Security measures are strictly enforced at CMS. Visitors are advised to have photo identification (preferably a valid driver's license) ready to show at the entrance to the CMS complex. All vehicles will be checked at the gate and parking passes will be issued by the security guards. Visitors must enter through the Central Building Main Lobby and will again be required to show photo identification and must be on a pre-approved security list. Also, please note the serial # on your laptop computers and have it ready to give to security personnel at the door.

CMS utilizes scanning devices for all parcels and visitors.

Please arrive approximately 45 minutes prior to the start of the meeting to allow adequate time to complete all security requirements.
