Centers for Disease Control and Prevention

Subcommittee for Dose Reconstruction Reviews (SDRR), Advisory Board on Radiation and Worker Health (ABRWH), National Institute for Occupational Safety and Health (NIOSH)

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention, announces the following meeting for the aforementioned subcommittee:

Time and Date: 9 a.m.–5 p.m., June 10, 2008.

Place: Cincinnati Airport Marriott, 2395 Progress Drive, Hebron, Kentucky 41018. Telephone (859) 334-4611, Fax (859) 334-4619.

Status: Open to the public, but without a public comment period. To access by conference call dial the following information 1 (866) 659-0537, Participant Pass Code 9933701.

In the event an individual cannot attend, written comments may be submitted. Any written comments received will be provided at the meeting and should be submitted to the contact person below well in advance of the meeting.

Background: The Advisory Board was established under the Energy Employees Occupational Illness Compensation Program Act of 2000 to advise the President on a variety of policy and technical functions required to implement and effectively manage the new compensation program. Key functions of the Advisory Board include providing advice on the development of probability of causation guidelines that have been promulgated by the Department of Health and Human Services (HHS) as a final rule; advice on methods of dose

reconstruction which have also been promulgated by HHS as a final rule; advice on the scientific validity and quality of dose estimation and reconstruction efforts being performed for purposes of the compensation program; and advice on petitions to add classes of workers to the Special Exposure Cohort (SEC).

In December 2000, the President delegated responsibility for funding, staffing, and operating the Advisory Board to HHS, which subsequently delegated this authority to CDC. NIOSH implements this responsibility for CDC. The charter was issued on August 3, 2001, renewed at appropriate intervals, and will expire on August 3, 2009.

Purpose: The Advisory Board is charged with (a) Providing advice to the Secretary, HHS, on the development of guidelines under Executive Order 13179; (b) providing advice to the Secretary, HHS, on the scientific validity and quality of dose reconstruction efforts performed for this program; and (c) upon request by the Secretary, HHS, advise the Secretary on whether there is a class of employees at any Department of Energy facility who were exposed to radiation but for whom it is not feasible to estimate their radiation dose, and on whether there is reasonable likelihood that such radiation doses may have endangered the health of members of this class. The Subcommittee for Dose Reconstruction Reviews was established to aid the Advisory Board in carrying out its duty to advise the Secretary, HHS, on dose reconstruction.

Matters To Be Discussed: The agenda for the Subcommittee meeting includes the discussion of cases under review on the 6th, 7th, and 8th sets of individual dose reconstruction; selection of cases for future review; and discussion of the summary report on the first 100 cases.

The agenda is subject to change as priorities dictate.

ABRWH determines that agency business requires its consideration of this matter on less than 15 days notice to the public and that no earlier notice of this meeting was possible.

Contact Person for More Information: Christine Branche, Ph.D., Executive Secretary, NIOSH, CDC, 395 E. Street, SW., Suite 9200, Washington, DC 20201, Telephone (513)533-6800, Toll Free 1(800)35-NIOSH, E-mail ocas@cdc.gov.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both CDC and the Agency for Toxic Substances and Disease Registry.

Dated: May 20, 2008.

Elaine L. Baker,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

BILLING CODE 4163-19-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES (HHS)

Centers for Medicare & Medicaid Services

Notice of Hearing: Reconsideration of Disapproval of Texas State Plan Amendment (SPA) 07-020

AGENCY: Centers for Medicare & Medicaid Services (CMS), HHS.

ACTION: Notice of Hearing.

SUMMARY: This notice announces an administrative hearing to be held on July 8, 2008, at the CMS Dallas Regional Office, 1301 Young Street, Suite 833, Room 1196, Dallas, Texas 75202, to reconsider CMS' decision to disapprove Texas SPA 07-020.

Closing Date: Requests to participate in the hearing as a party must be received by the presiding officer by June 13, 2008.

FOR FURTHER INFORMATION CONTACT: Benjamin Cohen, Presiding Officer, CMS, 2520 Lord Baltimore Drive, Suite L, Baltimore, Maryland 21244, Telephone: (410) 786-3169.

SUPPLEMENTARY INFORMATION: This notice announces an administrative hearing to reconsider CMS' decision to disapprove Texas SPA 07-020 which was submitted on July 20, 2007, and disapproved on February 22, 2008.

Under this SPA, the State would guarantee that, at the request of a hospital impacted as a result of a federally declared natural disaster, disproportionate share hospital (DSH) payments to that hospital would remain level from the prior year. In addition, the SPA would amend the conversion factors that expire August 31, 2007, and would update cost reporting citations that have changed due to a format change in the CMS Hospital and Hospital Health Care Complex Cost Report.

The amendment was disapproved because it does not comply with the requirements of section 1902(a)(13)(A) of the Social Security Act (the Act) together with the hospital specific limits under 1923(g)(1) of the Act.

The hearing will involve the following issues:

- Compliance with section 1923(g) of the Act. Whether the proposed State plan language concerning DSH payments assures compliance with hospital specific payment limits for current year DSH payments, and sufficient documentation of such compliance;
- Applicability of section 1923(e)(2) of the Act providing an exception to the section 1923(g) limits. Whether section
