DA-00-2917

## SOUTHWESTERN BELL FILES AMENDMENT TO DECEMBER 27TH *EX PARTE* IN SECTION 271 KANSAS AND OKLAHOMA PROCEEDING:

**Comment Schedule Set In December 27<sup>th</sup> Public Notice Remains the Same**

**CC Docket No. 00-217**

**Released: December 28, 2000**

Yesterday, the Commission received an *ex parte* filing from Southwestern Bell (SWBT) in the above-referenced docket in which SWBT detailed various reductions it is voluntarily making to its recurring and non-recurring charges in Oklahoma and its non-recurring charges in Kansas. Shortly thereafter, the Commission released a public notice requesting comment on SWBT's *ex parte*.<sup>1</sup>

Today, SWBT filed an amended *ex parte* submission that is identical to its December 27<sup>th</sup> *ex parte* except in one respect. Specifically, SWBT adds a new penultimate paragraph that describes its voluntary agreement not to implement the provisions of the line-threshold limitation, and related reporting provisions, for Oklahoma exchanges under the Oklahoma alternative regulation transition plan.<sup>2</sup>

With this Public Notice, the Commission is alerting prospective commenters of SWBT's amendment to yesterday's *ex parte* filing. Parties planning to file comments should address today's amended *ex parte* filing in their comments, rather than the version filed yesterday. The comment period, as set forth in yesterday's Public Notice, will remain the same. Comments must be filed by January 8, 2001 and reply comments must be filed by January 12, 2001. All such filings shall refer to the Commission docket number for this proceeding, **CC Docket No. 00-217**.

<sup>1</sup> See *Comments Requested In Connection With Southwestern Bell's Section 271 Application For Kansas And Oklahoma*, Public Notice, DA-00-2912 (CCB December 27, 2000).

<sup>2</sup> See Letter from Geoffrey M. Klineberg, Kellogg, Huber, Hansen, Todd & Evans, P.L.L.C., to Magalie Roman Salas, Secretary, Federal Communications Commission, at 3 (December 28, 2000), attached.

Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. Comments filed through ECFS can be sent as an electronic file via the Internet to <http://www.fcc.gov/e-file/ecfs.html>. Parties choosing to file by paper must file an original and two copies of each pleading with the Secretary, Federal Communications Commission, 445 12<sup>th</sup> Street, S.W., Washington, D.C. 20554. A copy should also be sent to Janice Myles, Common Carrier Bureau, Policy and Program Planning Division, Federal Communications Commission, Room 5-C327, 445 12<sup>th</sup> Street, S.W., Washington, D.C. 20554. One copy of all pleadings should also be sent to the Commission's contractor for public service records duplication, ITS, 1231 20<sup>th</sup> Street, N.W., Washington, D.C. 20036. Comment filings will be available for public inspection and copying during normal business hours in the FCC Reference Center, 445 12<sup>th</sup> Street, S.W., Washington, D.C. 20554. Copies may also be obtained from ITS, 1231 20<sup>th</sup> Street, N.W., Washington, D.C. 20036 or by calling ITS at (202) 857-3800, or faxing ITS at (202) 857-3805.

Common Carrier Contact: John Stanley (202) 418-1496.

*Re: Joint Application by Southwestern Bell for Provision of In-Region,  
InterLATA Services in Kansas and Oklahoma, CC Docket No. 00-217*

Dear Ms. Salas:

As Southwestern Bell Telephone Company ("SWBT") demonstrated in its Joint Application, the Oklahoma and Kansas recurring and non-recurring rates for unbundled network elements ("UNEs") are in accord with the TELRIC methodology as previously articulated by this Commission. Both the Kansas Corporation Commission ("KCC") and the Oklahoma Corporation Commission ("OCC") set rates in accordance with section 252(d)(2) of the Telecommunications Act of 1996 and this Commission's pricing methodology. The OCC made further downward adjustments to certain of its TELRIC-based rates pursuant to an industry approved stipulation as part of a state plan for alternative regulation of certain ILECs in Oklahoma (the "Alt Reg"). Since the downward adjustments were made to TELRIC-based rates, the resulting rates were likewise TELRIC-based rates and were not opposed by any CLEC. The KCC's and OCC's respective pricing orders make quite clear their commitment to adhere to TELRIC pricing, and their resulting rates fall well within the range that "the reasonable application of TELRIC principles would produce." Memorandum Opinion and Order, *Application by Bell Atlantic New York for Authorization Under Section 271 of the Communications Act To Provide In-Region, InterLATA Service in the State of New York*, 15 FCC Rcd 3953, 4084, ¶ 244 (1999).

