NOTICE OF COMPETITIVE LEASE SALE OIL AND GAS

POSTING DATE: MAY 8, 1998

Notice is hereby given that on June 22, 1998, the U.S. Department of the Interior, Bureau of Land Management, Eastern States will offer for competitive sale, pursuant to 43 CFR Part 3120 and procedures herein, certain Federal lands for oil and gas leasing.

LOCATION: The sale will be held in the **Conference Room** at Eastern States, 7450 Boston Boulevard, Springfield, Virginia 22153. You must be present to bid. A list of local hotels and directions to Eastern States is included in this package.

TIME: The competitive oral auction will commence at 10:00 a.m. Eastern Time, June 22, 1998. The sale room will be open to the public one hour prior to the time indicated above, to allow time to obtain a bidding number from authorized Bureau personnel.

REGISTRATION AND BIDDING NUMBERS: Bidders will be required to obtain a bidding number prior to making any bid. Registration of bidders is required and will commence at 9:00 a.m. and will conclude at 10:00 a.m., June 22, 1998.

Parcels are identified as follows:

ES-001 - ES-038 Arkansas
ES-039 - ES-049 Louisiana
ES-050 - ES-274 Mississippi
ES-275 - ES-276 Ohio

You may contact Sid Vogelpohl at our Jackson Field Office (601) 977-5402 or Chris Hanson at our Milwaukee Field Office (414) 297-4421 for maps of the parcel location.

PRESALE LEASE OFFERS: Please note that any parcels marked with an asterisk (*) will be issued to the applicant who has offered to lease the lands noncompetitively if no competitive bid is received. While additional noncompetitive offers may be filed on such lands following the oral auction, such offers will not have priority over those filed prior to the posting of this Notice of Competitive Lease Sale.

TERMS OF LEASE: Leases awarded as a result of this oral auction will be for a primary term of 10 years, and so long thereafter as there is production in paying quantities. The royalty will be at a

flat rate of 12½ percent of the value or the amount of production removed or sold from the lease. Other terms of the lease are specified on the standard lease (Form 3100-11, October 1992 edition).

OTHER CONDITIONS: Specific surface use stipulations, where applicable, are specified for each parcel in this Notice of Competitive Lease Sale. Such stipulations shall become part of the lease and shall supersede any inconsistent provisions of the lease form. General surface use requirements are contained in law and regulation. The applicable stipulation(s) is indicated in the description of the parcel. All Forest Service parcels may be subject to Lease Notice 3 and/or 4.

MINIMUM BID: The minimum acceptable bonus bid will be the lump sum equivalent of \$2 per acre or fraction thereof.

METHOD OF BIDDING: All bids shall be made orally and be based on a per-acre basis for the entire acreage in the parcel and not on the total bid amount. The bid must be rounded up to the next whole acre if fractional acreage is involved, e.g., a parcel of 644.38 acres will require a minimum bid of at least \$1,290 (\$2 X 645 acres) to open the bidding process.

FRACTIONAL INTERESTS: For some of the parcels, as indicated in the list, the United States holds less than 100% of the oil and gas rights. Any lease issued will be only for the percentages or fractions indicated. However, bonus bids and rentals for such parcels shall be based on the gross acreage in the parcel, not the net U.S. interest. Acreage chargeability and production royalty are, in contrast, calculated on the net U.S. interest.

ORDER OF SALE: Parcels will be offered for oral bid in the order indicated in this Notice.

RIGHT TO WITHDRAW PARCELS FROM SALE: The Bureau of Land Management reserves the right to withdraw any or all of the parcels from sale prior to or at the oral auction. In the event of cancellation of the sale, every effort will be made to give appropriate notice to all interested parties. If and when any individual parcels are withdrawn, notice thereof will be posted in the public room at 7450 Boston Boulevard, Springfield, Virginia 22153. You may also obtain the numbers of withdrawn parcels by telephoning (703) 440-1601 or (703) 440-1602 from 8:00 a.m. to 4:30 p.m., Monday through Friday, except Federal Holidays.

DETERMINATION OF WINNING BID: A winning bid will be the highest oral bid, equal to or exceeding the national minimum acceptable bid specified above. The decision of the auctioneer shall be final.

