if the Congress enacts a joint resolution under paragraph (4) of this subsection, the President may waive any sanction which would otherwise be required under paragraph (1)(A) or (1)(B) if he determines and certifies in writing to the Speaker of the House of Representatives and the Committee on Foreign Relations of the Senate that the imposition of such sanction would be seriously prejudicial to the achievement of United States nonproliferation objectives or otherwise jeopardize the common defense and security. The President shall transmit with such certification a statement setting forth the specific reasons therefor.

(6)(A) In the event the President is required to impose sanctions against a country under paragraph (1)(C) or (1)(D), the President shall forthwith so inform such country and shall impose the required sanctions beginning 30 days after submitting to the Congress the report required by paragraph (1) unless, and to the extent that, there is enacted during the 30-day period a law prohibiting the imposition of such sanctions.

(B) Notwithstanding any other provision of law, the sanctions which are required to be imposed against a country under paragraph (1)(C) or (1)(D) shall not apply if the President determines and certifies in writing to the Committee on Foreign Relations and the Committee on Governmental Affairs of the Senate and the Committee on Foreign Affairs³⁷¹ of the House of Representatives that the application of such sanctions against such country would have a serious adverse effect on vital United States interests. The President shall transmit with such certification a statement setting forth the specific reasons therefor.

(7) For purposes of this subsection, continuity of session is broken only by an adjournment of Congress sine die and the days on which either House is not in session because of an adjournment of more than three days to a day certain are excluded in the computation of any period of time in which Congress is in continuous session.

(8) The President may not delegate or transfer his power, authority, or discretion to make or modify determinations under this subsection.

(c) NON-NUCLEAR-WEAPON STATE DEFINED.—As used in this section, the term “non-nuclear-weapon state” means any country which is not a nuclear-weapon state, as defined in Article IX(3) of the Treaty on the Non-Proliferation of Nuclear Weapons.

SEC. 2.² FINDINGS.

Congress makes the following findings:

(1) During the last 20 years, HIV/AIDS has assumed pandemic proportions, spreading from the most severely affected regions, sub-Saharan Africa and the Caribbean, to all corners of the world, and leaving an unprecedented path of death and devastation.

(2) According to the Joint United Nations Programme on HIV/AIDS (UNAIDS), more than 65,000,000 individuals worldwide have been infected with HIV since the epidemic began, more than 25,000,000 of these individuals have lost their lives to the disease, and more than 14,000,000 children have been orphaned by the disease. HIV/AIDS is the fourth-highest cause of death in the world.

(3)(A) At the end of 2002, an estimated 42,000,000 individuals were infected with HIV or living with AIDS, of which more than 75 percent live in Africa or the Caribbean. Of these individuals, more than 3,200,000 were children under the age of 15 and more than 19,200,000 were women.

(B) Women are four times more vulnerable to infection than are men and are becoming infected at increasingly high rates, in part because many societies do not provide poor women and young girls with the social, legal, and cultural protections against high risk activities that expose them to HIV/AIDS.

(C) Women and children who are refugees or are internally displaced persons are especially vulnerable to sexual exploitation and violence, thereby increasing the possibility of HIV infection.

(4) As the leading cause of death in sub-Saharan Africa, AIDS has killed more than 19,400,000 individuals (more than 3 times the number of AIDS deaths in the rest of the world) and will claim the lives of one-quarter of the population, mostly adults, in the next decade.

(5) An estimated 2,000,000 individuals in Latin America and the Caribbean and another 7,100,000 individuals in Asia and the Pacific region are infected with HIV or living with AIDS. Infection rates are rising alarmingly in Eastern Europe (especially in the Russian Federation), Central Asia, and China.

²22 U.S.C. 7601.

(6) HIV/AIDS threatens personal security by affecting the health, lifespan, and productive capacity of the individual and the social cohesion and economic well-being of the family.

(7) HIV/AIDS undermines the economic security of a country and individual businesses in that country by weakening the productivity and longevity of the labor force across a broad array of economic sectors and by reducing the potential for economic growth over the long term.

(8) HIV/AIDS destabilizes communities by striking at the most mobile and educated members of society, many of whom are responsible for security at the local level and governance at the national and subnational levels as well as many teachers, health care personnel, and other community workers vital to community development and the effort to combat HIV/AIDS. In some countries the overwhelming challenges of the HIV/AIDS epidemic are accelerating the outward migration of critically important health care professionals.

(9) HIV/AIDS weakens the defenses of countries severely affected by the HIV/AIDS crisis through high infection rates among members of their military forces and voluntary peacekeeping personnel. According to UNAIDS, in sub-Saharan Africa, many military forces have infection rates as much as five times that of the civilian population.

(10) HIV/AIDS poses a serious security issue for the international community by—

(A) increasing the potential for political instability and economic devastation, particularly in those countries and regions most severely affected by the disease;

(B) decreasing the capacity to resolve conflicts through the introduction of peacekeeping forces because the environments into which these forces are introduced pose a high risk for the spread of HIV/AIDS; and

(C) increasing the vulnerability of local populations to HIV/AIDS in conflict zones from peacekeeping troops with HIV infection rates significantly higher than civilian populations.

(11) The devastation wrought by the HIV/AIDS pandemic is compounded by the prevalence of tuberculosis and malaria, particularly in developing countries where the poorest and most vulnerable members of society, including women, children, and those individuals living with HIV/AIDS, become infected. According to the World Health Organization (WHO), HIV/AIDS, tuberculosis, and malaria accounted for more than 5,700,000 deaths in 2001 and caused debilitating illnesses in millions more.

(12) Together, HIV/AIDS, tuberculosis, malaria and related diseases are undermining agricultural production throughout Africa. According to the United Nations Food and Agricultural Organization, 7,000,000 agricultural workers throughout 25 African countries have died from AIDS since 1985. Countries with poorly developed agricultural systems, which already face chronic food shortages, are the hardest hit, particularly in sub-Saharan Africa, where high HIV prevalence rates are

compounding the risk of starvation for an estimated 14,400,000 people.

(13) Tuberculosis is the cause of death for one out of every three people with AIDS worldwide and is a highly communicable disease. HIV infection is the leading threat to tuberculosis control. Because HIV infection so severely weakens the immune system, individuals with HIV and latent tuberculosis infection have a 100 times greater risk of developing active tuberculosis diseases thereby increasing the risk of spreading tuberculosis to others. Tuberculosis, in turn, accelerates the onset of AIDS in individuals infected with HIV.

(14) Malaria, the most deadly of all tropical parasitic diseases, has been undergoing a dramatic resurgence in recent years due to increasing resistance of the malaria parasite to inexpensive and effective drugs. At the same time, increasing resistance of mosquitoes to standard insecticides makes control of transmission difficult to achieve. The World Health Organization estimates that between 300,000,000 and 500,000,000 new cases of malaria occur each year, and annual deaths from the disease number between 2,000,000 and 3,000,000. Persons infected with HIV are particularly vulnerable to the malaria parasite. The spread of HIV infection contributes to the difficulties of controlling resurgence of the drug resistant malaria parasite.

(15) HIV/AIDS is first and foremost a health problem. Successful strategies to stem the spread of the HIV/AIDS pandemic will require clinical medical interventions, the strengthening of health care delivery systems and infrastructure, and determined national leadership and increased budgetary allocations for the health sector in countries affected by the epidemic as well as measures to address the social and behavioral causes of the problem and its impact on families, communities, and societal sectors.

(16) Basic interventions to prevent new HIV infections and to bring care and treatment to people living with AIDS, such as voluntary counseling and testing and mother-to-child transmission programs, are achieving meaningful results and are cost-effective. The challenge is to expand these interventions from a pilot program basis to a national basis in a coherent and sustainable manner.

(17) Appropriate treatment of individuals with HIV/AIDS can prolong the lives of such individuals, preserve their families, prevent children from becoming orphans, and increase productivity of such individuals by allowing them to lead active lives and reduce the need for costly hospitalization for treatment of opportunistic infections caused by HIV.

(18) Nongovernmental organizations, including faith-based organizations, with experience in health care and HIV/AIDS counseling, have proven effective in combating the HIV/AIDS pandemic and can be a resource in assisting indigenous organizations in severely affected countries in their efforts to provide treatment and care for individuals infected with HIV/AIDS.

(19) Faith-based organizations are making an important contribution to HIV prevention and AIDS treatment programs

around the world. Successful HIV prevention programs in Uganda, Jamaica, and elsewhere have included local churches and faith-based groups in efforts to promote behavior changes to prevent HIV, to reduce stigma associated with HIV infection, to treat those afflicted with the disease, and to care for orphans. The Catholic Church alone currently cares for one in four people being treated for AIDS worldwide. Faith-based organizations possess infrastructure, experience, and knowledge that will be needed to carry out these programs in the future and should be an integral part of United States efforts.

(20)(A) Uganda has experienced the most significant decline in HIV rates of any country in Africa, including a decrease among pregnant women from 20.6 percent in 1991 to 7.9 percent in 2000.

(B) Uganda made this remarkable turnaround because President Yoweri Museveni spoke out early, breaking long-standing cultural taboos, and changed widespread perceptions about the disease. His leadership stands as a model for ways political leaders in Africa and other developing countries can mobilize their nations, including civic organizations, professional associations, religious institutions, business and labor to combat HIV/AIDS.

(C) Uganda's successful AIDS treatment and prevention program is referred to as the ABC model: "Abstain, Be faithful, use Condoms", in order of priority. Jamaica, Zambia, Ethiopia and Senegal have also successfully used the ABC model. Beginning in 1986, Uganda brought about a fundamental change in sexual behavior by developing a low-cost program with the message: "Stop having multiple partners. Be faithful. Teenagers, wait until you are married before you begin sex."

(D) By 1995, 95 percent of Ugandans were reporting either one or zero sexual partners in the past year, and the proportion of sexually active youth declined significantly from the late 1980s to the mid-1990s. The greatest percentage decline in HIV infections and the greatest degree of behavioral change occurred in those 15 to 19 years old. Uganda's success shows that behavior change, through the use of the ABC model, is a very successful way to prevent the spread of HIV.

(21) The magnitude and scope of the HIV/AIDS crisis demands a comprehensive, long-term, international response focused upon addressing the causes, reducing the spread, and ameliorating the consequences of the HIV/AIDS pandemic, including—

(A) prevention and education, care and treatment, basic and applied research, and training of health care workers, particularly at the community and provincial levels, and other community workers and leaders needed to cope with the range of consequences of the HIV/AIDS crisis;

(B) development of health care infrastructure and delivery systems through cooperative and coordinated public efforts and public and private partnerships;

(C) development and implementation of national and community-based multisector strategies that address the impact of HIV/AIDS on the individual, family, community,

and nation and increase the participation of at-risk populations in programs designed to encourage behavioral and social change and reduce the stigma associated with HIV/AIDS; and

(D) coordination of efforts between international organizations such as the Global Fund to Fight AIDS, Tuberculosis and Malaria, the Joint United Nations Programme on HIV/AIDS (UNAIDS), the World Health Organization (WHO), national governments, and private sector organizations, including faith-based organizations.

(22) The United States has the capacity to lead and enhance the effectiveness of the international community's response by—

(A) providing substantial financial resources, technical expertise, and training, particularly of health care personnel and community workers and leaders;

(B) promoting vaccine and microbicide research and the development of new treatment protocols in the public and commercial pharmaceutical research sectors;

(C) making available pharmaceuticals and diagnostics for HIV/AIDS therapy;

(D) encouraging governments and faith-based and community-based organizations to adopt policies that treat HIV/AIDS as a multisectoral public health problem affecting not only health but other areas such as agriculture, education, the economy, the family and society, and assisting them to develop and implement programs corresponding to these needs;

(E) promoting healthy lifestyles, including abstinence, delaying sexual debut, monogamy, marriage, faithfulness, use of condoms, and avoiding substance abuse; and

(F) encouraging active involvement of the private sector, including businesses, pharmaceutical and biotechnology companies, the medical and scientific communities, charitable foundations, private and voluntary organizations and nongovernmental organizations, faith-based organizations, community-based organizations, and other nonprofit entities.

(23) Prostitution and other sexual victimization are degrading to women and children and it should be the policy of the United States to eradicate such practices. The sex industry, the trafficking of individuals into such industry, and sexual violence are additional causes of and factors in the spread of the HIV/AIDS epidemic. One in nine South Africans is living with AIDS, and sexual assault is rampant, at a victimization rate of one in three women. Meanwhile in Cambodia, as many as 40 percent of prostitutes are infected with HIV and the country has the highest rate of increase of HIV infection in all of Southeast Asia. Victims of coercive sexual encounters do not get to make choices about their sexual activities.

(24) Strong coordination must exist among the various agencies of the United States to ensure effective and efficient use of financial and technical resources within the United States

Government with respect to the provision of international HIV/AIDS assistance.

(25) In his address to Congress on January 28, 2003, the President announced the Administration's intention to embark on a five-year emergency plan for AIDS relief, to confront HIV/AIDS with the goals of preventing 7,000,000 new HIV/AIDS infections, treating at least 2,000,000 people with life-extending drugs, and providing humane care for millions of people suffering from HIV/AIDS, and for children orphaned by HIV/AIDS.

(26) In this address to Congress, the President stated the following: "Today, on the continent of Africa, nearly 30,000,000 people have the AIDS virus—including 3,000,000 children under the age of 15. There are whole countries in Africa where more than one-third of the adult population carries the infection. More than 4,000,000 require immediate drug treatment. Yet across that continent, only 50,000 AIDS victims—only 50,000—are receiving the medicine they need."

(27) Furthermore, the President focused on care and treatment of HIV/AIDS in his address to Congress, stating the following: "Because the AIDS diagnosis is considered a death sentence, many do not seek treatment. Almost all who do are turned away. A doctor in rural South Africa describes his frustration. He says, 'We have no medicines. Many hospitals tell people, you've got AIDS, we can't help you. Go home and die.' In an age of miraculous medicines, no person should have to hear those words. AIDS can be prevented. Anti-retroviral drugs can extend life for many years * * * Ladies and gentlemen, seldom has history offered a greater opportunity to do so much for so many."

(28) Finally, the President stated that "[w]e have confronted, and will continue to confront, HIV/AIDS in our own country", proposing now that the United States should lead the world in sparing innocent people from a plague of nature, and asking Congress "to commit \$15,000,000,000 over the next five years, including nearly \$10,000,000,000 in new money, to turn the tide against AIDS in the most afflicted nations of Africa and the Caribbean".

**TITLE II—SUPPORT FOR MULTILATERAL FUNDS,
PROGRAMS, AND PUBLIC-PRIVATE PARTNERSHIPS**

SEC. 201.⁹ SENSE OF CONGRESS ON PUBLIC-PRIVATE PARTNERSHIPS.

(a) **FINDINGS.**—Congress makes the following findings:

(1) Innovative partnerships between governments and organizations in the private sector (including foundations, universities, corporations, faith-based and community-based organizations, and other nongovernmental organizations) have proliferated in recent years, particularly in the area of health.

(2) Public-private sector partnerships multiply local and international capacities to strengthen the delivery of health services in developing countries and to accelerate research for vaccines and other pharmaceutical products that are essential

to combat infectious diseases decimating the populations of these countries.

(3) These partnerships maximize the unique capabilities of each sector while combining financial and other resources, scientific knowledge, and expertise toward common goals which neither the public nor the private sector can achieve alone.

(4) Sustaining existing public-private partnerships and building new ones are critical to the success of the international community's efforts to combat HIV/AIDS and other infectious diseases around the globe.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the sustainment and promotion of public-private partnerships should be a priority element of the strategy pursued by the United States to combat the HIV/AIDS pandemic and other global health crises; and

(2) the United States should systematically track the evolution of these partnerships and work with others in the public and private sector to profile and build upon those models that are most effective.

SEC. 202.¹⁰ PARTICIPATION IN THE GLOBAL FUND TO FIGHT AIDS, TUBERCULOSIS AND MALARIA.

(a) FINDINGS.—The Congress finds as follows:

(1) The establishment of the Global Fund in January 2002 is consistent with the general principles for an international AIDS trust fund first outlined by the Congress in the Global AIDS and Tuberculosis Relief Act of 2000 (Public Law 106–264).

(2) Section 2, Article 5 of the bylaws of the Global Fund provides for the International Bank for Reconstruction and Development to serve as the initial collection trustee for the Global Fund.

(3) The trustee agreement signed between the Global Fund and the International Bank for Reconstruction and Development narrows the range of duties to include receiving and investing funds from donors, disbursing the funds upon the instruction of the Global Fund, reporting on trust fund resources to donors and the Global Fund, and providing an annual external audit report to the Global Fund.

(b) AUTHORITY FOR UNITED STATES PARTICIPATION.—

(1) UNITED STATES PARTICIPATION.—The United States is hereby authorized to participate in the Global Fund.

(2) PRIVILEGES AND IMMUNITIES.—The Global Fund shall be considered a public international organization for purposes of section 1 of the International Organizations Immunities Act (22 U.S.C. 288).

(c) REPORTS TO CONGRESS.—Not later than 1 year after the date of the enactment of this Act, and annually thereafter for the duration of the Global Fund, the President shall submit to the appropriate congressional committees a report on the Global Fund, including contributions pledged to, contributions (including donations from the private sector) received by, and projects funded by the

¹⁰22 U.S.C. 7622.

Global Fund, and the mechanisms established for transparency and accountability in the grant-making process.

(d) UNITED STATES FINANCIAL PARTICIPATION.—

(1) AUTHORIZATION OF APPROPRIATIONS.—In addition to any other funds authorized to be appropriated for bilateral or multilateral HIV/AIDS, tuberculosis, or malaria programs, of the amounts authorized to be appropriated under section 401, there are authorized to be appropriated to the President up to \$1,000,000,000 for the period of fiscal year 2004 beginning on January 1, 2004, and such sums as may be necessary for the fiscal years 2005–2008, for contributions to the Global Fund.

(2) AVAILABILITY OF FUNDS.—Amounts appropriated under paragraph (1) are authorized to remain available until expended.

(3) REPROGRAMMING OF FISCAL YEAR 2001 FUNDS.—Funds made available for fiscal year 2001 under section 141 of the Global AIDS and Tuberculosis Relief Act of 2000—

(A) are authorized to remain available until expended; and

(B) shall be transferred to, merged with, and made available for the same purposes as, funds made available for fiscal years 2004 through 2008 under paragraph (1).

(4) LIMITATION.—

(A)(i) At any time during fiscal years 2004 through 2008, no United States contribution to the Global Fund may cause the total amount of United States Government contributions to the Global Fund to exceed 33 percent of the total amount of funds contributed to the Global Fund from all sources. Contributions to the Global Fund from the International Bank for Reconstruction and Development and the International Monetary Fund shall not be considered in determining compliance with this paragraph.

(ii) If, at any time during any of the fiscal years 2004 through 2008, the President determines that the Global Fund has provided assistance to a country, the government of which the Secretary of State has determined, for purposes of section 6(j)(1) of the Export Administration Act of 1979 (50 U.S.C. App. 2405(j)(1)), has repeatedly provided support for acts of international terrorism, then the United States shall withhold from its contribution for the next fiscal year an amount equal to the amount expended by the Fund to the government of each such country.

(iii) If at any time the President determines that the expenses of the Governing, Administrative, and Advisory Bodies (including the Partnership Forum, the Foundation Board, the Secretariat, and the Technical Review Board) of the Global Fund exceed 10 percent of the total expenditures of the Fund for any 2-year period, the United States shall withhold from its contribution for the next fiscal year an amount equal to the average annual amount expended by the Fund for such 2-year period for the expenses of the Governing, Administrative, and Advisory Bodies in excess of 10 percent of the total expenditures of the Fund.

(iv) The President may waive the application of clause (iii) if the President determines that extraordinary circumstances warrant such a waiver. No waiver under this clause may be for any period that exceeds 1 year.

(v) If, at any time during any of the fiscal years 2004 through 2008, the President determines that the salary of any individual employed by the Global Fund exceeds the salary of the Vice President of the United States (as determined under section 104 of title 3, United States Code) for that fiscal year, then the United States shall withhold from its contribution for the next fiscal year an amount equal to the aggregate amount by which the salary of each such individual exceeds the salary of the Vice President of the United States.

(B)(i) Any amount made available under this subsection that is withheld by reason of subparagraph (A)(i) shall be contributed to the Global Fund as soon as practicable, subject to subparagraph (A)(i), after additional contributions to the Global Fund are made from other sources.

(ii) Any amount made available under this subsection that is withheld by reason of subparagraph (A)(iii) shall be transferred to the Activities to Combat HIV/AIDS Globally Fund and shall remain available under the same terms and conditions as funds appropriated pursuant to the authorization of appropriations under section 401 for HIV/AIDS assistance.

(iii) Any amount made available under this subsection that is withheld by reason of clause (ii) or (iii) of subparagraph (A) is authorized to be made available to carry out section 104A of the Foreign Assistance Act of 1961 (as added by section 301 of this Act). Amounts made available under the preceding sentence are in addition to amounts appropriated pursuant to the authorization of appropriations under section 401 of this Act for HIV/AIDS assistance.

(C)(i) The President may suspend the application of subparagraph (A) with respect to a fiscal year if the President determines that an international health emergency threatens the national security interests of the United States.

(ii) The President shall notify the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate not less than 5 days before making a determination under clause (i) with respect to the application of subparagraph (A)(i) and shall include in the notification—

(I) a justification as to why increased United States Government contributions to the Global Fund is preferable to increased United States assistance to combat HIV/AIDS, tuberculosis, and malaria on a bilateral basis; and

(II) an explanation as to why other government donors to the Global Fund are unable to provide adequate contributions to the Fund.

(e) INTERAGENCY TECHNICAL REVIEW PANEL.—

(1) ESTABLISHMENT.—The Coordinator of United States Government Activities to Combat HIV/AIDS Globally, established in section 1(f)(1) of the State Department Basic Authorities Act of 1956 (as added by section 102(a) of this Act), shall establish in the executive branch an interagency technical review panel.

(2) DUTIES.—The interagency technical review panel shall serve as a “shadow” panel to the Global Fund by—

(A) periodically reviewing all proposals received by the Global Fund; and

(B) providing guidance to the United States persons who are representatives on the panels, committees, and boards of the Global Fund, on the technical efficacy, suitability, and appropriateness of the proposals, and ensuring that such persons are fully informed of technical inadequacies or other aspects of the proposals that are inconsistent with the purposes of this or any other Act relating to the provision of foreign assistance in the area of AIDS.

(3) MEMBERSHIP.—The interagency technical review panel shall consist of qualified medical and development experts who are officers or employees of the Department of Health and Human Services, the Department of State, and the United States Agency for International Development.

(4) CHAIR.—The Coordinator referred to in paragraph (1) shall chair the interagency technical review panel.

(f) MONITORING BY COMPTROLLER GENERAL.—

(1) MONITORING.—The Comptroller General shall monitor and evaluate projects funded by the Global Fund.

(2) REPORT.—The Comptroller General shall on a biennial basis shall prepare and submit to the appropriate congressional committees a report that contains the results of the monitoring and evaluation described in paragraph (1) for the preceding 2-year period.

(g) PROVISION OF INFORMATION TO CONGRESS.—The Coordinator of United States Government Activities to Combat HIV/AIDS Globally shall make available to the Congress the following documents within 30 days of a request by the Congress for such documents:

(1) All financial and accounting statements for the Global Fund and the Activities to Combat HIV/AIDS Globally Fund, including administrative and grantee statements.

(2) Reports provided to the Global Fund and the Activities to Combat HIV/AIDS Globally Fund by organizations contracted to audit recipients of funds.

(3) Project proposals submitted by applicants for funding from the Global Fund and the Activities to Combat HIV/AIDS Globally Fund, but which were not funded.

(4) Progress reports submitted to the Global Fund and the Activities to Combat HIV/AIDS Globally Fund by grantees.

(h) SENSE OF THE CONGRESS REGARDING ENCOURAGEMENT OF PRIVATE CONTRIBUTIONS TO THE GLOBAL FUND.—It is the sense of the Congress that the President should—

(1) conduct an outreach campaign that is designed to—

(A) inform the public of the existence of—

(i) the Global Fund; and

- (ii) any entity that will accept private contributions intended for use by the Global Fund; and
- (B) encourage private contributions to the Global Fund; and
- (2) encourage private contributions intended for use by the Global Fund by—
 - (A) establishing and operating an Internet website, and publishing information about the website; and
 - (B) making public service announcements on radio and television.

SEC. 203. VOLUNTARY CONTRIBUTIONS TO INTERNATIONAL VACCINE FUNDS.

TITLE III—BILATERAL EFFORTS

Subtitle A—General Assistance and Programs

SEC. 301.¹¹ ASSISTANCE TO COMBAT HIV/AIDS.

(a) AMENDMENT OF THE FOREIGN ASSISTANCE ACT OF 1961.—Chapter 1 of part I of the Foreign Assistance Act of 1961 (22 U.S.C. 2151 et seq.) is amended—

- (1) in section 104(c) (22 U.S.C. 2151b(c)), by striking paragraphs (4) through (7); and
- (2) by inserting after section 104 the following new section:

“**SEC. 104A. ASSISTANCE TO COMBAT HIV/AIDS.** * * *”

(b) AUTHORIZATION OF APPROPRIATIONS.—

(1) IN GENERAL.—In addition to funds available under section 104(c) of the Foreign Assistance Act of 1961 (22 U.S.C. 2151b(c)) for such purpose or under any other provision of that Act, there are authorized to be appropriated to the President, from amounts authorized to be appropriated under section 401, such sums as may be necessary for each of the fiscal years 2004 through 2008 to carry out section 104A of the Foreign Assistance Act of 1961, as added by subsection (a).

(2) AVAILABILITY OF FUNDS.—Amounts appropriated pursuant to paragraph (1) are authorized to remain available until expended.

(3) ALLOCATION OF FUNDS.—Of the amount authorized to be appropriated by paragraph (1) for the fiscal years 2004 through 2008, such sums as may be necessary are authorized to be appropriated to carry out section 104A(d)(4) of the Foreign Assistance Act of 1961 (as added by subsection (a)), relating to the procurement and distribution of HIV/AIDS pharmaceuticals.

(c) RELATIONSHIP TO ASSISTANCE PROGRAMS TO ENHANCE NUTRITION.—In recognition of the fact that malnutrition may hasten the progression of HIV to AIDS and may exacerbate the decline among AIDS patients leading to a shorter life span, the Administrator of the United States Agency for International Development shall, as appropriate—

¹¹ 22 U.S.C. 7631.

(1) integrate nutrition programs with HIV/AIDS activities, generally;

(2) provide, as a component of an anti-retroviral therapy program, support for food and nutrition to individuals infected with and affected by HIV/AIDS; and

(3) provide support for food and nutrition for children affected by HIV/AIDS and to communities and households caring for children affected by HIV/AIDS.

(d) ELIGIBILITY FOR ASSISTANCE.—An organization that is otherwise eligible to receive assistance under section 104A of the Foreign Assistance Act of 1961 (as added by subsection (a)) or under any other provision of this Act (or any amendment made by this Act) to prevent, treat, or monitor HIV/AIDS shall not be required, as a condition of receiving the assistance, to endorse or utilize a multisectoral approach to combatting HIV/AIDS, or to endorse, utilize, or participate in a prevention method or treatment program to which the organization has a religious or moral objection.

(e) LIMITATION.—No funds made available to carry out this Act, or any amendment made by this Act, may be used to promote or advocate the legalization or practice of prostitution or sex trafficking. Nothing in the preceding sentence shall be construed to preclude the provision to individuals of palliative care, treatment, or post-exposure pharmaceutical prophylaxis, and necessary pharmaceuticals and commodities, including test kits, condoms, and, when proven effective, microbicides.

(f) LIMITATION.—No funds made available to carry out this Act, or any amendment made by this Act, may be used to provide assistance to any group or organization that does not have a policy explicitly opposing prostitution and sex trafficking.

(g) SENSE OF CONGRESS RELATING TO FOOD ASSISTANCE FOR INDIVIDUALS LIVING WITH HIV/AIDS.—

(1) FINDINGS.—Congress finds the following:

(A) The United States provides more than 60 percent of all food assistance worldwide.

(B) According to the United Nations World Food Program and other United Nations agencies, food insecurity of individuals infected or living with HIV/AIDS is a major problem in countries with large populations of such individuals, particularly in African countries.

(C) Although the United States is willing to provide food assistance to these countries in need, a few of the countries object to part or all of the assistance because of fears of benign genetic modifications to the foods.

(D) Healthy and nutritious foods for individuals infected or living with HIV/AIDS are an important complement to HIV/AIDS medicines for such individuals.

(E) Individuals infected with HIV have higher nutritional requirements than individuals who are not infected with HIV, particularly with respect to the need for protein. Also, there is evidence to suggest that the full benefit of therapy to treat HIV/AIDS may not be achieved in individuals who are malnourished, particularly in pregnant and lactating women.

(2) SENSE OF CONGRESS.—It is therefore the sense of Congress that United States food assistance should be accepted by countries with large populations of individuals infected or living with HIV/AIDS, particularly African countries, in order to help feed such individuals.

SEC. 302. ASSISTANCE TO COMBAT TUBERCULOSIS.

(a) AMENDMENT OF THE FOREIGN ASSISTANCE ACT OF 1961.—Chapter 1 of part I of the Foreign Assistance Act of 1961 (22 U.S.C. 2151 et seq.), as amended by section 301 of this Act, is further amended by inserting after section 104A the following new section:

“SEC. 104B. ASSISTANCE TO COMBAT TUBERCULOSIS. * * *”

(b)¹² AUTHORIZATION OF APPROPRIATIONS.—

(1) IN GENERAL.—In addition to funds available under section 104(c) of the Foreign Assistance Act of 1961 (22 U.S.C. 2151b(c)) for such purpose or under any other provision of that Act, there are authorized to be appropriated to the President, from amounts authorized to be appropriated under section 401, such sums as may be necessary for each of the fiscal years 2004 through 2008 to carry out section 104B of the Foreign Assistance Act of 1961, as added by subsection (a).

