

List of Trend Tables

Health Status and Determinants

Population

1. **Resident population**, by age, sex, race, and Hispanic origin: United States, selected years 1950–2006 155
2. **Inmates in state or federal prisons and local jails**, by sex, race, Hispanic origin, and age: United States, selected years 1999–2006 158
3. Persons and families below **poverty** level, by selected characteristics, race, and Hispanic origin: United States, selected years 1973–2006 160

Fertility and Natality

4. Crude birth rates, **fertility rates**, and **birth rates** by age, race, and Hispanic origin of mother: United States, selected years 1950–2005 162
5. **Live births**, by plurality, and detailed race and Hispanic origin of mother: United States, selected years 1970–2005 165
6. **Twin and higher order multiple births**, by race, Hispanic origin, and age of mother: United States, selected years 1971–2005 166
7. **Prenatal care** for live births, by detailed race and Hispanic origin of mother: United States, selected years 1970–2000, and selected states, 2004–2005 167
8. **Early prenatal care** by race and Hispanic origin of mother, geographic division, and states, average annual 1997–1999, 2000–2002, and 2003–2005 168
9. **Teenage childbearing**, by detailed race and Hispanic origin of mother: United States, selected years 1970–2005 171
10. **Nonmarital childbearing** by detailed race and Hispanic origin of mother, and maternal age: United States, selected years 1970–2005 172
11. **Mothers who smoked cigarettes** during pregnancy, by detailed race and Hispanic origin of mother: United States, selected years 1990–2000 and selected states, 2004–2005 173
12. **Low birthweight** live births, by detailed race, Hispanic origin, and smoking status of mother: United States, selected years 1970–2005 174
13. **Low birthweight** live births among mothers 20 years of age and over, by detailed race, Hispanic origin, and education of mother: United States, selected years and reporting areas 1989–2005 175
14. **Low birthweight** live births, by race and Hispanic origin of mother, geographic division, and state: United States, average annual 1997–1999, 2000–2002, and 2003–2005 178

15. **Legal abortions** and **legal abortion ratios**, by selected patient characteristics: United States, selected years 1973–2004 181

16. **Contraceptive use** in the past month among women 15–44 years of age, by age, race, Hispanic origin, and method of contraception: United States, selected years 1982–2002 183

17. **Breastfeeding** among mothers 15–44 years of age, by year of baby's birth, and selected characteristics of mother: United States, average annual 1986–1988 through 1999–2001 187

Mortality

18. **Infant, neonatal, and postneonatal mortality rates**, by detailed race and Hispanic origin of mother: United States, selected years 1983–2005 188

19. **Infant mortality rates** among mothers 20 years of age and over, by education, detailed race, and Hispanic origin of mother: United States, selected years 1983–2005 190

20. **Infant mortality rates** by birthweight: United States, selected years 1983–2005 192

21. **Infant mortality rates**, fetal mortality rates, and perinatal mortality rates, by race: United States, selected years 1950–2005 193

22. **Infant mortality rates**, by race and Hispanic origin of mother, geographic division, and state: United States, average annual 1989–1991, 2000–2002, and 2003–2005 194

23. **Neonatal mortality rates**, by race and Hispanic origin of mother, geographic division, and state: United States, average annual 1989–1991, 2000–2002, and 2003–2005 197

24. **Infant mortality rates** and international rankings: Selected countries and territories, selected years 1960–2005 200

25. **Life expectancy** at birth and at 65 years of age, by sex: Selected countries and territories, selected years 1980–2004 201

26. **Life expectancy** at birth, at 65 years of age, and at 75 years of age, by race and sex: United States, selected years 1900–2005 203

27. **Age-adjusted death rates**, by race, Hispanic origin, geographic division, and state: United States, average annual 1979–1981, 1989–1991, and 2003–2005 204

28. **Age-adjusted death rates** for selected causes of death, by sex, race, and Hispanic origin: United States, selected years 1950–2005 206

