

SENSIBLE HABITATS

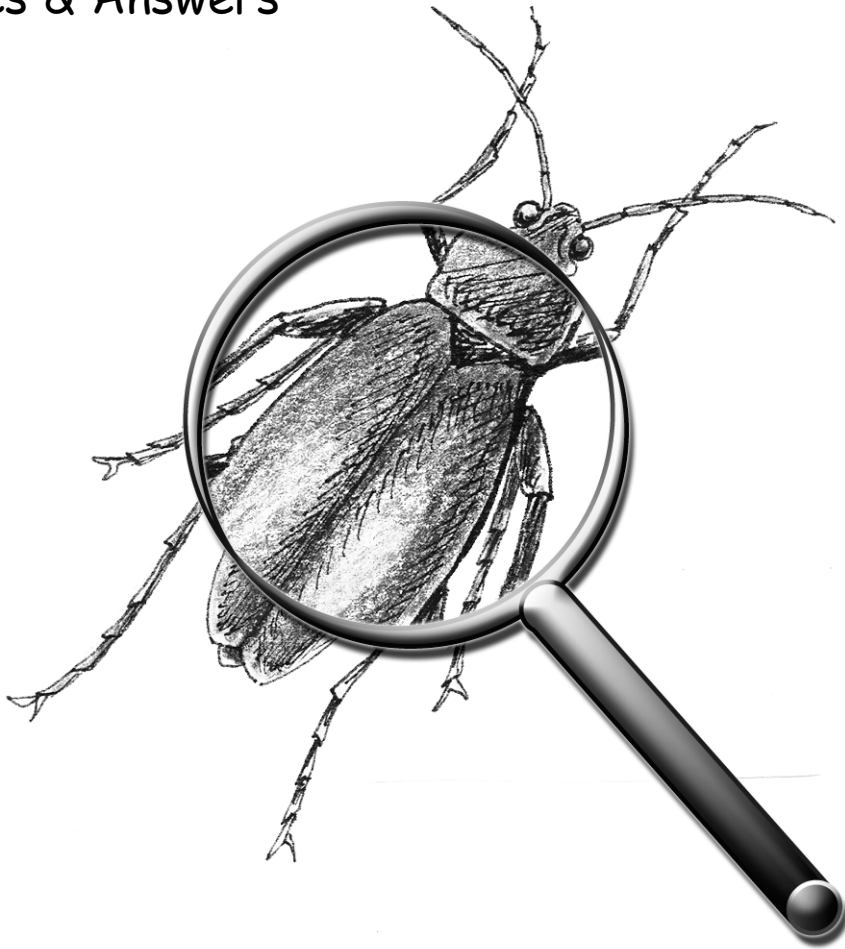

INVESTIGATING THE INTRIGUING DIVERSITY OF ANIMAL & PLANT LIFE

Golden Gate National Parks

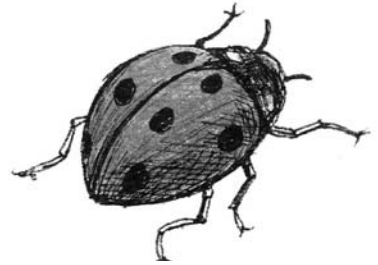

Habitat Detectives

Clues & Answers

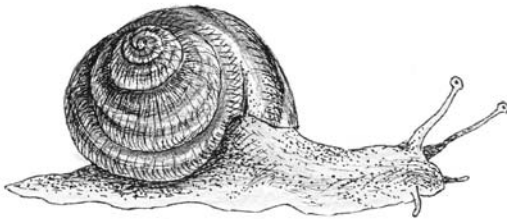

Group

What do living things need to survive?

How do you know when something is alive?

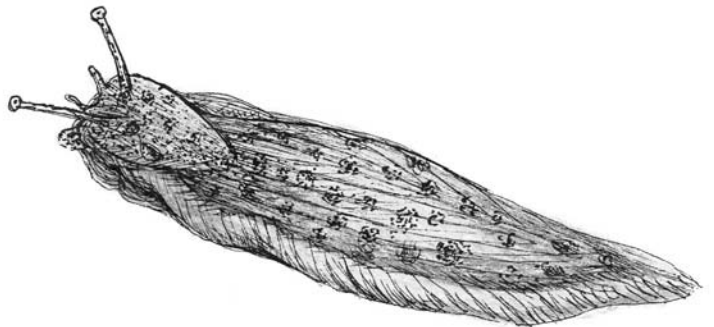

Name three (3) living things you see in the forest.

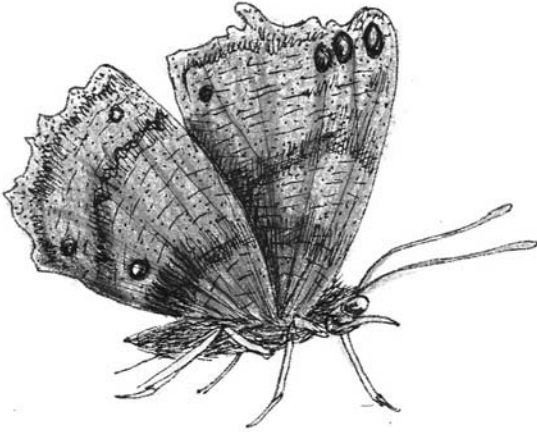

Name three (3) non-living things you see in the forest.

What else can you share about the forest?

Mystery Solved!

Good work detectives!

You have uncovered the mystery surrounding living and non-living things.

Now share what you have learned with your friends and your family so they can be Habitat Detectives with you.