(2) AVAILABILITY OF FUNDS.—Amounts appropriated pursuant to the authorization of appropriations under paragraph (1) are authorized to remain available until expended.

“SEC. 104C. ASSISTANCE TO COMBAT MALARIA. * * *”

(b) AUTHORIZATION OF APPROPRIATIONS.—

(1) IN GENERAL.—In addition to funds available under section 104(c) of the Foreign Assistance Act of 1961 (22 U.S.C. 2151b(c)) for such purpose or under any other provision of that Act, there are authorized to be appropriated to the President, from amounts authorized to be appropriated under section 401, such sums as may be necessary for fiscal years 2004 through 2008 to carry out section 104C of the Foreign Assistance Act of 1961, as added by subsection (a), including for the development of anti-malarial pharmaceuticals by the Medicines for Malaria Venture.

¹² 22 U.S.C. 7632.

(2) AVAILABILITY OF FUNDS.—Amounts appropriated pursuant to paragraph (1) are authorized to remain available until expended.

(3) TRANSFER OF PRIOR YEAR FUNDS.—Unobligated balances of funds made available for fiscal year 2001, 2002, or 2003 under section 104(c) of the Foreign Assistance Act of 1961 (22 U.S.C. 2151b(c) (as in effect immediately before the date of enactment of this Act) and made available for the control of malaria shall be transferred to, merged with, and made available for the same purposes as funds made available for fiscal years 2004 through 2008 under paragraph (1).

(c) CONFORMING AMENDMENT.—Section 104(c) of the Foreign Assistance Act of 1961 (22 U.S.C. 2151b(c)), as amended by section 301 of this Act, is further amended by adding after paragraph (3) the following: * * *

(3) the number of participants placed, the countries in which they were placed, and why those countries were selected; and

(4) the potential for expansion of the program.

(h) AUTHORIZATION OF APPROPRIATIONS.—

(1) IN GENERAL.—In addition to amounts otherwise available for such purpose, there are authorized to be appropriated to the President, from amounts authorized to be appropriated under section 401, such sums as may be necessary for each of the fiscal years 2004 through 2008 to carry out the program.

SEC. 306. STRATEGIES TO IMPROVE INJECTION SAFETY.

Section 307 of the Public Health Service Act (42 U.S.C. 242l) is amended by adding at the end the following:

“(d) In carrying out immunization programs and other programs in developing countries for the prevention, treatment, and control of infectious diseases, including HIV/AIDS, tuberculosis, and malaria, the Director of the Centers for Disease Control and Prevention, in coordination with the Coordinator of United States Government Activities to Combat HIV/AIDS Globally, the National Institutes of Health, national and local government, and other organizations, such as the World Health Organization and the United Nations Children’s Fund, shall develop and implement effective strategies to improve injection safety, including eliminating unnecessary injections, promoting sterile injection practices and technologies, strengthening the procedures for proper needle and syringe disposal, and improving the education and information provided to the public and to health professionals.”.

(3) Recommendations and guidelines to advise and provide technical assistance to developing countries on how to implement a program that minimizes diversion into the United States of prescription drugs donated or sold for humanitarian efforts.

Subtitle B—Assistance for Children and Families

SEC. 311.¹⁶ FINDINGS.

Congress makes the following findings:

(1) Approximately 2,000 children around the world are infected each day with HIV through mother-to-child transmission. Transmission can occur during pregnancy, labor, and delivery or through breast feeding. Over 90 percent of these cases are in developing nations with little or no access to public health facilities.

(2) Mother-to-child transmission is largely preventable with the proper application of pharmaceuticals, therapies, and other public health interventions.

(3) Certain antiretroviral drugs reduce mother-to-child transmission by nearly 50 percent. Universal availability of this drug could prevent up to 400,000 infections per year and dramatically reduce the number of AIDS-related deaths.

(4) At the United Nations Special Session on HIV/AIDS in June 2001, the United States committed to the specific goals with respect to the prevention of mother-to-child transmission, including the goals of reducing the proportion of infants infected with HIV by 20 percent by the year 2005 and by 50 percent by the year 2010, as specified in the Declaration of Commitment on HIV/AIDS adopted by the United Nations General Assembly at the Special Session.

(5) Several United States Government agencies including the United States Agency for International Development and the Centers for Disease Control are already supporting programs to prevent mother-to-child transmission in resource-poor nations and have the capacity to expand these programs rapidly by working closely with foreign governments and nongovernmental organizations.

(6) Efforts to prevent mother-to-child transmission can provide the basis for a broader response that includes care and treatment of mothers, fathers, and other family members who are infected with HIV or living with AIDS.

(7) HIV/AIDS has devastated the lives of countless children and families across the globe. Since the epidemic began, an estimated 13,200,000 children under the age of 15 have been orphaned by AIDS, that is they have lost their mother or both

¹⁶22 U.S.C. 7651.

parents to the disease. The Joint United Nations Program on HIV/AIDS (UNAIDS) estimates that this number will double by the year 2010.

(8) HIV/AIDS also targets young people between the ages of 15 to 24, particularly young women, many of whom carry the burden of caring for family members living with HIV/AIDS. An estimated 10,300,000 young people are now living with HIV/AIDS. One-half of all new infections are occurring among this age group.

SEC. 312.¹⁷ POLICY AND REQUIREMENTS.

(a) **POLICY.**—The United States Government's response to the global HIV/AIDS pandemic should place high priority on the prevention of mother-to-child transmission, the care and treatment of family members and caregivers, and the care of children orphaned by AIDS. To the maximum extent possible, the United States Government should seek to leverage its funds by seeking matching contributions from the private sector, other national governments, and international organizations.

(b) **REQUIREMENTS.**—The 5-year United States Government strategy required by section 101 of this Act shall—

(1) provide for meeting or exceeding the goal to reduce the rate of mother-to-child transmission of HIV by 20 percent by 2005 and by 50 percent by 2010;

(2) include programs to make available testing and treatment to HIV-positive women and their family members, including drug treatment and therapies to prevent mother-to-child transmission; and

(3) expand programs designed to care for children orphaned by AIDS.

SEC. 313.¹⁸ ANNUAL REPORTS ON PREVENTION OF MOTHER-TO-CHILD TRANSMISSION OF THE HIV INFECTION.

(a) **IN GENERAL.**—Not later than 1 year after the date of the enactment of this Act, and annually thereafter for a period of 5 years, the President shall submit to appropriate congressional committees a report on the activities of relevant executive branch agencies during the reporting period to assist in the prevention of mother-to-child transmission of the HIV infection.

(b) **REPORT ELEMENTS.**—Each report shall include—

(1) a statement of whether or not all relevant executive branch agencies have met the goal described in section 312(b)(1); and

(2) a description of efforts made by the relevant executive branch agencies to expand those activities, including—

portant to the national security interest of the United States and notifies the Committee on International Relations and the Committee on Appropriations of the House of Representatives and the Committee on Foreign Relations and the Committee on Appropriations of the Senate of such determination at least 15 days in advance of providing such assistance.

(b) NOTIFICATION.—The report described in subsection (a) shall be submitted in classified and unclassified form and shall include information relating to the type and amount of assistance proposed to be provided and the actions that the proposed recipient of such assistance has taken or has committed to take.

SEC. 206.¹⁶ PROMOTING SECURE DELIVERY OF HUMANITARIAN AND OTHER ASSISTANCE IN AFGHANISTAN AND EXPANSION OF THE INTERNATIONAL SECURITY ASSISTANCE FORCE.

(a) FINDINGS.—Congress finds the following:

(1) The President has declared his view that the United States should provide significant assistance to Afghanistan so that it is no longer a haven for terrorism.

(2) The delivery of humanitarian and reconstruction assistance from the international community is necessary for the safe return of refugees and is critical to the future stability of Afghanistan.

(3) Enhanced stability in Afghanistan through an improved security environment is critical to the functioning of the Government of Afghanistan and the traditional Afghan assembly or “Loya Jirga” process, which is intended to lead to a permanent national government in Afghanistan, and also is essential for the participation of women in Afghan society.

(4) Incidents of violence between armed factions and local and regional commanders, and serious abuses of human rights, including attacks on women and ethnic minorities throughout Afghanistan, create an insecure, volatile, and unsafe environment in parts of Afghanistan, displacing thousands of Afghan civilians from their local communities.

(5)(A) On July 6, Vice President Haji Abdul Qadir was assassinated in Kabul by unknown assailants.

(B) On September 5, 2002, a car bomb exploded in Kabul killing 32 and injuring 150 and on the same day a member of Kandahar Governor Sherzai’s security team attempted to assassinate President Karzai.

(6) The violence and lawlessness may jeopardize the “Loya Jirga” process, undermine efforts to build a strong central government, severely impede reconstruction and the delivery of humanitarian assistance, and increase the likelihood that parts of Afghanistan will once again become safe havens for al-Qaida, Taliban forces, and drug traffickers.

(7) The lack of security and lawlessness may also perpetuate the need for United States Armed Forces in Afghanistan and threaten the ability of the United States to meet its military objectives.

(8) The International Security Assistance Force in Afghanistan, currently led by Turkey, and composed of forces from

¹⁶22 U.S.C. 7536.

other willing countries without the participation of United States Armed Forces, is deployed only in Kabul and currently does not have the mandate or the capacity to provide security to other parts of Afghanistan.

(9) Due to the ongoing military campaign in Afghanistan, the United States does not contribute troops to the International Security Assistance Force but has provided support to other countries that are doing so.

(10) The United States is providing political, financial, training, and other assistance to the Afghan Interim Authority as it begins to build a national army and police force to help provide security throughout Afghanistan, but this effort is not meeting the immediate security needs of Afghanistan.

(11) Because of these immediate security needs, the Government of Afghanistan, its President, Hamid Karzai, and many Afghan regional leaders have called for the International Security Assistance Force, which has successfully brought stability to Kabul, to be expanded and deployed throughout the country, and this request has been strongly supported by a wide range of international humanitarian organizations, including the International Committee of the Red Cross, Catholic Relief Services, and Refugees International.

(b) STATEMENT OF POLICY.—It should be the policy of the United States to support measures to help meet the immediate security needs of Afghanistan in order to promote safe and effective delivery of humanitarian and other assistance throughout Afghanistan, further the rule of law and civil order, and support the formation of a functioning, representative Afghan national government.

(c) IMPLEMENTATION OF STRATEGY.—

(1) INITIAL REPORT.—Not later than 60 days after the date of the enactment of this Act, the President shall provide the Committee on International Relations and the Committee on Appropriations of the House of Representatives and the Committee on Foreign Relations and the Committee on Appropriations of the Senate with—

(A) a strategy for meeting the immediate and long-term security needs of Afghanistan in order to promote safe and effective delivery of humanitarian and other assistance throughout Afghanistan, further the rule of law and civil order, and support the formation of a functioning, representative Afghan national government, including an update to the strategies submitted pursuant to Public Law 107–206; and

(B) a description of the progress of the Government of Afghanistan toward the eradication of poppy cultivation, the disruption of heroin production, and the reduction of the overall supply and demand for illicit narcotics in Afghanistan in accordance with the provisions of this Act.

(2) IMPLEMENTATION OF STRATEGY.—Every 6 months after the enactment of this Act through January 1, 2007, the President shall submit to the congressional committees specified in paragraph (1) a report on the implementation of the strategies for meeting the immediate and long-term security needs of Afghanistan, which shall include the following elements—

(A) since the previous report, the progress in recruiting, training, and deploying an Afghan National Army and police force, including the numbers and ethnic composition of recruits; the number of graduates from military and police training; the numbers of graduates retained by the Afghan National Army and police forces since the previous report; the numbers of graduates operationally deployed and to which areas of the country; the degree to which these graduates are assuming security responsibilities; whether Afghan army and police units are establishing effective central governmental authority over areas of the country, and which areas; and the numbers of instances of armed attacks against Afghan central governmental officials, United States or international officials, troops or aid workers, or between the armed forces of regional leaders;

(B) the degree to which armed regional leaders are cooperating and integrating with the central government, providing security and order within their regions of influence, engaging in armed conflict or other forms of competition that are deleterious to peace, security, and the integration of a unified Afghanistan under the central government;

(C) the amount of humanitarian relief provided since the previous report to returnees, isolated populations and other vulnerable groups, as well as demining assistance and landmine survivors rehabilitation; and the numbers of such persons not assisted since the previous report;

(D) the steps taken since the previous report toward national reconstruction, including establishment of the ministries and other institutions of the Government of Afghanistan;

(E) the numbers of Civil Affairs Teams working with regional leaders, as well as the quick impact infrastructure projects undertaken by such teams since the previous report;

(F) efforts undertaken since the previous report to rebuild the justice sector, including the establishment of a functioning judiciary, a competent bar, reintegration of women legal professionals and a reliable penal system, and the respect for human rights; and

(G) a description of the progress of the Government of Afghanistan with respect to the matters described in paragraph (1)(B).

(d) EXPANSION OF THE INTERNATIONAL SECURITY ASSISTANCE FORCE.—

(1) SENSE OF CONGRESS.—Congress urges the President, in order to fulfill the objective of establishing security in Afghanistan, to take all appropriate measures to assist Afghanistan in establishing a secure environment throughout the country, including by—

(A) sponsoring in the United Nations Security Council a resolution authorizing an expansion of the International Security Assistance Force, or the establishment of a similar security force; and

(B) enlisting the European and other allies of the United States to provide forces for an expansion of the International Security Assistance Force in Afghanistan, or the establishment of a similar security force.

(2) AUTHORIZATION OF APPROPRIATIONS.—(A) There is authorized to be appropriated to the President \$500,000,000 for each of fiscal years 2003 and 2004 to support the International Security Assistance Force or the establishment of a similar security force.

(B) Amounts made available under subparagraph (A) may be appropriated pursuant to chapter 4 of part II of the Foreign Assistance Act of 1961, section 551 of such Act, or section 23 of the Arms Export Control Act.

(C) Funds appropriated pursuant to subparagraph (A) shall be subject to the notification requirements under section 634A of the Foreign Assistance Act of 1961.

SEC. 207.¹⁷ RELATIONSHIP TO OTHER AUTHORITY.

(a) ADDITIONAL AUTHORITY.—The authority to provide assistance under this title is in addition to any other authority to provide assistance to the Government of Afghanistan.

(b) LAWS RESTRICTING AUTHORITY.—Assistance under this title to the Government of Afghanistan may be provided notwithstanding section 512 of Public Law 107–115 or any similar provision of law.

SEC. 208.¹⁸ SUNSET.

The authority of this title shall expire after September 30, 2006.

TITLE III—MISCELLANEOUS PROVISIONS

SEC. 301.¹⁹ REQUIREMENT TO COMPLY WITH PROCEDURES RELATING TO THE PROHIBITION ON ASSISTANCE TO DRUG TRAFFICKERS.

Assistance provided under this Act shall be subject to the same provisions as are applicable to assistance under the Foreign Assistance Act of 1961 and the Arms Export Control Act under section 487 of the Foreign Assistance Act of 1961 (relating to the prohibition on assistance to drug traffickers; 22 U.S.C. 2291f), and the applicable regulations issued under that section.

SEC. 302.²⁰ SENSE OF CONGRESS REGARDING PROTECTING AFGHANISTAN'S PRESIDENT.

It is the sense of Congress that—

(1) any United States physical protection force provided for the personal security of the President of Afghanistan should be composed of United States diplomatic security, law-enforcement, or military personnel, and should not utilize private contracted personnel to provide actual physical protection services;

(2) United States allies should be invited to volunteer active-duty military or law enforcement personnel to participate in such a protection force; and

¹⁸ 22 U.S.C. 7538.

¹⁹ 22 U.S.C. 7551.

²⁰ 22 U.S.C. 7552.

(3) such a protection force should be limited in duration and should be succeeded by qualified Afghan security forces as soon as practicable.

SEC. 303.²¹ DONOR CONTRIBUTIONS TO AFGHANISTAN AND REPORTS.

(a) **FINDINGS.**—The Congress finds that inadequate amounts of international assistance promised by donor states at the Tokyo donors conference and elsewhere have been delivered to Afghanistan, imperiling the rebuilding and development of civil society and infrastructure, and endangering peace and security in that war-torn country.

(b) **SENSE OF CONGRESS.**—It is the sense of Congress that the United States should use all appropriate diplomatic means to encourage all states that have pledged assistance to Afghanistan to deliver as soon as possible the total amount of assistance pledged.

(c) **REPORTS.**—

(1) **IN GENERAL.**—The Secretary of State shall submit reports to the Committee on Foreign Relations and the Committee on Appropriations of the Senate and the Committee on International Relations and the Committee on Appropriations of the House of Representatives, in accordance with this paragraph, on the status of contributions of assistance from donor states to Afghanistan. f. Russian Democracy Act of 2002

Public Law 107-246 [H.R. 2121], 116 Stat. 1511, approved October 23, 2002

AN ACT To make available funds under the Foreign Assistance Act of 1961 to expand democracy, good governance, and anti-corruption programs in the Russian Federation in order to promote and strengthen democratic government and civil society and independent media in that country.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1.¹ SHORT TITLE.

This Act may be cited as the “Russian Democracy Act of 2002”.

SEC. 2.² FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress makes the following findings:

(1) Since the dissolution of the Soviet Union, the leadership of the Russian Federation has publicly committed itself to building—

(A) a society with democratic political institutions and practices, the observance of universally recognized standards of human rights, and religious and press freedom; and

(B) a market economy based on internationally accepted principles of transparency, accountability, and the rule of law.

(2) In order to facilitate this transition, the international community has provided multilateral and bilateral technical assistance, and the United States’ contribution to these efforts has played an important role in developing new institutions built on democratic and liberal economic foundations and the rule of law.

(3)(A) Since 1992, United States Government democratic reform programs and public diplomacy programs, including training, and small grants have provided access to and training in the use of the Internet, brought nearly 40,000 Russian citizens to the United States, and have led to the establishment of more than 65,000 nongovernmental organizations, thousands of independent local media outlets, despite governmental opposition, and numerous political parties.

(B) These efforts contributed to the substantially free and fair Russian parliamentary elections in 1995 and 1999.

(4) The United States has assisted Russian efforts to replace its centrally planned, state-controlled economy with a market economy and helped create institutions and infrastructure for a market economy. Approximately two-thirds of the Russian Federation’s gross domestic product is now generated by the

¹22 U.S.C. 2151 note.

²22 U.S.C. 2295 note.

private sector, and the United States recognized Russia as a market economy on June 7, 2002.

(5)(A) The United States has fostered grassroots entrepreneurship in the Russian Federation by focusing United States economic assistance on small- and medium-sized businesses and by providing training, consulting services, and small loans to more than 250,000 Russian entrepreneurs.

(B) There are now more than 900,000 small businesses in the Russian Federation, producing 12 to 15 percent, depending on the estimate, of the gross domestic product of the Russian Federation.

(C) United States-funded programs have contributed to fighting corruption and financial crime, such as money laundering, by helping to—

- (i) establish a commercial legal infrastructure;
- (ii) develop an independent judiciary;
- (iii) support the drafting of a new criminal code, civil code, and bankruptcy law;
- (iv) develop a legal and regulatory framework for the Russian Federation's equivalent of the United States Securities and Exchange Commission;
- (v) support Russian law schools;
- (vi) create legal aid clinics; and
- (vii) bolster law-related activities of nongovernmental organizations.

(6) Because the capability of Russian democratic forces and the civil society to organize and defend democratic gains without international support is uncertain, and because the gradual integration of the Russian Federation into the global order of free-market, democratic nations would enhance Russian cooperation with the United States on a wide range of political, economic, and security issues, the success of democracy in Russia is in the national security interest of the United States, and the United States Government should develop a far-reaching and flexible strategy aimed at strengthening Russian society's support for democracy and a market economy, particularly by enhancing Russian democratic institutions and education, promoting the rule of law, and supporting Russia's independent media.

(7) Since the tragic events of September 11, 2001, the Russian Federation has stood with the United States and the rest of the civilized world in the struggle against terrorism and has cooperated in the war in Afghanistan by sharing intelligence and through other means.

(8) United States-Russia relations have improved, leading to a successful summit between President Bush and President Putin in May 2002, resulting in a "Foundation for Cooperation".

(b) PURPOSES.—The purposes of this Act are—

(1) to strengthen and advance institutions of democratic government and of free and independent media, and to sustain the development of an independent civil society in the Russian Federation based on religious and ethnic tolerance, inter-

nationally recognized human rights, and an internationally recognized rule of law; and

(2) to focus United States foreign assistance programs on using local expertise and to give local organizations a greater role in designing and implementing such programs, while maintaining appropriate oversight and monitoring.

SEC. 3.² UNITED STATES POLICY TOWARD THE RUSSIAN FEDERATION.

(a) SENSE OF CONGRESS.—It is the sense of Congress that the United States Government should—

(1) recognize that a democratic and economically stable Russian Federation is inherently less confrontational and destabilizing in its foreign policy and therefore that the promotion of democracy in Russia is in the national security interests of the United States; and

(2) continue and increase assistance to the democratic forces in the Russian Federation, including the independent media, regional administrations, democratic political parties, and nongovernmental organizations.

(b) STATEMENT OF POLICY.—It shall be the policy of the United States—

(1) to facilitate Russia's integration into the Western community of nations, including supporting the establishment of a stable democracy and a market economy within the framework of the rule of law and respect for individual rights, including Russia's membership in the appropriate international institutions;

(2) to engage the Government of the Russian Federation and Russian society in order to strengthen democratic reform and institutions, and to promote transparency and good governance in all aspects of society, including fair and honest business practices, accessible and open legal systems, freedom of religion, and respect for human rights;

(3) to advance a dialogue among United States Government officials, private sector individuals, and representatives of the Government of the Russian Federation regarding Russia's integration into the Western community of nations;

(4) to encourage United States Government officials and private sector individuals to meet regularly with democratic activists, human rights activists, representatives of the independent media, representatives of nongovernmental organizations, civic organizers, church officials, and reform-minded politicians from Moscow and all other regions of the Russian Federation;

g. Sudan Peace Act

Public Law 107-245 [H.R. 5531], 116 Stat. 1504, approved October 21, 2002

AN ACT To facilitate famine relief efforts and a comprehensive solution to the war in Sudan.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1.¹ SHORT TITLE.

This Act may be cited as the “Sudan Peace Act”.

SEC. 2.¹ FINDINGS.

The Congress makes the following findings:

(1) The Government of Sudan has intensified its prosecution of the war against areas outside of its control, which has already cost more than 2,000,000 lives and has displaced more than 4,000,000 people.

(2) A viable, comprehensive, and internationally sponsored peace process, protected from manipulation, presents the best chance for a permanent resolution of the war, protection of human rights, and a self-sustaining Sudan.

(3) Continued strengthening and reform of humanitarian relief operations in Sudan is an essential element in the effort to bring an end to the war.

(4) Continued leadership by the United States is critical.

(5) Regardless of the future political status of the areas of Sudan outside of the control of the Government of Sudan, the absence of credible civil authority and institutions is a major impediment to achieving self-sustenance by the Sudanese people and to meaningful progress toward a viable peace process. It is critical that credible civil authority and institutions play an important role in the reconstruction of post-war Sudan.

(6) Through the manipulation of traditional rivalries among peoples in areas outside of its full control, the Government of Sudan has used divide-and-conquer techniques effectively to subjugate its population. However, internationally sponsored reconciliation efforts have played a critical role in reducing human suffering and the effectiveness of this tactic.

(7) The Government of Sudan utilizes and organizes militias, Popular Defense Forces, and other irregular units for raiding and enslaving parties in areas outside of the control of the Government of Sudan in an effort to disrupt severely the ability of the populations in those areas to sustain themselves. The tactic helps minimize the Government of Sudan’s accountability internationally.

(8) The Government of Sudan has repeatedly stated that it intends to use the expected proceeds from future oil sales to in-

¹ 50 U.S.C. 1701 note.

crease the tempo and lethality of the war against the areas outside of its control.

(9) By regularly banning air transport relief flights by the United Nations relief operation OLS, the Government of Sudan has been able to manipulate the receipt of food aid by the Sudanese people from the United States and other donor countries as a devastating weapon of war in the ongoing effort by the Government of Sudan to starve targeted groups and subdue areas of Sudan outside of the Government's control.

(10) The acts of the Government of Sudan, including the acts described in this section, constitute genocide as defined by the Convention on the Prevention and Punishment of the Crime of Genocide (78 U.N.T.S. 277).

(11) The efforts of the United States and other donors in delivering relief and assistance through means outside of OLS have played a critical role in addressing the deficiencies in OLS and offset the Government of Sudan's manipulation of food donations to advantage in the civil war in Sudan.

(12) While the immediate needs of selected areas in Sudan facing starvation have been addressed in the near term, the population in areas of Sudan outside of the control of the Government of Sudan are still in danger of extreme disruption of their ability to sustain themselves.

(13) The Nuba Mountains and many areas in Bahr al Ghazal and the Upper Nile and the Blue Nile regions have been excluded completely from relief distribution by OLS, consequently placing their populations at increased risk of famine.

(14) At a cost which has sometimes exceeded \$1,000,000 per day, and with a primary focus on providing only for the immediate food needs of the recipients, the current international relief operations are neither sustainable nor desirable in the long term.

(15) The ability of populations to defend themselves against attack in areas outside of the control of the Government of Sudan has been severely compromised by the disengagement of the front-line states of Ethiopia, Eritrea, and Uganda, fostering the belief among officials of the Government of Sudan that success on the battlefield can be achieved.

(16) The United States should use all means of pressure available to facilitate a comprehensive solution to the war in Sudan, including—

(A) the multilateralization of economic and diplomatic tools to compel the Government of Sudan to enter into a good faith peace process;

(B) the support or creation of viable democratic civil authority and institutions in areas of Sudan outside of government control;

(C) continued active support of people-to-people reconciliation mechanisms and efforts in areas outside of government control;

(D) the strengthening of the mechanisms to provide humanitarian relief to those areas; and

(E) cooperation among the trading partners of the United States and within multilateral institutions toward those ends.

SEC. 3.¹ DEFINITIONS.

In this Act:

(1) **APPROPRIATE CONGRESSIONAL COMMITTEES.**—The term “appropriate congressional committees” means the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate.

(2) **GOVERNMENT OF SUDAN.**—The term “Government of Sudan” means the National Islamic Front government in Khartoum, Sudan.

(3) **OLS.**—The term “OLS” means the United Nations relief operation carried out by UNICEF, the World Food Program, and participating relief organizations known as “Operation Lifeline Sudan”.

SEC. 4.¹ CONDEMNATION OF SLAVERY, OTHER HUMAN RIGHTS ABUSES, AND TACTICS OF THE GOVERNMENT OF SUDAN.

The Congress hereby—

(1) condemns—

(A) violations of human rights on all sides of the conflict in Sudan;

(B) the Government of Sudan’s overall human rights record, with regard to both the prosecution of the war and the denial of basic human and political rights to all Sudanese;

(C) the ongoing slave trade in Sudan and the role of the Government of Sudan in abetting and tolerating the practice;

(D) the Government of Sudan’s use and organization of “murahalliin” or “mujahadeen”, Popular Defense Forces, and regular Sudanese Army units into organized and coordinated raiding and slaving parties in Bahr al Ghazal, the Nuba Mountains, and the Upper Nile and the Blue Nile regions; and

(E) aerial bombardment of civilian targets that is sponsored by the Government of Sudan; and

(2) recognizes that, along with selective bans on air transport relief flights by the Government of Sudan, the use of raiding and slaving parties is a tool for creating food shortages and is used as a systematic means to destroy the societies, culture, and economies of the Dinka, Nuer, and Nuba peoples in a policy of low-intensity ethnic cleansing.

SEC. 5.¹ ASSISTANCE FOR PEACE AND DEMOCRATIC GOVERNANCE.

(a) **ASSISTANCE TO SUDAN.**—The President is authorized to provide increased assistance to the areas of Sudan that are not controlled by the Government of Sudan to prepare the population for peace and democratic governance, including support for civil administration, communications infrastructure, education, health, and agriculture.

SEC. 6.¹ SUPPORT FOR AN INTERNATIONALLY SANCTIONED PEACE PROCESS.

(a) FINDINGS.—Congress hereby—

(1) recognizes that—

(A) a single, viable internationally and regionally sanctioned peace process holds the greatest opportunity to promote a negotiated, peaceful settlement to the war in Sudan; and

(B) resolution to the conflict in Sudan is best made through a peace process based on the Declaration of Principles reached in Nairobi, Kenya, on July 20, 1994, and on the Machakos Protocol in July 2002; and

(2) commends the efforts of Special Presidential Envoy, Senator Danforth and his team in working to assist the parties to the conflict in Sudan in finding a just, permanent peace to the conflict in Sudan.

(b) MEASURES OF CERTAIN CONDITIONS NOT MET.—

(1) PRESIDENTIAL DETERMINATION.—

(A) The President shall make a determination and certify in writing to the appropriate congressional committees within 6 months after the date of enactment of this Act, and each 6 months thereafter, that the Government of Sudan and the Sudan People's Liberation Movement are negotiating in good faith and that negotiations should continue.

(B) If, under subparagraph (A) the President determines and certifies in writing to the appropriate congressional committees that the Government of Sudan has not engaged in good faith negotiations to achieve a permanent, just, and equitable peace agreement, or has unreasonably interfered with humanitarian efforts, then the President, after consultation with the Congress, shall implement the measures set forth in paragraph (2).

(C) If, under paragraph (A) the President determines and certifies in writing to the appropriate congressional committees that the Sudan People's Liberation Movement has not engaged in good faith negotiations to achieve a permanent, just, and equitable peace agreement, then paragraph (2) shall not apply to the Government of Sudan.

(D) If the President certifies to the appropriate congressional committees that the Government of Sudan is not in compliance with the terms of a permanent peace agreement between the Government of Sudan and the Sudan People's Liberation Movement, then the President, after consultation with the Congress, shall implement the measures set forth in paragraph (2).