29. **Years of potential life lost** before age 75 for selected causes of death, by sex, race, and Hispanic origin: United States, selected years 1980–2005 210

30. **Leading causes of death** and numbers of deaths, by sex, race, and Hispanic origin: United States, 1980 and 2005 214

31. Leading causes of death and numbers of deaths, by age: United States, 1980 and 2005	218		
32. Age-adjusted death rates, by race, sex, region, and urbanization level: United States, average annual 1996–1998, 1999–2001, and 2003–2005	220		
33. Age-adjusted death rates among persons 25–64 years of age for selected causes of death, by sex and educational attainment : Selected states, 1994–2005	223		
34. Death rates for all causes, by sex, race, Hispanic origin, and age: United States, selected years 1950–2005	225		
35. Death rates for diseases of heart , by sex, race, Hispanic origin, and age: United States, selected years 1950–2005	229		
36. Death rates for cerebrovascular diseases , by sex, race, Hispanic origin, and age: United States, selected years 1950–2005	232		
37. Death rates for malignant neoplasms , by sex, race, Hispanic origin, and age: United States, selected years 1950–2005	235		
38. Death rates for malignant neoplasms of trachea, bronchus, and lung , by sex, race, Hispanic origin, and age: United States, selected years 1950–2005	239		
39. Death rates for malignant neoplasm of breast among females, by race, Hispanic origin, and age: United States, selected years 1950–2005	242		
40. Death rates for chronic lower respiratory diseases , by sex, race, Hispanic origin, and age: United States, selected years 1980–2005	244		
41. Death rates for human immunodeficiency virus (HIV) disease , by sex, race, Hispanic origin, and age: United States, selected years 1987–2005	247		
42. Maternal mortality for complications of pregnancy, childbirth, and the puerperium, by race, Hispanic origin, and age: United States, selected years 1950–2005	249		
43. Death rates for motor vehicle-related injuries , by sex, race, Hispanic origin, and age: United States, selected years 1950–2005	250		
44. Death rates for homicide , by sex, race, Hispanic origin, and age: United States, selected years 1950–2005	254		
45. Death rates for suicide , by sex, race, Hispanic origin, and age: United States, selected years 1950–2005	258		
46. Death rates for firearm-related injuries , by sex, race, Hispanic origin, and age: United States, selected years 1970–2005	261		
47. Deaths from selected occupational diseases among persons 15 years of age and over: United States, selected years 1980–2005	264		
48. Occupational injury deaths and rates , by industry, sex, age, race, and Hispanic origin: United States, selected years 1995–2006	265		
		Determinants and Measures of Health	
		49. Nonfatal occupational injuries and illnesses with days away from work, job transfer, or restriction, by industry: United States, 2003–2006	267
		50. Selected notifiable disease rates and number of cases: United States, selected years 1950–2006	268
		51. Acquired immunodeficiency syndrome (AIDS) cases, by year of diagnosis and selected characteristics: United States, 2002–2006	270
		52. Age-adjusted cancer incidence rates for selected cancer sites, by sex, race, and Hispanic origin: United States, selected geographic areas, selected years 1990–2005	272
		53. Five-year relative cancer survival rates for selected cancer sites, by race and sex: United States, selected geographic areas, selected years 1975–1977 through 1996–2004	275
		54. Diabetes among adults 20 years of age and over, by sex, age, and race and Hispanic origin: United States, 1988–1994, 1999–2002, and 2003–2006	276
		55. Incidence and prevalence of end-stage renal disease , by selected characteristics: United States, selected years 1980–2005	277
		56. Severe headache or migraine, low back pain, and neck pain among adults 18 years of age and over, by selected characteristics: United States, selected years 1997, 2005, and 2006	278
		57. Joint pain among adults 18 years of age and over, by selected characteristics: United States, selected years 2002, 2005, and 2006	280
		58. Limitation of activity caused by chronic conditions, by selected characteristics: United States, selected years 1997–2006	284
		59. Vision and hearing limitations among adults 18 years of age and over, by selected characteristics: United States, selected years 1997–2006	287
		60. Respondent-assessed health status , by selected characteristics: United States, selected years 1991–2006	289
		61. Serious psychological distress in the past 30 days among adults 18 years of age and over, by selected characteristics: United States, average annual selected years, 1997–1998 through 2005–2006	291
		62. Suicidal ideation, suicide attempts, and injurious suicide attempts among students in grades 9–12, by sex, grade level, race, and Hispanic origin: United States, selected years 1991–2007	293
		63. Current cigarette smoking among adults 18 years of age and over, by sex, race, and age: United States, selected years 1965–2006	295

