DA

MD DA640 Nonfat Dry Milk - West

MADISON, WI. February 12, 2009 (REPORT 6)

NONFAT DRY MILK - WEST Western low/medium heat nonfat d decline towards and past the support price of 80 cents. Produce program or who have powder in commercial bags are trying to secure interest. The market tone is a steady, yet weak market. interest from domestic and export accounts. Buyers seem confi around current levels and they sense no need to hold stocks. De Incentive Program (DEIP) is being discussed according to indus articles. The sense is that DEIP will help, but not cure, the curre NDM prices are steady to slightly lower. Demand is light and m volumes. Powder is mainly being made to fill current and future still an issue. During calendar year 2008, the FAS reports U.S. e MT (862.8 million pounds) compared to 257,893 MT (568.6 mill increase of 52%. For 2008, exports total 45.6% of the U.S. pro compared to 38.9% in 2007. Top countries for exports during 2 were: Mexico, 117,706 MT (+58%); Philippines, 49,872 MT (+4 (+42%); Malaysia, 22,258 MT (+13%); and Algeria 19,950 MT F.O.B. WEST: Includes EXTRA GRADE and GRADE A
LOW/MEDIUM HEAT: .7700 - .8300 MOSTLY: .7800 - .8100
HIGH HEAT: .8500 - .9900

The screenshot shows the USDA Agricultural Marketing Service website. The header includes the USDA logo and the text "United States Department of Agriculture Agricultural Marketing Service". Below the header is a navigation bar with links for Home, About AMS, Newsroom, Opportunities, and Online Forms. A search bar is visible on the left side of the page. The main content area is titled "Market News and Transportation Data" and features a section for "Dairy Market News - Dry Products". Below this, there is a table titled "Market News Reports - Dairy (Dry Products)" which lists various dairy products and their prices for different regions: National, Central/Midwest, Northeast/Southeast, and West. The table includes links for "Dry Products Worksheet (PDF)" and "Dry Products Worksheet (TXT)".

Market News - Reports

- **Advantages of text and PDF reports:**
 - Good overview of all information
 - Compact, easily printed
- **Disadvantages of text and PDF reports**
 - Unstructured, static data that cannot be searched
 - Specific information not easily identifiable in text reports
 - Today's report replaces yesterday's - limited historical reports available
 - Customer requests for customized sets of historical data – required staff and delivery time

Dairy Market News Dissemination

- **MNCS**
- **Recorded messages**
- **Internet**
 - Text
 - PDF
- Phone calls
- Cornell
- Trade papers
- Repackagers

Why a Portal?

- **Provides customers with real-time, web-based access to data**
- **Allow users to create and save customized views of data**
- **Users can download information in multiple formats: Excel, XML, plain text, and PDF**
- **By registering, users can set up a customized MN Portal home page**

Market News Portal History

- **Fruit & Vegetable started in 2005**
 - Portal is the market information sole source
 - Over 1 million portal visitors in 2008
- **Livestock and Grain Portal started in 2005**
 - 200,000 requests for data
- **Dairy Portal starting in 2009**
 - Start with all price series since 2000

What's Next for the MN Portal?

- **Dairy Market News Portal Enhancements**
 - **Graphing**
 - **Scheduled Reports**
 - **RSS**
- **Poultry Market News Portal – Spring 2009**