(E) If, at any time after the President has made a certification under subparagraph (B), the President makes a determination and certifies in writing to the appropriate con-

gressional committees that the Government of Sudan has resumed good faith negotiations, or makes a determination and certifies in writing to the appropriate congressional committees that the Government of Sudan is in compliance with a peace agreement, then paragraph (2) shall not apply to the Government of Sudan.

(2) MEASURES IN SUPPORT OF THE PEACE PROCESS.—Subject to the provisions of paragraph (1), the President—

(A) shall, through the Secretary of the Treasury, instruct the United States executive directors to each international financial institution to continue to vote against and actively oppose any extension by the respective institution of any loan, credit, or guarantee to the Government of Sudan;

(B) should consider downgrading or suspending diplomatic relations between the United States and the Government of Sudan;

(C) shall take all necessary and appropriate steps, including through multilateral efforts, to deny the Government of Sudan access to oil revenues to ensure that the Government of Sudan neither directly nor indirectly utilizes any oil revenues to purchase or acquire military equipment or to finance any military activities; and

(D) shall seek a United Nations Security Council Resolution to impose an arms embargo on the Government of Sudan.

(c) REPORT ON THE STATUS OF NEGOTIATIONS.—If, at any time after the President has made a certification under subsection (b)(1)(A), the Government of Sudan discontinues negotiations with the Sudan People's Liberation Movement for a 14-day period, then the President shall submit a quarterly report to the appropriate congressional committees on the status of the peace process until negotiations resume.

(d) REPORT ON UNITED STATES OPPOSITION TO FINANCING BY INTERNATIONAL FINANCIAL INSTITUTIONS.—The Secretary of the Treasury shall submit a semiannual report to the appropriate congressional committees describing the steps taken by the United States to oppose the extension of a loan, credit, or guarantee if, after the Secretary of the Treasury gives the instructions described in subsection (b)(2)(A), such financing is extended.

(f) DEFINITION.—In this section, the term “international financial institution” means the International Bank for Reconstruction and Development, the International Development Association, the International Monetary Fund, the African Development Bank, and the African Development Fund.

SEC. 7.¹ MULTILATERAL PRESSURE ON COMBATANTS.

It is the sense of Congress that—

(1) the United Nations should help facilitate peace and recovery in Sudan;

(2) the President, acting through the United States Permanent Representative to the United Nations, should seek to end the veto power of the Government of Sudan over the plans by OLS for air transport relief flights and, by doing so, to end the manipulation of the delivery of relief supplies to the advantage of the Government of Sudan on the battlefield; and

(3) the President should take appropriate measures, including the implementation of recommendations of the International Eminent Persons Commission contained in the report issued on May 22, 2002, to end slavery and aerial bombardment of civilians by the Government of Sudan.

SEC. 8.¹ REPORTING REQUIREMENT.

Not later than 6 months after the date of the enactment of this Act, and annually thereafter, the Secretary of State shall prepare and submit to the appropriate congressional committees a report regarding the conflict in Sudan. Such report shall include—

(1) a description of the sources and current status of Sudan's financing and construction of infrastructure and pipelines for oil exploitation, the effects of such financing and construction on the inhabitants of the regions in which the oil fields are located, and the ability of the Government of Sudan to finance the war in Sudan with the proceeds of the oil exploitation;

(2) a description of the extent to which that financing was secured in the United States or with involvement of United States citizens;

(3) the best estimates of the extent of aerial bombardment by the Government of Sudan, including targets, frequency, and best estimates of damage; and

(4) a description of the extent to which humanitarian relief has been obstructed or manipulated by the Government of Sudan or other forces.

SEC. 9.¹ CONTINUED USE OF NON-OLS ORGANIZATIONS FOR RELIEF EFFORTS.

(a) SENSE OF CONGRESS.—It is the sense of the Congress that the President should continue to increase the use of non-OLS agencies in the distribution of relief supplies in southern Sudan.

(b) REPORT.—Not later than 90 days after the date of enactment of this Act, the President shall submit to the appropriate congressional committees a detailed report describing the progress made toward carrying out subsection (a).

SEC. 10.¹ CONTINGENCY PLAN FOR ANY BAN ON AIR TRANSPORT RELIEF FLIGHTS.

(a) PLAN.—The President shall develop a contingency plan to provide, outside the auspices of the United Nations if necessary, the greatest possible amount of United States Government and privately donated relief to all affected areas in Sudan, including the Nuba Mountains and the Upper Nile and the Blue Nile regions, in the event that the Government of Sudan imposes a total, partial, or incremental ban on OLS air transport relief flights.

(b) REPROGRAMMING AUTHORITY.—Notwithstanding any other provision of law, in carrying out the plan developed under subsection (a), the President may reprogram up to 100 percent of the

funds available for support of OLS operations for the purposes of the plan.

SEC. 11.¹ INVESTIGATION OF WAR CRIMES.

(a) **IN GENERAL.**—The Secretary of State shall collect information about incidents which may constitute crimes against humanity, genocide, war crimes, and other violations of international humanitarian law by all parties to the conflict in Sudan, including slavery, rape, and aerial bombardment of civilian targets.

(b) **REPORT.**—Not later than 6 months after the date of the enactment of this Act and annually thereafter, the Secretary of State shall prepare and submit to the appropriate congressional committees a detailed report on the information that the Secretary of State has collected under subsection (a) and any findings or determinations made by the Secretary on the basis of that information. The report under this subsection may be submitted as part of the report required under section 8.

(1) previous experience in implementing the Soviet Scientists Immigration Act of 1992; and

(2) any changes that those officials would recommend in the regulations prescribed under that Act.

SEC. 1305. INTERNATIONAL ATOMIC ENERGY AGENCY REGULAR BUDGET ASSESSMENTS AND VOLUNTARY CONTRIBUTIONS.

(a) FINDINGS.—Congress makes the following findings:

(1) The Department has concluded that the International Atomic Energy Agency (in this section referred to as the “IAEA”) is a critical and effective instrument for verifying compliance with international nuclear nonproliferation agreements, and that it serves as an essential barrier to the spread of nuclear weapons.

(2) The IAEA furthers United States national security objectives by helping to prevent the proliferation of nuclear weapons material, especially through its work on effective verification and safeguards measures.

(3) The IAEA can also perform a critical role in monitoring and verifying aspects of nuclear weapons reduction agreements between nuclear weapons states.

(4) The IAEA has adopted a multifaceted action plan, to be funded by voluntary contributions, to address the threats posed by radioactive sources that could be used in a radiological weapon and will be the leading international agency in this effort.

(5) As the IAEA has negotiated and developed more effective verification and safeguards measures, it has experienced significant real growth in its mission, especially in the vital area of nuclear safeguards inspections.

(6) Nearly two decades of zero budget growth have affected the ability of the IAEA to carry out its mission and to hire and retain the most qualified inspectors and managers, as evidenced in the decreasing proportion of such personnel who hold doctorate degrees.

(7) Increased voluntary contributions by the United States will be needed if the IAEA is to increase its safeguards activities and also to implement its action plan to address the worldwide risks posed by lost or poorly secured radioactive sources.

(8) Although voluntary contributions by the United States lessen the IAEA’s budgetary constraints, they cannot readily be used for the long-term capital investments or permanent

¹² 8 U.S.C. 1153 note.

staff increases necessary to an effective IAEA safeguards regime.

(9) The recent United States decision to accept a 25 percent IAEA regular budget assessment was based upon a correct interpretation of existing law. It was not the intent of Congress that the United States contributions to all United Nations-related organizations and activities be reduced pursuant to the Admiral James W. Nance and Meg Donovan Foreign Relations Authorization Act, Fiscal Years 2000 and 2001 (as enacted into law by section 1000(a)(7) of Public Law 106-113; 113 Stat. 1501A-405 et seq.), which sets 22 percent assessment rates as benchmarks for the general United Nations budget, the Food and Agricultural Organization, the World Health Organization, and the International Labor Organization. Rather, contributions for an important and effective agency such as the IAEA should be maintained at levels commensurate with the criticality of its mission.

(10) The Secretary should negotiate a gradual and sustained increase in the regular budget of the International Atomic Energy Agency, which should begin with the 2004 budget.

(b) AUTHORIZATION OF APPROPRIATIONS.—Of the funds authorized to be appropriated for Nonproliferation, Anti-terrorism, Demining, and Related Programs there is authorized to be appropriated \$60,000,000 for fiscal year 2003 for a United States voluntary contribution to the International Atomic Energy Agency, including for the purpose of implementing the Protection Against Nuclear Terrorism program adopted by the International Atomic Energy Agency Board of Governors in March 2002.

Subtitle B—Russian Federation Debt Reduction for Nonproliferation

SEC. 1311.¹⁶ SHORT TITLE.

This subtitle may be cited as the “Russian Federation Debt for Nonproliferation Act of 2002”.

SEC. 1312.¹⁶ FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress finds the following:

¹⁶22 U.S.C. 5952 note.

(1) It is in the vital security interests of the United States to prevent the spread of weapons of mass destruction to additional states or to terrorist organizations, and to ensure that other nations' obligations to modify their stockpiles of such arms in accordance with treaties, executive agreements, or political commitments are fulfilled.

(2) In particular, it is in the vital national security interests of the United States to ensure that—

(A) all stocks of nuclear weapons and weapons-usable nuclear material in the Russian Federation are secure and accounted for;

(B) stocks of nuclear weapons and weapons-usable nuclear material that are excess to military needs in the Russian Federation are monitored and reduced;

(C) any chemical or biological weapons, related materials, and facilities in the Russian Federation are destroyed;

(D) the Russian Federation's nuclear weapons complex is reduced to a size appropriate to its post-Cold War missions, and its experts in weapons of mass destruction technologies are shifted to gainful and sustainable civilian employment;

(E) the Russian Federation's export control system blocks any proliferation of weapons of mass destruction, the means of delivering such weapons, and materials, equipment, know-how, or technology that would be used to develop, produce, or deliver such weapons; and

(F) these objectives are accomplished with sufficient monitoring and transparency to provide confidence that they have in fact been accomplished and that the funds provided to accomplish these objectives have been spent efficiently and effectively.

(3) United States programs should be designed to accomplish these vital objectives in the Russian Federation as rapidly as possible, and the President should develop and present to Congress a plan for doing so.

(4) Substantial progress has been made in United States-Russian Federation cooperative programs to achieve these objectives, but much more remains to be done to reduce the urgent risks to United States national security posed by the current state of the Russian Federation's weapons of mass destruction stockpiles and complexes.

(5) The threats posed by inadequate management of weapons of mass destruction stockpiles and complexes in the Russian Federation remain urgent. Incidents in years immediately preceding 2001, which have been cited by the Russia Task Force of the Secretary of Energy Advisory Board, include—

(A) a conspiracy at one of the Russian Federation's largest nuclear weapons facilities to steal nearly enough highly enriched uranium for a nuclear bomb;

(B) an attempt by an employee of the Russian Federation's premier nuclear weapons facility to sell nuclear weapons designs to agents of Iraq and Afghanistan; and

(C) the theft of radioactive material from a Russian Federation submarine base.

(6) Addressing these threats to United States and world security will ultimately consume billions of dollars, a burden that will have to be shared by the Russian Federation, the United States, and other governments, if these threats are to be neutralized.

(7) The creation of new funding streams could accelerate progress in reducing these threats to United States security and help the government of the Russian Federation to fulfill its responsibility for secure management of its weapons stockpiles and complexes as United States assistance phases out.

(8) The Russian Federation has a significant foreign debt, a substantial proportion of which it inherited from the Soviet Union.

(9) Past debt-for-environment exchanges, in which a portion of a country's foreign debt is canceled in return for certain environmental commitments or payments by that country, suggest that a debt-for-nonproliferation exchange with the Russian Federation could be designed to provide additional funding for nonproliferation and arms reduction initiatives.

(10) Most of the Russian Federation's official bilateral debt is held by United States allies that are advanced industrial democracies. Since the issues described pose threats to United States allies as well, United States leadership that results in a larger contribution from United States allies to cooperative threat reduction activities will be needed.

(11) At the June 2002 meeting of the G-8 countries, agreement was achieved on a G-8 Global Partnership against the Spread of Weapons and Materials of Mass Destruction, under which the advanced industrial democracies committed to contribute \$20,000,000,000 to nonproliferation programs in the Russian Federation during a 10-year period, with each contributing country having the option to fund some or all of its contribution through reduction in the Russian Federation's official debt to that country.

(12) The Russian Federation's Soviet-era official debt to the United States is estimated to be \$480,000,000 in Lend-Lease debt and \$2,250,000,000 in debt as a result of credits extended under title I of the Agricultural Trade Development and Assistance Act of 1954 (7 U.S.C. 1701 et seq.).

(b) PURPOSES.—The purposes of this subtitle are—

(1) to facilitate the accomplishment of the United States objectives described in the findings set forth in subsection (a) by providing for the use of a portion of the Russian Federation's foreign debt to fund nonproliferation programs, thus allowing the use of additional resources for these purposes; and

(2) to help ensure that the resources made available to the Russian Federation are targeted to the accomplishment of the United States objectives described in the findings set forth in subsection (a).

SEC. 1313.¹⁶ DEFINITIONS.

It is the sense of Congress that the President and such other appropriate officials as the President may designate should pursue discussions with other creditor states with the objectives of—

³² 42 U.S.C. 7704 note.

³³ 22 U.S.C. 2655b.

SEC. 1605. COMPLIANCE WITH THE CHEMICAL WEAPONS CONVENTION.

(a) FINDINGS.—Congress makes the following findings:

(1) On April 24, 1997, the Senate provided its advice and consent to ratification of the Chemical Weapons Convention subject to the condition, among others, that the President certify that no sample collected in the United States pursuant to the Convention will be transferred for analysis to any laboratory outside the territory of the United States.

(2) Congress enacted the same condition into law as section 304(f)(1) of the Chemical Weapons Convention Implementation Act of 1998 (22 U.S.C. 6724(f)(1)).

(3) Part II, paragraph 57, of the Verification Annex of the Convention requires that all samples requiring off-site analysis under the Convention shall be analyzed by at least two laboratories that have been designated as capable of conducting such testing by the OPCW.

(4) The only United States laboratory currently designated by the OPCW is the United States Army Edgewood Forensic Science Laboratory.

(5) In order to comply with the Chemical Weapons Convention, the certification submitted pursuant to condition (18) of the resolution of ratification of the Chemical Weapons Convention, and the requirements of section 304(f)(1) of the Chemical Weapons Convention Implementation Act of 1998 (22 U.S.C. 6724(f)(1)), the United States must possess, at a minimum, a second OPCW-designated laboratory.

(6) The possession of a second OPCW-designated laboratory is necessary in view of the potential for a challenge inspection to be initiated against the United States by a foreign nation.

(7) The possession of a third OPCW-designated laboratory would enable the OPCW to implement its normal sample analysis procedures, which randomly assign real and manufactured samples so that no laboratory knows the origin of a given sample.

(8) To qualify as a designated laboratory, a laboratory must be certified under ISO Guide 25 or a higher standard and complete three proficiency tests. The laboratory must have the full capability to handle substances listed on Schedule 1 of the Annex on Schedules of Chemicals of the Chemical Weapons Convention. In order to handle such substances in the United States, a laboratory also must operate under a bailment agreement with the United States Army.

(9) Several existing United States commercial laboratories have approved quality control systems, already possess bailment agreements with the United States Army, and have the capabilities necessary to obtain OPCW designation.

(10) In order to bolster the legitimacy of United States analysis of samples taken on its national territory, it is preferable that one designated laboratory not be a United States Government facility.

(b) ESTABLISHMENT OF NON-GOVERNMENTAL DESIGNATED LABORATORY.—

i. Gerald B. H. Solomon Freedom Consolidation Act of 2002¹

Public Law 107-187 [H.R. 3167], 116 Stat. 590, approved June 10, 2002

AN ACT To endorse the vision of further enlargement of the NATO Alliance articulated by President George W. Bush on June 15, 2001, and by former President William J. Clinton on October 22, 1996, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Gerald B. H. Solomon Freedom Consolidation Act of 2002”.

SEC. 2. FINDINGS.

The Congress makes the following findings:

(1) In the NATO Participation Act of 1994 (title II of Public Law 103-447; 22 U.S.C. 1928 note), Congress declared that “full and active participants in the Partnership for Peace in a position to further the principles of the North Atlantic Treaty and to contribute to the security of the North Atlantic area should be invited to become full NATO members in accordance with Article 10 of such Treaty at an early date . . .”.

(2) In the NATO Enlargement Facilitation Act of 1996 (title VI of section 101(c) of title I of division A of Public Law 104-208; 22 U.S.C. 1928 note), Congress called for the prompt admission of Poland, Hungary, the Czech Republic, and Slovenia to NATO, and declared that “in order to promote economic stability and security in Slovakia, Estonia, Latvia, Lithuania, Romania, Bulgaria, Albania, Moldova, and Ukraine . . . the process of enlarging NATO to include emerging democracies in Central and Eastern Europe should not be limited to consideration of admitting Poland, Hungary, the Czech Republic, and Slovenia as full members of the NATO Alliance”.

(3) In the European Security Act of 1998 (title XXVII of division G of Public Law 105-277; 22 U.S.C. 1928 note), Congress declared that “Poland, Hungary, and the Czech Republic should not be the last emerging democracies in Central and Eastern Europe invited to join NATO” and that “Romania, Estonia, Latvia, Lithuania, and Bulgaria . . . would make an outstanding contribution to furthering the goals of NATO and enhancing stability, freedom, and peace in Europe should they become NATO members [and] upon complete satisfaction of all relevant criteria should be invited to become full NATO members at the earliest possible date”.

(4) At the Madrid Summit of the NATO Alliance in July 1997, Poland, Hungary, and the Czech Republic were invited to join the Alliance in the first round of NATO enlargement,

¹ 22 U.S.C. 1928 note.

and the NATO heads of state and government issued a declaration stating “[t]he Alliance expects to extend further invitations in coming years to nations willing and able to assume the responsibilities and obligations of membership . . . [n]o European democratic country whose admission would fulfill the objectives of the [North Atlantic] Treaty will be excluded from consideration”.

(5) At the Washington Summit of the NATO Alliance in April 1999, the NATO heads of state and government issued a communique declaring “[w]e pledge that NATO will continue to welcome new members in a position to further the principles of the [North Atlantic] Treaty and contribute to peace and security in the Euro-Atlantic area . . . [t]he three new members will not be the last . . . [n]o European democratic country whose admission would fulfill the objectives of the Treaty will be excluded from consideration, regardless of its geographic location . . .”.

(6) In late 2002, NATO will hold a summit in Prague, the Czech Republic, at which it will decide which additional emerging democracies in Central and Eastern Europe to invite to join the Alliance in the next round of NATO enlargement.

(7) In May 2000 in Vilnius, Lithuania, the foreign ministers of Albania, Bulgaria, Estonia, Latvia, Lithuania, the Former Yugoslav Republic of Macedonia, Romania, Slovakia, and Slovenia issued a statement (later joined by Croatia) declaring that their countries will cooperate in jointly seeking NATO membership in the next round of NATO enlargement, that the realization of NATO membership by one or more of these countries would be a success for all, and that eventual NATO membership for all of these countries would be a success for Europe and NATO.

(8) On June 15, 2001, in a speech in Warsaw, Poland, President George W. Bush stated “[a]ll of Europe’s new democracies, from the Baltic to the Black Sea and all that lie between, should have the same chance for security and freedom—and the same chance to join the institutions of Europe—as Europe’s old democracies have . . . I believe in NATO membership for all of Europe’s democracies that seek it and are ready to share the responsibilities that NATO brings . . . [a]s we plan to enlarge NATO, no nation should be used as a pawn in the agenda of others . . . [w]e will not trade away the fate of free European peoples . . . [n]o more Munichs . . . [n]o more Yaltas . . . [a]s we plan the Prague Summit, we should not calculate how little we can get away with, but how much we can do to advance the cause of freedom”.

(9) On October 22, 1996, in a speech in Detroit, Michigan, former President William J. Clinton stated “NATO’s doors will not close behind its first new members . . . NATO should remain open to all of Europe’s emerging democracies who are ready to shoulder the responsibilities of membership . . . [n]o nation will be automatically excluded . . . [n]o country outside NATO will have a veto . . . [a] gray zone of insecurity must not reemerge in Europe”.

SEC. 3. DECLARATIONS OF POLICY.

* * * * *

DIVISION A—TRAFFICKING VICTIMS PROTECTION ACT OF 2000

SEC. 101.¹ SHORT TITLE.

This division may be cited as the “Trafficking Victims Protection Act of 2000”.

SEC. 102.² PURPOSES AND FINDINGS.

(a) **PURPOSES.**—The purposes of this division are to combat trafficking in persons, a contemporary manifestation of slavery whose victims are predominantly women and children, to ensure just and effective punishment of traffickers, and to protect their victims.

(b) **FINDINGS.**—Congress finds that:

(1) As the 21st century begins, the degrading institution of slavery continues throughout the world. Trafficking in persons is a modern form of slavery, and it is the largest manifestation of slavery today. At least 700,000 persons annually, primarily women and children, are trafficked within or across international borders. Approximately 50,000 women and children are trafficked into the United States each year.

(2) Many of these persons are trafficked into the international sex trade, often by force, fraud, or coercion. The sex industry has rapidly expanded over the past several decades. It involves sexual exploitation of persons, predominantly women and girls, involving activities related to prostitution, pornography, sex tourism, and other commercial sexual services. The low status of women in many parts of the world has contributed to a burgeoning of the trafficking industry.

(3) Trafficking in persons is not limited to the sex industry. This growing transnational crime also includes forced labor and involves significant violations of labor, public health, and human rights standards worldwide.

¹22 U.S.C. 7101 note.

²22 U.S.C. 7101.

(4) Traffickers primarily target women and girls, who are disproportionately affected by poverty, the lack of access to education, chronic unemployment, discrimination, and the lack of economic opportunities in countries of origin. Traffickers lure women and girls into their networks through false promises of decent working conditions at relatively good pay as nannies, maids, dancers, factory workers, restaurant workers, sales clerks, or models. Traffickers also buy children from poor families and sell them into prostitution or into various types of forced or bonded labor.

(5) Traffickers often transport victims from their home communities to unfamiliar destinations, including foreign countries away from family and friends, religious institutions, and other sources of protection and support, leaving the victims defenseless and vulnerable.

(6) Victims are often forced through physical violence to engage in sex acts or perform slavery-like labor. Such force includes rape and other forms of sexual abuse, torture, starvation, imprisonment, threats, psychological abuse, and coercion.

(7) Traffickers often make representations to their victims that physical harm may occur to them or others should the victim escape or attempt to escape. Such representations can have the same coercive effects on victims as direct threats to inflict such harm.

(8) Trafficking in persons is increasingly perpetrated by organized, sophisticated criminal enterprises. Such trafficking is the fastest growing source of profits for organized criminal enterprises worldwide. Profits from the trafficking industry contribute to the expansion of organized crime in the United States and worldwide. Trafficking in persons is often aided by official corruption in countries of origin, transit, and destination, thereby threatening the rule of law.

(9) Trafficking includes all the elements of the crime of forcible rape when it involves the involuntary participation of another person in sex acts by means of fraud, force, or coercion.

(10) Trafficking also involves violations of other laws, including labor and immigration codes and laws against kidnapping, slavery, false imprisonment, assault, battery, pandering, fraud, and extortion.

(11) Trafficking exposes victims to serious health risks. Women and children trafficked in the sex industry are exposed to deadly diseases, including HIV and AIDS. Trafficking victims are sometimes worked or physically brutalized to death.

(12) Trafficking in persons substantially affects interstate and foreign commerce. Trafficking for such purposes as involuntary servitude, peonage, and other forms of forced labor has an impact on the nationwide employment network and labor market. Within the context of slavery, servitude, and labor or services which are obtained or maintained through coercive conduct that amounts to a condition of servitude, victims are subjected to a range of violations.

(13) Involuntary servitude statutes are intended to reach cases in which persons are held in a condition of servitude through nonviolent coercion. In *United States v. Kozminski*,

487 U.S. 931 (1988), the Supreme Court found that section 1584 of title 18, United States Code, should be narrowly interpreted, absent a definition of involuntary servitude by Congress. As a result, that section was interpreted to criminalize only servitude that is brought about through use or threatened use of physical or legal coercion, and to exclude other conduct that can have the same purpose and effect.

(14) Existing legislation and law enforcement in the United States and other countries are inadequate to deter trafficking and bring traffickers to justice, failing to reflect the gravity of the offenses involved. No comprehensive law exists in the United States that penalizes the range of offenses involved in the trafficking scheme. Instead, even the most brutal instances of trafficking in the sex industry are often punished under laws that also apply to lesser offenses, so that traffickers typically escape deserved punishment.

(15) In the United States, the seriousness of this crime and its components is not reflected in current sentencing guidelines, resulting in weak penalties for convicted traffickers.

(16) In some countries, enforcement against traffickers is also hindered by official indifference, by corruption, and sometimes even by official participation in trafficking.

(17) Existing laws often fail to protect victims of trafficking, and because victims are often illegal immigrants in the destination country, they are repeatedly punished more harshly than the traffickers themselves.

(18) Additionally, adequate services and facilities do not exist to meet victims' needs regarding health care, housing, education, and legal assistance, which safely reintegrate trafficking victims into their home countries.

(19) Victims of severe forms of trafficking should not be inappropriately incarcerated, fined, or otherwise penalized solely for unlawful acts committed as a direct result of being trafficked, such as using false documents, entering the country without documentation, or working without documentation.

(20) Because victims of trafficking are frequently unfamiliar with the laws, cultures, and languages of the countries into which they have been trafficked, because they are often subjected to coercion and intimidation including physical detention and debt bondage, and because they often fear retribution and forcible removal to countries in which they will face retribution or other hardship, these victims often find it difficult or impossible to report the crimes committed against them or to assist in the investigation and prosecution of such crimes.

(21) Trafficking of persons is an evil requiring concerted and vigorous action by countries of origin, transit or destination, and by international organizations.

(22) One of the founding documents of the United States, the Declaration of Independence, recognizes the inherent dignity and worth of all people. It states that all men are created equal and that they are endowed by their Creator with certain unalienable rights. The right to be free from slavery and involuntary servitude is among those unalienable rights. Acknowledging this fact, the United States outlawed slavery and invol-

untary servitude in 1865, recognizing them as evil institutions that must be abolished. Current practices of sexual slavery and trafficking of women and children are similarly abhorrent to the principles upon which the United States was founded.

(23) The United States and the international community agree that trafficking in persons involves grave violations of human rights and is a matter of pressing international concern. The international community has repeatedly condemned slavery and involuntary servitude, violence against women, and other elements of trafficking, through declarations, treaties, and United Nations resolutions and reports, including the Universal Declaration of Human Rights; the 1956 Supplementary Convention on the Abolition of Slavery, the Slave Trade, and Institutions and Practices Similar to Slavery; the 1948 American Declaration on the Rights and Duties of Man; the 1957 Abolition of Forced Labor Convention; the International Covenant on Civil and Political Rights; the Convention Against Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment; United Nations General Assembly Resolutions 50/167, 51/66, and 52/98; the Final Report of the World Congress against Sexual Exploitation of Children (Stockholm, 1996); the Fourth World Conference on Women (Beijing, 1995); and the 1991 Moscow Document of the Organization for Security and Cooperation in Europe.

(24) Trafficking in persons is a transnational crime with national implications. To deter international trafficking and bring its perpetrators to justice, nations including the United States must recognize that trafficking is a serious offense. This is done by prescribing appropriate punishment, giving priority to the prosecution of trafficking offenses, and protecting rather than punishing the victims of such offenses. The United States must work bilaterally and multilaterally to abolish the trafficking industry by taking steps to promote cooperation among countries linked together by international trafficking routes. The United States must also urge the international community to take strong action in multilateral fora to engage recalcitrant countries in serious and sustained efforts to eliminate trafficking and protect trafficking victims.

SEC. 108.¹⁰ MINIMUM STANDARDS FOR THE ELIMINATION OF TRAFFICKING.

(a) **MINIMUM STANDARDS.**—For purposes of this division, the minimum standards for the elimination of trafficking applicable to the government of a country of origin, transit, or destination for a significant number of victims of severe forms of trafficking are the following:

(1) The government of the country should prohibit severe forms of trafficking in persons and punish acts of such trafficking.

(2) For the knowing commission of any act of sex trafficking involving force, fraud, coercion, or in which the victim of sex trafficking is a child incapable of giving meaningful consent, or of trafficking which includes rape or kidnapping or which causes a death, the government of the country should prescribe punishment commensurate with that for grave crimes, such as forcible sexual assault.

(3) For the knowing commission of any act of a severe form of trafficking in persons, the government of the country should prescribe punishment that is sufficiently stringent to deter and that adequately reflects the heinous nature of the offense.

(4) The government of the country should make serious and sustained efforts to eliminate severe forms of trafficking in persons.

(b) **CRITERIA.**—In determinations under subsection (a)(4), the following factors should be considered as indicia of serious and sustained efforts to eliminate severe forms of trafficking in persons:

(1) Whether the government of the country vigorously investigates and prosecutes acts of severe forms of trafficking in persons that take place wholly or partly within the territory of the country.

(2) Whether the government of the country protects victims of severe forms of trafficking in persons and encourages their assistance in the investigation and prosecution of such trafficking, including provisions for legal alternatives to their removal to countries in which they would face retribution or hardship, and ensures that victims are not inappropriately incarcerated, fined, or otherwise penalized solely for unlawful acts as a direct result of being trafficked.

(3) Whether the government of the country has adopted measures to prevent severe forms of trafficking in persons, such as measures to inform and educate the public, including potential victims, about the causes and consequences of severe forms of trafficking in persons.

(4) Whether the government of the country cooperates with other governments in the investigation and prosecution of severe forms of trafficking in persons.

¹⁰22 U.S.C. 7106.

(5) Whether the government of the country extradites persons charged with acts of severe forms of trafficking in persons on substantially the same terms and to substantially the same extent as persons charged with other serious crimes (or, to the extent such extradition would be inconsistent with the laws of such country or with international agreements to which the country is a party, whether the government is taking all appropriate measures to modify or replace such laws and treaties so as to permit such extradition).

