

# News and Press Releases

## 2004 - Present (Second Funding Period)

- [Ovarian Cancer Study Could Speed Early Detection, June 10, 2008](#)
- [NCI Partners with Canary Foundation on Prostate Cancer Study, May 27, 2008](#)
- [Standards for Basic Research May Speed Clinical Tests, March 27, 2007](#)
- [Study Offers Promise for Detecting Pancreatic Cancer, November 14, 2006](#)
- [NCI Begins Validation Study of New Test to Detect Early Stage Liver Cancer, February 24, 2005](#)
- [NCI Funds 17 Early Detection Research Network Biomarker Development Laboratories, Sustaining the Momentum of Biomarker Discovery, November 19, 2004](#)

## 1998 - 2004 (Initial Funding Period)

- [Scientists Begin Validation Study of Test to Detect Recurrent Bladder Cancer, October 4, 2004](#)
- [The Early Detection Research Network: Advancing Detection and Prediction Science, June 22, 2004](#)
- [Early Detection Research Network Completes Initial Funding; Seeks New Screening Tests for Common Cancers, May 16, 2000](#)
- [NCI Begins Funding Early Detection Research Network: 18 Biomarkers Developmental laboratories Seek Tests for Common Cancers, October 6, 1999](#)
- [NCI Announces Creation of Early Detection Research Network: Comprehensive Initiative Will Develop and Validate Early Detection Markers for Cancer, December 8, 1998](#)
