As prescribed in 239.7411(a), use the following clause:

ACCESS (DEC 1991)

(a) Subject to military security regulations, the Government shall permit the Contractor access at all reasonable times to Contractor furnished facilities. However, if the Government is unable to permit access, the Government at its own risk and expense shall maintain these facilities and the Contractor shall not be responsible for the service involving any of these facilities during the period of nonaccess, unless the service failure results from the Contractor's fault or negligence.

(b) During periods when the Government does not permit Contractor access, the Government will reimburse the Contractor at mutually acceptable rates for the loss of or damage to the equipment due to the fault or negligence of the Government. Failure to agree shall be a dispute concerning a question of fact within the meaning of the Disputes clause of this contract.

(End of clause)

252.239-7003 Reserved.

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

The Contractor shall acknowledge a communication service authorization or other type order for supplies and facilities by—

- (a) Commencing performance; or
- (b) Written acceptance by a duly authorized representative.

(End of clause)

252.239-7005 Rates, Charges, and Services.

As prescribed in 239.7411(a), use the following clause:

RATES, CHARGES, AND SERVICES (NOV 2005)

(a) *Definition.* “Governmental regulatory body” means the Federal Communications Commission, any statewide regulatory body, or any body with less than statewide jurisdiction when operating under the state authority. Regulatory bodies whose decisions are not subject to judicial appeal and regulatory bodies which regulate a company owned by the same entity which creates the regulatory body are not “governmental regulatory bodies.”

(b) The Contractor shall furnish the services and facilities under this agreement/contract in accordance with—

- (1) All applicable tariffs, rates, charges, rules, regulations, or requirements;
 - (i) Lawfully established by a governmental regulatory body; and
 - (ii) Applicable to service and facilities furnished or offered by the Contractor to the general public or the Contractor's subscribers;
- (2) Rates, terms, and conditions of service and facilities furnished or offered by the Contractor to the general public or the Contractor's subscribers; or
- (3) Rates, terms, and conditions of service as may be agreed upon, subject, when appropriate, to jurisdiction of a governmental regulatory body.

(c) The Government shall not prepay for services.

(d) For nontariffed services, the Contractor shall charge the Government at the lowest rate and under the most favorable terms and conditions for similar service and facilities offered to any other customer.

(e) Recurring charges for services and facilities shall, in each case, start with the satisfactory beginning of service or provision of facilities or equipment and are payable monthly in arrears.

(f) Subject to the Cancellation or Termination of Orders clause, of this agreement/contract, the Government may stop the use of any service or facilities furnished under this agreement/contract at any time. The Government shall pay the contractor all charges for services and facilities adjusted to the effective date of discontinuance.

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

(g) Expediting charges are costs necessary to get services earlier than normal. Examples are overtime pay or special shipment. When authorized, expediting charges shall be the additional costs incurred by the Contractor and the subcontractor. The Government shall pay expediting charges only when—

(1) They are provided for in the tariff established by a governmental regulatory body; or

(2) They are authorized in a communication service authorization or other contractual document.

(h) When services normally provided are technically unacceptable and the development, fabrication, or manufacture of special equipment is required, the Government may—

(1) Provide the equipment; or

(2) Direct the Contractor to acquire the equipment or facilities. If the Contractor acquires the equipment or facilities, the acquisition shall be competitive, if practicable.

(i) If at any time the Government defers or changes its orders for any of the services but does not cancel or terminate them, the amount paid or payable to the Contractor for the services deferred or modified shall be equitably adjusted under applicable tariffs filed by the Contractor with the regulatory commission in effect at the time of deferral or change. If no tariffs are in effect, the Government and the Contractor shall equitably adjust the rates by mutual agreement. Failure to agree on any adjustment shall be a dispute concerning a question of fact within the meaning of the Disputes clause of this contract.

(End of clause)

252.239-7006 Tariff Information.

As prescribed in 239.7411(a), use the following clause:

(3) Upon request, a copy of all information, material, and data developed or prepared in support of or in connection with an application under paragraph (a)(2) of this clause.

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

(b) The Contractor shall notify the Contracting Officer of any application that anyone other than the Contractor files with a governmental regulatory body which affects or will affect the rate or conditions of services under this agreement/contract. These requirements also apply to applications pending on the effective date of this agreement/contract.

(End of clause)

252.239-7007 Cancellation or Termination of Orders.

As prescribed in 239.7411(a), use the following clause:

CANCELLATION OR TERMINATION OF ORDERS (NOV 2005)

(a) If the Government cancels any of the services ordered under this agreement/contract, before the services are made available to the Government, or terminates any of these services after they are made available to the Government, the Government shall reimburse the Contractor for the actual nonrecoverable costs the Contractor has reasonably incurred in providing facilities and equipment for which the Contractor has no foreseeable reuse.

