To Whom It May Concern:

Lamb & Lion Ministries is requesting an exemption to the requirement for Closed Captioning of the TV program *Christ in Prophecy* which airs weekly on the DAYSTAR network.

To contract for the closed captioning or to purchase encoding equipment would represent a significant increase in the cost of TV production and is prohibitive for us at this time.

Lamb & Lion Ministries annual gross revenue as a non-profit (501C) organization is under \$1.5 million dollars.

Lamb & Lion Ministries recognizes the value of closed captioning for the hearing impaired and the auxiliary benefit of improving literacy and we hope that we will eventually be able to add captions to our programs.

Respectfully,

Don Gordoni
Media Minister
Lamb & Lion Ministries