(6) Whether the government of the country monitors immigration and emigration patterns for evidence of severe forms of trafficking in persons and whether law enforcement agencies of the country respond to any such evidence in a manner that is consistent with the vigorous investigation and prosecution of acts of such trafficking, as well as with the protection of human rights of victims and the internationally recognized human right to leave any country, including one's own, and to return to one's own country.

(7) Whether the government of the country vigorously investigates and prosecutes public officials who participate in or facilitate severe forms of trafficking in persons, and takes all appropriate measures against officials who condone such trafficking.

AN ACT To promote immunization and oral rehydration in developing countries, to promote democracy in Haiti, to protect tropical forests and biological diversity in developing countries, to authorize increased funding for the Child Survival Fund and for international narcotics control assistance, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1.¹ SHORT TITLE.

This Act may be cited as the “Special Foreign Assistance Act of 1986”.

TITLE I—PROMOTING IMMUNIZATION AND ORAL REHYDRATION IN DEVELOPING COUNTRIES

SEC. 101. FINDINGS.

The Congress finds that—

(1) the United Nations Children’s Fund (UNICEF) reports that 3.5 million children die annually because they have not been immunized against the six major childhood diseases: polio, measles, whooping cough, diphtheria, tetanus, and tuberculosis;

(2) at present less than 20 percent of children in the developing world are fully immunized against these diseases;

(3) each year more than five million additional children are permanently disabled and suffer diminished capacities to contribute to the economic, social, and political development of their countries because they have not been immunized;

(4) ten million additional childhood deaths from immunizable and potentially immunizable diseases could be averted annually by the development of techniques in biotechnology for new and cost-effective vaccines;

(5) the World Health Assembly, the Executive Board of the United Nations Children’s Fund, and the United Nations General Assembly are calling upon the nations of the world to commit the resources necessary to meet the challenge of universal access to childhood immunization by 1990;

(6) at the 1984 “Bellagio Conference” it was determined that the goal of universal childhood immunization by 1990 is indeed achievable; and

(7) the Congress has expressed its expectation that the Agency for International Development will set as a goal the immu-

nization by 1990 of at least 80 percent of all the children in those countries in which the Agency has a program.

SEC. 102. UNITED STATES PARTICIPATION IN GLOBAL EFFORT.

(a) UNITED STATES GOVERNMENT SUPPORT.—The Congress calls upon the President to direct the Agency for International Development, working through the Centers for Disease Control and other appropriate Federal agencies, to work in a global effort to provide enhanced support toward achieving the goal of universal access to childhood immunization by 1990 by—

(1) assisting in the delivery, distribution, and use of vaccines, including—

(A) the building of locally sustainable systems and technical capacities in developing countries to reach, by the appropriate age, not less than 80 percent of their annually projected target population with the full schedule of required immunizations; and

(B) the development of a sufficient network of indigenous professionals and institutions with responsibility for developing, monitoring, and assessing immunization programs and continually adapting strategies to reach the goal of preventing immunizable diseases; and

(2) performing, supporting, and encouraging research and development activities, both in the public and private sector, that will be targeted at developing new vaccines and at modifying and improving existing vaccines to make them more appropriate for use in developing countries.

(b) PRIVATE SECTOR SUPPORT.—In support of this global effort, the President should appeal to the people of the United States and the United States private sector to support public and private efforts to provide the resources necessary to achieve universal access to childhood immunization by 1990.

SEC. 103.² * * *

TITLE II—PROMOTING DEMOCRACY IN HAITI

SEC. 201. FINDINGS CONCERNING HAITI.

The Congress finds that—

(1) the establishment of an interim government in Haiti committed to a restoration of democracy provides Haiti with an opportunity to build the political, social, and economic institutions necessary to promote Haiti's development, to provide a better future for the people of Haiti, and to provide the framework for more effective mutual cooperation with the United States, Haiti's neighbor in the Caribbean, and the other nations of the Hemisphere;

(2) the magnitude of the political, economic, and social tasks facing the people of Haiti will make the achievement of a better future a difficult task which will require a determined and sustained effort by the Haitian people over a long period of time and will require significant external assistance from the United States and other donors; and

²Sec. 103 amended sec. 104(c) of the Foreign Assistance Act of 1961, fiscal year 1987 funding authorization for Child Survival Fund and development assistance for health.

(3) it is in the interest of the United States to provide appropriate support for the development of Haiti, a close neighbor which is one of the world's poorest nations and which is committed to the establishment of a democratic government.

SEC. 202. ECONOMIC ASSISTANCE FOR HAITI.

(a) **EARMARKING OF FUNDS.**—Not less than \$108,000,000 of the aggregate amounts available for fiscal year 1987 to carry out sections 103 through 106 of the Foreign Assistance Act of 1961 (relating to development assistance), chapter 4 of part II of that Act (relating to the Economic Support Fund), and titles I and II of the Agricultural Trade Development and Assistance Act of 1954 (relating to the Food for Peace Program) shall be available only for Haiti.

(b) **USE OF DEVELOPMENT ASSISTANCE.**—Assistance under sections 103 through 106 of the Foreign Assistance Act of 1961 which is provided for Haiti pursuant to subsection (a) shall be used to support a transition to democracy in Haiti, emphasizing foreign investment, job creation (especially in the private sector), rural development, health care and sanitation, small-scale irrigation, reforestation and land conservation, and literacy education. Such assistance should reflect the need to distribute development assistance resources more equitably among the various regions in Haiti in order to support sustainable development in all of Haiti.

(c) **REQUIREMENT FOR SEGREGATED ACCOUNT FOR ECONOMIC SUPPORT ASSISTANCE FUNDS PAID TO GOVERNMENT OF HAITI.**—Funds under chapter 4 of part II of the Foreign Assistance Act of 1961 which are made available for Haiti pursuant to subsection (a) may be paid to the Government of Haiti only if the Government of Haiti will maintain those funds in a separate account and not commingle them with other funds.

(d) **CONDITIONS ON ECONOMIC SUPPORT AND DEVELOPMENT ASSISTANCE.**—Funds may be obligated for assistance for Haiti under sections 103 through 106 of chapter 4 of part II of the Foreign Assistance Act of 1961 pursuant to subsection (a) only if the President determines that the interim Government of Haiti—

- (1) is improving the human rights situation in Haiti;
- (2) is implementing its timetable for completion of a new constitution that promotes genuine democratic reforms and guarantees the fundamental principles of democracy;
- (3) is establishing a framework for free and open elections leading to a democratically-elected civilian government, which would include free and functioning political parties and associations, free labor unions, and freedom of the press;
- (4) is cooperating fully in implementing United States development, food, and other economic assistance programs in Haiti (including programs for prior fiscal years);
- (5) is maintaining a system of fiscal accountability to ensure that all resources allocated to the development of Haiti are used in the most effective and efficient manner;
- (6) is continuing its investigation of alleged human rights abuses and corruption by the Duvalier government and is prosecuting, in accordance with due process, those responsible for human rights abuses and corruption;
- (7) is maintaining a free and independent judiciary system;

(8) is continuing to cooperate with the United States in halting illegal emigration to the United States from Haiti; and
 (9) is encouraging private sector development.

(a) **AUTHORIZATION OF ASSISTANCE.**—Up to \$4,000,000 of the aggregate amounts available for fiscal year 1987 to carry out chapter 2 of part II of the Foreign Assistance Act of 1961 (relating to grant military assistance), chapter 5 of part II of that Act (relating to international military education and training), and the Arms Export Control Act (relating to FMS assistance) may be made available for Haiti for education, training, and other nonlethal assistance (such as transportation equipment, communications equipment, and uniforms).

(b) **CONDITIONS ON MILITARY ASSISTANCE.**—Funds made available pursuant to subsection (a) may be obligated only if the President certifies to the Congress the following:

(1) The Government of Haiti has submitted a formal request to the United States specifying a comprehensive plan for the reform and reorganization of the mission, command, and control structures of the Haitian armed forces consistent with a transition to democracy, the rule of law, constitutional government, and an elected civilian government. Such a plan should include a publicly announced commitment by the armed forces of Haiti to abide by international human rights standards and adoption of a code of conduct to assure adherence to these standards.

(2) The Government of Haiti is making substantial efforts—

(A) to prevent the involvement of the Haitian armed forces in human rights abuses and corruption by removing from those forces and prosecuting, in accordance with due process, those military personnel responsible for the human rights abuses and corruption;

(B) to ensure that freedom of speech and assembly are respected;

(C) to conduct investigations into the killings of unarmed civilians in Gonaives, Martissant, and Fort Dimanche, to prosecute, in accordance with due process, those responsible for those killings, and to prevent any similar occurrences in the future;

(D) to provide education and training to the Haitian armed forces with respect to internationally recognized human rights and the civil and political rights essential to democracy, in order to enable those forces to function consistent with those rights; and

³Subsec. (e) amended the Foreign Assistance Act of 1961, sec. 401(s)(2), fiscal year 1987 funding authorization for the Inter-American Foundation.

(E) to take steps to implement the policy of the Government of Haiti requiring former members of the Volunteers for National Security (VSN) to turn in their weapons and to take the necessary actions to enforce this requirement.

(c)⁴ * * * [Repealed—1998]

(d) NOTIFICATION TO CONGRESS.—Funds made available pursuant to subsection (a) may be obligated only if the Committee on Appropriations and the Committee on Foreign Affairs of the House of Representatives and the Committee on Appropriations and the Committee on Foreign Relations of the Senate are notified fifteen days in advance.

(e) RELATION TO EXISTING PROVISION.—Assistance under subsection (a) may be provided notwithstanding the limitations contained in section 705(e) of the International Security and Development Cooperation Act of 1985 and is in addition to the assistance allowed under that section.

SEC. 204. RECOVERY BY HAITI OF ASSETS STOLEN BY DUVALIER REGIME.

(a) FINDINGS.—The Congress finds that—

(1) the Government of Haiti believes that former president-for-life Jean Claude Duvalier and other individuals associated with the Duvalier regime illegally diverted to their own use substantial amounts of the assets of the Government of Haiti;

(2) the Government of Haiti is attempting to locate and recover those assets through legal means;

(3) virtually every relevant jurisdiction, both in the United States and abroad, requires the posting of some form of security to secure the issuance of orders of attachment or other judicial seizures of property;

(4) the Government of Haiti is unable, without outside assistance, to post the necessary security because of its lack of assets;

(5) Haiti's economic situation could be significantly improved, and the need for external resources reduced, if the Government of Haiti is able to pursue its legal remedies against those who are in large part responsible for the economic crisis in Haiti; and

(6) the United States has a substantial foreign policy interest in helping the Government of Haiti recover any assets which were illegally diverted by those associated with the Duvalier regime.

(b) ACTIONS TO ASSIST HAITI.—The President shall exercise the authorities granted by section 203 of the International Emergency Economic Powers Act (50 U.S.C. App. 1702) to assist the Government of Haiti in its efforts to recover, through legal proceedings, assets which the Government of Haiti alleges were stolen by former president-for-life Jean Claude Duvalier and other individuals asso-

(2) The total amounts of funds allocated for Israel under that chapter for fiscal year 1986 and fiscal year 1987 shall be made available as a cash transfer on a grant basis. Such transfer shall be made on an expedited basis in the first 30 days of the respective fiscal year. In exercising the authority of this paragraph, the President shall ensure that the level of cash transfer made to Israel

⁹Title II of the Foreign Assistance and Related Programs Appropriations Act, 1986 (sec. 101(i) of Public Law 99-190), contained the following:

“That it is the sense of the Congress that the recommended levels of assistance for Egypt and Israel are based in great measure upon their continued participation in the Camp David Accords and upon the Egyptian-Israeli peace treaty; and that Egypt and Israel are urged to continue their efforts to restore a full diplomatic relationship, including ambassadors, and achieve realization of the Camp David Accords.”

Identical language was contained in title II of the 1987 version of the Act (Public Law 99-591; 100 Stat. 3341-221).

¹⁰Sec. 532 of the Foreign Assistance and Related Programs Appropriations Act, 1986 (sec. 101(i) of Public Law 99-190; 99 Stat. 1308), provided the following:

“Sec. 532. The Congress finds that progress on the peace process in the Middle East is vitally important to United States security interests in the region. The Congress recognizes that, in fulfilling its obligations under the Treaty of Peace Between the Arab Republic of Egypt and the State of Israel, done at Washington on March 26, 1979, Israel incurred severe economic burdens. Furthermore, the Congress recognizes that an economically and militarily secure Israel serves the security interests of the United States, for a secure Israel is an Israel which has the incentive and confidence to continue pursuing the peace process. Therefore, the Congress declares that it is the policy and the intention of the United States that the funds provided in annual appropriations for the Economic Support Fund which are allocated to Israel shall not be less than the annual debt repayment (interest and principal) from Israel to the United States Government in recognition that such a principle serves United States interests in the region.”

Section 531 of the 1987 version of the Act (Public Law 99-591; 100 Stat. 3341-231), contained identical language to sec. 532 above.

Title II of the 1987 Act (Public Law 99-591; 100 Stat. 3341-220) contained identical language to that above except that the amount is “\$1,200,000,000”, and the date is “October 31, 1986”.

(2) All of the funds made available to Egypt under that chapter for the fiscal years 1986 and 1987 shall be provided on a grant basis.

(3) Up to \$115,000,000 of the amounts provided for Egypt for each of the fiscal years 1986 and 1987 pursuant to paragraph (1) may be provided as a cash transfer with the understanding that Egypt will undertake economic reforms or development activities which are additional to those which would be undertaken in the absence of the cash transfer.

(c) COOPERATIVE SCIENTIFIC AND TECHNOLOGICAL PROJECTS.—It is the sense of the Congress that, in order to continue to build the structure of peace in the Middle East, the United States should finance, and where appropriate participate in, cooperative projects of a scientific and technological nature involving Israel and Egypt and other Middle East countries wishing to participate. These cooperative projects should include projects in the fields of agriculture, health, energy, the environment, education, water resources, and the social sciences.

(1) For fiscal year 1986—

(A) up to 50 percent of the aggregate amount of such assistance allocated for Bolivia may be provided at any time after the President certifies to the Congress that the Government of Bolivia has enacted legislation that will establish its legal coca requirements, provide for the licensing of the number of hectares necessary to produce the legal requirement, and make unlicensed coca production illegal; and

²⁶Sec. 537 of the Foreign Assistance and Related Programs Appropriations Act, 1986 (sec. 101(i) of Public Law 99-190; 99 Stat. 1308), provided in part:

"Of the funds made available by this Act for Jamaica and Peru, not more than 50 per centum of the funds made available for each country shall be obligated unless the President determines and reports to the Congress that the governments of these countries are sufficiently responsive to the United States Government concerns on drug control and that the added expenditures of the funds for that country are in the national interest of the United States: *Provided*, That this provision shall not be applicable to funds made available to carry out section 481 of the Foreign Assistance Act of 1961."

The 1987 version of the Act (Public Law 99-591; 100 Stat. 3341-232) contained identical text in sec. 536.

"(B) the remaining amount of such assistance may be provided at any time following a certification pursuant to subparagraph (A) if the President certifies to the Congress that the Government of Bolivia achieved the eradication targets for the calendar year 1985 contained in its 1983 narcotics agreements with the United States."

Sec. 535 of the 1987 Act (Public Law 99-591; 100 Stat. 3341-232) provided:

(2) For fiscal year 1987, such assistance may not be provided unless the President certifies to the Congress that the Government of Bolivia has developed a plan to eliminate illicit narcotics production countrywide and is prepared to enter into an agreement with the United States to implement that plan. If that certification is made, then—

(A)²⁸ up to 50 percent of the aggregate amount of such assistance allocated for Bolivia may be provided at any time after the President certifies to the Congress that Bolivia has engaged in narcotics interdiction operations which have significantly disrupted the illicit coca industry in Bolivia or has cooperated with the United States in such operations; and

(B)²⁸ the remaining amount of such assistance may be provided at any time after the President certifies to the Congress that Bolivia has either met in calendar year 1986 the eradication targets for the calendar year 1985 contained in its 1983 narcotics agreements with the United States or has entered into an agreement of cooperation with the United States for implementing that plan for 1987 and beyond (including numerical eradication targets) and is making substantial progress toward the plan's objectives, including substantial eradication of illicit coca crops and effective use of United States assistance.

In the certification required by subparagraph (B), the President shall explain why the terms of the 1983 agreement provided unattainable and the reasons why a new agreement was necessary.

“(B) the remaining amount of such assistance may be provided at any time the President certifies to the Congress that the Government of Bolivia fully achieved that eradication target.”.

(b) UPPER HUALLAGA VALLEY PROJECT.—Funds authorized to be appropriated for fiscal year 1987 to carry out chapter 1 of part I of the Foreign Assistance Act of 1961 (relating to development assistance) may be made available for the project of the Agency for International Development in the Upper Huallaga Valley of Peru only if the Administrator of that Agency, after consultation with the Congress, determines that a comprehensive review of that project has been completed which establishes the effectiveness of that project in reducing and eradicating coca leaf production, distribution, and marketing in the Upper Huallaga Valley. The assistance for Peru described in this subsection may be provided only if the report required by subsection (a)(2) has been submitted to the Congress.

SEC. 613. REALLOCATION OF FUNDS IF CONDITIONS NOT MET.

If any of the assistance described in section 611 is not provided for Bolivia because the conditions specified in that section are not met, or if any of the assistance described in section 612(a) is not provided for Peru because the conditions specified in that section are not met, the President shall reprogram such assistance in order to provide additional assistance to countries which have taken significant steps to halt illicit drug production or trafficking.

SEC. 615. LATIN AMERICAN REGIONAL NARCOTICS CONTROL ORGANIZATION.

(a) FEASIBILITY STUDY.—The Secretary of State, with the assistance of the National Drug Enforcement Policy Board, shall conduct a study of the feasibility of establishing a regional organization in Latin America which would combat narcotics production and trafficking through regional information-sharing and a regional enforcement unit.

(b) REPORT.—No later than six months after the date of enactment of this Act, a report on the advisability of encouraging the establishment of such an organization shall be submitted to the Committee on Foreign Affairs and the Committee on the Judiciary of the House of Representatives and the Committee on Foreign Relations and the Committee on the Judiciary of the Senate.

SEC. 616. GREATER EFFORT BY UNITED STATES ARMED FORCES TO SUPPORT NARCOTICS CONTROL EFFORTS ABROAD.

No later than 60 days after the date of enactment of this Act, the President shall report to the Congress on why the United States Armed Forces should not exert greater effort in facilitating and supporting interception of narcotics traffickers, and in gathering narcotics-related intelligence, outside the United States.

SEC. 617. CUBAN DRUG TRAFFICKING.

(a) FINDINGS.—The Congress finds that—

- (1) the subject of the flow, use, and control of narcotic and psychotropic substances is a matter of great international importance;
- (2) the problem of drug abuse and drug trafficking continues to worsen throughout most parts of the world;

(3) the concerns of the governments of many countries have become manifest in several bilateral and multilateral narcotics control projects;

(4) United Nations agencies monitor and apply controls on the flow and use of drugs and coordinate multilateral efforts to control production, trafficking, and abuse of drugs;

(5) the United Nations Fund for Drug Abuse Control funds narcotics projects throughout the world and has been a vehicle since 1971 for multilateral implementation of narcotics control and reduction programs;

(6) the International Narcotics Control Board is charged with monitoring compliance with the Single Convention on Narcotic Drugs, 1961, and the Convention on Psychotropic Substances, and Cuba is a party to both Conventions;

(7) the United Nations Commission on Narcotic Drugs is responsible for formulating policies, coordinating activities, supervising the implementation of international conventions, and making recommendations to governments for international drug control;

(8) the promotion of drug abuse and participation in drug trafficking is universally considered egregious criminal behavior wherever it occurs, whether it occurs locally, nationally, or internationally;

(9) a Federal grand jury of the United States has indicted four prominent Cuban officials on charges of conspiring to smuggle drugs into the United States;

(10) United States Government officials have testified at several congressional hearings that the Government of Cuba is facilitating the flow of illicit drugs into the United States in order to obtain hard currency, support guerrilla/terrorist activities, and undermine United States society; and

(11) such alleged conduct on the part of the Government of Cuba would be injurious to the world community and counter to the general principle of international law that no country has the right to use or permit the use of its territory in such a manner as to injure another country or persons therein.

(b) RECOMMENDED ACTIONS.—It is the sense of the Congress that the President should—

(1) acting through the Permanent Representative of the United States to the United Nations, take such steps as may be necessary to place the question of the involvement by the Government of Cuba in illicit drug trafficking on the agenda of the United Nations;

(2) acting through the Representative of the United States to the Organization of American States, request the Organization of American States to consider this question as soon as possible; and

(3) request other appropriate international organizations and international forums to consider this question.

(c) REPORT.—The President shall report to the Congress on the actions taken pursuant to this section.

* * * * *

SEC. 619.²⁹ DRUG TRAFFICKING AND THE PROBLEM OF TOTAL CONFIDENTIALITY OF CERTAIN FOREIGN BANK ACCOUNTS.**(a) FINDINGS.—**The Congress finds that—

(1) several banks in Latin America and the Caribbean are used by narcotics traffickers as depositories for money obtained in providing illicit drugs to the United States and other countries of the region;

(2) offshore banks which provide total confidentiality provide a service which materially assists the operations of illicit drug traffickers; and

(3) cooperation in gaining access to the bank accounts of such narcotics traffickers would materially assist United States authorities in controlling the activities of such traffickers.

(b) POLICY.—The Congress—

(1) requests the President to negotiate treaties or appropriate international agreements with all countries providing confidential banking services (giving high priority to countries in the Caribbean region) to provide disclosure to the United States Government of information contained in official records, and in records of bank accounts, concerning persons under investigation for violations of United States law, in particular those regarding international drug trafficking;

(2) directs the President to include reports on the results of such efforts in the annual International Narcotics Control Strategy Report; and

(3) reaffirms its intention to obtain maximum cooperation on the part of all governments for the purpose of halting international drug trafficking, and constantly to evaluate the cooperation of those governments receiving assistance from the United States.

TITLE VII—WESTERN HEMISPHERE

* * * * *

SEC. 702.³⁰ EL SALVADOR.**(a) SUPPORT FOR EL SALVADOR.—**(1) The Congress finds that—

(A) a free and democratic El Salvador is in the security interest of the United States;

²⁹22 U.S.C. 2291 note.

³⁰The Foreign Assistance and Related Programs Appropriations Act, 1987 (sec. 101(f) of Public Law 99-591; 100 Stat. 3341-232), provided the following:

“SEC. 537. None of the funds available in this Act may be used to make available to El Salvador any helicopters or other aircraft, and licenses may not be issued under section 38 of the Arms Export Control Act for the export to El Salvador of any such aircraft, unless the Committee on Appropriations of the House of Representatives and the Committee on Appropriations of the Senate are notified at least fifteen days in advance in accordance with the procedures applicable to notifications.

* * * * *

“SEC. 545. Of the amounts made available by this Act for military assistance and financing for El Salvador under chapters 2 and 5 of part II of the Foreign Assistance Act of 1961 and under the Arms Export Control Act, \$5,000,000 may not be expended until the President reports, following the conclusion of the Appeals process in the case of Captain Avila, to the Committees on Appropriations that the Government of El Salvador has (1) substantially concluded all investigative action with respect to those responsible for the January 1981 deaths of the two United States land reform consultants Michael Hammer and Mark Pearlman and the Salvadoran Land Reform Institute Director Jose Rodolfo Viera, and (2) pursued all legal avenues to bring to trial and obtain a verdict of those who ordered and carried out the January 1981 murders.”

(B) Jose Napoleon Duarte was elected President of El Salvador in 1984 in the most democratic election held in El Salvador in many years;

(C) political violence in El Salvador has declined dramatically under President Duarte's leadership;

(D) President Duarte's policies of respect for human rights, political pluralism, dialogue and reconciliation with the Salvadoran guerrilla force, legal and social reform and effective defense against the violent overthrow of the Salvadoran government are deserving of praise from all who believe in a democratic form of government;

(E) the March 31, 1985, legislation and municipal elections were successfully carried out, with 64 percent of the electorate defying guerrilla attacks to vote;

(F) the victory of President Duarte's Christian Democratic Party reaffirms the support for these policies by his fellow citizens, the essential test of any government or movement;

(G) in spite of the state of siege technically in effect due to the insurgent threat, observance of free speech, free press, and free assembly are widely enjoyed in El Salvador and permit public airing of opposing political views;

(H) President Duarte is firmly committed to judicial reform and prosecution of cases involving "death squads";

(I) President Duarte's leadership and popular support has notably weakened the popular support given the guerrillas, as evidenced by the high levels of voter participation in the free elections held in El Salvador since 1982, the reduction in territory in which the guerrillas can freely operate, their inability to mount frontal military attacks, and their resort to economic sabotage, ambushes, political assassination, and urban terrorism with blatant disregard for basic human rights; and

(J) President Duarte has succeeded in reversing the decline in his country's economy which, though still weak, has better prospects than in recent years.

(2) Therefore, it is the sense of the Congress that—

(A) President Duarte is to be congratulated for his outstanding leadership under difficult circumstances and for his efforts to foster democratic government and institutions in his country, and he is encouraged to continue his efforts to promote political pluralism, democratic institutions, and respect for human rights in his country; and

(B) the armed services of El Salvador are to be congratulated for their improved performance and professionalism in defending Salvadoran citizens and their democratically elected government from attack by armed insurgents, and especially for their role in helping to protect and uphold the electoral process.

(3) The Congress reaffirms the importance of continued support for democratic principles and institutions and respect for human rights by the various sectors of Salvadoran society, which is a major factor in United States support for El Salvador.

(b) OBJECTIVES.—The Congress expects that—

(1) the Government of El Salvador will be willing to pursue a dialogue with the armed opposition forces and their political

representatives for the purposes of achieving an equitable political settlement of the conflict, including free and fair elections;

(2) the elected civilian government will be in control of the Salvadoran military and security forces, and those forces will comply with applicable rules of international law and with Presidential directives pertaining to the protection of civilians during combat operations, including Presidential directive C111-03-984 (relating to aerial fire support);

(3) the Government of El Salvador will make demonstrated progress, during the period covered by each report pursuant to subsection (c), in ending the activities of the death squads;

(4) the Government of El Salvador will make demonstrated progress, during the period covered by each report pursuant to subsection (c), in establishing an effective judicial system; and

(5) the Government of El Salvador will make demonstrated progress, during the period covered by each report pursuant to subsection (c), in implementing the land reform program.

(c) **REPORTS.**—On October 1, 1985, April 1, 1986, October 1, 1986, and April 1, 1987, the President shall report to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate on the extent to which the objectives described in subsection (b) are being met. With respect to the objective described in paragraph (4) of that subsection, each report shall discuss whether the commission proposed by the President of El Salvador to investigate human rights cases has been established, funded, and given sufficient investigative powers; whether the evidence that commission collects may be used in the Salvadoran judicial process; whether that commission has issued a comprehensive report with regard to its investigation of all Americans murdered in El Salvador; and whether those responsible for the Las Hojas massacre are being prosecuted.

(d) **AIRCRAFT FOR AERIAL WARFARE.**—(1) The authorities of part II of the Foreign Assistance Act of 1961 and the Arms Export Control Act may not be used to make available to El Salvador any helicopters or other aircraft, and licenses may not be issued under section 38 of the Arms Export Control Act for the export to El Salvador of any such aircraft, unless the Committee on Foreign Affairs of the House of Representatives and the Committee on Foreign Relations of the Senate are notified at least 15 days in advance in accordance with the procedures applicable to reprogramming notifications under section 634A of the Foreign Assistance Act of 1961.

(2) Paragraph (1) shall take effect on the date of enactment of this Act and shall remain in effect until October 1, 1987.

(e) **SPECIAL ACCOUNT FOR LOCAL CURRENCIES.**—(1) All local currencies, which are generated with the funds provided to El Salvador for balance-of-payments support for fiscal years 1986 and 1987 under chapter 4 of part II of the Foreign Assistance Act of 1961 (relating to the economic support fund), shall be deposited in accordance with section 609 of that Act in a special account established by the Government of El Salvador.

(2) Local currencies deposited pursuant to paragraph (1) shall be used for projects assisting agrarian reform and the agricultural sector (and particular emphasis shall be placed on projects for these

purposes); judicial reform, employment generation; health, education, and other social services; infrastructure repair; and credits and other support for the private sector (principally for small and medium sized businesses).

(3) For purposes of subsection—

(A) the term “agrarian reform” means projects assisting or enhancing the abilities of agencies, cooperatives, and farms to implement land reform decrees in El Salvador, notwithstanding section 620(g) of the Foreign Assistance Act of 1961; and

(B) the term “judicial reform” means projects assisting or enhancing the abilities of agencies of the Salvadoran Government to investigate and prosecute politically motivated violence.

(f) DEVELOPMENT ASSISTANCE.—Of the amounts available to carry out chapter 1 of part I of the Foreign Assistance Act of 1961, \$79,600,000 for fiscal year 1986 and \$79,600,000 for fiscal year 1987 shall be available only for El Salvador.

(g) SUSPENSION OF ASSISTANCE IF A MILITARY COUP OCCURS.—All assistance authorized by this Act which is allocated for El Salvador shall be suspended if the elected President of that country is deposed by military coup or decree.

(C) in respecting the internationally recognized human rights of its indigenous Indian population.

(2) Sales of training, to be provided outside of Guatemala, which is related to the sales described in paragraph (1).

(3) A total for both fiscal years 1986 and 1987 of no more than \$10,000,000 in credits under the Arms Export Control Act for sales described in paragraphs (1) and (2).

Such sales and credits shall be provided only to enable the military forces of Guatemala to obtain equipment and training for civilian engineering and construction projects and mobile medical teams, which would not be used in the rural resettlement program.

(c) PROHIBITION ON FURNISHING WEAPONS.—Funds authorized to be appropriated by title I of this Act may not be used for the procurement by Guatemala of any weapons or ammunition.

