LANSING, MICHIGAN 48913**

**POSTING DATE: August 10, 1998**

Notice is hereby given that on September 24, 1998, the U.S. Department of the Interior, Bureau of Land Management, Eastern States will offer for competitive sale, pursuant to 43 CFR Part 3120 and procedures herein, certain Federal lands for oil and gas leasing.

LOCATION: The sale will be held at the Marshall Street Armory, 300 Elvin Court, Lansing, Michigan 48913. You must be present to bid.

TIME: The competitive oral auction will commence at 10:00 a.m. Eastern Time, September 24, 1998. The sale room will be open to the public one hour prior to the time indicated above, to allow time to obtain a bidding number from authorized Bureau personnel.

REGISTRATION AND BIDDING NUMBERS: Bidders will be required to obtain a bidding number prior to making any bid. Registration of bidders is required and will commence at 9:00 a.m. and will conclude at 10:00 a.m., September 24, 1998.

Parcels are identified as follows:

ES-001 - ES-054 Arkansas  
ES-055 - ES-057 Louisiana  
ES-058 - ES-134 Michigan  
ES-135 - ES-149 Mississippi  
ES-150 - ES-152 Virginia  
ES-153 - ES-153 Mississippi

You may contact Sid Vogelpohl at our Jackson Field Office (601) 977-5402 or Chris Hanson at our Milwaukee Field Office (414) 297-4421 for maps of the parcel location.

PRESALE LEASE OFFERS: Please note that any parcels marked with an asterisk (\*) will be issued to the applicant who has offered to lease the lands noncompetitively if no competitive bid is received. **Priority of presale offers received shall be determined as of the time and date the offer is filed in the proper BLM State Office.** Additional noncompetitive offers may be filed on such lands following the oral auction, such offers will not have priority over those filed prior to the posting of this Notice of Competitive Lease Sale.

TERMS OF LEASE: Leases awarded as a result of this oral auction will be for a primary term of 10 years, and so long thereafter as there is production in paying quantities. The royalty will be at a

flat rate of 12½ percent of the value or the amount of production removed or sold from the lease. Other terms of the lease are specified on the standard lease (Form 3100-11, October 1992 edition).

**OTHER CONDITIONS:** Specific surface use stipulations, where applicable, are specified for each parcel in this Notice of Competitive Lease Sale. Such stipulations shall become part of the lease and shall supersede any inconsistent provisions of the lease form. General surface use requirements are contained in law and regulation. The applicable stipulation(s) is indicated in the description of the parcel. All Forest Service parcels may be subject to Lease Notice 3 and/or 4.

**MINIMUM BID:** The minimum acceptable bonus bid will be the lump sum equivalent of \$2 per acre or fraction thereof.

**METHOD OF BIDDING:** All bids shall be made orally and be based on a per-acre basis for the entire acreage in the parcel and not on the total bid amount. The bid must be rounded up to the next whole acre if fractional acreage is involved, e.g., a parcel of 644.38 acres will require a minimum bid of at least \$1,290 (\$2 X 645 acres) to open the bidding process.

**FRACTIONAL INTERESTS:** For some of the parcels, as indicated in the list, the United States holds less than 100% of the oil and gas rights. Any lease issued will be only for the percentages or fractions indicated. However, bonus bids and rentals for such parcels shall be based on the gross acreage in the parcel, not the net U.S. interest. Acreage chargeability and production royalty are, in contrast, calculated on the net U.S. interest.

**ORDER OF SALE:** Parcels will be offered for oral bid in the order indicated in this Notice.

**RIGHT TO WITHDRAW PARCELS FROM SALE:** The Bureau of Land Management (BLM) reserves the right to withdraw any or all of the parcels from sale prior to or at the oral auction. In the event of cancellation of the sale, every effort will be made to give appropriate notice to all interested parties. If and when any individual parcels are withdrawn, notice thereof will be posted in the public room at 7450 Boston Boulevard, Springfield, Virginia 22153. You may also obtain the numbers of withdrawn parcels by telephoning (703) 440-1601 or (703) 440-1602 from 8:00 a.m. to 4:30 p.m., Monday through Friday, except Federal Holidays.

**DETERMINATION OF WINNING BID:** A winning bid will be the highest oral bid, equal to or exceeding the national minimum acceptable bid specified above. The decision of the auctioneer shall be final.

