

Together. Helping Iowans.

## Business Continuity Course

- A one-day business continuity course for the “how-to” of preparing your organization to survive a disaster -

Safeguard Iowa Partnership and the Iowa Homeland Security and Emergency Management Division will be sponsoring three business continuity courses in November 2008 in western and eastern Iowa.

The eight-hour course will walk participants through developing a business continuity plan for an organization. Each attendee will be able to take basic planning materials back to his/her organization.

The audience for this course is private- and public-sector organizations that need or already have a business continuity plan; including but not limited to government agencies, utilities, volunteer organizations and private businesses. *There is no cost for this training course.*

**After the massive flooding and tragic tornados of 2008, is your organization prepared?**

### WHO SHOULD ATTEND?

- Business, government and non-profit organizations without a business continuity plan
- Planners responsible for an existing business continuity plan that need a “Business Continuity 101”

### LOCATIONS AND DATES:

Sioux City – Tues., Nov. 4  
Cedar Falls – Wed., Nov. 5  
Cedar Rapids – Thurs., Nov. 6

**Register online at**
