Technical Amendments to Rules, Forms, Schedules, and Codification of Financial Reporting Policies

AGENCY: Securities and Exchange Commission.

ACTION: Final rule; technical amendment.

SUMMARY: The Securities and Exchange Commission (“Commission”) is adopting technical amendments to various rules, forms and schedules under the Securities Act of 1933 (“Securities Act”) and the Securities Exchange Act of 1934 (“Exchange Act”). The Commission also is making certain technical changes to the Codification of Financial Reporting Policies (“CFRP”). These revisions are necessary to conform those rules, forms, schedules and the CFRP to two recently issued Statements of Financial Accounting Standards (“SFAS”) issued by the Financial Accounting Standards Board (“FASB”). SFAS 141 (revised 2007), *Business Combinations*, and SFAS 160, *Noncontrolling Interests in Consolidated Financial Statements—an amendment of ARB No. 51* (collectively “Statements”) were both issued in December 2007. The technical amendments include revision of certain rules in Regulation S-X, certain items in Regulation S-K, certain sections in the CFRP and various forms and schedules prescribed under the Securities Act and Exchange Act.

DATES: *Effective Date:* April 23, 2009.

We are amending Exchange Act Rule 12b-2.⁷ We are amending Securities Act Forms S-3, S-4, F-3, and 1-A.⁸ We are amending Exchange Act Schedule 14A.⁹ Finally, we are amending Exchange Act Form 20-F.¹⁰

I. Background and Summary

On April 25, 2003, the Commission issued a policy statement recognizing the FASB’s financial accounting and reporting standards as “generally accepted” for purposes of the Federal securities laws.¹¹ The Commission’s rules and regulations generally require compliance with U.S. generally accepted accounting principles (“GAAP”),¹² and the requirements of the Commission’s rules, forms and schedules generally are used to interpret, supplement, or expand upon GAAP requirements. The purpose of these technical amendments and revisions is to eliminate obsolete terminology and revise reporting and disclosure requirements as necessary to achieve consistency between the Commission’s compliance requirements and SFAS 141(R) and SFAS 160, both issued by the FASB in December 2007.

II. Business Combinations

The FASB issued SFAS 141(R), *Business Combinations*, in December 2007. SFAS 141(R) is effective at the beginning of the first annual reporting period beginning on or after December 15, 2008. SFAS 141(R) addresses the accounting for all transactions in which an enterprise obtains control of one or more other businesses. The new standard retains the fundamental requirement in SFAS 141 that the acquisition method of accounting (called the “purchase method” in SFAS 141) be used for all business combinations. The existing requirement that an acquirer be identified for each business combination also was not modified. SFAS 141(R) defines the

acquirer as the enterprise that obtains control of one or more businesses and establishes the acquisition date as the date control is achieved. The application of SFAS 141 was limited to business combinations in which control was obtained by transfer of consideration. SFAS 141(R) requires that the acquisition method of accounting be applied to all transactions and other events in which one entity obtains control over one or more businesses. In addition, SFAS 141(R) generally requires an acquirer to recognize assets acquired, liabilities assumed and any noncontrolling interest in the acquiree at their fair values as of the acquisition date (rather than the announcement date as required in SFAS 141). SFAS 141(R) also makes significant changes in accounting for contingencies, goodwill, bargain purchases and income taxes related to business combinations.

III. Noncontrolling Interests in Consolidated Financial Statements

The FASB issued SFAS 160, *Noncontrolling Interests in Consolidated Financial Statements—an amendment of ARB 51*, in December 2007. SFAS 160 is effective for fiscal years and interim periods within those fiscal years beginning on or after December 15, 2008. SFAS 160 amends ARB 51¹³ to establish accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. It specifies that a noncontrolling interest in a subsidiary is an ownership interest in the consolidated entity that should be reported as equity in the consolidated financial statements. Prior to the advent of SFAS 160, little guidance existed for reporting noncontrolling interests. As a result, there were widely divergent practices for reporting such outside interests.

Most significantly, SFAS 160 changes the way the consolidated income statement is presented. It requires consolidated net income to be reported at amounts that include the amounts attributable to both the parent and the noncontrolling interest. In this regard, it requires disclosure on the face of the consolidated statement of income of the consolidated net income attributable to the parent and to the noncontrolling interest. Further, SFAS 160 establishes that all changes in a parent’s ownership interest in a subsidiary shall be accounted for as equity transactions as

long as the parent retains a controlling financial interest in the subsidiary. In addition, SFAS 160 requires that a parent recognize a gain or loss when a subsidiary is deconsolidated. Finally, SFAS 160 significantly expands disclosures in the consolidated financial statements regarding the interests of the

parent's owners and the interests of noncontrolling owners.

IV. Summary of Amendments

The table which follows is presented as a guide to assist the reader in understanding the various changes being made by the technical

amendments that are described at the end of this release. The table presents a brief description of each category of the changes and an explanation of the rationale for each change. Conforming amendments are being made to update the CFRP.

