Agency for Healthcare Research and Quality

Request for Planning Ideas for Development of an AHRQ Innovations Research Portfolio

AGENCY: Agency for Healthcare Research and Quality (AHRQ), HHS.

ACTION: Notice of Request for Ideas.

SUMMARY: AHRQ is establishing a new research portfolio, the Innovations Portfolio. The Portfolio goal is to identify and support research that has the potential to accelerate improvements in the organization, delivery, and management of healthcare. AHRQ seeks ideas on priority topics and activities that should be addressed as components of the Innovations Portfolio.

DATES: Please submit comments no later than October 14, 2008.

ADDRESSES: Submissions should be brief (no more than three pages per recommendation), and should be in the form of a letter or e-mail, preferably with an electronic file in a standard word processing format as an e-mail attachment. Responses to this request should be submitted to Francis D. Chesley, Jr., M.D., Agency for Health Care Research and Quality, 540 Gaither Road, Room 2034, Rockville, MD 20850, FAX: (301) 427-1562, e-mail: francis.chesley@ahrq.hhs.gov.

In order to facilitate handling of submissions, please include full information about the person submitting the recommendation: (a) Name, (b) title; (c) organization, (d) mailing address, (e) telephone number, and (f) e-mail address. Please do not use acronyms.

FOR FURTHER INFORMATION CONTACT:

Francis D. Chesley, Jr., M.D., (301) 427-1449 or at francis.chesley@ahrq.hhs.gov. All responses will be available for public inspection at AHRQ's Office of Extramural Research, Education, and Priority Populations weekdays between 8:30 a.m. and 5 p.m. Arrangements for reviewing the submissions may be made by calling (301) 427-1449.

SUPPLEMENTARY INFORMATION:

Background

The Innovations Portfolio is focused on creating resources and opportunity for exploration and discovery. The Innovations Portfolio was created to identify and support research that has the potential for high impact. These ideas will be novel and span a diverse array of disciplines. The portfolio will foster and nurture ideas and projects that have the potential to lead to highly innovative solutions that may lead to significant advances in healthcare organization, delivery, and management. Research and activities supported under the Innovations Portfolio will reflect ideas substantially different from those already being pursued by AHRQ. The portfolio will fund a transformative research agenda to solve pressing healthcare problems. Thus, the main focus of the portfolio is problem solving in order to accelerate improvement in healthcare.

Ideas are sought for topics to be supported by the Innovations Portfolio. Ideas are also sought regarding specific strategies to foster innovative approaches and programs. Comments and ideas may address new and emerging priority issues and areas that should be the focus of research in the Innovations Portfolio, mechanisms for identifying and engaging partners for this important work, or any related topic.

Dated: August 4, 2008.

Subcommittee for Dose Reconstruction Reviews (SDRR), Advisory Board on Radiation and Worker Health (ABRWH), National Institute for Occupational Safety and Health (NIOSH)

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention, announces the following meeting for the aforementioned subcommittee:

Time and Date: 9:30 a.m.—5 p.m., August 20, 2008.

Place: Cincinnati Airport Marriott, 2395 Progress Drive, Hebron, Kentucky 41018. Telephone (859)334-4611, Fax (859)334-4619.

Status: Open to the public, but without a public comment period. To access by conference call dial the following information 1(866)659-0537, Participant Pass Code 9933701.

Background: The Advisory Board was established under the Energy Employees Occupational Illness Compensation Program Act of 2000 to advise the President on a variety of policy and technical functions required to implement and effectively manage the new compensation program. Key functions of the Advisory Board include providing advice on the development of probability of causation guidelines that have been promulgated by the Department of Health and Human Services (HHS) as a final rule; advice on methods of dose reconstruction which have also been promulgated by HHS as a final rule; advice on the scientific validity and quality of dose estimation and reconstruction efforts being performed for purposes of the compensation program; and advice on petitions to add classes of workers to the Special Exposure Cohort (SEC).

In December 2000, the President delegated responsibility for funding, staffing, and operating the Advisory Board to HHS, which subsequently delegated this authority to CDC. NIOSH implements this responsibility for CDC. The charter was issued on August 3, 2001, renewed at appropriate intervals, and will expire on August 3, 2009.

