Storm Data and Unusual Weather Phenomena - February 2008

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
<p>After exiting the Holla Bend National Wildlife Refuge in Pope County, the tornado re-entered Yell County in the Carden Bottoms area. There was minor damage to two structures and a number of trees were blown down. The tornado then crossed the Arkansas River, moving back into Pope County in the area southwest of Atkins.</p>				
<hr/>				
POPE COUNTY --- 2.2 WSW GALLA ROCK [35.17, -92.99], 1.9 SE ECONOMY [35.28, -92.85]				
	02/05/08 16:54 CST	5	11.50M	Tornado (EF3, L: 10.82 mi , W: 1050 yd)
	02/05/08 17:08 CST	15	0	Source: NWS Storm Survey
<p>The tornado moved out of the Carden Bottoms area of Yell County, crossing the Arkansas River, and re-entering Pope County southwest of Atkins. The intensity and width of the tornado increased quickly within just a couple of miles after it moved across the Arkansas River. According to a survey by the Red Cross, damage included 46 houses destroyed, 19 houses with major damage, 37 houses with minor damage, and 2 other houses affected. In addition, 6 mobile homes were destroyed, 1 mobile home had major damage, and 4 others suffered minor damage. Several businesses were damaged as well. Numerous trees, power lines, and power poles were blown down. Several vehicles were blown off Interstate 40 as the tornado crossed the highway. One fatality occurred in the Lucky Landing area when a woman was thrown from her mobile home. Three fatalities, all members of a single family, occurred at a house on the east side of Atkins. Another fatality occurred in the Happy Bend community when a man left his mobile home and took shelter in a large, metal, intermodal shipping container. The container was blown hundreds of yards into the woods. The tornado then moved into Conway County, in the area west of Hattieville.</p>				
Direct Fatalities: M40PH, F42PH, F11PH, M56OT, F78MH				
<hr/>				
MARION COUNTY --- 3.5 NW WARE'S CHAPEL [36.21, -92.62], 3.3 NNE REA VLY [36.27, -92.52]				
	02/05/08 17:02 CST		1.75M	Tornado (EF1, L: 7.22 mi , W: 880 yd)
	02/05/08 17:11 CST	1	0	Source: NWS Storm Survey
<p>A Red Cross survey indicated that 3 houses had major damage, 5 had minor damage, and 5 others were affected. In addition, 3 mobile homes were destroyed, 3 had major damage, and 2 had minor damage. Numerous trees and power lines were blown down as well. The tornado continued into Baxter County, just east-southeast of Cotter.</p>				
<hr/>				
POPE COUNTY --- ATKINS [35.23, -92.92]				
	02/05/08 17:02 CST		0	Hail (0.75 in)
	02/05/08 17:02 CST		0	Source: Amateur Radio
<hr/>				
CONWAY COUNTY --- 3.0 W HATTIEVILLE [35.28, -92.85], 4.0 ENE RHONDO [35.46, -92.62]				
	02/05/08 17:08 CST	2	14.50M	Tornado (EF3, L: 17.99 mi , W: 1320 yd)
	02/05/08 17:23 CST	5	0	Source: NWS Storm Survey
<p>The tornado moved out of Pope County, northeast of Atkins, into Conway County, west of Hattieville. According to the Federal Emergency Management Agency, 56 residences (both houses and mobile homes) suffered damage. Altogether, 32 residences were destroyed, 6 had major damage, and 18 had minor damage. Several chicken houses were destroyed, and approximately 80,000 chickens were killed. Numerous trees, power lines, and power poles were blown down. An elderly couple was killed about 3.2 miles south-southwest of Cleveland when their mobile home was destroyed. The tornado then moved into Van Buren County, south-southeast of Beverage Town.</p>				
Direct Fatalities: M84MH, F68MH				
<hr/>				
BAXTER COUNTY --- 0.9 ESE COTTER [36.27, -92.52], 1.9 E WHITEVILLE [36.32, -92.45]				
	02/05/08 17:11 CST	1	15.75M	Tornado (EF2, L: 5.28 mi , W: 880 yd)
	02/05/08 17:16 CST	35	0	Source: NWS Storm Survey
<p>The tornado moved from Marion County, north-northeast of Rea Valley, into Baxter County, just east-southeast of Cotter. A survey by the Red Cross indicated 21 houses were destroyed, 23 suffered major damage, 35 had minor damage, and 147 others were affected. In addition, 9 mobile homes were destroyed, 12 suffered major damage, 10 had minor damage, and 10 others were affected. One fatality occurred in a mobile home park. Most of the residential structures were in the area around Gassville. A number of businesses in Gassville, along U.S. Highway 62/412, were damaged. Numerous trees, power lines, and power poles were blown down. The tornado dissipated before reaching Mountain Home.</p>				
Direct Fatalities: F77MH				
<hr/>				
CONWAY COUNTY --- CLEVELAND [35.42, -92.72]				
	02/05/08 17:21 CST		0	Hail (0.75 in)
	02/05/08 17:21 CST		0	Source: Amateur Radio