Despite the KCC's and the OCC's adherence to TELRIC, the Department of Justice and some commenters have raised concerns that some of the Kansas and Oklahoma prices are too high, especially when compared with the rates in Texas. As SWBT explains in its Reply Brief (at 5-11), such a state-by-state comparison is inappropriate and meaningless, especially since the costs vary significantly from state to state.

Nevertheless, as part of its Joint Application for interLATA relief pursuant to section 271 and as a compromise to allay these concerns, SWBT agrees to a voluntary reduction of some of the TELRIC-based non-recurring rates in Kansas and some of the TELRIC-based recurring and non-recurring rates in Oklahoma. SWBT will offer these discounted rates in conjunction with its section 271 interconnection agreements in Oklahoma ("O2A") and Kansas ("K2A"). SWBT will offer to make these new rates available through pricing amendments to the UNE Appendices of both the O2A and the K2A. These UNE pricing amendments will be immediately available to any competing local exchange carrier that accepts the O2A or K2A or that "MFNs" into the O2A or K2A UNE Appendix and all legitimately related provisions. This offer will be set forth in an Accessible Letter by no later than January 5, 2001. The Accessible Letter will provide that the rates contained in these pricing amendments will take effect immediately upon approval by the appropriate state commission of either an O2A or K2A (or an amendment to an existing O2A or K2A) containing these new rates.

#### Kansas Non-Recurring Charges (Attachment A)

- ▶ SWBT will apply a 25 percent discount to all non-recurring charges ("NRCs") as prescribed by the KCC in its November 3, 2000 Order, subject to the following conditions:
  - If an NRC prescribed by the KCC in its Order on Reconsideration of December 22, 2000, is lower than the one that would be obtained from applying the 25 percent discount to the NRCs prescribed in the KCC's November 3, 2000 Order, then the lower NRC will apply. In other words, SWBT will offer whichever rate is lower.
  - SWBT will not lower any NRCs in Kansas to a level below the corresponding NRCs in Texas; thus, if a Kansas NRC is already at or below the corresponding NRC in Texas, the Kansas NRC will not be discounted further. Any Kansas NRCs that would be lower than the corresponding NRCs in Texas once the 25 percent discount is applied will be reduced only to the Texas level.

#### Oklahoma Non-Recurring Charges (Attachment B)

- ▶ SWBT will extend the Alt Reg discounts to all cross-connect NRCs for the term of the O2A.
- ▶ If an Oklahoma NRC that has already received the Alt Reg discount is lower than the corresponding NRC prescribed by the KCC in its November 3, 2000 Order, then no further discount will be applied.
- ▶ If an Oklahoma NRC that has already received the Alt Reg discount is higher than the corresponding NRC prescribed by the KCC in its November 3, 2000 Order, then it will be discounted by the same percentage as the corresponding Kansas NRC is discounted.

Magalie Roman Salas

December 28, 2000

Page 3

- ▶ SWBT will apply a 25 percent discount to any NRC that has not already received an Alt Reg discount.
- ▶ SWBT will not lower any NRCs in Oklahoma to a level below the corresponding NRCs in Texas. Any Oklahoma NRCs that would be lower than the corresponding Texas NRC levels once the 25 percent discount is applied will be reduced only to the Texas level. Of course, if the Oklahoma NRC is already at or below the corresponding Texas NRC, the Oklahoma NRC would not be discounted further at all.

Oklahoma Recurring Charges (Attachment C)

- ▶ SWBT will apply the Alt Reg discounts to the recurring charges for all loops for the term of the O2A.

Attached to this letter are three attachments that contain the new, discounted rates in Kansas and Oklahoma reflecting the reductions explained above.

In addition to the discounts described above, SWBT also agrees not to implement provisions of the line-threshold limitation for Oklahoma exchanges that are defined in section B(4)(b) of the Oklahoma Alt Reg transition plan. See Cause PUD 990000613 (Nov. 29, 1999). Because the line-threshold limitation will not be implemented, SWBT will also not implement the reporting provisions of section B(6).

Pursuant to the Commission's rules governing ex parte communications, I am enclosing two copies of this letter. Please file stamp and return the additional copy. Thank you very much.

Sincerely,

  
Geoffrey M. Klineberg
