## NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

### National Endowment for the Arts; Proposed Collection; Comment Request

**ACTION:** Notice.

**SUMMARY:** The National Endowment for the Arts (NEA), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the NEA is soliciting comments concerning the proposed information collection to evaluate methods of assessing student learning arts education programs. A copy of the current information collection request can be obtained by contacting the office listed below in the **ADDRESSES** section of this notice.

**DATES:** Written comments must be submitted to the office listed in the address section below on or before March 5, 2009. The NEA is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other

technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

*Description:* The National Endowment for the Arts plans to conduct a study of outdoor arts festivals in the United States. There currently is no single, comprehensive research publication or database that describes the range and/or impact of arts festivals in this country. The study proposed here is a two-pronged research effort to describe the U.S. outdoor festival community—among other characteristics, its number, types, financing, staffing, regional distribution, and artist employment patterns. The first prong of the study is a national on-line survey of the universe of outdoor arts festivals, and the second is a series of seven case studies of festivals involving site visits, audience surveys, interviews with festival administrators, focus groups of artists, and focus groups of volunteers. Festivals in the study may be one-day or season-long programs, multi-disciplinary or discipline-specific, and funded by non-profit or for-profit organizations. The activities include collecting uniform data from festival organizers while still keeping data collection burdens to a minimum.