(2) to investigate the possibilities of its providing humanitarian services in that country.

(C) two of the Group's six steering committee members, Hector Gomez and Maria Rosario Godoy³² de Cuevas, were recently killed.

(2) It is the sense of the Congress that—

(A) human rights groups in Guatemala, particularly the Group for Mutual Support, should be allowed to carry out their work against human rights abuses with the full cooperation, protection, and support of the Government of Guatemala; and

(B) whether the Government of Guatemala allows human rights groups, including the Group for Mutual Support, to carry out their work should be taken into account by the United States in determining whether there is human rights progress in Guatemala.

SEC. 713. USE OF EMPLOYEE STOCK OWNERSHIP PLANS IN DEVELOPMENT EFFORTS.

(a) FINDINGS.—The Congress declares that—

(1) employee stock ownership plans in industrial, farming, banking, and other enterprises in Central America and the Caribbean can be an important component in achieving United States goals in Central America and the Caribbean; and

(2) employee stock ownership plans should be used as an instrument in financing growth and transfers of equity in the region, in reorganizing state-owned enterprises into viable employee-owned businesses, in expanding political and economic pluralism, and in strengthening democratic institutions in the region.

(b) PLAN FOR EXPANDED USE OF ESOPS.—The President is urged to develop a plan for the expanded use of employee stock ownership plans in development efforts of the United States in Central America and the Caribbean, with an emphasis on policy and infra-structural changes needed to encourage voluntary employee stock ownership initiatives by multinational corporations and other private sector enterprises which have investments, are considering making new investments, or are interested in management contracts and joint ventures in the region.

(c) TASK FORCE.—To assist in this effort, there is established a Presidential Task Force on Project Economic Justice (hereafter in this section referred to as the “Task Force”), which shall consist of individuals appointed by the President who are distinguished leaders of the private sector of the United States, including significant representation of union representatives of workers in successful companies with employee stock ownership plans and of nationally recognized experts in all phases of design, implementation, and operation of employee stock ownership plans. The President shall designate one of the members of the Task Force to serve as Chairman. The Chairman of the Task Force shall appoint a volunteer fundraising committee, and all the expenses of the Task Force shall be paid without the use of public funds.

(d) REPORT.—Not later than December 31, 1985, the Task Force shall prepare and transmit to the President and the Congress a report on the expanded use of employee stock ownership plans in the development efforts of the United States in Central America and

the Caribbean, including specific recommendations on strategies for using employee stock ownership plans as a means of accelerating the rate of private sector capital formation in Central America and the Caribbean that is systematically linked to expanding ownership and profit-sharing opportunities for all employees.

SEC. 714. INTERNATIONAL ADVISORY COMMISSION FOR THE CARIBBEAN REGION.

(a) **FINDINGS.**—The Congress finds that—

(1) many of the social, agricultural, educational, and economic problems which confront nations in the Caribbean Region result primarily from social and economic injustice and inadequate economic and agricultural development;

(2) such problems are not addressed sufficiently by current United States policies toward that region;

(3) the development of the Caribbean Region is of vital importance to the economic and strategic interests of the United States and its allies; and

(4) for purposes of defining development plans, providing an international forum for Caribbean Region development issues, and providing expert advice to donor-aid countries, an international commission is needed as the prime institution for promoting economic cooperation and development in the Caribbean Region.

(b) **INVITATIONS TO PARTICIPATE IN COMMISSION.**—

(1) **INVITATION TO CARIBBEAN COUNTRIES.**—The President may invite the countries which comprise the Caribbean Region to participate with the United States in a commission to be known as the International Advisory Commission for the Caribbean Region (hereafter in this section referred to as the “Commission”).

(2) **INVITATION TO CERTAIN OTHER COUNTRIES.**—The President may also invite the Netherlands, the United Kingdom, France, Canada, the Commonwealth of Puerto Rico, and the Virgin Islands to participate in the Commission.

(c) **FUNCTIONS OF COMMISSION.**—It is the sense of the Congress that the Commission should—

(1) examine social, agricultural, educational, and economic issues which affect the Caribbean Region; and

(2) consult with leaders of the countries in the Caribbean Region and with representatives from public and private organizations involved in matters related to the Caribbean Region in order to evaluate the problems and needs of such countries.

(d) **FUNDING FOR ORGANIZATIONAL MEETING OF COMMISSION.**—Of the funds authorized to be appropriated to carry out section 106 of the Foreign Assistance Act of 1961 (relating to development assistance for energy, private and voluntary organizations, and selected development activities), up to a total of \$100,000 for fiscal years 1986 and 1987 may be made available to—

(1) pay reasonable administrative expenses associated with the organizational meeting of the Commission; and

(2) pay reasonable travel and lodging expenses incurred by commissioners from other participant governments incident to their attendance at the organizational meeting of the Commission.

(e) REQUEST TO CONGRESS RELATING TO UNITED STATES PARTICIPATION IN THE COMMISSION.—The President should provide cost estimates and request authorization from the Congress in order to provide for the participation of the United States in the Commission (other than United States participation associated with the organizational meeting).

(f) APPOINTMENT OF UNITED STATES REPRESENTATIVE AND OBSERVERS.—Upon the creation of the Commission—

(1) the President should consider appointing one individual as the United States representative to the Commission;

(2) the Speaker of the House of Representatives should consider appointing two Members of the House, one from each major political party, as observers at the Commission; and

(3) the majority leader of the Senate should consider appointing two Members of the Senate, one from each major political party, as observers at the Commission.

SEC. 716. RURAL ELECTRIFICATION.

It is the sense of the Congress that funds appropriated for the fiscal years 1986 and 1987 under section 103(a)(2) of the Foreign Assistance Act of 1961 (relating to development assistance for agriculture, rural development, and nutrition) should be used for a comprehensive rural electrification program in Central America in order to establish conditions of stability and a foundation for economic development.

SEC. 717. FACILITATING INTERNATIONAL COMMERCE THROUGH MEXICO.

(a) FINDING.—Recognizing that increased levels of balanced international trade are an essential component in an economic development program for the region and that the United States has traditionally been the most important trading partner for each of the nations of Latin America, it is the sense of the Congress that current procedures and laws of the Government of Mexico, and practices of its officials, constitute a significant impediment to the transit of vehicles carrying the commodities of international trade through Mexican territory.

(b) NEGOTIATIONS AND COOPERATIVE STEPS CONCERNING TRANSIT.—As the Government of Mexico has played a valuable role in assisting and encouraging the economic and political development of the region, and in offering advice to the United States as to constructive policies this nation might pursue with respect to peace and prosperity in the area, the Secretary of State, acting independently or with representatives of other Latin America nations, shall initiate negotiations with the Government of Mexico aimed at eliminating or reducing those impediments to international trade. The agenda for such negotiations should include discussions to encourage the Government of Mexico to accede to existing international custom conventions on international in-transit shipments. Such actions are to be taken in concert with the institution by the United States, and the nations of the region where the transiting

shipments originate, of appropriate and cooperative steps to make sealed-truck, no-inspection transit administratively acceptable to the Government of Mexico and other transited countries. Similar bilateral or multilateral negotiations by the Secretary of State with nations respecting the same international customs conventions is also encouraged.

(c) REPORT.—The Secretary of State shall report the status of these negotiations to Congress by January 1, 1986.

SEC. 718. CONDEMNING HUMAN RIGHTS VIOLATIONS AND THE SUBVERSION OF OTHER GOVERNMENTS BY THE GOVERNMENT OF CUBA.

(a) CONDEMNATION OF CERTAIN ACTION BY THE GOVERNMENT OF CUBA.—The Congress condemns—

(1) the consistent pattern of gross violations of internationally recognized human rights by the Cuban Government, including—

(A) cruel, inhumane, and degrading treatment and punishment of prisoners;

(B) the suppression of free speech, press, and assembly; and

(C) restrictions on religious activity and the freedom to emigrate; and

(2) the provision by the Cuban government of material aid and personnel support for the purposes of subversion.

(b) CALL UPON THE GOVERNMENT OF CUBA.—The Congress calls upon the Government of Cuba to restore civil liberties and cease in the violation of human rights of the Cuban people and cease the subversion of other governments through material and personnel support.

SEC. 719. REPORTS ON FOREIGN DEBT IN LATIN AMERICA.

(a) FINDINGS.—The Congress finds that—

(1) the foreign debt of Latin American countries has soared from \$27,000,000,000 in 1970 to over \$350,000,000,000 in 1983;

(2) the foreign debt of Latin American countries is a serious obstacle to their economic progress, threatens their stability, and endangers the democratic processes in those nations;

(3) the economic and political futures of many of the Latin American countries hang in the balance and depend upon a successful resolution of the foreign debt crisis; and

(4) the confidence of the American people in the United States system of banking is also involved in a successful resolution of the foreign debt crisis.

(b) REPORT.—Not later than January 1, 1986, the Secretary of State shall prepare and transmit to the Congress a report on—

(1) the magnitude of the foreign debt crisis in the Western Hemisphere;

(2) the impact of the foreign debt crisis on the economies of the countries of Latin America;

(3) the degree to which the national security interests of the United States are implicated in this crisis;

(4) the steps being taken and the policy being pursued by the United States aimed at dealing with this crisis;

(5) the degree to which the foreign debt crisis affects the system of banking in the United States; and

(6) the steps being taken and the policy being pursued by the United States Government aimed at dealing with this crisis.

SEC. 720. ECONOMIC ASSISTANCE FOR URUGUAY.

Of the amounts authorized to be appropriated to carry out chapter 4 of part II of the Foreign Assistance Act of 1961 (relating to the economic support fund), \$15,000,000 for fiscal year 1986 and \$15,000,000 for fiscal year 1987 shall be available only for Uruguay.

SEC. 721. CANADIAN EXPORTS TO THE UNITED STATES.

(a) **CATTLE AND HOGS.**—(1) The Congress finds that—

(A) livestock prices have been in decline for some time due to excessive supply partially caused by dramatic increases in importation of live cattle and hogs from Canada, which has increased by 1,000 percent in the last decade in the case of hogs alone;

(B) American livestock producers are suffering from the same general economic crisis affecting all of agriculture, and many will face liquidation or foreclosure in the near future; and

(C) the disparity between the United States and the Canadian dollar amounts to 32 to 34 percent and results in even further increases in Canadian hogs and cattle being imported into the United States.

(2) Therefore, it is the sense of the Congress that the President should direct appropriate officials of the executive branch, including the United States Trade Representative, the Secretary of Agriculture, and the Secretary of Commerce, to aggressively pursue discussions with the Canadian Government directed toward immediate reduction in the Canadian export of cattle and hogs to the United States.

(b) **SOFTWOOD TIMBER.**—(1) The Congress finds that—

(A) softwood timber prices have been in decline for some time due to excessive supply partially caused by dramatic increases in importation of processed softwood timber from Canada, which has increased from 18 percent of the United States market in the last two years to 35 to 40 percent today;

(B) American timber producers are suffering from this economic crisis, and the difficulty in acquiring timber from the National Forest System; and

(C) the disparity between the United States and the Canadian dollar amounts to 32 to 34 percent and results in even further increases in processed softwood timber being imported into the United States.

(2) Therefore, it is the sense of the Congress that the President should direct appropriate officials of the executive branch, including the United States Trade Representative, the Secretary of Agriculture, and the Secretary of Commerce, to aggressively pursue discussions with the Canadian Government directed toward immediate reduction in the Canadian export of softwood timber to the United States.

SEC. 722. NICARAGUA.

(a) **SETTLEMENT OF THE CONFLICT.**—The Congress—

(1) strongly supports national reconciliation in Nicaragua and the creation of a framework for negotiating a peaceful settlement to the Nicaraguan conflict; and

(2) finds that the United States should, in assisting efforts to reach comprehensive and verifiable final agreements based on the Contadora Document of Objectives, encourage the Government of Nicaragua to pursue a dialogue with the armed opposition forces and their political representatives for the purposes of achieving an equitable political settlement of the conflict, including free and fair elections.

(b) **UNITED STATES CONCERNS ABOUT NICARAGUAN FOREIGN AND DOMESTIC POLICIES.**—The Congress finds and declares the following:

(1) Despite positive actions by the Congress signaling support for negotiated solutions to conflicts in Central America, there are disturbing trends in Nicaragua's foreign and domestic policies, including—

(A) President Daniel Ortega's April 1985 trip to the Soviet Union at a time when the Congress signaled its strong disapproval of increasing Nicaraguan-Soviet ties;

(B) the Sandinista government's close military ties with Cuba, the Soviet Union, and its Warsaw Pact allies; the disappointing and insufficient reduction of the number of Cuban advisors in Nicaragua by only 100 out of an approximately 2,500; and the continuing military buildup that Nicaragua's neighbors consider threatening;

(C) the Sandinista government's curtailment of individual liberties, political expression, freedom of worship, and the independence of the media;

(D) the subordination of military, judicial, and internal security functions to the ruling political party; and

(E) the Sandinista government's efforts to export its influence and ideology.

(2) If Nicaragua does not address the concerns described in paragraph (1), the United States has several options to address this challenge to peace and stability in the region, including political, diplomatic, and trade sanctions. In addition, the United States—

(A) should through appropriate regional organizations, such as the Organization of American States, seek to maintain multilateral pressure on Nicaragua to address these concerns; and

(B) should, if called upon to do so, give serious consideration to supporting any sanctions adopted by such an organization.

(3) In assessing whether or not progress is being made in addressing these concerns, the Congress will expect prompt and significant initiatives by the Government of Nicaragua such as—

(A) the removal of foreign military advisors from Nicaragua;

(B) the end to Sandinista support for insurgencies in other countries in the region, including the cessation of military supplies to the rebel forces fighting the democratically elected government in El Salvador;

(C) restoration of individual liberties, political expression, freedom of worship, and the independence of the media; and

(D) progress toward international reconciliation and a pluralistic democratic system, including steps to liberalize institutions in order to allow the internal opposition in Nicaragua to become a viable partner in the Nicaraguan political process.

(c) RESOLUTION OF THE CONFLICT IN NICARAGUA.—

(1) BASIS FOR POLICY.—The Congress finds that—

(A) the people of Nicaragua are suffering the horrors of a fierce armed conflict that is causing grave hardships and loss of life, has thrown the country into a serious political, social, and economic upheaval, and is of serious concern to the nations of the region and to the United States;

(B) this conflict is fundamentally a continuation of efforts of the Nicaraguan people to attain a representative government at peace with its neighbors, efforts which began under the Somoza regime; and

(C) the United States recognized these noble aspirations of the Nicaraguan people in the June 23, 1979, resolution of the Seventeenth Meeting of Consultation of Ministers of Foreign Affairs of the Organization of American States, which reads as follows:

“WHEREAS:

“The people of Nicaragua are suffering the horrors of a fierce armed conflict that is causing grave hardships and loss of life, and has thrown the country into a serious political, social and economic upheaval;

“The inhumane conduct of the dictatorial regime governing the country, as evidenced by the report of the Inter-American Commission on Human Rights, is the fundamental cause of the dramatic situation faced by the Nicaraguan people; and

“The spirit of solidarity that guides Hemisphere relations places an unavoidable obligation on the American countries to exert every effort within their power, to put an end to the bloodshed and to avoid the prolongation of this conflict which is disrupting the peace of the Hemisphere;

“THE SEVENTEENTH MEETING OF CONSULTATION OF MINISTERS OF FOREIGN AFFAIRS,

“DECLARES:

“That the solution of the serious problem is exclusively within the jurisdiction of the people of Nicaragua.

“That in the view of the Seventeenth Meeting of Consultation of Ministers of Foreign Affairs this solution should be arrived at on the basis of the following:

“1. Immediate and definitive replacement of the Somoza regime.

“2. Installation in Nicaraguan territory of a democratic government, the composition of which should include the

principal representative groups which oppose the Somoza regime and which reflects the free will of the people of Nicaragua.

“3. Guarantee of the respect for human rights of all Nicaraguans without exception.

“4. The holding of free elections as soon as possible, that will lead to the establishment of a truly democratic government that guarantees peace, freedom, and justice.

“RESOLVES:

“1. To urge the member states to take steps that are within their reach to facilitate an enduring and peaceful solution of the Nicaraguan problem on the bases set forth above, scrupulously respecting the principle of nonintervention and abstaining from any action that might be in conflict with the above bases or be incompatible with a peaceful and enduring solution to the problem.

“2. To commit their efforts to promote humanitarian assistance to the people of Nicaragua and to contribute to the social and economic recovery of the country.

“3. To keep the Seventeenth Meeting of Consultation of Ministers of Foreign Affairs open while the present situation continues.”.

(2) THE GOVERNMENT OF NICARAGUA.—The Congress further finds that—

(A) the Government of National Reconstruction of Nicaragua formally accepted the June 23, 1979, resolution as a basis for resolving the Nicaraguan conflict in its “Plan to Achieve Peace” which was submitted to the Organization of American States on July 12, 1979;

(B) the June 23 1979, resolution and its acceptance by the Government of National Reconstruction of Nicaragua was the formal basis for the removal of the Somoza regime and the installation of the Government of National Reconstruction;

(C) the Government of National Reconstruction, now known as the Government of Nicaragua and controlled by the Frente Sandinista (the FSLN), has flagrantly violated the provisions of the June 23, 1979, resolution, the rights of the Nicaraguan people, and the security of the nations in the region, in that it—

(i) no longer includes the democratic members of the Government of National Reconstruction in the political process;

(ii) is not a government freely elected under conditions of freedom of the press, assembly, and organization, and is not recognized as freely elected by its neighbors, Costa Rica, Honduras, and El Salvador;

(iii) has taken significant steps towards establishing a totalitarian Communist dictatorship, including the formation of FSLN neighborhood watch committees and the enactment of laws that violate human rights and grant undue executive power;

(iv) has committed atrocities against its citizens as documented in reports by the Inter-American Commis-

sion on Human Rights of the Organization of American States;

(v) has aligned itself with the Soviet Union and Soviet allies, including the German Democratic Republic, Bulgaria, Libya, and the Palestine Liberation Organization;

(vi) has committed and refuses to cease aggression in the form of armed subversion against its neighbors in violation of the Charter of the United Nations, the Charter of the Organization of American States, the Inter-American Treaty of Reciprocal Assistance, and the 1965 United Nations General Assembly Declaration on Intervention; and

(vii) has built up an army beyond the needs of immediate self-defense, at the expense of the needs of the Nicaraguan people and about which the nations of the region have expressed deepest concern.

(3) THE NICARAGUAN DEMOCRATIC OPPOSITION.—The Congress further finds that—

(A) as a result of these violations, the Government of Nicaragua has lost the support of virtually all independent sectors of Nicaraguan society who initially supported the removal of the Somoza regime (including democratic political parties of the left, center, and right; the leadership of the Church; free unions; and the business, farmer, and professional sectors) and who still seek democracy, reject the rule of the Frente Sandinista, and seek the free elections promised in 1979;

(B) the Nicaraguan political opposition has joined with the armed opposition groups in issuing the San Jose Manifesto of March 1, 1985, calling for a national dialogue under mediation by the Nicaraguan Bishops Conference to peacefully attain the fulfillment of the Government of Nicaragua's commitments to the Organization of American States, including "the democratization of Nicaragua, conscious that democracy is the only means to carry out an authentic revolution and secure our national identity and sovereignty";

(C) on June 12, 1985, in San Salvador, El Salvador, the political and armed opposition groups representing the entire democratic political spectrum of Nicaragua formed the United Nicaraguan Opposition and affirmed their "historical commitment to achieve for Nicaragua the reconciliation of her children, to establish the foundation for democracy and the moral and material reconstruction of the nation"; and

(D) the United Nicaraguan Opposition further declared its intention to "give priority at all times to a political solution which will ease the suffering of our people".

(4) CONCERNS IN THE REGION AND UNITED STATES RESPONSIBILITIES.—The Congress further finds that—

(A) Nicaragua's neighbors, Costa Rica, El Salvador, and Honduras, have expressed, individually and through the Contadora process, their belief that their peace and free-

dom is not safe so long as the Government of Nicaragua excludes from power most of Nicaragua's political leadership and is controlled by a small sectarian party, without regard to the will of the majority of Nicaraguans; and

(B) the United States, given its role in the installation of the current Government of Nicaragua, has a special responsibility regarding the implementation of the commitments made by that Government in 1979, especially to those who fought against Somoza to bring democracy to Nicaragua with United States support.

(5) RESOLUTION OF THE CONFLICT.—The Congress—

(A) condemns the Government of Nicaragua for violating its solemn commitments to the Nicaraguan people, the United States, and the Organization of American States;

(B) affirms that the Government of Nicaragua will be regarded as having achieved political legitimacy when it fulfills its 1979 commitment to the Organization of American States to implement genuinely democratic elections, under the supervision of the Organization of American States, in which all elements of the Nicaraguan resistance can peacefully participate under conditions recognized as necessary for free elections by international bodies;

(C) urges the Government of Nicaragua to enter a national dialogue, as proposed by the Nicaraguan democratic resistance in San Jose, Costa Rica, on March 1, 1985, under mediation by the Nicaraguan Bishops Conference in order to peacefully resolve the current crisis through internationally recognized elections in which all elements of Nicaraguan society can freely participate;

(D) supports the Nicaraguan democratic resistance in its efforts to peacefully resolve the Nicaraguan conflict and to achieve the fulfillment of the Government of Nicaragua's solemn commitments to the Nicaraguan people, the United States, and the Organization of American States;

(E) supports efforts by the Contadora nations, the Organization of American States, and other appropriate regional organizations to maintain multilateral pressure on Nicaragua to fulfill its commitments; and

(F) requests that the Secretary of State transmit the text of this subsection to the Foreign Ministers of the member states of the Organization of American States.

(d) PROHIBITION RELATING TO MILITARY OR PARAMILITARY OPERATIONS IN NICARAGUA.—Notwithstanding any other provision of law, no funds authorized to be appropriated or otherwise made available by this Act (except the funds authorized to be appropriated in this section), by the Foreign Assistance Act of 1961, or by the Arms Export Control Act shall be used to provide assistance of any kind, either directly or indirectly, to any person or group engaging in an insurgency or other act of rebellion against the Government of Nicaragua. The United States shall not enter into any arrangement conditioning, expressly or impliedly, the provision of assistance under this Act or the purchase of defense articles and services under the Arms Export Control Act upon the provision of assistance by a recipient to persons or groups engaging in an insur-

gency or other act of rebellion against the Government of Nicaragua.

(e) **LIMITATION ON USE OF FUNDS AGAINST NICARAGUA.**—None of the funds authorized to be appropriated in this or any other Act can be used to fund directly, or indirectly, activities against the Government of Nicaragua which have not been authorized by, or pursuant to, law and which would place the United States in violation of our obligations under the Charter of the Organization of American States, to which the United States is a signatory, or under international law as defined by treaty commitments agreed to, and ratified by, the Government of the United States.

(f) **FOOD AID TO THE NICARAGUAN PEOPLE.**—In cooperation with Cardinal Miguel Obando y Bravo and private and voluntary organizations, the President should explore and promote means for providing food aid to the Nicaraguan people through private and voluntary organizations and the Catholic Church.

(g) **HUMANITARIAN ASSISTANCE FOR NICARAGUAN DEMOCRATIC RESISTANCE.**—(1) Effective upon the date of enactment of this Act, there are authorized to be appropriated \$27,000,000 for humanitarian assistance to the Nicaraguan democratic resistance. Such assistance shall be provided to such department or agency of the United States as the President shall designate, except the Central Intelligence Agency or the Department of Defense.

(2) The assistance authorized by this subsection is authorized to remain available for obligation until March 31, 1986.

(3) One-third of the assistance authorized by this subsection shall be available for obligation at any time after the appropriation of funds pursuant to such authorization, an additional one-third shall be available for obligation upon submission of the first report required by subsection (j), and the remaining one-third shall be available for obligation upon submission of the second such report.

(4) The President shall establish appropriate procedures to ensure that any humanitarian assistance provided by the United States Government to the Nicaraguan democratic resistance is used only for the intended purpose and is not diverted (through barter, exchange, or any other means) for acquisition of weapons systems, ammunition, or other equipment, vehicle, or material which can be used to inflict serious bodily harm or death.

(5) As used in this subsection, the term “humanitarian assistance” means the provision of food, clothing, medicine, and other humanitarian assistance, and it does not include the provision of weapons, weapons systems, ammunition, or other equipment, vehicles, or material which can be used to inflict serious bodily harm or death.

(h) **ASSISTANCE FOR IMPLEMENTATION OF A CONTADORA AGREEMENT.**—Effective upon the date of enactment of this Act, there are authorized to be appropriated \$2,000,000, which are authorized to remain available until expended, for payment by the Secretary of State for the expenses arising from implementation by the Contadora nations (Mexico, Panama, Colombia, and Venezuela) of an agreement among the countries of Central America based on the Contadora Document of Objectives of September 9, 1983, including peacekeeping, verification, and monitoring systems.

(i) **POLICIES WITH RESPECT TO NICARAGUA.**—The President is hereby urged and requested—

(1) to pursue vigorously the use of diplomatic and economic measures to resolve the conflict in Nicaragua, including simultaneous negotiations—

(A) to implement the Contadora Document of Objectives of September 8, 1983; and

(B) to develop, in close consultation and cooperation with other nations, trade and economic measures to complement such policies of the United States and to encourage the Government of Nicaragua to take the necessary steps to resolve the conflict;

(2) to suspend the economic sanctions imposed by the President on May 1, 1985, and the United States military maneuvers in Honduras and off the coast of Nicaragua, if the Government of Nicaragua agrees—

(A) to a cease fire,

(B) to open a dialogue with all elements of the opposition, including the Nicaraguan democratic resistance, and

(C) to suspend the state of emergency in Nicaragua;

(3) to call upon the Nicaraguan democratic resistance to remove from their ranks any individuals who have engaged in human rights abuses; and

(4) to resume bilateral discussions with the Government of Nicaragua with a view to encouraging—

(A) a church-mediated dialogue between the Government of Nicaragua and all elements of the opposition, including the Nicaraguan democratic resistance, in support of internal reconciliation as called for by the Contadora Document of Objectives; and

(B) a comprehensive, verifiable agreement among the nations of Central America, based on the Contadora Document of Objectives.

(j) **REPORTS.**—The President shall submit a report to the Congress 90 days after the date of enactment of this Act, and every 90 days thereafter, on any actions taken to carry out subsections (g) and (h). Each such report shall include—

(1) a detailed statement of any progress made in reaching a negotiated settlement referred to in subsection (i)(1), including the willingness of the Nicaraguan democratic resistance and the Government of Nicaragua to negotiate a settlement;

(2) a detailed accounting of the disbursements made to provide humanitarian assistance with the funds provided pursuant to subsection (g); and

(3) a discussion of the alleged human rights violations by the Nicaraguan democratic resistance and the Government of Nicaragua, including a statement of the steps taken by the Nicaraguan democratic resistance to comply with the request referred to in subsection (i)(3).

(k) **SUBMISSION OF REQUEST FOR ADDITIONAL ASSISTANCE FOR THE CENTRAL AMERICA PEACE PROCESS.**—If the President determines at any time after the enactment of this Act that—

(1) negotiations based on the Contadora Document of Objectives of September 9, 1983, have produced an agreement, or show promise of producing an agreement, or

(2) other trade and economic measures will assist in a resolution of the conflict, or to stabilization in the region, the President may submit to the Congress a request for budget and other authority to provide additional assistance for the furtherance of the Central America peace process.

(l) STATEMENT TO BE INCLUDED.—The President's request pursuant to subsection (k) shall include a detailed statement as to progress made to resolve the conflict in the region.

(m) CONSULTATION WITH THE CONGRESS.—In formulating a request pursuant to subsection (k), the President shall consult with the Congress.

(n) HOUSE PROCEDURES.—(1) The provisions of this subsection apply, during the 99th Congress, to the consideration in the House of Representatives of a joint resolution with respect to the request submitted by the President pursuant to subsection (k).

(5)(A) At any time after the first joint resolution placed on the appropriate calendar has been on that calendar for a period of 5 legislative days, it is in order for any Member of the House (after consultation with the Speaker as to the most appropriate time for the consideration of that joint resolution) to move that the House resolve itself into the Committee of the Whole House on the State of the Union for the consideration of that joint resolution. The motion is highly privileged and is in order even though a previous motion to the same effect has been disagreed to. All points of order against the joint resolution under clauses 2 and 6 of Rule XXI of the Rules of the House are waived. If the motion is agreed to, the resolution shall remain the unfinished business of the House until

imports by those countries (under commodity import programs or sector programs) shall require that those imports be used to meet long-term development needs in those countries in accordance with the following criteria:

(1) Spare parts and other imports shall be allocated on the basis of evaluations, by the agency primarily responsible for administering part I of that Act, of the ability of likely recipients to use such spare parts and imports in a maximally productive, employment generating, and cost effective way.

(2) Imports shall be coordinated with investments in accordance with the recipient country's plans for promoting economic development. The agency primarily responsible for administering part I of that Act shall assess such plans to determine whether they will effectively promote economic development.

(3) Emphasis shall be placed on imports for agricultural activities which will expand agricultural production, particularly activities which expand production for export or production to reduce reliance on imported agricultural products.

(4) Emphasis shall also be placed on a distribution of imports having a broad development impact in terms of economic sectors and geographic regions.

(5) In order to maximize the likelihood that the imports financed by the United States under such chapter are in addition to imports which would otherwise occur, consideration shall be given to historical patterns of foreign exchange uses.

(6)(A) Seventy-five percent of the foreign currencies generated by the sale of such imports by the government of the country shall be deposited in a special account established by that government and, except as provided in subparagraph (B), shall be available only for use in accordance with the agreement for economic development activities which are consistent with the policy directions of section 102 of the Foreign Assistance Act of 1961 and which are the types of activities for which assistance may be provided under sections 103 through 106 of that Act.

(B) The agreement shall require that the government of the country make available to the United States Government such portion of the amount deposited in the special account as may be determined by the President to be necessary for requirements of the United States Government.