Amendment	Rationale
Amend various rules in Regulation S-X, items in Regulation S-K, and forms and schedules filed under the Securities Act and the Exchange Act to replace references to "minority interests" with "noncontrolling interests."	These amendments will replace references to "minority interests" with "noncontrolling interests" in order to be consistent with SFAS 160.
Under Regulation S-X, delete paragraphs 12 of Rule 5-03, 10 of Rule 7-04, and 14(e) of Rule 9-04.	SFAS 160 requires that consolidated financial statements report the net income attributable to the parent (or controlling interest) and the net income attributable to the noncontrolling interest. These amendments will make the rules consistent with this requirement.
Under Regulation S-X, delete paragraphs 27 of Rule 5-02, 20 of Rule 7-03, and 18 of Rule 9-03.	SFAS 160 requires that noncontrolling interests be presented in the consolidated statement of financial position within the equity section separate from the parent's equity. These amendments will eliminate the Commission's current requirement to present equity attributable to the noncontrolling interest outside of the consolidated equity section.
Amend various rules in Regulation S-X, items in Regulation S-K, and forms and schedules filed under the Securities Act and the Exchange Act to rescind guidance related to business combinations accounted for as "pooling of interests" and update references to specify which rules apply to combinations of entities under common control.	These amendments will eliminate "pooling of interests" accounting by registrants in accordance with the requirements of SFAS 141(R).
Amend various rules in Regulation S-X, items in Regulation S-K, and forms and schedules filed under the Securities Act and the Exchange Act to distinguish between income attributable to a noncontrolling interest and income attributable to a controlling interest.	SFAS 160 requires net income or loss be attributed to the parent (or controlling interest) and the noncontrolling interest. These amendments will make the rules consistent with this requirement.
Amend various rules in Regulation S-X, items in Regulation S-K, and forms and schedules filed under the Securities Act and the Exchange Act to remove the term "purchase method."	Under SFAS 141(R), a business combination can occur in the absence of a purchase transaction. These amendments will update the terminology in order to achieve consistency with SFAS 141(R).
Amend Rule 3-04 under Regulation S-X to require a separate schedule in the notes to the financial statements that shows the effects of any changes in the registrant's ownership interest in a subsidiary to the equity attributable to the registrant.	This amendment will conform Rule 3-04 to the requirements of SFAS 160.

V. Certain Findings

Under the Administrative Procedure Act, a notice of proposed rulemaking is not required when the agency, for good cause, finds that notice and public comment are impracticable, unnecessary, or contrary to the public interest.¹⁴ These amendments are technical changes to eliminate obsolete terminology and revise reporting and disclosure requirements as necessary to achieve consistency between the Commission's compliance requirements and SFAS 141(R) and SFAS 160. Because no one is likely to want to comment on such non-substantive, technical amendments, the Commission finds that it is unnecessary to publish notice of these amendments.¹⁵

¹⁴ 5 U.S.C. 553(b).

¹⁵ For similar reasons, the amendments do not require analysis under the Regulatory Flexibility Act or analysis of major rule status under the Small Business Regulatory Enforcement Fairness Act. See 5 U.S.C. 601(2) (for purposes of Regulatory Flexibility Act analysis, the term "rule" means any rule for which the agency publishes a general notice of proposed rulemaking); and 5 U.S.C. 804(3)(C) (for purposes of Congressional review of agency

The Administrative Procedure Act also requires publication of a rule at least 30 days before its effective date unless the agency finds otherwise for good cause.¹⁶ Due to the need to coordinate the effectiveness of the amendments with the effective dates of SFAS 141(R) and SFAS 160 and for the same reasons described with respect to opportunity for notice and comment, the Commission finds there is good cause for the amendments to take effect on April 23, 2009.

VI. Consideration of Competitive Effects of Amendments

Section 23(a)(2) of the Exchange Act requires the Commission, in adopting rules under the Exchange Act, to consider the competitive effects of such rules, if any, and to refrain from adopting a rule that would impose a burden on competition not necessary or

rulemaking, the term "rule" does not include any rule of agency organization, procedure or practice that does not substantially affect the rights or obligations of non-agency parties).

¹⁶ See 5 U.S.C. 553(d)(3).

appropriate in furtherance of the purposes of the Exchange Act.¹⁷ Because these amendments merely make technical changes to update references to applicable FASB pronouncements, we do not anticipate any competitive advantages or disadvantages will be created.

VII. Update to Codification of Financial Reporting Policies

The Commission amends the "Codification of Financial Reporting Policies" announced in Financial Reporting Release 1 (April 15, 1982) [47 FR 21028] as follows:

1. By removing and reserving Sections 201.01 and 201.02.

2. By revising Section 213.02(b) to replace the term "minority interest" in each place it appears with the term "noncontrolling interest".

3. By revising Section 507.03 to replace the term "minority interest" in each place it appears with the term "noncontrolling interest".

(1) The registrant's and its other subsidiaries' investments in and advances to the subsidiary exceed 10 percent of the total assets of the registrant and its subsidiaries consolidated as of the end of the most recently completed fiscal year (for a proposed combination between entities under common control, this condition is also met when the number of common shares exchanged or to be exchanged by the registrant exceeds 10 percent of its total common shares outstanding at the date the combination is initiated); or

(2) The registrant's and its other subsidiaries' proportionate share of the total assets (after intercompany eliminations) of the subsidiary exceeds

10 percent of the total assets of the registrant and its subsidiaries consolidated as of the end of the most recently completed fiscal year; or

(3) The registrant's and its other subsidiaries' equity in the income from continuing operations before income taxes, extraordinary items and cumulative effect of a change in accounting principle of the subsidiary exclusive of amounts attributable to any noncontrolling interests exceeds 10 percent of such income of the registrant and its subsidiaries consolidated for the most recently completed fiscal year.

Computational note: For purposes of making the prescribed income test the following guidance should be applied:

1. When a loss exclusive of amounts attributable to any noncontrolling interests has been incurred by either the parent and its subsidiaries consolidated or the tested subsidiary, but not both, the equity in the income or loss of the tested subsidiary exclusive of amounts attributable to any noncontrolling interests should be excluded from such income of the registrant and its subsidiaries consolidated for purposes of the computation.

2. If income of the registrant and its subsidiaries consolidated exclusive of amounts attributable to any noncontrolling interests for the most recent fiscal year is at least 10 percent lower than the average of the income for the last five fiscal years, such average income should be substituted for purposes of the computation. Any loss years should be omitted for purposes of computing average income.