(b) The amount of the Government's liability upon cancellation or termination of any of the services ordered under this agreement/contract will be determined under applicable tariffs governing cancellation and termination charges which—

(1) Are filed by the Contractor with a governmental regulatory body, as defined in the Rates, Charges, and Services clause of this agreement/contract;

(2) Are in effect on the date of termination; and

(3) Provide specific cancellation or termination charges for the facilities and equipment involved or show how to determine the charges.

(c) The amount of the Government's liability upon cancellation or termination of any of the services ordered under this agreement/contract, which are not subject to a governmental regulatory body, will be determined under a mutually agreed schedule in the communication services authorization (CSA) or other contractual document.

(d) If no applicable tariffs are in effect on the date of cancellation or termination or set forth in the applicable CSA or other contractual document, the Government's liability will be determined under the following settlement procedures—

(1) The Contractor agrees to provide the Contracting Officer, in such reasonable detail as the Contracting Officer may require, inventory schedules covering all items of property or facilities in the Contractor's possession, the cost of which is included in the Basic Cancellation or Termination Liability for which the Contractor has no foreseeable reuse.

(2) The Contractor shall use its best efforts to sell property or facilities when the Contractor has no foreseeable reuse or when the Government has not exercised its option to take title under the Title to Telecommunications Facilities and Equipment clause of this agreement/contract. The Contractor shall apply any proceeds of the sale

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

to reduce any payments by the Government to the Contractor under a cancellation or termination settlement.

(3) The Contractor shall record actual nonrecoverable costs under established accounting procedures prescribed by the cognizant governmental regulatory authority or, if no such procedures have been prescribed, under generally accepted accounting procedures applicable to the provision of telecommunication services for public use.

(4) The actual nonrecoverable costs are the installed costs of the facilities and equipment, less cost of reusable materials, and less net salvage value. Installed costs shall include the actual cost of equipment and materials specifically provided or used, plus the actual cost of installing (including engineering, labor, supervision, transportation, rights-of-way, and any other items which are chargeable to the capital accounts of the Contractor) less any costs the Government may have directly reimbursed the Contractor under the Special Construction and Equipment Charges clause of this agreement/contract. Deduct from the Contractor's installed cost, the net salvage value (salvage value less cost of removal). In determining net salvage value, give consideration to foreseeable reuse of the facilities and equipment by the Contractor. Make allowance for the cost of dismantling, removal, reconditioning, and disposal of the facilities and equipment when necessary either to the sale of facilities or their reuse by the Contractor in another location.

(5) The Basic Cancellation Liability is defined as the actual nonrecoverable cost which the Government shall reimburse the Contractor at the time services are cancelled. The Basic Termination Liability is defined as the nonrecoverable cost amortized in equal monthly increments throughout the liability period. Upon termination of services, the Government shall reimburse the Contractor for the nonrecoverable cost less such costs amortized to the date services are terminated. Establish the liability period as mutually agreed to but not to exceed ten years.

(6) When the Basic Cancellation or Termination Liability established by the CSA or other contractual document is based on estimated costs, the Contractor agrees to settle on the basis of actual cost at the time of termination or cancellation.

(7) The Contractor agrees that, if after settlement but within the termination liability period of the services, should the Contractor make reuse of equipment or facilities which were treated as nonreusable or nonsalvageable in the settlement, the Contractor shall reimburse the Government for the value of the equipment or facilities.

(8) The Contractor agrees to exclude—

(i) Any costs which are not included in determining cancellation and termination charges under the Contractor's standard practices or procedures; and

(ii) Charges not ordinarily made by the Contractor for similar facilities or equipment, furnished under similar circumstances.

(e) The Government may, under such terms and conditions as it may prescribe, make partial payments and payments on account against costs incurred by the Contractor in connection with the cancelled or terminated portion of this agreement/contract. The Government may make these payments if in the opinion of the Contracting Officer the total of the payments is within the amount the Contractor is entitled. If the total of the payments is in excess of the amount finally agreed or

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

determined to be due under this clause, the Contractor shall pay the excess to the Government upon demand.

(f) Failure to agree shall be a dispute concerning a question of fact within the meaning of the Disputes clause.

(End of clause)

252.239-7008 Reuse Arrangements.

As prescribed in 239.7411(a), use the following clause:

REUSE ARRANGEMENTS (DEC 1991)

(a) When feasible, the Contractor shall reuse cancelled or terminated facilities or equipment to minimize the charges to the Government.

