

# Peanut Butter Food for the Hungry

Stephanie Grunenfelder

American Peanut Council

# Commodity Peanut Butter

- **New to the Title II List**
- **Available since 2006**
- **Peanut Butter first developed by George Washington Carver to help poor farmers at subsistence level learn to rotate crops.**

# USDA School Lunch

- Domestic Feeding programs utilize approximately 3,000,000 pounds per month purchased by USDA commodity operations.

# **Example of a Model in Haiti Meds and Foods for Kids**

- **Small factory produces Medika Mumba**
- **Raw ingredients a mix of local and US commodities, helps develop local economy**
- **Support from USAID's Peanut CRSP (Collaborative Research Support Program) for local farmers**