(b) ANNUAL EVALUATIONS.—The agency primarily responsible for administering part I of the Foreign Assistance Act of 1961 shall conduct annual evaluations of the extent to which the criteria set forth in this subsection have been met.

⁴⁰Sec. 4(b)(1) of the South African Democratic Transition Support Act of 1993 (Public Law 103-149; 107 Stat. 1505) repealed subsec. (c) and (d) of this section. Those subsections stated eligibility criteria for funds for South Africa educational training programs and for the Human Rights Fund for South Africa through chapter 4 of part II of the Foreign Assistance Act of 1961 for fiscal years 1986 and 1987.

fiscal year 1987 shall be available only for regional programs in southern Africa. Not less than 50 percent of each of these amounts shall be allocated to assist sector projects supported by the Southern Africa Development Coordination Conference (SADCC) to enhance the economic development of the nine member states forming this important regional institution, especially in the following sectors: transportation, agriculture research and training, manpower development, and institutional support for the SADCC secretariat.

(b) STUDIES RELATING TO SOUTHERN AFRICA REGIONAL PROGRAMS.—(1) The administrator of the agency primarily responsible for administering part I of the Foreign Assistance Act of 1961 shall conduct a study which evaluates—

SEC. 803. POLICY TOWARD SOUTH AFRICAN "HOMELANDS".

(a) FINDINGS.—The Congress finds that—

(1) the sanctity of the family, individual liberty, maximum freedom of choice, ownership of private property, and equal treatment of all citizens, regardless of race, are principles which are fully supported by the American people;

(2) the forced relocation of blacks by the Government of the Republic of South Africa to designated "homelands" divides families, as families are required to remain in the "homelands" while fathers seek work in the so-called "white areas";

(3) the forced removal of persons living in so-called "black spots" in "white" rural areas in South Africa denies them the fundamental right to live and to farm on land they have legally occupied for years, and subjects them to arbitrary arrest and detention when they seek these rights;

(4) compared to "white" South Africa, the designated "homelands", which are meant to accommodate the largest South African population group on a fraction of South African territory and were established without the consent of the vast majority of the governed, are characterized by high rates of infant mortality, unemployment, and malnutrition and by a severe shortage of medical services;

(5) the policy of the Government of the Republic of South Africa denies blacks their rightful claim to full South African citizenship; and

(6) the recent violence in South Africa must be seen as an inevitable result of the denial of the full rights of citizenship.

(b) STATEMENT OF POLICY.—It is the sense of the Congress that—

(1) the policy of separate development and the forced relocation of the people of the Republic of South Africa are inconsistent with fundamental American values and internationally recognized principles of human rights;

(2) the Government of the United States should continue to regard as citizens of South Africa all persons born within the internationally recognized boundaries of the Republic of South Africa, and not differentiate among these citizens on the basis of the South African Government's claim to have granted independence to various "homelands";

(3) at such times that any "homeland" official applies for a visa for travel to the United States, such visa should not be granted unless that official holds a passport which is recognized as valid by the Government of the United States; and

(4) the Government of the United States should urge that the forced relocation of South African citizens be discontinued and that policies be adopted for all South Africa's citizens which protect the sanctity of the family, individual liberty, maximum freedom of choice, ownership of private property, and equal treatment of all citizens, regardless of race.

Such assistance shall be provided, to the maximum extent practicable, through private and voluntary organizations.

(b) **MILITARY ASSISTANCE.**—For each of the fiscal years 1986 and 1987—

SEC. 806. POLITICAL SETTLEMENT IN SUDAN.

(a) FINDINGS.—The Congress finds that—

(1) friendship and mutual interests bind the United States and Sudan; and

(2) the peace, security, and economic development of Sudan depend in large part on addressing the problems associated with the traditional north-south division in that country through political rather than military means.

(b)⁴² UNITED STATES POLICY.—It is, therefore, the policy of the United States that the provision of security assistance to Sudan shall be based on the expectation that the Government of Sudan will make progress toward reaching a political settlement with all parties to the conflict in the south of Sudan.

SEC. 807. ELECTIONS IN LIBERIA.

In recognition of the special relationship that the United States has with Liberia and of the wide variety of interests that the United States has in Liberia, security assistance for Liberia for fiscal years 1986 and 1987 is based on the expectation of a successful completion of free and fair elections, on a multiparty basis, in October 1985 as proposed by the Government of Liberia and on a return to full civilian, constitutional rule as a consequence of those elections.

SEC. 808. WESTERN SAHARA.

(a) UNITED STATES POLICY.—The policy of the United States shall be to support a negotiated political solution to the conflict in the Western Sahara taking into account the principle of self-determination as outlined in the 1981 Nairobi resolution and to encourage all parties to the conflict to reach a peaceful internationally recognized settlement. As part of this policy, the United States should carefully consider each type of military assistance it furnishes to any of the parties to the conflict and should seek to insure that the furnishing of such military assistance is consistent with United States policy which seeks a negotiated settlement.

(b) FURTHER STATEMENT OF POLICY.—It is the further policy of the United States to support Morocco's legitimate defense needs and to discourage aggression by any country in North Africa against another.

To the maximum extent practicable, such funds shall be channeled to non-governmental entities in Mozambique.

(b) **MILITARY ASSISTANCE.**—(1) None of the funds authorized to be appropriated for fiscal year 1986 or fiscal year 1987 to carry out chapter 2 of part II (relating to grant military assistance) or chapter 5 of part II (relating to international military education and training) of the Foreign Assistance Act of 1961 shall be used to provide assistance to the People's Republic of Mozambique unless the President makes the certification described in paragraph (2) before providing any such assistance for that fiscal year.

⁴³Sec. 118 of the Further Continuing Appropriations, 1992 (Public Law 102-145, as amended), repealed sec. 812, subsecs. (c) and (d) of which provided the following:

“(c) **PROHIBITION ON IMPORTS AND EXPORTS.**—(1) The President shall determine, within 30 days after the date of enactment of this Act, whether the Ethiopian regime is conducting a deliberate policy of starvation of its people and has not granted fundamental human rights to its citizens. ⁴⁷Sec. 541 of the Foreign Assistance and Related Programs Appropriations Act, 1987 (sec. 101(f) of Public Law 99-591; 100 Stat. 3341-236), provided:

“Not less than \$300,000,000 of the aggregate amount of funds appropriated by this Act to carry out the provisions of chapter 1 of part I of the Foreign Assistance Act of 1961 and chapter 4 of part II of that Act, shall be available for the provision of food, medicine, or other humanitarian assistance to the Afghan people, notwithstanding any other provision of law.”

some Sri Lankans who seek through violent means, including terrorist attacks, to divide that nation;

(3) there have been acts of terrorism committed against members of the Sri Lankan security forces, as well as against civilians, and there have been human rights abuses by members of the security forces against civilians, particularly Tamils, despite the efforts of the Government, which the Congress believes must be intensified, to put an end to those abuses;

(4) the differences and grievances in Sri Lanka cannot be resolved through the use of force; and

(5) the United States is a proud participant through its economic assistance programs in Sri Lanka's highly regarded development efforts and looks forward to enhanced cooperation and assistance in the context of a political settlement in Sri Lanka leading to the kind of peaceful climate in which additional aid could be effectively utilized.

(b) **POLITICAL SETTLEMENT.**—It is, therefore, the sense of the Congress that—

(1) all parties in Sri Lanka, from all communities in and out of government, should renew their efforts to achieve a joint political settlement which meets the legitimate concerns of all the people of Sri Lanka, while preserving the territorial integrity of Sri Lanka; and

(2) all parties outside Sri Lanka should do nothing which would impede progress toward such a settlement.

SEC. 908. UNITED STATES POLICY TOWARD THE REPUBLIC OF KOREA.

(a) **FINDINGS.**—The Congress finds that—

(1) the Government of the Republic of Korea has taken several significant and encouraging steps in liberalizing the political system in that country;

(2) among the steps which have facilitated a more democratic environment are the release of hundreds of student demonstrators, the lifting of a political ban on more than 300 opposition leaders, and the holding of a vigorously contested election for the National Assembly in which the opposition made substantial gains;

(3) despite these steps, the people of the Republic of Korea, who have become increasingly better educated and prosperous as a result of Korea's extraordinarily rapid economic development, have the desire and the capability to participate more fully and effectively in the government of their own country; and

(4) while internationally recognized human rights are clearly respected much more in the Republic of Korea than in the Democratic People's Republic of Korea, continued progress toward democratization in the south is in the interests of both the Republic of Korea and the United States, inasmuch as long-term political stability cannot be assured in the absence of further progress towards democratic government.

(b) **UNITED STATES POLICY.**—It is the policy of the United States to provide assistance to the Republic of Korea in order to help that country defend itself against external aggression. It is the hope of

the United States that the continuing close relations between our two countries, including such assistance, will encourage the establishment of a genuinely democratic system in the Republic of Korea, in which internationally recognized human rights, including freedom of the press, freedom of association, and freedom of assembly are observed.

(b)(1) It is the sense of the Congress that the United States should strongly support the efforts of developing countries to improve infant feeding practices, in particular through the promotion of breast feeding. As a demonstration of that support, the President is authorized to use up to \$5,000,000 of the funds made available for the fiscal year 1982 to carry out the purposes of sections 103 and 104(c) of the Foreign Assistance Act of 1961 in order to assist developing countries establish or improve programs to encourage improved infant feeding practices. In carrying out this paragraph, the Agency for International Development should provide funds for necessary research to obtain better information on the precise nature and magnitude of problems relating to infant feeding practices, including the use of infant formula, in developing countries.

(2) The President shall, as part of the congressional presentation documentation for the fiscal years 1983 and 1984, include information relevant to the implementation of this subsection, including—

Therefore, the President is urged, for urgent humanitarian reasons, to use existing authorities promptly in order to provide to the people of Poland, under as favorable terms as possible, feed grains from Commodity Credit Corporation stocks or other appropriate commodities.

(b) For the longer term, the President is encouraged to pursue discussions with other Western countries about a multilateral effort to help the people of Poland achieve self-sustaining economic recovery in the years ahead.

¹³Subsec. (c) amended the Foreign Assistance Act of 1961 by adding a new sec. 540 providing \$5,000,000 for Poland during fiscal year 1982.

USE OF CERTAIN POLISH CURRENCIES

Sec. 709. (a) Notwithstanding section 1415 of the Supplemental Appropriation Act, 1953, section 508 of the General Government Matters, Department of Commerce, and Related Agencies Appropriation Act, 1962, or any other provision of law, the currencies or credits received by the United States from the April 1981 sale and from the October 1981 sale of United States Government-held surplus dairy products to Poland shall, to such extent as may be provided in advance in an appropriation Act, be used by the President in Poland to serve United States interests, including use for activities of common benefit to the people of the United States and the people of Poland, such as joint programs in energy, agriculture, education, science, health, and culture, or for humanitarian activities.

(b) Notwithstanding any other provision of law, the availability or expenditure of such foreign currencies or credits shall not affect or reduce appropriations otherwise available for the purposes described in subsection (a).

FINDINGS REGARDING GLOBAL SECURITY

Sec. 710. (a) The Congress finds that the security of the United States and other countries is increasingly affected by a broad range of global problems including shortages or potential shortages of food, oil, water, wood, and other basic mineral and natural resources; desperate poverty; sickness; population pressures; environmental deterioration, including soil erosion and water pollution; and large-scale and destabilizing refugee problems.

(b) The Congress finds that hunger, disease, and extreme poverty are among the most critical of these global problems. As ever greater numbers of people perceive the disparity between their own continuing deprivation and the prosperity of others, and judge their predicament to be neither just nor inevitable, it becomes increasingly likely that there will be unrest and violence with consequent disruption of the flow of essential materials, adverse effects on the world economy, decreased likelihood of cooperative efforts toward meeting the other critical problems threatening national and global security, and increased likelihood of confrontation between nations which possess nuclear arms.

(c) Therefore, the Congress finds that the Nation's understanding of global and national security must be broad enough to include the problems cited in this section, and that adequate protection of the security of the United States requires effective action on these global problems, and in particular on the problems of hunger, disease, and extreme poverty.

WORLD FOOD SECURITY RESERVES

Sec. 711. (a) The Congress finds that—

(1) the Congress recently passed and the President signed into law an Act which provides for establishment of a United States food security reserve of up to four million metric tons of wheat to be used for emergency food assistance;

(2) the food import needs of developing countries will increase over the next ten years; and

(3) other grain exporting countries could take additional steps to assure continuity of food assistance during food crisis years.

(b) The President shall encourage other grain exporting countries to establish their own food security reserves or take other measures that complement the United States food security reserve.

(c) The President shall report to the Speaker of the House of Representatives and the Committee on Foreign Relations of the Senate within one year after the enactment of this Act on the actions he has taken and the response of other countries to these proposals.

FINDINGS AND DECLARATION OF POLICY REGARDING WORLD HUNGER

Sec. 712. The Congress, affirming the value of human life, finds and declares that the elimination of hunger and its causes is of fundamental moral significance and, further, that it is in the political, economic, and security interests of the United States. Therefore, the Congress declares that the elimination of hunger and its causes shall be a primary objective of United States relations with the developing countries.

REAFFIRMATION OF SUPPORT FOR HUMAN RIGHTS PROVISIONS

Sec. 713. (a) The Congress reaffirms its support for the various statutory provisions which have been enacted in order to promote internationally recognized human rights.

(b) It is the sense of the Congress that a strong commitment to the defense of human rights should continue to be a central feature of United States foreign policy.

IMMIGRANT VISAS FOR TAIWAN

Sec. 714.¹⁴ The approval referred to in the first sentence of section 202(b) of the Immigration and Nationality Act shall be considered to have been granted with respect to Taiwan (China).

LEBANON

Sec. 715. It is the sense of the Congress that the Government of the United States should continue to support diplomatic efforts to resolve the current crisis in Lebanon, and to pursue a comprehensive and coordinated policy in Lebanon guided by the following principles:

(1) maintenance of an effective cease-fire throughout Lebanon;

(2) resolution of the issue of the Syrian missiles deployed in Lebanon;

(3) freedom, security, and opportunity for the Christian and all other Lebanese communities, including the Moslem, Druze, Armenian, and Jewish communities in Lebanon;

¹⁴ 8 U.S.C. 1152 note.

(4) reaffirmation of the historic United States-Lebanon relationship and strengthening the longstanding commitment of the United States to the independence, sovereignty, and territorial integrity of Lebanon, without partition, free from terrorism and violence, and free to determine its future without Soviet or other outside interference;

(5) generous international support for relief, rehabilitation, and humanitarian assistance for Lebanon, particularly for those Lebanese citizens who have suffered from the terrorism and violence of recent events;

(6) restoration of Lebanon's sovereignty free from outside domination or occupation; and

(7) support for a free and open national election.

USE OF CHEMICAL AND TOXIN WEAPONS

Sec. 716. (a) The Congress condemns the use of, and the provision for use of, chemical agents and toxin weapons against the peoples of Laos, Kampuchea, or Afghanistan.

(b) It is the sense of the Congress that the President should, acting through the Permanent Representative of the United States to the United Nations and all other appropriate diplomatic agents, seek definite measures to bring to an end actions by any party or government in using, and providing for use, chemical agents or toxin weapons against the peoples of Laos, Kampuchea, and Afghanistan, in violation of the spirit and the provisions of—

(1) the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction (done at Washington, London, and Moscow on April 10, 1972);¹⁵

(2) the Protocol for the Prohibition of the Use in War of Asphyxiating, Poisonous or Other Gases, and of Bacteriological Methods of Warfare (signed at Geneva on June 17, 1925);¹⁵ and

(3) customary international law.

(c) It is further the sense of Congress that the President should—

(1) allocate the highest possible priority to the development of further evidence clarifying the nature and origins of the chemical agents and toxin weapons being used against the peoples of Laos, Kampuchea, and Afghanistan; and

(2) vigorously seek a satisfactory explanation from the Government of the Soviet Union regarding the strong circumstantial and presumptive evidence of its role in the use, or provision for use, of such weapons.

(d) The Congress reiterates the concern expressed in House Resolution 644 (96th Congress), adopted by the House of Representatives on May 19, 1980, regarding the outbreak of pulmonary anthrax near Sverdlosk on April 3, 1979, and expresses its disappointment that the Soviet Union has failed adequately to respond to requests for data explaining this incident as provided in the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction.

¹⁵For text, see *Legislation on Foreign Relations Through 1988*, vol. V, sec. F.

(e) It is further the sense of Congress that the negotiation of a treaty prohibiting the development, production, and stockpiling of chemical weapons, with reliable verification provisions, should be given a high priority by the United States Government and by all foreign governments.

FINANCIAL OBLIGATIONS¹⁶ TO THE UNITED NATIONS

Sec. 717. (a) The Congress finds and declares that—

(1) the financing of the United Nations is the collective responsibility of all member nations;

(2) the International Court of Justice has determined that the expenses of the United Nations incurred in its peacekeeping operations are properly included as a part of the regular expenses of the United Nations; and¹⁷

(3) peacekeeping operations are vital to the mission of the United Nations and must be adequately financed if such operations are to continue.¹⁷

(b) It is the sense of the Congress that the President, acting through the Permanent Representative of the United States to the United Nations, should undertake appropriate diplomatic initiatives to ensure that members of the United Nations make payments of all their outstanding financial obligations to the United Nations, including their¹⁸ assessments with respect to the peacekeeping operations of the United Nations.

CONDEMNATION OF LIBYA FOR ITS SUPPORT OF INTERNATIONAL
TERRORIST MOVEMENTS

Sec. 718. (a) The Congress condemns the Libyan Government for its support of international terrorist movements, its efforts to obstruct positive movement toward the peaceful resolution of problems in the Middle East region, and its actions to destabilize and control governments of neighboring states in Africa.

(b) The Congress believes that the President should conduct an immediate review of concrete steps the United States could take, individually and in concert with its allies, to bring economic and political pressure on Libya to cease such activities, and should submit a report on that review to the Congress within one hundred and eighty days after the date of enactment of this Act. Such a review should include the possibility of tariffs on or prohibitions against the import of crude oil from Libya.

¹⁶Sec. 701(1) of the FRIENDSHIP Act (Public Law 103-199; 103 Stat. 2317) struck out “of THE SOVIET UNION” from the section heading.

¹⁷Sec. 701(2) of the FRIENDSHIP Act (Public Law 103-199; 103 Stat. 2317) inserted “and” at the end of paragraph (2), replaced “; and” at the end of para. (3) with a period, and struck out para. (4), which had read as follows:

“(4) the Government of the Union of Soviet Socialist Republics is currently \$180,000,000 in arrears on its payments to the United Nations, primarily as a result of its refusal to pay for the peacekeeping operations of the United Nations.”

¹⁸Sec. 701(3) of the FRIENDSHIP Act (Public Law 103-199; 107 Stat. 2317) struck out “a diplomatic initiative to obtain payment by the Government of the Union of Soviet Socialist Republics of all its outstanding financial obligations to the United Nations, including its” and inserted in lieu thereof “appropriate diplomatic initiatives to ensure that members of the United Nations make payments of all their outstanding financial obligations to the United Nations, including their”.

UNITED STATES CITIZENS ACTING IN THE SERVICE OF INTERNATIONAL
TERRORISM

Sec. 719. (a) It is the sense of the Congress that the spread of international terrorism poses a grave and growing danger for world peace and for the national security of the United States. As a part of its vigorous opposition to the activities of international terrorist leaders and the increase of international terrorism, the United States should take all steps necessary to ensure that no United States citizen is acting in the service of terrorism or of the proponents of terrorism.

(b) Not later than six months after the enactment of this Act, the President shall submit to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate a report which includes—

(1) a description of all legislation, currently in force, and of all administrative remedies, presently available, which can be employed to prevent the involvement, service, or participation by United States citizens in activities in support of international terrorism or terrorist leaders;

(2) an assessment of the adequacy of such legislation and remedies, and of the enforcement resources available to carry out such measures, to prevent the involvement, service, or participation by United States citizens in activities in support of international terrorism or terrorist leaders; and

(3) a description of available legislative and administrative alternatives, together with an assessment of their potential impact and effectiveness, which could be enacted or employed to put an end to the participation of United States citizens in activities in support of international terrorism or terrorist leaders.

NONALIGNED COUNTRIES

Sec. 720. (a) In considering whether to provide assistance, make sales, extend credits, or guarantee loans under the provisions of the Foreign Assistance Act of 1961, as amended, or the Arms Export Control Act, to any country represented at the Meeting of Ministers of Foreign Affairs and Heads of Delegations of the Non-Aligned Countries to the 36th General Session of the General Assembly of the United Nations on September 25 and 28, 1981, the President shall take into account whether such country has dissociated itself from the communique issued following the meeting.

(b) Within thirty days after the date of enactment of this section, the President shall submit a report to the Speaker of the House of Representatives and the Committee on Foreign Relations of the Senate on the countries which have dissociated themselves from the nonaligned countries communique and on their methods of dissociation.

PROMOTING THE DEVELOPMENT OF THE HAITIAN PEOPLE AND
PROVIDING FOR ORDERLY EMIGRATION FROM HAITI

Sec. 721.¹⁹ (a)(1) It is the sense of the Congress that up to \$15,000,000 of the funds available for the fiscal year 1982 to carry out chapter 1 of part I of the Foreign Assistance Act of 1961 should be made available for development assistance for Haiti, subject to the limitation in subsection (b) of this section.

(2) To the maximum extent practicable, assistance for Haiti for the fiscal year 1982 under chapter 1 of part I of the Foreign Assistance Act of 1961 should be provided through private and voluntary organizations.

(b) Funds available for the fiscal year 1982 to carry out chapter 1 of part I or chapter 2 or chapter 5 of part II of the Foreign Assistance Act of 1961 may be expended for Haiti, and credits and guarantees extended for the fiscal year 1982 under the Arms Export Control Act may be approved for use for Haiti, only if the President determines that the Government of Haiti—

(1) is cooperating with the United States in halting illegal emigration from Haiti;

(2) is not aiding, abetting, or otherwise supporting illegal emigration from Haiti;

(3) has provided assurances that it will cooperate fully in implementing United States development assistance programs in Haiti (including programs for prior fiscal years); and

(4) is not engaged in a consistent pattern of gross violations of internationally recognized human rights.

(c) Six months after the date of enactment of this Act, the President shall prepare and transmit to the Congress a report on the extent to which the actions of the Government of Haiti are consistent with paragraphs (1), (2), (3), and (4) of subsection (b) of this section.

(d) Notwithstanding the limitations of section 660 of the Foreign Assistance Act of 1961, funds made available under such Act for the fiscal year 1982 and for the fiscal year 1983 may be used for programs with Haiti to assist in halting significant illegal emigration from Haiti to the United States.

COMPREHENSIVE ANALYSIS OF FOREIGN ASSISTANCE

Sec. 722. (a) It is the sense of Congress that at a time when major retrenchments and reappraisals are being made in domestic programs, it is also logical that, while maintaining past international commitments, the magnitude and direction of future foreign assistance programs should also be reviewed. As part of such a review process, the President is requested to provide a comprehensive report to the Congress on his approach to foreign assistance. Such report shall include an analysis and recommendations on the following issues:

(1) the relationship between foreign assistance and defense expenditures as means of conducting foreign policy;

(2) the appropriate mix between military and economic assistance;

¹⁹ 22 U.S.C. 2151 note.

(3) the strengths and weaknesses, and appropriate mix, of bilateral and multilateral assistance programs;

(4) the relevance of the basic human needs approach to current aid policy;

(5) the performance of other aid donors, and the benefits they derive from their programs;

(6) criteria for determining the appropriate size and composition of country programs;

(7) the appropriateness of the current mix of grants and loans, and the possibility of combining them with new or existing guarantee, insurance, and export credit programs;

(8) specific means to more actively engage the private sector in assistance programs; and

(9) the usefulness of current functional categories in constructing the development assistance budget.

(b) The Congress requests that the President provide to the Congress a preliminary report by March 31, 1982, and a final report by June 30, 1982, with respect to the issues referred to in subsection (a).

EXTERNAL DEBT BURDENS OF EGYPT, ISRAEL, AND TURKEY

Sec. 723. The Congress finds that the Governments of Egypt, Israel, and Turkey each have an enormous external debt burden which may be made more difficult by virtue of financing provided for those governments under various United States assistance programs. In order to assist the Congress in examining United States assistance for these countries, the President shall report to the Speaker of the House of Representatives and to the chairman of the Committee on Foreign Relations of the Senate, not later than one hundred and twenty days after the date of enactment of this Act and not later than one year after the date of enactment of this Act, regarding economic conditions prevailing in Egypt, Israel, and Turkey which may affect their respective ability to meet their international debt obligations and to stabilize their economies. These reports shall also analyze the impact on Egypt's economy of Arab sanctions against Egypt.

NICARAGUA

Sec. 724. (a) In furnishing assistance under this Act to the Government of Nicaragua, the President shall take into account the extent to which that Government has engaged in violations of internationally recognized human rights (including the right to organize and operate labor unions free from political oppression, the right to freedom of the press, and the right to freedom of religion) and shall encourage the Government of Nicaragua to respect those rights.

(b) In furnishing assistance under this Act to the Government of Nicaragua, the President shall take into account the extent to which that Government has fulfilled its pledge of July 1979 to the member states of the Organization of American States—

(1) to establish full respect for human rights in Nicaragua in accordance with the United Nations Universal Declaration of

the Rights and Duties of Man and the Charter on Human Rights of the Organization of American States;

(2) to allow the free movement in Nicaragua of the Inter-American Commission on Human Rights; and

(3) to establish the framework for free and democratic elections so that the people of Nicaragua may elect their representatives to city councils, to constitutional assembly, and to Nicaragua's highest-ranking authorities, with such framework to include, but not be limited to, the full and complete opportunity for political activity of the Nicaraguan people.

(c) Assistance to the Government of Nicaragua under this Act shall be terminated if the President determines and reports to the Congress that the Government of Nicaragua cooperates with or harbors any international terrorist organization or is aiding, abetting, or supporting acts of violence or terrorism in other countries, or that Soviet, Cuban, or other foreign combat military forces are stationed or situated within the borders of Nicaragua and the presence of such forces constitutes a threat to the national security of the United States or to any Latin American ally of the United States.

(d) Any agreement between the United States and the Government of Nicaragua regarding the use of funds appropriated to carry out this Act, which are to be made available in the form of loans, shall specifically require that to the maximum extent possible such loan funds, and any local currency generated in conjunction therewith, shall be used for assistance to the private sector. Local currency loan programs in Nicaragua shall be monitored and audited in accordance with section 624(g) of the Foreign Assistance Act of 1961.

(e) For each six-month period in which any funds are expended under this Act for Nicaragua, the President shall submit to the Speaker of the House of Representatives, and the chairman of the Committee on Foreign Relations of the Senate, a report accounting fully and in itemized detail for the amounts obligated and actually expended in Nicaragua.

REPEAL OF LIMITATIONS ON ASSISTANCE, SALES, AND SALES CREDITS
FOR CHILE

Sec. 726. (a) Section 406 of the International Security Assistance and Arms Export Control Act of 1976 (22 U.S.C. 2370 note) is repealed.

(b)²¹ Notwithstanding any other provision of law—

²⁰Title V of Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations Act, 1990 (Public Law 101-162; 103 Stat. 1030) repealed sec. 725 (22 U.S.C. 2370 note). Sec. 725 had (a) repealed sec. 620B of the Foreign Assistance Act of 1961, and (b) required the President to provide to Congress a detailed report certifying that (1) the Government of Argentina made significant progress in complying with internationally recognized principles of human rights; and (2) the provision of such assistance, credits, loan guarantees, defense articles, defense services, or export licenses was in the national interests of the United States, as a condition for those forms of assistance listed in par. (2).

²¹22 U.S.C. 2370 note. Sec. 544(a) of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1991 (Public Law 101-513; 104 Stat. 2019), continued for fiscal year 1992 by Public Law 102-145, provided the following:

- (1) no assistance may be furnished under chapter 2, 4, 5, or 6 of part II of the Foreign Assistance Act of 1961 to Chile;
- (2) no sale of defense articles or services may be made under the Arms Export Control Act to Chile;
- (3) no credits (including participation in credits) may be extended and no loan may be guaranteed under the Arms Export Control Act with respect to Chile; and
- (4) no export licenses may be issued under section 38 of the Arms Export Control Act to or for the Government of Chile;
- unless and until the President submits to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate a detailed report certifying—
- (A) that the Government of Chile has made significant progress in complying with internationally recognized principles of human rights;
- (B) that the provision of such assistance, articles or services is in the national interest of the United States; and
- (C) that the Government of Chile is not aiding or abetting international terrorism and has taken appropriate steps to cooperate to bring to justice by all legal means available in the United States or Chile those indicted by a United States grand jury in connection with the murders of Orlando Letelier and Ronni Moffitt.

(c)²² The prohibition contained in subsection (b) does not prohibit the sale, or the licensing for export, of cartridge actuated devices, propellant actuated devices, components, parts, tools, technical manuals, time compliance to technical orders (TCTOs), or TCTO retrofits for aircraft of the F-5E/F, A/T-37, or C-130E/H type owned by the Chilean Air Force,²³ so long as the items are provided only for purposes of enhancing the safety of the aircraft crew.

ASSISTANCE FOR EL SALVADOR

Sec. 727. (a) It is the sense of the Congress that assistance furnished to the Government of El Salvador, both economic and military, should be used to encourage—

"CHILE

"SEC. 544. (a) Funds appropriated by this Act under the heading 'Economic Support Fund' may be used under the authority of section 534(b) (4) and (6) of the Foreign Assistance Act of 1961 to support the efforts of private groups and individuals seeking to develop a national consensus on the importance of an independent judiciary and the administration of justice generally in a democratic society. Assistance may be provided under this section without regard to the requirements of section 726(b) of the International Security and Development Cooperation Act of 1981."