VAN BUREN COUNTY --- 1.6 SSE BEVERAGE TOWN [35.46, -92.62], 5.0 NNE SHIRLEY [35.71, -92.28]				

Storm Data and Unusual Weather Phenomena - February 2008

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
	02/05/08 17:23 CST	3	22.75M	Tornado (EF4, L: 26.03 mi , W: 1170 yd)
	02/05/08 17:51 CST	77	0	Source: NWS Storm Survey

The tornado moved from Conway County, northeast of Cleveland, into Van Buren County, south-southeast of Beverage Town. A Red Cross survey indicated that 41 houses were destroyed, 26 suffered major damage, 29 had minor damage, and 30 others were affected. In addition, 21 mobile homes were destroyed, 4 suffered major damage, 2 had minor damage, and one other was affected. A boat factory was destroyed, and a church and a number of businesses were damaged. Three fatalities occurred: One in a house 3.2 miles south-southwest of Clinton, one at the boat factory in Clinton, and one in a mobile home 2.5 miles west of Shirley. The tornado continued into Stone County, south-southwest of Rushing.

Direct Fatalities: F81PH, M29BU, F37MH

JEFFERSON COUNTY --- REYDELL [34.15, -91.58]

02/05/08 17:45 CST		0	Thunderstorm Wind (EG 50 kt)
02/05/08 17:45 CST		0	Source: Newspaper

A carport was blown over and landed in a living room.

STONE COUNTY --- 1.2 SSW RUSHING [35.71, -92.28], 4.6 NE HERPEL [35.94, -91.96]

02/05/08 17:51 CST	1	29M	Tornado (EF4, L: 23.45 mi , W: 1320 yd)
02/05/08 18:16 CST	7	0	Source: NWS Storm Survey

The tornado moved from Van Buren County, north of Shirley, into Stone County, south-southwest of Rushing. According to a Red Cross survey, 24 houses were destroyed, 11 suffered major damage, 11 had minor damage, and 21 others were affected. Mobile home damage included 14 destroyed, 4 with major damage, 4 with minor damage, and 6 others affected. Major damage to businesses occurred near the intersection of Arkansas Highways 5 and 14 on the southeast side of Mountain View. A car dealership was destroyed and some of the cars on the sales lot were thrown across the highway. One car was lofted over a building across the highway and then thrown down into a ravine. Nearby, a utility pole was pulled up by the tornado, and then a large part of the pole was jammed back into the ground with all the wires still attached. The Stone County Medical Center suffered substantial damage, and a number of doctors' offices nearby were destroyed. Other businesses destroyed included a body shop, a paint shop, and a car parts store. A fire station had major damage. A major electrical transmission line outside of Mountain View was destroyed. It was nearly a week before the line could be rebuilt and power restored. One person was killed in a house just east of the Highway 5/14 intersection. The tornado continued into Izard County, in the area just northwest of Guion.

Direct Fatalities: F50PH

GARLAND COUNTY --- HOT SPRINGS VILLAGE [34.67, -93.00]

02/05/08 18:00 CST		0.10M	Thunderstorm Wind (EG 50 kt)
02/05/08 18:00 CST		0	Source: Newspaper

Three large pine trees fell on a home in Hot Springs Village. A pine tree fell on a golf course. Also, an 80-foot tree fell on a home.

IZARD COUNTY --- 0.9 NW GUION [35.94, -91.96], 1.7 N LOVE [36.15, -91.68]

02/05/08 18:16 CST	2	11.50M	Tornado (EF3, L: 21.74 mi , W: 880 yd)
02/05/08 18:41 CST	20	0	Source: NWS Storm Survey

The tornado moved out of Stone County, northeast of Mountain View, into Izard County, just northwest of Guion. A survey by the Federal Emergency Management Agency indicated 106 residential structures (houses and mobile homes) suffered damage. This included 43 residences destroyed, 14 with major damage, 36 with minor damage, and 13 others affected. A cattle farmer lost hundreds of cattle to the tornado. Two fatalities occurred: One in a mobile home in the Rose Trail area, and the other in a mobile home at Zion. The tornado continued into Sharp County, in the area northwest of Evening Shade.

Direct Fatalities: M51MH, M32MH

	02/05/08 20:43 CST		0	Source: Law Enforcement
<p>Early on the 5th, a strong storm system approached from the Plains. Ahead of the system, breezy southerly winds provided well above normal temperatures and abundant moisture. Warmth and moisture destabilized the atmosphere and fueled developing thunderstorms. A cold front moved across the state causing numerous severe storms and several tornadoes. One of the tornadoes tracked from Yell County to Sharp County, staying on the ground for 121.84 miles. This track length set a record for the longest tornado path ever recorded in Arkansas. The continuous track was confirmed by two National Weather Service meteorologists who flew the track with the Civil Air Patrol. The final track was based on ground surveys, the Civil Air Patrol flight, and an aerial mapping flight performed for the Arkansas Forestry Commission.</p>
