## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### 50 CFR Part 679

[I.D. 031599A]

#### Fisheries of the Exclusive Economic Zone Off Alaska; Fishery Cooperatives

**AGENCY:** National Marine Fisheries Service (NMFS); National Oceanic and Atmospheric Administration (NOAA); Commerce.

**ACTION:** Final rule; notice of availability of fishery cooperative contracts.

**SUMMARY:** NMFS announces the availability of two fishery cooperative contracts under the American Fisheries Act (AFA). The Pollock Conservation Cooperative and the Offshore Pollock Catcher Cooperative filed membership agreements (agreements) with the North Pacific Fishery Management Council (Council) and the Secretary of Commerce (Secretary) under section 210(a) of the AFA. This notification is intended to promote public awareness of the agreements and is necessary to comply with the AFA requirement to make public information about the agreements.

**ADDRESSES:** Copies of the Agreement may be requested in writing from (1) Sue Salvesson, Assistant Regional Administrator for Sustainable Fisheries, Sustainable Fisheries Division, Alaska Region, NMFS, 709 West 9th Street, Room 401, Juneau, AK 99801, or P.O. Box 21668, Juneau, AK 99802, Attention: Lori Gravel, or from (2) Clarence Pautzke, Executive Director, North Pacific Fishery Management

Council, 605 West 4<sup>th</sup> Avenue, Suite 306, Anchorage, AK 99501-2252.

**FOR FURTHER INFORMATION CONTACT:** Jay Ginter, 907-586-7228.

**SUPPLEMENTARY INFORMATION:** Section 210 of the AFA specifically provides for fishery cooperatives under section 1 of 15 U.S.C. 521 *et seq.* (June 25, 1934), for purposes of harvesting and processing pollock (*Theragra chalcogramma*) caught in the Bering Sea and Aleutian Islands area. Any contract implementing a fishery cooperative under this authority is required to meet certain minimal criteria (section 210(a)(1)). These criteria include filing the contract, and any material modifications to the contract, with the Council and the Secretary not less than 30 days prior to the start of fishing under the contract. Additional criteria include public disclosure of certain information about the contract or the fishery cooperative and its harvest. Specifically, the Council and the Secretary are required to make available to the public information they

deem appropriate but which at a minimum will include:

1. A list of the parties to the contract, a list of the vessels involved, and the amount of pollock and other fish to be harvested by each party to the contract; and

2. The harvest by vessels under the cooperative contract of all species (including bycatch) in the directed pollock fishery on a vessel-by-vessel basis.

Both agreements were filed or submitted to the Chairman of the Council and the Secretary on December 20, 1998. On January 20, 1999, the Council and NMFS received copies of a "housekeeping" amendment to the Offshore Pollock Catcher Cooperative membership agreement. The Pollock Conservation Cooperative membership agreement lists nine members, the percentage of the annual directed pollock fishery allowance for each member, and 20 participating vessels. The 20 listed vessels are the same

catcher/processors listed at section 208(e) of the AFA. The Offshore Pollock Catcher Cooperative membership agreement lists seven members, the percentage of the annual directed pollock fishery allowance for each member, and the seven participating catcher vessels named at section 208(b) of the AFA.

NMFS announces the availability of both agreements (see **ADDRESSES**). Both agreements and the amendment were made available to the public during the Council meetings February 1 through 8, 1999. The actual harvest of each vessel operating under each agreement will be made available at the conclusion of the fishing year.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: March 16, 1999.