Purpose: The Advisory Board is charged with (a) Providing advice to the Secretary, HHS, on the development of guidelines under Executive Order 13179; (b) providing advice to the Secretary, HHS, on the scientific validity and quality of dose reconstruction efforts performed for this program; and (c) upon request by the Secretary, HHS, advise the Secretary on whether there is a class of employees at any Department of Energy facility who were exposed to radiation but for whom it is not feasible to estimate their radiation dose, and on whether there is reasonable likelihood that such radiation doses may have endangered the health of members of this class. The Subcommittee for Dose Reconstruction Reviews was established to aid the Advisory Board in carrying out its duty to advise the Secretary, HHS, on dose reconstruction.

Matters to be Discussed: The agenda for the Subcommittee meeting includes a discussion of cases under review from the 6th, 7th, and 8th sets of individual dose reconstructions; and selection of cases for future review.

The agenda is subject to change as priorities dictate.

ABRWH determines that agency business requires its consideration of this matter on less than 15 days notice to the public and that no earlier notice of this meeting was possible.

In the event an individual cannot attend, written comments may be submitted. Any written comments received will be provided at the meeting and should be submitted to the contact person below well in advance of the meeting.

Contact Person for More Information: Christine Branche, Ph.D., Executive Secretary, NIOSH, CDC, 395 E. Street, SW.,

Suite 9200, Washington, DC 20201, Telephone (513)533-6800, Toll Free 1(800)CDC-INFO, E-mail ocas@cdc.gov.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both CDC and the Agency for Toxic Substances and Disease Registry.

Dated: August 11, 2008.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifier: CMS-10260 and CMS-10256]

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare & Medicaid Services (CMS), Department of Health and Human Services, is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the Agency's function; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

1. *Type of Information Collection Request:* New collection; *Title of Information Collection:* Medicare Advantage (MA) Disclosure Requirements; *Use:* The information collection requirements are mandated by 42 CFR 422.111 and 422.80. MA organizations will be required to notify plan members of the coming year's changes using a combined standardized document. MA organizations and potential MA organizations (applicants) will use the information to comply with

the eligibility requirements and the MA contract requirements. CMS will use this information to ensure that correct information is disclosed to Medicare beneficiaries, both potential enrollees and enrollees. *Form Number:* CMS-10260 (OMB# 0938-New); *Frequency:* Yearly; *Affected Public:* Business or other for-profit; *Number of Respondents:* 670; *Total Annual Responses:* 670; *Total Annual Hours:* 8040.

2. *Type of Information Collection Request:* New collection; *Title of Information Collection:* Medicare Care Management performance (MCMP) Demonstration; *Use:* Section 649 of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA) requires the Secretary of the U.S. Department of Health and Human Services to establish a pay-for-performance (P4P) demonstration program with physicians to meet the needs of eligible beneficiaries through the adoption and use of health information technology (HIT) and evidence-based outcome measures. The Medicare Care Management Performance Demonstration was established in response to the MMA. Mathematica Policy Research, Inc. is conducting an evaluation of the MCMP on behalf of CMS. The goals of the three-year demonstration are to improve quality of care to eligible fee-for-service Medicare beneficiaries and encourage the implementation and use of HIT. The specific objectives are to promote continuity of care, help stabilize medical conditions, prevent or minimize acute exacerbations of chronic conditions, and reduce adverse health outcomes. The MMA authorizes a total of four sites in both urban and rural areas. The demonstration sites are in Arkansas, California, Massachusetts, and Utah. The MCMP demonstration will target practices serving at least 50 traditional fee-for-service Medicare beneficiaries with congestive heart failure, coronary heart disease, and diabetes for whom they provide primary care.

An impact analysis using a comparison group design will be conducted as part of the evaluation. Physician practices in selected non-demonstration States that match most closely those in demonstration States on key factors will make up the comparison group. The impact analysis will use data from four data sources: (1) A beneficiary survey, (2) a physician survey, (3) Medicare claims and eligibility data, and (4) practice-specific data. This request relates to the two surveys. *Form Number:* CMS-10256 (OMB# 0938-New); *Frequency:* Once; *Affected Public:*