(b) If at any time the Government requires that telecommunications facilities or equipment be relocated within the Contractor's service area, the Government shall have the option of paying the costs of relocating the facilities or equipment in lieu of paying any termination or cancellation charge under the Cancellation or Termination of Orders—Common Carriers clause of this agreement/contract. The Basic Termination Liability applicable to the facilities or equipment in their former location shall continue to apply to the facilities and equipment in their new location. Monthly rental charges shall continue to be paid during the period.

(c) When there is another requirement or foreseeable reuse in place of cancelled or terminated facilities or equipment, no charge shall apply and the Basic Cancellation or Termination Liability shall be appropriately reduced. When feasible, the Contractor shall promptly reuse discontinued channels or facilities, including equipment for which the Government is obligated to pay a minimum service charge.

(End of clause)

252.239-7009 Reserved.

252.239-7010 Reserved.

252.239-7011 Special Construction and Equipment Charges.

As prescribed in 239.7411(b), use the following clause:

SPECIAL CONSTRUCTION AND EQUIPMENT CHARGES (DEC 1991)

(a) The Government will not directly reimburse the Contractor for the cost of constructing any facilities or providing any equipment, unless the Contracting Officer authorizes direct reimbursement.

(b) If the Contractor stops using facilities or equipment which the Government has, in whole or part, directly reimbursed, the Contractor shall allow the Government credit for the value of the facilities or equipment attributable to the Government's contribution. Determine the value of the facilities and equipment on the basis of their foreseeable reuse by the Contractor at the time their use is discontinued or on the basis

Defense Federal Acquisition Regulation Supplement

Part 252—Solicitation Provisions and Contract Clauses

of the net salvage value, whichever is greater. The Contractor shall promptly pay the Government the amount of any credit.

(c) The amount of the direct special construction charge shall not exceed—

(1) The actual costs to the Contractor; and

(2) An amount properly allocable to the services to be provided to the Government.

(d) The amount of the direct special construction charge shall not include costs incurred by the Contractor which are covered by—

(1) A cancellation or termination liability; or

(2) The Contractor's recurring or other nonrecurring charges.

(e) The Contractor represents that—

(1) Recurring charges for the services, facilities, and equipment do not include in the rate base any costs that have been reimbursed by the Government to the Contractor; and

(2) Depreciation charges are based only on the cost of facilities and equipment paid by the Contractor and not reimbursed by the Government.

(f) If it becomes necessary for the Contractor to incur costs to replace any facilities or equipment, the Government shall assume those costs or reimburse the Contractor for replacement costs at mutually acceptable rates under the following circumstances—

(1) The Government paid direct special construction charges; or

(2) The Government reimbursed the Contractor for those facilities or equipment as a part of the recurring charges; and

(3) The need for replacement was due to circumstances beyond the control and without the fault of the Contractor.

(g) Before incurring any costs under paragraph (f) of this clause, the Government shall have the right to terminate the service under the Cancellation or Termination of Orders clause of this contract.

(End of clause)

252.239-7012 Title to Telecommunication Facilities and Equipment.

As prescribed in 239.7411(b), use the following clause:

TITLE TO TELECOMMUNICATION FACILITIES AND EQUIPMENT (DEC 1991)

(a) Title to all Contractor furnished facilities and equipment used under this agreement/contract shall remain with the Contractor even if the Government paid the

costs of constructing the facilities or equipment. A mutually accepted communications service authorization may provide for exceptions.

(b) The Contractor shall operate and maintain all telecommunication facilities and equipment used under this agreement/contract whether the Government or the Contractor has title.

(End of clause)

252.239-7013 Obligation of the Government.

As prescribed in 239.7411(c), use the following clause:

OBLIGATION OF THE GOVERNMENT (JUL 2006)

(a) This basic agreement is not a contract. The Government incurs no monetary liability under this agreement.

(b) The Government incurs liability only upon issuance of a communication service authorization, which is the contract and incorporates the terms of this agreement.

(End of clause)

252.239-7014 Term of Agreement.

As prescribed in 239.7411(c), use the following clause:

TERM OF AGREEMENT (DEC 1991)

(a) This agreement shall continue in force from year to year, unless terminated by either party by 60 days written notice.

As prescribed in 239.7411(c), use the following clause:

CONTINUATION OF COMMUNICATION SERVICE AUTHORIZATIONS (JUL 2006)

(a) All communication service authorizations issued by _____ incorporating Basic Agreement Number _____, dated _____, are modified to incorporate this basic agreement.

(b) Communication service authorizations currently in effect which were issued by the activity in paragraph (a) of this clause incorporating other agreements with the Contractor may also be modified to incorporate this agreement.

(c) This basic agreement is not a contract.