In Public Notice 1333 of September 30, 1990, the Secretary of State certified that "(A) the Government of Chile has made significant progress in complying with internationally recognized principles of human rights; (B) the provision of the assistance, articles and services described in provisions (1)-(4) of sections 726(b) of the Act to Chile is in the national interest of the United States; and (C) the Government of Chile is not aiding or abetting international terrorism and has taken appropriate steps to cooperate to bring to justice by all legal means available in the United States or Chile those indicted by a United States grand jury in connection with the murders of Orlando Letelier and Ronni Moffitt." (56 F.R. 4886; February 6, 1991).

See also 22 CFR Part 126, International Traffic in Arms Regulations, and amendments to same, effective October 29, 1991 (56 F.R. 55630; October 29, 1991).

²²Subsec. (c) was added by sec. 715 of the International Security and Development Cooperation Act of 1985 (Public Law 99-83; 99 Stat. 247).

²³Sec. 544(b) of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1991 (Public Law 101-513; 104 Stat. 2019), struck out "and technical manuals for aircraft of the F-5E/F or A/T-37 type which were sold to the Chilean Air Force by the United States before January 1, 1976", and inserted in lieu thereof text beginning at "components, parts, tools, * * *".

(1) full observance of internationally recognized human rights in accordance with sections 116 and 502B of the Foreign Assistance Act of 1961;

(2) full respect for all other fundamental human rights, including the right of freedom of speech and of the press, the right to organize and operate free labor unions, and the right to freedom of religion;

(3) continued progress in implementing essential economic and political reforms, including land reform and support for the private sector;

(4) a complete and timely investigation of the deaths of all United States citizens killed in El Salvador since October 1979;

(5) an end to extremist violence and the establishment of a unified command and control of all government security forces in this effort;

(6) free, fair, and open elections at the earliest date; and

(7) increased professional capability of the Salvadoran Armed Forces in order to establish a peaceful and secure environment in which economic development and reform and the democratic processes can be fully implemented, thereby permitting a phased withdrawal of United States military training and advisory personnel at the earliest possible date.

(b) It is the sense of the Congress that the United States economic assistance to El Salvador should put emphasis on revitalizing the private sector and supporting the free market system. The Congress recognizes that the lack of foreign exchange to buy imported raw materials and intermediate goods is a major impediment to the ability of the Salvadoran economy to provide jobs. The Congress also recognizes that the funds budgeted for economic assistance are only a fraction of the foreign exchange needed, and United States economic aid should be used, wherever possible, to stimulate private sector lending. Therefore, the Congress urges the President to set aside a portion of the economic support funds to provide guarantees to private United States banks willing to give credits to the Salvadoran private sector.

RESTRICTIONS ON MILITARY ASSISTANCE AND SALES TO EL SALVADOR

Sec. 728.²¹ (a)(1) The Congress finds that peaceful and democratic development in Central America is in the interest of the United States and of the community of American States generally, that the recent civil strife in El Salvador has caused great human suffering and disruption to the economy of that country, and that substantial assistance to El Salvador is necessary to help alleviate that suffering and to promote economic recovery within a peaceful and democratic process. Moreover, the Congress recognizes that the efforts of the Government of El Salvador to achieve these goals are affected by the activities of forces beyond its control.

(2) Taking note of the substantial progress made by the Government of El Salvador in land and banking reforms, the Congress declares it should be the policy of the United States to encourage and support the Government of El Salvador in the implementation of these reforms.

(3) The United States also welcomes the continuing efforts of President Duarte and his supporters in the Government of El Salvador to establish greater control over the activities of members of the armed forces and government security forces. The Congress finds that it is in the interest of the United States to cooperate with the Duarte government in putting an end to violence in El Salvador by extremist elements among both the insurgents and the security forces, and in establishing a unified command and control of all government forces.

(4) The United States supports the holding of free, fair, and open elections in El Salvador at the earliest date. The Congress notes the progress being made by the Duarte government in this area, as evidenced by the appointment of an electoral commission.

(b) In fiscal years 1982 and 1983, funds may be obligated for assistance for El Salvador under chapter 2 or 5 of part II of the Foreign Assistance Act of 1961, letters of offer may be issued and credits and guarantees may be extended for El Salvador under the Arms Export Control Act, and members of the Armed Forces may be assigned or detailed to El Salvador to carry out functions under the Foreign Assistance Act of 1961 or the Arms Export Control Act, only if not later than thirty days after the date of enactment of this Act and every one hundred and eighty days thereafter, the President makes a certification in accordance with subsection (d).

(c) If the President does not make such a certification at any of the specified times then the President shall immediately—

(1) suspend all expenditures of funds and other deliveries of assistance for El Salvador which were obligated under chapters 2 and 5 of part II of the Foreign Assistance Act of 1961 after the date of enactment of this Act;

(2) withhold all approvals for use of credits and guarantees for El Salvador which were extended under the Arms Export Control Act after the date of enactment of this Act;

(3) suspend all deliveries of defense articles, defense services, and design and construction services to El Salvador which were sold under the Arms Export Control Act after the date of enactment of this Act; and

(4) order the prompt withdrawal from El Salvador of all members of the Armed Forces performing defense services, conducting international military education and training activities, or performing management functions under section 515 of the Foreign Assistance Act of 1961.

Any suspension of assistance pursuant to paragraphs (1) through (4) of this subsection shall remain in effect during fiscal year 1982 and during fiscal year 1983 until such time as the President makes a certification in accordance with subsection (d).

(d) The certification required by subsection (b) is a certification by the President to the Speaker of the House of Representatives and to the chairman of the Committee on Foreign Relations of the Senate of a determination that the Government of El Salvador—

(1) is making a concerted and significant effort to comply with internationally recognized human rights;

(2) is achieving substantial control over all elements of its own armed forces, so as to bring to an end the indiscriminate torture and murder of Salvadoran citizens by these forces:

(3) is making continued progress in implementing essential economic and political reforms, including the land reform program;

(4) is committed to the holding of free elections at an early date and to that end has demonstrated its good faith efforts to begin discussions with all major political factions in El Salvador which have declared their willingness to find and implement an equitable political solution to the conflict, with such solution to involve a commitment to—

(A) a renouncement of further military or paramilitary activity; and

(B) the electoral process with internationally recognized observers.

Each such certification shall discuss fully and completely the justification for making each of the determinations required by paragraphs (1) through (4).

(e)²⁴ On making the first certification under subsection (b) of this section, the President shall also certify to the Speaker of the House of Representatives and the chairman of the Committee on Foreign Relations of the Senate that he has determined that the Government of El Salvador has made good faith efforts both to investigate the murders of the six United States citizens in El Salvador in December 1980 and January 1981 and to bring to justice those responsible for those murders. The second certification required under this section may be made only if it includes a determination by the President that the Government of El Salvador (1) has made good faith efforts since the first such certification was made to investigate the murders of those six United States citizens and to bring to justice those responsible for those murders, and (2) has taken all reasonable steps to investigate the disappearance of journalist John Sullivan in El Salvador in January 1981.²⁵ The fourth certification required under this section may be made only if it includes a determination by the President that, since the third such certification was made, the Government of El Salvador (1) has made good faith efforts both to investigate the murders of the seven United States citizens in El Salvador in December 1980 and January 1981 and to bring to justice all those responsible for those murders, and (2) has taken all reasonable steps to investigate the killing of Michael Kline in El Salvador in October 1982.²⁶

REPORTING REQUIREMENT RELATING TO EL SALVADOR

Sec. 729. (a) Not later than ninety days after the date of enactment of this section, the President shall prepare and transmit to the Speaker of the House of Representatives and to the chairman of the Committee on Foreign Relations of the Senate a report setting forth—

(1) the viewpoints of all major parties to the conflict in El Salvador and of the influential actors in the Salvadoran politi-

(2) the views of democratic Latin American nations, Canada, the Organization of American States, and European allies of the United States regarding a negotiated settlement to such conflict.

(b) It is the sense of the Congress that the President shall, as soon as possible, send a special envoy or use other appropriate means to consult with and gather information from appropriate representatives of the parties to the Salvadoran conflict, democratic governments of Latin America, Canada, and European allies of the United States regarding the attainment of a negotiated settlement in El Salvador.

RESTRICTIONS ON AID TO EL SALVADOR

Sec. 730. None of the funds authorized to be appropriated by this Act may be made available for the provision of assistance to El Salvador for the purpose of planning for compensation, or for the purpose of compensation, for the confiscation, nationalization, acquisition, or expropriation of any agricultural or banking enterprise, or of the properties or stock shares which may be pertaining thereto.

EL SALVADORAN REFUGEES

Sec. 731.²⁷ It is the sense of the Congress that the administration should continue to review, on a case-by-case basis, petitions for extended voluntary departure made by citizens of El Salvador who claim that they are subject to persecution in their homeland, and should take full account of the civil strife in El Salvador in making decisions on such petitions.

REPORT ON NUCLEAR ACTIVITIES

Sec. 735. INTERAGENCY GROUP ON HUMAN RIGHTS AND FOREIGN ASSISTANCE

Sec. 710. It is the sense of the Congress that—

- (1) the Interagency Group on Human Rights and Foreign Assistance has been an effective mechanism for coordinating and implementing United States human rights policies;
- (2) the President should consider establishing the Interagency Group on a more permanent basis;
- (3) the Interagency Group should examine proposals for not only economic assistance but also for security assistance; and
- (4) the President should report his recommendations for strengthening the Interagency Group to the Congress no later than July 1, 1981.

PEACE IN THE MIDDLE EAST

Sec. 711.²⁵ (a) It is the sense of the Congress that all parties to the Arab-Israeli conflict need to reaffirm their unequivocal commit-

Congress did not enact an authorization for fiscal year 2003. Instead, the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2003 (division E of Public Law 108-7), waived the requirements for authorization, and title II of that Act (at 117 Stat. 171) provided the following:

“AFRICAN DEVELOPMENT FOUNDATION

“For necessary expenses to carry out title V of the International Security and Development Cooperation Act of 1980, Public Law 96-533, \$18,689,000, to remain available until September 30, 2004: *Provided*, That funds made available to grantees may be invested pending expenditure for project purposes when authorized by the board of directors of the Foundation: *Provided further*, That interest earned shall be used only for the purposes for which the grant was made: *Provided further*, That this authority applies to interest earned both prior to and following enactment of this provision: *Provided further*, That notwithstanding section 505(a)(2) of the African Development Foundation Act, in exceptional circumstances the board of directors of the Foundation may waive the \$250,000 limitation contained in that section with respect to a project: *Provided further*, That the Foundation shall provide a report to the Committees on Appropriations after each time such waiver authority is exercised.”

²³Title II of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1990 (Public Law 101-167; 103 Stat. 1209) repealed sec. 511 (22 U.S.C. 290h-9). Section 511 formerly read as follows:

“The authority of the Foundation to make grants, loans, and loan guarantees and otherwise to carry out the purposes of this title shall expire on September 30, 1990, except that this section shall not preclude the Foundation from acquiring obligations prior to that date which mature subsequent to that date or from assuming liability prior to that date as a guarantor of obligations which mature subsequent to that date or from continuing as a body corporate and exercising any of its powers subsequent to that date for purposes of the orderly liquidation of its activities.”

²⁴Sec. 603, which had required a report from the Director of the Peace Corps on a plan for more effective utilization of returned Peace Corps volunteers, was repealed by sec. 734(a)(2) of the International Security and Development Cooperation Act of 1981 (Public Law 97-113; 95 Stat. 1560). The Director submitted this report to Congress on January 15, 1981.

ment to the peace process in order to achieve further progress toward a comprehensive settlement, to reinforce the principles of the Camp David accords, and to take actions to encourage parties not currently involved in the peace process to become active participants in peace efforts.

(b) It is further the sense of the Congress that to further these goals (1) all parties to the conflict should accept Israel's unequivocal right to exist within secure and recognized borders; (2) the Governments of Israel and Egypt should maintain and strengthen their commitment to the process of normalization of relations and continue actions to support that commitment; (3) the Governments of Israel and Egypt should reaffirm their commitment to United Nations Resolution 242 and its applicability, in all its aspects, to territories under negotiations; and (4) the governments of countries in the Middle East should assure that their policies and actions are consistent with the objectives of achieving peace and of involving other parties in the peace process.

ASSISTANCE FOR JORDAN

Sec. 712. It is the sense of the Congress that for Jordan to receive any funds authorized to be appropriated by this Act, it should be judged by the President that Jordan is acting in good faith to achieve peace in the Middle East and that the expenditure of such funds for Jordan will serve to further peace in the Middle East.

CUBAN REFUGEES

Sec. 715. (a) The Congress finds that—

- (1) the flow of refugees for political, economic, or other compelling reasons is a growing and world-wide phenomenon;
- (2) the United States represents freedom of thought and action and economic opportunity and has historically played a major role in providing a home to the refugees of the world;
- (3) an orderly and lawful refugee process is necessary for the furtherance of United States domestic well-being;
- (4) continuation of the traditional compassionate and humanitarian policy of the United States regarding entry to its shores of refugees and other victims of oppression is threatened by the precipitate influx of large numbers of Cubans fleeing their country;

²⁶Sec. 713, which had required a report from the President regarding the economic conditions prevailing in Egypt, Israel, Portugal, and Turkey which may affect their respective ability to meet their international debt obligations and to stabilize their economies, was repealed by sec. 734(a)(2) of the International Security and Development Cooperation Act of 1981 (Public Law 97-113; 95 Stat. 1560). The President submitted this report to Congress on January 19, 1981. A similar report concerning Egypt, Israel, and Turkey is required by sec. 723 of Public Law 97-113.

²⁷Sec. 714, which had required quarterly and annual reports to Congress regarding the military capabilities and deployment of Soviet military personnel in Cuba and Soviet military assistance to the armed forces of Cuba, was repealed by sec. 734(a)(2) of the International Security and Development Cooperation Act of 1981 (Public Law 97-113; 95 Stat. 1560).

(5) the United States has sought to negotiate with the Government of Cuba to establish a lawful, safe, and orderly process by which Cubans may be allowed to leave their country; and

(6) the Cuban refugee crisis is a problem of international concern and other nations should contribute to its resolution.

(b)(1) The Congress urges the President to take the necessary steps to encourage and secure greater international cooperation with respect to the large number of Cuban natives who have recently fled or are attempting to flee Cuba. Such steps should include seeking the agreement of other countries to admit some of those persons into their respective countries and to contribute funds and other assistance for the resettlement of those persons.

(2) In order to encourage countries throughout the world which are recipients of United States bilateral and multilateral assistance to permit and to help finance the resettlement of Cuban and other refugees within their borders, the President shall, to the maximum extent feasible, attempt to channel such assistance to countries which have demonstrated a willingness to provide assistance to Cuban and other refugees.

(c) It is the sense of the Congress that, in carrying out subsection (b)(1), the President should seek the discussion, in an appropriate international forum such as the United Nations or the Organization of American States, of the situation involving the flight of large numbers of Cuban natives from Cuba, of the resettlement of Cuban refugees, and of means by which a more orderly process may be established to handle future crises of a similar nature.

INCARCERATION AND DEPORTATION OF CERTAIN CUBANS

Sec. 716.²⁸ The Congress finds that the United States Government has already incarcerated recently arrived Cubans who are admitted criminals, are security threats, or have incited civil disturbances in Federal processing facilities. The Congress urges the Executive branch, consistent with United States law, to seek the deportation of such individuals.

PROHIBITION ON ASSISTANCE TO THE GOVERNMENTS OF CUBA, VIETNAM, AND CAMBODIA

Sec. 717. None of the funds authorized to be appropriated by this Act may be used to provide assistance to the Governments of Cuba, Vietnam, or Cambodia. Nothing in this section shall be construed to prohibit food assistance or humanitarian assistance which is distributed directly to the people of Cambodia.

COOPERATION OF OTHER GOVERNMENTS IN THE BOYCOTT OF THE 1980 SUMMER OLYMPIC GAMES IN MOSCOW

Sec. 718. In determining the levels of assistance to be provided to a foreign government with funds authorized to be appropriated by this Act, the President shall take into account the position of that government with respect to the United States proposed boycott of the 1980 summer Olympic games in Moscow.

Sec. 719. The President shall encourage the holding of free, open elections in Uganda and shall, in considering assistance for Uganda with funds authorized to be appropriated by this Act, take into account whether such elections are held.

TITLE IV—INSTITUTE FOR SCIENTIFIC AND
TECHNOLOGICAL COOPERATION

STATEMENT OF POLICY

Sec. 401.³ As declared by Congress in the Foreign Assistance Act of 1961, a principal objective of the foreign policy of the United States is the encouragement and sustained support of the people of developing countries in their efforts to acquire the knowledge and resources essential to development and to build the economic, political, and social institutions which will improve the quality of their lives. The Congress reaffirms the profound humanitarian and foreign policy concerns of the United States in the economic and social progress of the developing countries and in the alleviation of the worst physical manifestations of poverty in these countries.

¹Sec. 124, which had prohibited assistance for Panama during fiscal year 1980 unless the President determined that such aid was in the national interest, was repealed by sec. 734(a)(3) of the International Security and Development Cooperation Act of 1981 (Public Law 97-113; 95 Stat. 1560).

²22 U.S.C. 2151 note.

³22 U.S.C. 3501.

In furtherance of that objective, the Congress recognizes that developing countries require extensive scientific and technological capacity in order to deal effectively with their development problems, relate to the industrialized nations, and constructively participate in the shaping of a stable world order.

It is therefore in the mutual interest of the United States and the developing countries to increase scientific and technological cooperation and jointly to support long-term research on critical problems that impede development and limit the efficient use of the world's human, natural, and capital resources.

PURPOSES AND ESTABLISHMENT OF THE INSTITUTE

Sec. 402.⁴ (a) To strengthen the capacity of the people of developing countries to solve their development problems through scientific and technological innovation, to foster research on problems of development, and to facilitate scientific and technological cooperation with developing countries, the President is authorized to establish an Institute for Scientific and Technological Cooperation (hereafter in this title referred to as the "Institute"), which shall be subject to the foreign policy guidance of the Secretary of State.

(b) The Institute shall be guided by the policies set forth in sections 101 and 102 of the Foreign Assistance Act of 1961 and shall direct a substantial share of its resources to those objectives.

FUNCTIONS OF THE INSTITUTE

(2) support research, in the United States and in developing countries, on critical development problems, with emphasis on research relating to technologies which are labor-intensive or which do not generate additional unemployment or underemployment and with emphasis on those problems which are the greatest impediment to improvement in the lives of the majority of the poor;

(3) foster the exchange of scientists and other technological experts with developing countries, and other forms of exchange and communication to promote the joint solution of problems of mutual concern to the United States and developing countries;

(4) advise and assist other agencies of the United States Government in planning and executing policies and programs of scientific and technological cooperation with developing countries;

(5) facilitate the participation of private United States institutions, businesses, and individuals in scientific and technological cooperation with developing countries; and

⁴ 22 U.S.C. 3502.

⁵ 22 U.S.C. 3503.

(6) gather, analyze, and disseminate information relevant to the scientific and technological needs of developing countries.

(b) In carrying out the functions specified in subsection (a), the Institute shall take particular care to review all of its programs, projects, and other activities to ensure that technologies which are developed, utilized, or promoted are assessed with regard to minimizing any new problems and that participants in such programs, projects, and activities are fully aware of the need for such review with respect to any technology-related activities for which they are responsible.

(c) For purposes of carrying out the functions of the Institute, the President may utilize, in addition to authorities conferred by this title, such authority contained in the Foreign Assistance Act of 1961, the Foreign Service Act of 1980,⁶ title V of the Foreign Relations Authorization Act, Fiscal Year 1979, and title IV of the International Development and Food Assistance Act of 1978, as the President deems necessary.

(d) The Institute shall carry out its functions in consultation and cooperation with the agencies of the United States Government, international organizations, and agencies of other governments engaged in promoting economic, social, and technological development in developing countries.

(e) The President shall prescribe appropriate procedures to assure coordination of the activities of the Institute with other activities of the United States Government in furthering the use of science and technology in the cause of development.

STRIFE IN LEBANON

Sec. 410.¹³ It is the sense of the Congress that the situation in Lebanon, a nation traditionally friendly to the United States, poses a danger to peace in the Middle East. The Congress deplores the armed civil strife and continuing erosion of national institutions which threaten to destroy the political and economic fabric of Lebanon with such tragic impact on all its people. The Congress views with grave concern any outside efforts to exploit the current strife with the purpose of transforming Lebanon into a radical state in confrontation with Israel. The Congress requests that the President use his good offices to secure an end to the civil strife and national discord in Lebanon and to preserve the traditional friendly attitude of Lebanon toward the United States.

POLICY ON THE INDEPENDENCE OF ANGOLA, MOZAMBIQUE, AND
GUINEA-BISSAU

Sec. 50.¹² (a)(1) Congress finds that the Government of Portugal's recognition of the right to independence of the African territories of Angola, Mozambique, and Guinea-Bissau marks a significant advance toward the goal of self-determination for all the peoples of Africa, without which peace on the continent is not secure.

(2) Congress finds that progress toward independence for the Portuguese African territories will have a significant impact on the international organizations and the community of nations.

(3) Congress commends the Portuguese Government's initiatives on these fronts as evidence of a reaffirmation of that Government's support for her obligations under both the United Nations Charter and the North Atlantic Treaty Organizations.

(b) Therefore, Congress calls upon the President and the Secretary of State to take the following actions designed to make clear United States support for a peaceful and orderly transition to independence in the Portuguese African territories:

(1) An official statement should be issued of United States support for the independence of Angola, Mozambique, and Guinea-Bissau, and of our desire to have good relations with the future governments of the countries.

(2) It should be made clear to the Government of Portugal that we view the efforts toward a peaceful and just settlement of the conflict in the African territories as consistent with Portugal's obligations under the North Atlantic Treaty Organization partnership.

(3) The United States should encourage United Nations support for a peaceful transition to independence, negotiated settlement of all differences, and the protection of human rights of all citizens of the three territories.

(4) The United States should open a dialog with potential leaders of Angola, Mozambique, and Guinea-Bissau and assure them of our commitment to their genuine political and economic independence.

(5) The economic development needs of the three territories will be immense when independence is achieved. Therefore, it is urged that the United States Agency for International Development devote attention to assessing the economic situation in Angola, Mozambique, and Guinea-Bissau and be ready to cooperate with the future governments in providing the kind of assistance that will help make their independence viable. In addition, the United States Government should take the initia-

Sec. 51.¹⁴ (a) It is the sense of the Congress that the recent growth in international transfers of conventional arms to developing nations—

(1) is a cause for grave concern for the United States and other nations in that in particular areas of the world it increases the danger of potential violence among nations, and diverts scarce world resources from more peaceful uses; and

(2) could be controlled progressively through negotiations and agreements among supplier and recipient nations.

(b) Therefore, the President is urged to propose to the Geneva Conference of the Committee on Disarmament that it consider as a high priority agenda item discussions among participating nations of that Conference for the purposes of—

(1) agreeing to workable limitations on conventional arms transfers; and

(2) establishing a mechanism through which such limitations could be effectively monitored.

POLICY WITH RESPECT TO COUNTRIES MOST SERIOUSLY AFFECTED BY
FOOD SHORTAGES

Sec. 55.¹⁶ (a) The United Nations has designated thirty-two countries as "Most Seriously Affected" by the current economic crisis. These are countries without the internal food production capability or the foreign exchange availability to secure food to meet their immediate food requirements. The Congress calls upon the President and Secretary of State to take the following actions designed to mobilize appropriate resources to meet the food emergency:

(1) Review and make appropriate adjustments in the level of programming of our food and fertilizer assistance programs with the aim of increasing to the maximum extent feasible the volume of food and fertilizer available to those countries most seriously affected by current food shortages.

(2) Call upon all traditional and potential new donors of food, fertilizer, or the means financing these commodities to immediately increase their participation in efforts to address the emergency food needs of the developing world.

(3) Make available to these most seriously affected countries the maximum feasible volume of food commodities, with appropriate regard to the current domestic price and supply situations.

(4) Maintain regular and full consultation with the appropriate committees of the Congress and report to the Congress and the Nation on steps which are being taken to help meet this food emergency. In accordance with this provision, the President shall report to the Congress on a global assessment of food needs for fiscal year 1975, specifying expected food grain deficits and currently planned programming of food assistance, and steps which are being taken to encourage other countries to increase their participation in food assistance or the financing of food assistance. Such report should reach the Congress promptly and should be supplemented quarterly for the remainder of fiscal year 1975.

(5) The Congress directs that during the fiscal year ending June 30, 1975, not more than 30 percent of concessional food aid should be allocated to countries other than those which are most seriously affected by current food shortages, unless the President demonstrates to the appropriate Committees of the Congress that use of such food assistance is solely for humanitarian food purposes.

(6) The Congress calls upon the President to proceed with the implementation of resolutions and recommendations adopted by the World Food Conference. The Congress believes that it is incumbent upon the United States to take a leading role

in assisting in the development of a viable and coherent world food policy which would begin the task of alleviating widespread hunger and suffering prevalent in famine-stricken nations. The President shall report to the Congress within 120 days of enactment of this Act on the implementation of the resolutions and the extent to which the United States is participating in the implementation of resolutions adopted at the World Food Conference.

REPAYMENT OF LOANS IN DEFAULT

Sec. 56.¹⁷ It is the sense of the Congress that any country receiving assistance under the Foreign Assistance Act of 1961 which is in default, at least 90 days prior to the date of enactment of this Act, of any payment of principal or interest due on any loan or credit received from the United States shall promptly pay all such principal and interest. It is further the sense of the Congress that the President shall promptly enter into negotiations with each such country to help effectuate the payment of such principal and interest, or to effectuate the transfer by such country to the United States of goods, services, concessions, or actions beneficial to the United States, in lieu of the payment of such principal and interest.

POLITICAL PRISONERS

Sec. 32.⁴ It is the sense of Congress that the President should deny any economic or military assistance to the government of any foreign country which practices the internment or imprisonment of that country's citizens for political purposes.

ALBERT SCHWEITZER HOSPITAL

Sec. 33.⁴ There is authorized to be appropriated to the President for fiscal year 1974 \$1,000,000⁵ to make grants, on such terms and conditions as he may specify, to the Albert Schweitzer Hospital in Gabon.

PRISONERS OF WAR AND INDIVIDUALS MISSING IN ACTION

Sec. 34.⁴ (a) The Congress declares that—

(1) the families of those one thousand three hundred individuals missing in action during the Indochina conflict have suffered extraordinary torment in ascertaining the full and complete information about their loved ones who are formally classified as missing in action;

(2) United States involvement in the Indochina conflict has come to a negotiated end with the signing of the Vietnam Agreement in Paris on January 27, 1973, and section 307 of the Second Supplemental Appropriations Act, 1973, requires that "None of the funds herein appropriated under this Act may be expended to support directly or indirectly combat activities in or over Cambodia, Laos, North Vietnam and South Vietnam or off the shores of Cambodia, Laos, North Vietnam and South Vietnam by United States forces, and after August 15, 1973, no other funds heretofore appropriated under any other Act may be expended for such purpose.";

(3) the question of the return of prisoners of war and accounting for individuals missing in action and dead in Laos is covered by article 18 of the Protocol signed by representatives of the Lao Patriotic Front (Pathet Lao) and the Royal Laotian Government in Vientiane on September 14, 1973 (which implements article 5 of the Agreement signed by the Pathet Lao and that government in Vientiane on February 21, 1973, requiring the release of all prisoners "regardless of nationality" captured and held in Laos), and paragraph C of such article 18 provides that, within "15 to 30 days" from the date of the signing of the Protocol, each side is to report the number of those prisoners and individuals still held, with an indication of their nationality and status, together with a list of names and any who died in captivity; and

⁴ 22 U.S.C. 2151 note.

⁵ The Foreign Assistance and Related Programs Appropriations Act, 1974 (Public Law 93-240; 87 Stat. 1175) appropriated \$1,000,000.

(4) few of the United States men lost in Laos during the military engagements in Indochina have been returned, and with knowledge about many of these men not yet being fully disclosed, and the North Vietnam cease-fire provisions calling for inspection of crash and grave sites and for other forms of cooperation have not been fully complied with.

(b) It is, therefore, the sense of the Congress that—

(1) the provisions for the release of prisoners and an accounting of individuals missing and dead, as provided for in article 18 of the Protocol signed on September 14, 1973, by the Pathet Lao and the Royal Laotian Government, be adhered to in spirit and in deed; and

(2) the faithful compliance with the spirit of the Laotian Agreement and Protocol on the question of individuals missing in action will encourage all parties in Indochina to cooperate in providing complete information on all nationals of any nation who may be captured or missing at any place in Indochina.

RIGHTS IN CHILE

Sec. 35.⁶ It is the sense of the Congress that (1) the President should request the Government of Chile to protect the human rights of all individuals, Chilean and foreign, as provided in the Universal Declaration of Human Rights, the Convention and Protocol Relating the Status of Refugees, and other relevant international legal instruments guaranteeing the granting of asylum, safe conduct, and the humane treatment or release of prisoners; (2) the President should support international humanitarian initiatives by the United Nations High Commissioner for Refugees and the International Committee of the Red Cross to insure the protection and safe conduct and resettlement of political refugees, the humane treatment of political prisoners, and the full inspection of detention facilities under international auspices; (3) the President should support and facilitate efforts by voluntary agencies to meet emergency relief needs; and (4) the President should request of the Inter-American Commission on Human Rights to undertake an immediate inquiry into recent events occurring in Chile.

(b) It is further the sense of the Congress that—

(c)(1) In furtherance of the policies contained in section 533(a) of Public Law 101-513 and section 1308 of the International Development and Finance Act of 1989 (Public Law 101-240), and as a basis for measuring more effectively progress by the MDBs toward improved environmental performance, the Secretary of the Treasury shall instruct the United States Executive Directors of the MDBs to encourage each MDB, at a minimum, to meet the benchmarks established in paragraph (2) in the areas of sustainable energy development, forest conservation, forced displacement of populations, and environmental impact assessment. On March 1, 1993 and March 1, 1994, the Secretary of the Treasury shall submit a report to the Congress describing in detail the progress being made by the MDBs in meeting these benchmarks.