**PAYMENT OF BONUS BID, RENTAL AND ADMINISTRATIVE FEE:** Winning bidders shall be required to make payment for the parcel on the day of the oral auction for a total amount consisting of: (1) a bonus bid deposit of at least \$2 per acre or fraction thereof; (2) the total amount

of the first year's annual rental, at a rate of \$1.50 per acre or fraction thereof; and (3) an administrative fee of \$75 per parcel. This amount must be tendered at the auction after the close of the oral auction. The entire amount due may be paid at this time. Any unpaid balance of the bonus bid must be received at the Eastern States Office by the tenth working day following the close of the oral auction, which is **October 8, 1998** or all monies held by BLM and the right to issuance of the lease shall be forfeited. Any entity who forfeits the right of issuance of a lease (failure to submit the remaining monies due) on three occasions is prohibited from bidding at any future sale under the jurisdiction of Eastern States. Any parcel so forfeited may be reoffered by BLM competitively at a later oral auction. Successful bidders for the future interest parcels are subject to these same conditions except (2) above in that no rental or royalty shall be due to the United States prior to the vesting of the oil and gas rights in the United States.

FORM OF PAYMENT: Payment shall be made by personal check, certified check, money order (SUCH FORMS OF PAYMENT MUST BE MADE PAYABLE TO THE DEPARTMENT OF THE INTERIOR-BLM) or by CREDIT CARD (VISA OR MASTERCARD ACCEPTED ONLY). Payment by cash will NOT be accepted.

BID FORM REQUIRED; AVAILABILITY: Pursuant to 43 CFR 3120.5, successful high bidders will be required to submit WITH the required payments for each parcel on the day of the oral auction of such parcel a properly signed current competitive lease bid form (Form 3000-2, May 1994 edition), which is a legally binding offer by the prospective lessee to accept a lease pursuant to the terms and conditions specified herein for the parcel and on the standard lease form (Form 3100-11, October 1992 edition). Form 3000-2 may be obtained and executed by the prospective lessee or an authorized representative PRIOR to the oral auction. If the bid form is fully completed before the oral auction, it cannot be modified; portions of the form may be left blank to be completed by the bidder at the auction. If the bid form is not executed prior to the oral auction, the prospective lessee shall be required to complete and sign the bid form at the auction when the payment is tendered. Form 3000-2, when completed, certifies compliance with lessee qualifications (See 43 CFR 3102.5-2) and also certifies compliance with 18 U.S.C. 1860, which prohibits unlawful combination or intimidation of bidders and certifies that the bid was arrived at independently without unlawful collusion.

AWARD/ISSUANCE OF LEASES: Prospective lessees are advised that leases may be issued, upon signature by the authorized officer, without further action on their part, once all remaining bonus bid monies are timely received. The effective date of the lease shall be the first day of the month following the execution of the lease form by the authorized officer, except that leases may, upon written request from the lessee received prior to signature on the lease by the authorized officer, be effective the first day of the month in which issued.

UNSOLD PARCELS: Parcels contained in this Notice of Competitive Lease Sale for which no bids are received at the oral auction and which have not been withdrawn from the sale by BLM will be available for regular noncompetitive lease offer in accordance with 43 CFR Subpart 3110 for a two-year period commencing at 8:00 a.m., September 25, 1998. All noncompetitive offers received on that first business day following the auction will be considered simultaneously filed. Offers

received thereafter shall receive priority as of the date and time of filing, as specified in 43 CFR 1821.2-3(a). If any lands in the parcel are subject to a proper offer such offers shall have priority for issuance of a lease on the affected lands over any offers filed subsequent to the oral auction. Noncompetitive offers filed on the first business day following the close of the oral auction or during the remainder of that month must describe the lands, as set forth at 43 CFR 3110.5-1, solely by the single parcel number appearing in this Notice of Competitive Lease Sale. Any such offer constitutes consent by the offeror to the terms and conditions, including stipulations, set out for the parcel in this Notice of Competitive Lease Sale. Offerors submitting a lease form not currently in use are deemed to consent to the terms and conditions, including but not limited to rentals and royalties, of the current lease form. Leases may be issued to an offeror without further notice. All noncompetitive offers must be accompanied by the total of (1) the \$75 nonrefundable filing fee and (2) the first-year advance rental of \$1.50 per acre or fraction thereof as indicated in the list herein. All filing fees are nonrefundable, whether or not a lease is ultimately issued to the offeror or any other party.

