

Asian American & Pacific Islander Radio Public Service Announcements (English Version)

Live Read Scripts

: 15 ----If you have diabetes, take action now to reduce your risk for heart attack and stroke. Ask your doctor how you can lower your blood sugar, blood pressure and cholesterol. Call the National Diabetes Education Program at 1-800-438-5383 for more information.

: 30 ----Asian Americans and Pacific Islanders with diabetes are at high risk for heart attack and stroke. But you can take charge. Ask your doctor how you can lower your blood sugar, blood pressure and cholesterol. Manage these three things and live a longer, healthier life. Call 1-800-438-5383 for more information. Brought to you by *(name of local organization)* and the National Diabetes Education Program.

: 15 ----If you have diabetes, ask your doctor about managing your blood sugar, blood pressure, and cholesterol—for a healthier and longer life. Call the National Diabetes Education Program at 1-800-438-5383 for more information.

: 30 ----If you have diabetes, take care of your heart. Heart attack and stroke are the leading killers of people with diabetes, but you can take charge. Ask your doctor how you can manage your blood pressure and cholesterol, as well as your blood sugar, to avoid heart attack and stroke. To learn more about managing your diabetes, call 1-800-438-5383. A message from *(name of local organization)* and the National Diabetes Education Program.