64. Age-adjusted prevalence of current cigarette smoking among adults 25 years of age and over, by sex, race, and education level: United States, selected years 1974–2006	297
65. Current cigarette smoking among adults, by sex, race, Hispanic origin, age, and education level: United States, average annual 1990–1992, 1995–1998, and 2004–2006	298
66. Use of selected substances in the past month among persons 12 years of age and over, by age, sex, race, and Hispanic origin: United States, 2002, 2005, and 2006	300
67. Use of selected substances among high school seniors, tenth-, and eighth-graders, by sex and race: United States, selected years 1980–2007	302
68. Lifetime alcohol drinking status among adults 18 years of age and over, by selected characteristics: United States, selected years 1997–2006	305
69. Heavier drinking and drinking five or more drinks in a day among adults 18 years of age and over, by selected characteristics: United States, selected years 1997–2006	308
70. Selected health conditions and risk factors: United States, 1988–1994 through 2005–2006	311
71. Hypertension and elevated blood pressure among persons 20 years of age and over, by selected characteristics: United States, 1988–1994, 1999–2002, and 2003–2006	312
72. Serum total cholesterol levels among persons 20 years of age and over, by selected characteristics: United States, selected years 1960–1962 through 2003–2006	314
73. Mean energy and macronutrient intake among persons 20–74 years of age, by sex and age: United States, 1971–1974 through 2001–2004	317
74. Leisure-time physical activity among adults 18 years of age and over, by selected characteristics: United States, 1998, 2005, and 2006	318
75. Overweight, obesity, and healthy weight among persons 20 years of age and over, by selected characteristics: United States, 1960–1962 through 2003–2006	320
76. Overweight among children and adolescents 6–19 years of age, by selected characteristics: United States, 1963–1965 through 2003–2006	324
77. Untreated dental caries , by selected characteristics: United States, 1971–1974, 1988–1994, and 2001–2004	325

Utilization of Health Resources

Ambulatory Care

78. No usual source of health care among children under 18 years of age, by selected characteristics: United States, average annual 1993–1994, 2001–2002, and 2005–2006	327
79. No usual source of health care among adults 18–64 years of age, by selected characteristics: United States, average annual selected years 1993–1994 through 2005–2006	329
80. Reduced access to medical care during the past 12 months due to cost, by selected characteristics: United States, 1997, 2005, and 2006	331
81. Reduced access to medical care during the past 12 months due to cost, by state: 25 largest states and United States, average annual 1997–1998, 2001–2002, and 2005–2006	333
82. No health care visits to an office or clinic within the past 12 months among children under 18 years of age, by selected characteristics: United States, average annual 1997–1998, 2001–2002, and 2005–2006	334
83. Health care visits to doctor offices, emergency departments, and home visits within the past 12 months, by selected characteristics: United States, 1997, 2005, and 2006	336
84. Influenza vaccination among adults 65 years of age and over: Selected countries, 1998–2005	339
85. Vaccination coverage among children 19–35 months of age for selected diseases, by race, Hispanic origin, poverty level, and location of residence in metropolitan statistical area (MSA): United States, selected years 1995–2006	340
86. Vaccination coverage among children 19–35 months of age, by geographic division, state, and selected urban area: United States, 2002–2006	342
87. Influenza vaccination among adults 18 years of age and over, by selected characteristics: United States, selected years 1989–2006	344
88. Pneumococcal vaccination among adults 18 years of age and over, by selected characteristics: United States, selected years 1989–2006	346
89. Use of mammography among women 40 years of age and over, by selected characteristics: United States, selected years 1987–2005	348
90. Use of Pap smears among women 18 years of age and over, by selected characteristics: United States, selected years 1987–2005	350
91. Emergency department visits within the past 12 months among children under 18 years of age, by selected characteristics: United States, 1997, 2005, and 2006	352