(2) For the purposes of paragraph (1), benchmarks are as follows:

(A) In the area of sustainable energy development—

(i) all loans in the energy sector should be based on, or support development of, “least-cost” integrated resource plans. Such plans shall include analyses of possible end-use energy efficiency measures and nonconventional renewable energy options, and such plans shall reflect the quantifiable environmental costs of proposed energy developments;

(ii) a substantial portion of loans and grants in the energy, industry, and transportation sectors shall be devoted to end-use energy efficiency improvements and nonconventional renewable energy development; and

(iii) all organizational units within the MDBs should create staff positions in a management role in end-use efficiency and renewable energy, which positions shall be staffed by individuals with professional experience in program design and management and educational degrees in relevant technical disciplines.

(B) In the area of forest conservation—

(i) forestry loans should not support commercial logging in relatively undisturbed primary forests, nor should loans result in any significant loss of tropical forests;

(ii) forestry loans should not be disbursed until legal, economic, land tenure, and other policy conditions needed to ensure sustainability are in place;

(iii) loans should not support mineral, petroleum, or other industrial development in, or construction or upgrading of roads through, relatively undisturbed primary forests unless adequate safeguards and monitoring systems, developed in consultation with local populations, are already in place to prevent degradation of the surrounding forests;

(iv) loans should be consistent with and support the needs and rights of indigenous peoples and other long-term forest inhabitants and should not be made to countries which have shown an unwillingness to resolve fairly the territorial claims of such people; and

(v) support for protection of biological diversity, in close consultation with local communities, should be increased to account for a larger proportion of MDB lending.

(C) In the area of forced displacement of populations—

(i) the World Bank, Inter-American Development Bank, and Asian Development Bank should maintain a listing, available to the Secretary of the Treasury, of all ongoing projects involving forced displacement of populations, including the number of people displaced and a report on the status of the implementation of their resettlement policy guidelines for each such project, and obtain agreements with borrowers to ensure that all ongoing projects involving forced displacement will be in full compliance with their resettlement policy guidelines by mid-1993; and

(ii) the African Development Bank should adopt and implement policy guidelines on forced displacement similar to such guidelines of the other MDBs.

(D) In the area of procedures for environmental impact assessment (EIA)—

(i) each MDB should require that draft and final EIA reports be made available to the public in borrowing and donor countries and that the public be offered timely opportunities for comment on the EIA process, including initial scoping sessions, review of EIA categories assigned to individual projects, and opportunities to comment on draft and final EIA reports;

(ii) each MDB should apply EIA requirements to all sector loans and develop and apply the methodology for environmental assessment of structural adjustment loans;

(iii) each MDB should require that the EIA process include analyses of the potential impacts of proposed projects on the global environment; and

(iv) each MDB should require the head of the appropriate environmental unit, rather than project officers, determine the appropriate type of environmental analysis required under the bank's EIA procedures.

ENVIRONMENT AND GLOBAL WARMING

SEC. 533.³ (a) It is the policy of the United States that sustainable economic growth must be predicated on the sustainable management of natural resources. The Secretary of the Treasury shall instruct the United States Executive Director of each multilateral development bank (MDB) to promote vigorously within each MDB the expansion of programs in areas which address the problems of global climate change through requirements to—

(1) expand programs in energy conservation, end use energy efficiency, and renewable energy and promotion by—

(A) continuing to augment and expand professional staffs with expertise in these areas;

(B) giving priority to these areas in the “least cost” energy sector investment plans;

(C) encouraging and promoting these areas in policy-based energy sector lending;

(D) developing loans for these purposes; and

(E) convening seminars for MDB staff and board members on these areas and alternative energy investment opportunities;

(2) provide analysis for each proposed loan to support additional power generating capacity comparing demand reduction costs to proposal costs;

(3) continue to assure that environmental impact assessments (EIA) of proposed energy projects are conducted early in the project cycle, include consideration of alternatives to the proposed project, and encourage public participation in the EIA process;

(4) continue to include the environmental costs of proposed projects with significant environmental impacts in economic assessments; and

(5) continue to provide technical assistance as a component of energy sector lending.

(b) The Secretary of the Treasury shall, not later than March 1, 1991, submit an annual report to the Congress which shall include—

(3) the progress the Inter-American Development Bank has made in implementing environmental reforms;

(4) an updated analysis of each MDB's forestry sector loans, and a current analysis of each MDB's energy sector loans, and their impact on emissions of CO₂ and the status of proposals for specific forestry and energy sector activities to reduce CO₂ emissions; and

(5) the progress the International Bank for Reconstruction and Development has made in implementing the recommendations set forth in the April 1, 1988, report on "Debt-for-Nature Swaps" by the World Bank.

(c)(1) The Administrator of the Agency for International Development shall update and issue guidance to all Agency missions and bureaus detailing the elements of the "Global Warming Initiative",⁴ which will continue to emphasize the need to reduce emissions of greenhouse gases, especially CO₂ and CFCs, through strategies consistent with continued economic development. This initiative shall continue to emphasize the need to accelerate sustainable development strategies in areas such as reforestation, biodiversity, end-use energy efficiency, least-cost energy planning, and renewable energy, and shall encourage mission directors to incorporate the elements of this initiative in developing their country programs.

(2) The Administrator shall pursue this initiative by, among other things—

(E) assisting countries in developing a systematic analysis of the appropriate use of their total tropical forest resources, with the goal of developing a national program for sustainable forestry;

(F) focusing energy assistance activities on the key countries, where assistance would have the greatest impact on reducing emissions from greenhouse gases; and

(G) continuing to follow the directives with respect to key countries and countries that receive large Economic Support Fund assistance contained in section 534(b)(3) of Public Law 101-167.

(3) None of the funds appropriated in this Act shall be available for any program, project or activity which would—

(A) result in any significant loss of tropical forests; or

⁴ See sec. 534 of the Foreign Assistance Appropriations Act, 1990, page 989.

(B) involve commercial⁵ timber extraction in primary tropical forest areas unless an environmental assessment:⁶

- (i) identifies potential impacts on biological diversity;
- (ii) demonstrates that all timber extraction will be conducted according to an environmentally sound management system which maintains the ecological functions of the natural forest and minimizes impacts on biological diversity; and
- (iii) demonstrates that the activity will contribute to reducing deforestation.

(4) Funds appropriated to carry out the provisions of sections 103 and 106 of the Foreign Assistance Act of 1961, as amended, may be used by the Agency for International Development, notwithstanding any other provision of law, for the purpose of supporting tropical forestry and energy programs aimed at reducing emissions of greenhouse gases with regard to the key countries in which deforestation and energy policy would make a significant contribution to global warming, except that such assistance shall be subject to sections 116, 502B, and 620A of the Foreign Assistance Act of 1961.

(5) Funds appropriated by this Act to carry out the provisions of sections 103 and 106 of the Foreign Assistance Act of 1961 may be used for expenses (including related support costs) relating to the environment and energy sectors, of employees or individuals detailed to or employed by the Agency for International Development, particularly those involved with the "Global Warming Initiative" described in this subsection.

GLOBAL WARMING INITIATIVE

SEC. 534. (a) TROPICAL FORESTRY ASSISTANCE.—(1) In order to achieve the maximum impact from activities relating to tropical forestry, the Agency for International Development shall focus tropical forestry assistance programs on the key middle- and low-income developing countries (hereinafter “key countries”) which are projected to contribute large amounts of greenhouse gases related to global warming as a result of industrialization and the burning of fossil fuels, and destruction of tropical forests.

(2) Funds appropriated to carry out the provisions of sections 103 and 106 of the Foreign Assistance Act of 1961, as amended, may be used by the Agency for International Development, notwithstanding any other provision of law, for the purpose of supporting tropical forestry programs aimed at reducing emissions of greenhouse gases with regard to the key countries in which deforestation makes a significant contribution to global warming, except that such assistance shall be subject to sections 116, 502B, and 620A of the Foreign Assistance Act of 1961.

(3) In providing assistance relating to tropical forests, the Administrator of that Agency shall, to the extent feasible and appropriate, assist countries in developing a systematic analysis of the appropriate use of their total tropical forest resources, with the goal of developing a national program for sustainable forestry.

(b) ENERGY ASSISTANCE.—(1) In order to achieve the maximum impact from activities relating to energy, the Agency for International Development shall focus energy assistance activities on the key countries, where assistance would have the greatest impact on reducing emissions from greenhouse gases. Such assistance shall be focused on improved energy efficiency, increased use of renewable energy resources and national energy plans (such as least-cost energy plans) which include investment in end-use efficiency and renewable energy resources.

(2) Funds appropriated to carry out the provisions of sections 103 and 106 of the Foreign Assistance Act of 1961, as amended, may be used by the Agency for International Development, notwithstanding any other provision of law, for the purpose of supporting

energy programs aimed at reducing emissions of greenhouse gases related to global warming with regard to the key countries, except that such assistance shall be subject to sections 116, 502B, and 620A of the Foreign Assistance Act of 1961.

(3) It is the sense of the Congress that the Agency for International Development should increase its efforts in the fields of energy efficiency, renewable energy, and energy planning. Such increase should take place with respect to key countries and countries with large Economic Support Fund project assistance. Such efforts should include—

(A) an increase in the number of Agency for International Development staff with energy expertise, including staff with expertise in renewable energy technologies and end-use efficiency;

(B) assistance to develop analyses of energy-sector actions that could minimize emissions of greenhouse gases at least cost, while at the same time meeting basic economic and social development needs. Such assistance should include country-specific analyses which compare the economic and environmental costs of actions to promote energy efficiency and non-conventional renewable energy with the economic and environmental costs of investments to provide additional conventional energy supplies;

(C) assistance to develop energy-sector plans that employ end-use analysis and other techniques to identify the most cost-effective actions to minimize increased reliance on fossil fuels, ensuring to the maximum extent feasible that non-governmental organizations and academic institutions are involved in this planning;

(D) insuring that AID energy assistance—including support for private-sector initiatives—is consistent with the analyses and plans described in subparagraphs (B) and (C) above, and that environmental impacts (including that on global warming) and alternatives have been fully analyzed;

(E) assistance to improve efficiency in the production, transmission, distribution, and use of energy. Such assistance should focus on the development of institutions to (i) promote energy efficiency in all sectors of energy production and use, (ii) provide training and technical assistance to help energy producers and users identify cost-effective actions to improve energy efficiency, (iii) finance specific investments in energy efficiency in all sectors of energy production and use, and (iv) improve local capabilities in the research, development, and sale of energy efficient technologies;

(F) assistance in exploiting nonconventional renewable energy resources, including wind, solar, small-hydro, geothermal, and advanced biomass systems. This assistance should also promote efficient use of traditional biomass fuels through improved fuelwood management and improved methods of charcoal production;

(G) expanding efforts to meet the energy needs of the rural poor through the methods described in subparagraphs (E) and (F). Specifically these efforts should promote improved efficiency in the use of biomass fuels for household energy, im-

proved systems of fuelwood management, and the development of the nonconventional renewable energy systems described in subparagraph (F);

(H) encouraging host countries to sponsor meetings with officials from the United States utility sector who are leaders in energy efficiency and other United States experts to discuss the application of least-cost planning techniques;

(I) developing a cadre of United States experts from industry, academia, nonprofit organizations, and government agencies capable of providing technical assistance to developing countries concerning energy policy and planning, energy efficiency and renewable energy resources;

(J) in cooperation with the Department of Energy, the Environmental Protection Agency, the World Bank, and the Development Assistance Committee of the OECD, supporting research concerning the ways developing nations can meet their energy needs while minimizing global warming and how to meet those needs; and

(K) strengthening the Agency for International Development's partnership with the Department of Energy in order to ensure that the Agency's energy efforts take full advantage of United States expertise and technology.

(c) REPORTS AND AUTHORITIES.—(1) The Agency for International Development, in consultation with the Environmental Protection Agency (EPA), the Department of State, and other appropriate agencies, shall submit to Congress no later than April 15, 1990, a report which (1) examines the potential contributions of developing countries to future global emissions of greenhouse gases under different economic growth scenarios, (2) estimates the relative contributions of those countries to global greenhouse gas emissions, and (3) identifies specific key countries which stand to contribute significantly to global greenhouse gas emissions, and in which actions to promote energy efficiency, reliance on renewable energy resources, and conservation of forest resources could significantly reduce emissions of greenhouse gases. This report should utilize existing data, including the models and methodologies already developed by the EPA for their report to Congress on policy options for stabilizing global climate.

(2) Of the funds appropriated to carry out the provisions of sections 103 and 106 of the Foreign Assistance Act of 1961, as amended, the Agency for International Development may use such amounts as may be necessary to reimburse United States Government agencies, agencies of State governments, and institutions of higher learning for the full costs of employees detailed or assigned to the Agency for International Development for the purpose of carrying out activities relating to forestry and energy programs aimed at reducing emissions of greenhouse gases related to global warming. Personnel who are detailed or assigned for the purposes of this section shall not be included within any personnel ceiling applicable to any United States Government agency during the period of detail or assignment.

(d)² EXPORT-IMPORT BANK.—(1) Of the financing provided by the Export-Import Bank that is utilized for the support of exports for the energy sector, the Bank shall seek to provide not less than 5 per centum of such financing for renewable energy projects.

(2) The Export-Import Bank shall take all appropriate steps to finance information exchanges and training whose purpose it is to help link United States producers in the renewable energy sector with assistance programs and potential foreign customers.

(3) Beginning on April 15, 1990, the Chairman of the Export-Import Bank shall submit an annual report to the Committees on Appropriations on the Bank's implementation of this subsection.

(A) Those funds may be transferred to and consolidated with the funds made available to carry out section 481 of the Foreign Assistance Act of 1961 in order to provide additional narcotics control assistance for those countries. Funds transferred under this paragraph may only be used to provide increased funds for activities previously justified to the Congress. Transfers may be made under this paragraph without regard to the 20-percent increase limitation contained in section 610 of the Foreign Assistance Act.

(B) Any such funds not used under subparagraph (A) shall be reprogrammed within the account for which they were appropriated (subject to the regular reprogramming procedures of the Committees on Appropriations) in order to provide additional security assistance for those countries.

(2) An immigrant visa may not be issued to an alien under paragraph (1)(C) unless⁷ the officer referred to in paragraph (1) has determined, in the officer’s discretion, that (A) such an alien has a bona fide relationship with the principal alien similar to that which exists between close family members and (B) the admission of such an alien is necessary for humanitarian purposes or to assure family unity. If an alien described in paragraph (1)(C)(ii) is admitted to the United States, the natural mother of the principal alien involved shall not, thereafter, be accorded any right, privilege, or status under the Immigration and Nationality Act by virtue of such parentage.

(3) For purposes of this section, the term “child” has the meaning given such term in section 101(b)(1) (A), (B), (C), (D), and (E) of the Immigration and Nationality Act.

(c) Any alien admitted (or awaiting admission) to the United States under this section shall be eligible for benefits under chapter 2 of title IV of the Immigration and Nationality Act to the same extent as individuals admitted (or awaiting admission) to the United States under section 207 of such Act are eligible for benefits under such chapter.

(d) The Attorney General, in cooperation with the Secretary of State, shall report to Congress 1 year, 2 years, and 3 years, after the date of the enactment of this Act on the implementation of this section. Each such report shall include the number of aliens who are issued immigrant visas and who are admitted to the United States under this section and number of waivers granted under subsection (a)(2) and the reasons for granting such waivers.

(e) Except as otherwise specifically provided in this section, the definitions contained in the Immigration and Nationality Act shall apply in the administration of this section and nothing contained in this section shall be held to repeal, amend, alter, modify, effect, or restrict the powers, duties, functions, or authority of the Attorney General in the administration and enforcement of such Act or any other law relating to immigration, nationality, or naturalization. The fact that an alien may be eligible to be granted the status of having been lawfully admitted for permanent residence under this section shall not preclude the alien from seeking such status under any other provision of law for which the alien may be eligible.

t. Title 31, United States Code—Valid Obligations

§1108.¹ Preparation and submission of appropriations requests to the President

(a) In this section (except subsections (b)(1) and (e)), “agency” means a department, agency, or instrumentality of the United States Government.

(b)(1) The head of each agency shall prepare and submit to the President each appropriation request for the agency. The request shall be prepared and submitted in the form prescribed by the President under this chapter and by the date established by the President. When the head of an agency does not submit a request by that date, the President shall prepare the request for the agency to be included in the budget or changes in the budget or as deficiency and supplemental appropriations. The President may change agency appropriation requests. Agency appropriation requests shall be developed from cost-based budgets in the way and at times prescribed by the President. The head of the agency shall use the cost-based budget to administer the agency and to divide appropriations or amounts.

(2) An officer or employee of an agency in the executive branch may submit to the President or Congress a request for legislation authorizing deficiency or supplemental appropriations for the agency only with the approval of the head of the agency.

(c) The head of an agency shall include with an appropriation request submitted to the President a report that the statement of obligations submitted with the requests contains obligations consistent with section 1501 of this title. The head of the agency shall support the report with a certification of the consistency and shall support the certification with records showing that the amounts have been obligated. The head of the agency shall designate officials to make the certifications, and those officials may not delegate the duty to make the certifications. The certifications and records shall be kept in the agency—

(1) in a form that makes audits and reconciliations easy; and

(2) for a period necessary to carry out audits and reconciliations.

(d) To the extent practicable, the head of an agency shall—

(1) provide information supporting the agency’s budget request for its missions by function and subfunction (including the mission of each organizational unit of the agency); and

(2) relate the agency’s programs to its missions.

¹ Sections 1108, 1501, and 1502 were originally enacted as sec. 1311 of the Supplemental Appropriations Act, 1955 (Public Law 84–663; 68 Stat. 800). Public Law 97–258 (96 Stat. 877) revised and codified certain general and permanent laws of the United States relating to money and finance, including sec. 1311 of Public Law 84–663.

(e) Except as provided in subsection (f) of this section, an officer or employee of an agency (as defined in section 1101 of this title) may submit to Congress or a committee of Congress an appropriations estimate or request, a request for an increase in that estimate or requests, or a recommendation on meeting the financial needs of the Government only when requested by either House of Congress.

(f) The Interstate Commerce Commission shall submit to Congress copies of budget estimates, requests, and information (including personnel needs), legislative recommendations, prepared testimony for congressional hearings, and comments on legislation at the same time they are sent to the President or the Office of Management and Budget. An officer of an agency may not impose conditions on or impair communication by the Commission with Congress, or a committee or member of Congress, about the information.

(g) Amounts available under law are available for field examinations of appropriation estimates. The use of the amounts is subject only to regulations prescribed by the appropriate standing committees of Congress.

 - (A) in writing, in a way and form, and for a purpose authorized by law; and

(b) A statement of obligations provided to Congress or a committee of Congress by an agency shall include only those amounts that are obligations consistent with subsection (a) of this section.

§ 1502.¹ Balances available

(a) The balance of an appropriation or fund limited for obligation to a definite period is available only for payment of expense properly incurred during the period of availability or to compete contracts properly made with that period of availability and obligated consistent with section 1501 of this title. However, the appropriation or fund is not available for expenditure for a period beyond the period otherwise authorized by law.

(b) A provision of law requiring that the balance of an appropriation or fund be returned to the general fund of the Treasury at the end of a definite period does not affect the status of lawsuits or rights of action involving the right to an amount payable from the balance.

SUBCHAPTER IV—CLOSING ACCOUNTS²

§ 1551. Definitions; applicability of subchapter³

(a) In this subchapter—

(1) An obligated balance of an appropriation account as of the end of a fiscal year is the amount of unliquidated obligations applicable to the appropriation less amounts collectible as repayments to the appropriation.

(2) An unobligated balance is the difference between the obligated balance and the total unexpended balance.

(3) A fixed appropriation account is an appropriation account available for obligation for a definite period.

(b) The limitations on the availability for expenditure prescribed in this subchapter apply to all appropriations unless specifically otherwise authorized by a law that specifically—

(1) identifies the appropriate account for which the availability for expenditure is to be extended;

(2) provides that such account shall be available for recording, adjusting, and liquidating obligations properly chargeable to that account; and

(3) extends the availability for expenditure of the obligated balances.

²Section 1405(a) of the National Defense Authorization Act for Fiscal Year 1991 (Public Law 101-510; 104 Stat. 1675) amended and restated subchapter IV of chapter 15 of title 31, U.S.C., secs. 1551-1557. See also sec. 1405(b) of that Act, as amended, in *Legislation on Foreign Relations Through 2000*, vol. I-B.

³Sec. 1054(e)(2) of the National Defense Authorization Act for Fiscal Year 1993 (Public Law 102-484; 106 Stat. 2503) restated the section catchline. It formerly read "Definitions and applications".

- (c) This subchapter does not apply to—
- (1) appropriations for the District of Columbia government;
- or
- (2) appropriations to be disbursed by the Secretary of the Senate or the Chief Administrative Officer⁴ of the House of Representatives.

§ 1552. Procedure for appropriation accounts available for definite periods

(a)⁵ On September 30th of the 5th fiscal year after the period of availability for obligation of a fixed appropriation account ends, the account shall be closed and any remaining balance (whether obligated or unobligated) in the account shall be canceled and thereafter shall not be available for obligation or expenditure for any purpose.

(b) Collections authorized or required to be credited to an appropriation account, but not received before closing of the account under subsection (a) or under section 1555 of this title shall be deposited in the Treasury as miscellaneous receipts.

§ 1553. Availability of appropriation accounts to pay obligations

(a) After the end of the period of availability for obligation of a fixed appropriation account and before the closing of that account under section 1552(a) of this title, the account shall retain its fiscal-year identity and remain available for recording, adjusting, and liquidating obligations properly chargeable to that account.

(b)(1) Subject to the provisions of paragraph (2), after the closing of an account under section 1552(a) or 1555 of this title, obligations and adjustments to obligations that would have been properly

⁴Sec. 219(b)(1) of Public Law 104–186 (110 Stat. 1748) struck out “Clerk” and inserted in lieu thereof “Chief Administrative Officer”.

⁵Sec. 1406 of the National Defense Authorization Act for Fiscal Year 1991 (Public Law 101–510; 104 Stat. 1680) required the following:

“Sec. 1406. Audit of Obligated Balances of Department of Defense

“(a) AUDIT REQUIREMENT.—The Secretary of Defense shall provide for an audit of each account of the Department of Defense established under paragraph (1) of section 1552(a) of title 31, United States Code, as in effect on the day before the date of the enactment of this Act. The audit shall, with respect to each such account, identify—

“(1) the balance in the account;

“(2) the amount of such balance that is considered by the Secretary (as of the time of the audit) to represent amounts required for valid obligations (as supported by documentary evidence as required by section 1501 of title 31) and the amount of such balance that is considered by the Secretary (as of the time of the audit) to represent amounts for obligations that are considered no longer valid;

“(3) the sources of amounts in the account, shown by fiscal year and by amount for each fiscal year; and

“(4) such other matters as the Secretary considers appropriate.

“(b) DEOBLIGATION OF OBLIGATIONS NO LONGER VALID.—Any obligated amounts in accounts of the Department of Defense established under paragraph (1) of section 1552(a) of title 31, United States Code, that are determined pursuant to the audit under subsection (a) to represent amounts for obligations that are no longer valid shall be deobligated and canceled.

“(c) REPORT ON AUDIT.—Not later than December 31, 1991, the Secretary of Defense shall submit to Congress a report containing the results of the audit conducted pursuant to subsection (a). The report shall set forth—

“(1) the information required to be identified pursuant to subsection (a); and

“(2) for each appropriation account (A) the average length of time funds have been obligated, (B) the average size of the obligation, and (iii) the object classification of the obligations, all shown for total obligations and separately for valid obligations and obligations that are no longer valid.”

See also sec. 1003 of the National Defense Authorization Act for Fiscal Year 1993 (Public Law 102–484; 106 Stat. 2481), in *Legislation on Foreign Relations Through 2000*, vol. I–B.

chargeable to that account, both as to purpose and in amount, before closing and that are not otherwise chargeable to any current appropriation account of the agency may be charged to any current appropriation account of the agency available for the same purpose.

(2) The total amount of charges to an account under paragraph (1) may not exceed an amount equal to 1 percent of the total appropriations for that account.

(c)(1) In the case of a fixed appropriation account with respect to which the period of availability for obligation has ended, if an obligation of funds from that account to provide funds for a program, project, or activity to cover amounts required for contract changes would cause the total amount of obligations from that appropriation during a fiscal year for contract changes for that program, project, or activity to exceed \$4,000,000, the obligation may only be made if the obligation is approved by the head of the agency (or an officer of the agency within the Office of the head of the agency to whom the head of the agency has delegated the authority to approve such an obligation).

(2) In the case of a fixed appropriation account with respect to which the period of availability for obligation has ended, if an obligation of funds from that account to provide funds for a program, project, or activity to cover amounts required for contract changes would cause the total amount obligated from that appropriation during a fiscal year for that program, project, or activity to exceed \$25,000,000, the obligation may not be made until—

(A) the head of the agency submits to the appropriate authorizing committees of Congress and the Committees on Appropriations of the Senate and the House of Representatives a notice in writing of the intent to obligate such funds, together with a description of the legal basis for the proposed obligation and the policy reasons for the proposed obligation; and

(B) a period of 30 days has elapsed after the notice is submitted.

(3) In this subsection, the term ‘contract change’ means a change to a contract under which the contractor is required to perform additional work. Such term does not include adjustments to pay claims or increases under an escalation clause.

(d)(1) Obligations under this section may be paid without prior action of the Comptroller General.

(2) This subchapter does not—

(A) relieve the Comptroller General of the duty to make decisions requested under law; or

(B) affect the authority of the Comptroller General to settle claims and accounts.

§ 1554. Audit, control, and reporting

(a) Any audit requirement, limitation on obligations, or reporting requirement that is applicable to an appropriation account shall remain applicable to that account after the end of the period of availability for obligation of that account.

(b)(1) After the close of each fiscal year, the head of each agency shall submit to the President and the Secretary of the Treasury a report regarding the unliquidated obligations, unobligated balances, canceled balances, and adjustments made to appropriation

accounts of that agency during the completed fiscal year. The report shall be submitted no later than 15 days after the date on which the President's budget for the next fiscal year is submitted to Congress under section 1105 of this title.

(2) Each report required by this subsection shall—

(A) provide a description, with reference to the fiscal year of appropriations, of the amount in each account, its source, and an itemization of the appropriations accounts;

(B) describe all current and expired appropriations accounts;

(C) describe any payments made under section 1553 of this title;

(D) describe any adjustment of obligations during that fiscal year pursuant to section 1553 of this title;

(E) contain a certification by the head of the agency that the obligated balances in each appropriation account of the agency reflect proper existing obligations and that expenditures from the account since the preceding review were supported by a proper obligation of funds and otherwise were proper;

(F) describe all balances canceled under sections 1552 and 1555 of this title.

(3) The head of each Federal agency shall provide a copy of each such report to the Speaker of the House of Representatives and the Committee on Appropriations, the Committee on Governmental Affairs, and other appropriate oversight and authorizing committees of the Senate.

(c)⁶ * * * [Repealed—1991]

(c)⁶ The head of each agency shall establish internal controls to assure that an adequate review of obligated balances is performed to support the certification required by section 1108(c) of this title.

§ 1555. Closing of appropriation accounts available for indefinite periods

An appropriation account available for obligation for an indefinite period shall be closed, and any remaining balance (whether obligated or unobligated) in that account shall be canceled and thereafter shall not be available for obligation or expenditure for any purpose, if—

(1) the head of the agency concerned or the President determines that the purposes for which the appropriation was made have been carried out; and

(2) no disbursement has been made against the appropriation for two consecutive fiscal years.

⁶Sec. 1004(b) of the National Defense Authorization Act for Fiscal Years 1992 and 1993 (Public Law 102–190; 105 Stat. 1457) (1) struck out subsec. (c), and (2) redesignated subsec. (d) as subsec. (c).

The former subsec. (c) had required the Director of the Congressional Budget Office to estimate the effect on the Federal deficit of payments and adjustments made with respect to sections 1552 and 1553 of this title for each agency and annually report on the same.

Sec. 1004(a) of Public Law 102–190 further required the following:

“(a) TEMPORARY REQUIREMENT FOR OMB REPORT.—At the same time that the President submits to Congress the budget for each of fiscal years 1993, 1994, 1995, and 1996 under section 1105 of title 31, United States Codes, the Director of the Office of Management and Budget shall submit to Congress a report regarding the effect on the Federal Deficit of payments and adjustments made with respect to sections 1552 and 1553 of such title for the fiscal year in which such budget is submitted, the fiscal year preceding that fiscal year, and the fiscal year covered by that budget. The report shall include separate estimates for the accounts of each agency.”.

§ 1556. Comptroller General: reports on appropriation accounts

(a) In carrying out audit responsibilities, the Comptroller General shall report on operations under this subchapter to—

- (1) the head of the agency concerned;
- (2) the Secretary of the Treasury; and
- (3) the President.

(b) A report under this section shall include an appraisal of unpaid obligations under fixed appropriation accounts for which the period of availability for obligation has ended.

§ 1557. Authority for exemptions in appropriation laws

A provision of an appropriation law may exempt an appropriation from the provisions of this subchapter and fix the period for which the appropriation remains available for expenditure.

§ 1558. Availability of funds following resolution of a protest⁷

(a) Notwithstanding section 1552 of this title or any other provision of law, funds available to an agency for obligation for a contract at the time a protest is filed in connection with a solicitation for, proposed award of, or award of such contract shall remain available for obligation for 90 working days after the date on which the final ruling is made on the protest. A ruling is considered final on the date on which the time allowed for filing an appeal or request for reconsideration has expired, or the date on which a decision is rendered on such an appeal or request, whichever is later.

(b) Subsection (a) applies with respect to any protest filed under subchapter V of chapter 35 of this title or under section 111(f) of the Federal Property and Administrative Services Act of 1949 (40 U.S.C. 759(f)).

⁷ Added by sec. 813(a) of Public Law 101–189 (103 Stat. 1494).

Page references, wherever possible, indicate the exact page on which mention of the entry is made. Entries of a more general nature that refer to a large section or to an entire document are listed with the page on which the reference begins.