BLM personnel will be present two hours immediately following the sale to accept over-the-counter (OTC) lease offers filed on unsold parcels. The BLM will also be accepting noncompetitive offers on unsold parcels in the accounting office at Eastern States on September 24, 1998, until 4:30 p.m.

All noncompetitive offers filed on September 24, 1998 will be considered simultaneously filed and have a filing date of September 25, 1998.

## PUBLIC NOTICE

Generally, for lands to be considered for inclusion in a sale, the expression of interest or presale offer must be received 6 months to one year prior to a sale date. We may not be able to parcel blanket requests for inclusion in one sale. Please, prioritize large requests so we can better meet your needs. The following is a tentative date for the next sale scheduled for this calendar year.

December 10, 1998

Bidders are reminded that a bid shall not be withdrawn and shall constitute a legally binding commitment to execute the lease bid form and accept a lease, including the obligation to pay the bonus bid, first year's rental, and administrative fee. There have been cases in past oral auctions where the minimum deposit due from the high bidder on the day of the auction was not paid, or was paid by a check drawn on an account with insufficient funds. The Bureau of Land Management will be closely monitoring situations of this nature to determine whether further measures should be initiated to protect the integrity of the system.

NOTE: SHOULD ASSISTANCE BE NEEDED FOR THE HEARING OR VISUALLY IMPAIRED, PLEASE CONTACT EASTERN STATES AT (703) 440-1546 BY AUGUST 24, 1998. THE SALE SITE IS ACCESSIBLE TO EVERYONE.

### NOTICE TO LESSEE

Provisions of the Mineral Leasing Act (MLA) of 1920, as amended by the Federal Coal Leasing Amendments Act of 1976, affect an entity's qualifications to obtain an oil and gas lease. Section 2(a)(2)(A) of the MLA, 30 U.S.C. 201(a)(2)(A), requires that any entity that holds and has held a Federal coal lease for 10 years beginning on or after August 4, 1976, and who is not producing coal in commercial quantities from each such lease, cannot qualify for the issuance of any other mineral lease granted under the MLA. Compliance by coal lessees with Section 2(a)(2)(A) is explained in 43 CFR 3472.

In accordance with the terms of this oil and gas lease with respect to compliance by the initial lessee with qualifications concerning Federal coal lease holdings, all assignees and transferees are hereby notified that this oil and gas lease is subject to cancellation if: (1) the initial lessee as assignor or as transferor has falsely certified compliance with Section 2(a)(2)(A), or (2) because of a denial or disapproval by a State Office of a pending coal action, i.e., arms-length assignment, relinquishment, or logical mining unit, the initial lessee as assignor or as transferor is no longer in compliance with Section 2(a)(2)(A). The assignee, sublessee, or transferee does not qualify as a bona fide purchaser and, thus, has no rights to bona fide purchaser protection in the event of cancellation of this lease due to noncompliance with Section 2(a)(2)(A).

Information regarding assignor, sublessor, or transferor compliance with Section 2(a)(2)(A) is contained in the lease case file as well as in other Bureau of Land Management records available through the State Office issuing this lease.

NO SURFACE OR SUB-SURFACE OCCUPANCY

No Occupancy (surface or sub-surface) is allowed on the lands described below unless application by letter for a waiver (as defined below) is made that demonstrates that surface or sub-surface occupancy on the leasehold is necessary to produce the lease, consent is given by the Surface Management Agency, if applicable, and subsequent planning analysis/environmental assessment (PA/EA) shows that surface or sub-surface occupancy, as requested, would not result in unacceptable adverse impacts to the environment, as determined by the Authorized Officer.

Waiver: A waiver from this lease stipulation may be granted for all or portion of this lease. Prior to granting any waiver, a PA/EA documentation must be completed for the entire lease based on a Reasonably Foreseeable Development Scenario (RFDS). The analysis must consider past, present, and reasonable foreseeable impacts on the lease and adjacent areas. With the consent of the Surface Management Agency, if applicable, a waiver of the stipulation may be granted for those portions of the lease identified as not containing sensitive or important historic, cultural, and scenic values, fish or wildlife resources or their habitat or other important or sensitive natural systems, processes or human values.

Exception: None.