92. Emergency department visits within the past 12 months among adults 18 years of age and over, by selected characteristics: United States, selected years 1997–2006	355
93. Injury-related visits to hospital emergency departments, by sex, age, and intent and mechanism of injury: United States, average annual 1995–1996, 1999–2000, and 2005–2006	357
94. Visits to physician offices, hospital outpatient departments, and hospital emergency departments , by selected characteristics: United States, selected years 1995–2006	359
95. Visits to primary care generalist and specialist physicians , by selected characteristics and type of physician: United States, selected years 1980–2006	362
96. Dental visits in the past year, by selected characteristics: United States, 1997, 2005, and 2006	364
97. Selected prescription and nonprescription drugs recorded during physician office visits and hospital outpatient department visits, by sex and age: United States, 1995–1996 and 2004–2005	366
98. Prescription drug use in the past month by sex, age, race and Hispanic origin: United States, 1988–1994 and 2001–2004	369
99. Dietary supplement use among persons 20 years of age and over, by selected characteristics: United States, 1988–1994 and 2001–2004	370
100. Admissions to mental health organizations , by type of service and organization: United States, selected years 1986–2004	371

Inpatient Care

101. Persons with hospital stays in the past year, by selected characteristics: United States, 1997, 2005, and 2006	372
102. Discharges , days of care, and average length of stay in nonfederal short-stay hospitals, by selected characteristics: United States, selected years 1980–2006	375
103. Discharges in nonfederal short-stay hospitals, by sex, age, and selected first-listed diagnosis: United States, 1990, 2000, and 2006	378
104. Discharge rate and average length of stay in nonfederal short-stay hospitals, by sex, age, and selected first-listed diagnosis: United States, 1990, 2000, and 2006	381
105. Discharges with at least one procedure in nonfederal short-stay hospitals, by sex, age, and selected procedures: United States, selected years 1990–2006	387
106. Hospital admissions , average length of stay, outpatient visits, and outpatient surgery, by type of ownership and size of hospital: United States, selected years 1975–2006	391
107. Nursing home residents 65 years of age and over, by age, sex, and race: United States, selected years 1973–2004	392

Health Care Resources

Personnel

108. Persons employed in health service sites, by site and sex: United States, 2000–2007	393
109. Active physicians and physicians in patient care, by geographic division and state: United States, selected years 1975–2006	394
110. Doctors of medicine , by place of medical education and activity: United States and outlying U.S. areas, selected years 1975–2006	396
111. Doctors of medicine in primary care, by specialty: United States and outlying U.S. areas, selected years 1949–2006	397
112. Employees and wages , by selected healthcare occupations: United States, selected years 1999–2006	398
113. First-year enrollment and graduates of health professions schools , and number of schools, by selected profession: United States, selected years 1980–2006	399
114. Total enrollment of minorities in schools for selected health occupations, by race and Hispanic origin: United States, selected academic years 1980–1981 through 2005–2006	400
115. First-year and total enrollment of women in schools for selected health occupations: United States, selected academic years 1980–1981 through 2005–2006	402

Facilities

116. Hospitals , beds, and occupancy rates, by type of ownership and size of hospital: United States, selected years 1975–2006	403
117. Mental health organizations and beds for 24-hour hospital and residential treatment, by type of organization: United States, selected years 1986–2004	404
118. Community hospital beds and average annual percentage change, by geographic division and state: United States, selected years 1960–2006	405
119. Occupancy rates in community hospitals and average annual percent change, by geographic division and state: United States, selected years 1960–2006	406
120. Nursing homes , beds, occupancy, and residents, by geographic division and state: United States, selected years 1995–2007	407
121. Medicare-certified providers and suppliers : United States, selected years 1980–2006	409
122. Number of Magnetic Resonance Imaging (MRI) units and Computed Tomography (CT) scanners : Selected countries, selected years 1990–2006	410

Health Care Expenditures and Payors

National Health Expenditures

123. Total health expenditures as a percent of gross domestic product and per capita health expenditures in dollars, by selected countries: Selected years 1960–2005	411
124. Gross domestic product, federal, and state and local government expenditures, national health expenditures , and average annual percent change: United States, selected years 1960–2006	412
125. Consumer Price Index and average annual percent change for all items, selected items, and medical care components: United States, selected years 1960–2007	413
126. Growth in personal health care expenditures and percent distribution of factors affecting growth: United States, 1960–2006	414
127. National health expenditures , average annual percent change, and percent distribution, by type of expenditure: United States, selected years 1960–2006	415
128. Personal health care expenditures , by source of funds and type of expenditure: United States, selected years 1960–2006	417
129. National health expenditures for mental health services , average annual percent change and percent distribution, by type of expenditure: United States, selected years 1986–2003	419
130. National health expenditures for substance abuse treatment , average annual percent change and percent distribution, by type of expenditure: United States, selected years 1986–2003	420
131. Expenses for health care and prescribed medicine , by selected population characteristics: United States, selected years 1987–2005	421
132. Sources of payment for health care , by selected population characteristics: United States, selected years 1987–2005	424
133. Out-of-pocket health care expenses among persons with medical expenses, by age: United States, selected years 1987–2005	427
134. Expenditures for health services and supplies and percent distribution, by type of payer: United States, selected years 1987–2006	428
135. Employers' costs per employee-hour worked for total compensation, wages and salaries, and health insurance , by selected characteristics: United States, selected years 1991–2008	430
136. Hospital expenses , by type of ownership and size of hospital: United States, selected years 1980–2006	432

Health Care Coverage and Major Federal Programs

137. Private health insurance coverage among persons under 65 years of age, by selected characteristics: United States, selected years 1984–2006	433
138. Private health insurance coverage obtained through the workplace among persons under 65 years of age, by selected characteristics: United States, selected years 1984–2006	435
139. Medicaid coverage among persons under 65 years of age, by selected characteristics: United States, selected years 1984–2006	437
140. No health insurance coverage among persons under 65 years of age, by selected characteristics: United States, selected years 1984–2006	439
141. Health insurance coverage of persons 65 years of age and over, by type of coverage and selected characteristics: United States, selected years 1992–2006	441
142. Medicare enrollees and expenditures and percent distribution, by Medicare program and type of service: United States and other areas, selected years 1970–2007	443
143. Medicare enrollees and program payments among fee-for-service Medicare beneficiaries, by sex and age: United States and other areas, selected years 1994–2006	445
144. Medicare beneficiaries by race, ethnicity, and selected characteristics: United States, 1992, 2004, and 2005	446
145. Medicaid recipients and medical vendor payments, by basis of eligibility, and race and ethnicity: United States, selected fiscal years 1972–2005	448
146. Medicaid recipients and medical vendor payments, by type of service: United States, selected fiscal years 1972–2005	449
147. Department of Veterans Affairs health care expenditures and use, and persons treated, by selected characteristics: United States, selected fiscal years 1970–2007	451

State Health Expenditures and Health Insurance	
148. Per capita personal health care expenditures , by state of residence: United States, selected years 1991–2004	452
149. Medicare enrollees, enrollees in managed care, payment per enrollee, and short-stay hospital utilization by geographic region and state: United States, 1994 and 2006	454
150. Medicaid recipients, recipients in managed care, payments per recipient, and recipients per 100 persons below the poverty level, by geographic region and state: United States, selected fiscal years 1989–2005	456
151. Persons without health insurance coverage by state : United States, average annual 1995–1997 through 2004–2006	458