PAYMENT OF BONUS BID, RENTAL AND ADMINISTRATIVE FEE: Winning bidders shall be required to make payment for the parcel on the day of the oral auction for a total amount consisting of: (1) a bonus bid deposit of at least \$2 per acre or fraction thereof; (2) the total amount of the first year's annual rental, at a rate of \$1.50 per acre or fraction thereof; and (3) an administrative fee of \$75 per parcel. This amount must be tendered at the auction after the close of the oral auction. The entire amount due may be paid at this time. Any unpaid balance of the bonus bid must be received at the Eastern States Office by the tenth working day following the close of the oral auction, which is July 6, 1998 or all monies held by BLM and the right to issuance of the lease shall be forfeited. Any entity who forfeits the right of issuance of a lease (failure to submit the remaining monies due) on three occasions is prohibited from bidding at any future sale under the jurisdiction of Eastern States. Any parcel so forfeited may be reoffered by BLM

competitively at a later oral auction. Successful bidders for the future interest parcels are subject to these same conditions except (2) above in that no rental or royalty shall be due to the United States prior to the vesting of the oil and gas rights in the United States.

FORM OF PAYMENT: Payment shall be made by personal check, certified check, money order **(SUCH FORMS OF PAYMENT MUST BE MADE PAYABLE TO THE DEPARTMENT OF THE INTERIOR-BLM) or by CREDIT CARD (VISA OR MASTERCARD ACCEPTED ONLY).** Payment by cash will NOT be accepted.

BID FORM REQUIRED; AVAILABILITY: Pursuant to 43 CFR 3120.5, successful high bidders will be required to submit WITH the required payments for each parcel on the day of the oral auction of such parcel a properly signed current competitive lease bid form (Form 3000-2, May 1994 edition), which is a legally binding offer by the prospective lessee to accept a lease pursuant to the terms and conditions specified herein for the parcel and on the standard lease form (Form 3100-11, October 1992 edition). Form 3000-2 may be obtained and executed by the prospective lessee or an authorized representative PRIOR to the oral auction. If the bid form is fully completed before the oral auction, it cannot be modified; portions of the form may be left blank to be completed by the bidder at the auction. If the bid form is not executed prior to the oral auction, the prospective lessee shall be required to complete and sign the bid form at the auction when the payment is tendered. Form 3000-2, when completed, certifies compliance with lessee qualifications (See 43 CFR 3102.5-2) and also certifies compliance with 18 U.S.C. 1860, which prohibits unlawful combination or intimidation of bidders and certifies that the bid was arrived at independently without unlawful collusion.

AWARD/ISSUANCE OF LEASES: Prospective lessees are advised that leases may be issued, upon signature by the authorized officer, without further action on their part, once all remaining bonus bid monies are timely received. The effective date of the lease shall be the first day of the month following the execution of the lease form by the authorized officer, except that leases may, upon written request from the lessee received prior to signature on the lease by the authorized officer, be effective the first day of the month in which issued.

UNSOLD PARCELS: Parcels contained in this Notice of Competitive Lease Sale for which no bids are received at the oral auction and which have not been withdrawn from the sale by BLM will be available for regular noncompetitive lease offer in accordance with 43 CFR Subpart 3110 for a two-year period commencing at 8:00 a.m., June 23, 1998. All noncompetitive offers received on that first business day following the auction will be considered simultaneously filed. Offers received thereafter shall receive priority as of the date and time of filing, as specified in 43 CFR 1821.2-3(a). If any lands in the parcel are subject to a proper offer such offers shall have priority for issuance of a lease on the affected lands over any offers filed subsequent to the oral auction. Noncompetitive offers filed on the first business day following the close of the oral auction or during the remainder of that month must describe the lands, as set forth at 43 CFR 3110.5-1, solely by the single parcel number appearing in this Notice of Competitive Lease Sale. Any such offer constitutes consent by the offeror to the terms and conditions, including stipulations, set out for the parcel in this Notice of Competitive Lease Sale. Offerors submitting a lease form not currently in use are deemed to consent to the terms and conditions, including but not limited to rentals and royalties, of the current lease form. Leases may be issued to an offeror without further notice. All noncompetitive offers must be accompanied by the total of (1) the \$75 nonrefundable filing fee and (2) the first-year advance rental of \$1.50 per acre or fraction thereof as indicated in the list herein. All filing

fees are nonrefundable, whether or not a lease is ultimately issued to the offeror or any other party.

The Bureau of Land Management will be accepting noncompetitive offers on unsold parcels in the accounting office at Eastern States on June 22, 1998, until 4:30 p.m. All noncompetitive offers filed on June 22, 1998 will be considered simultaneously filed as of June 23, 1998.

PUBLIC NOTICE

Generally, for lands to be considered for inclusion in a sale, the expression of interest or presale offer must be received 6 months to one year prior to a sale date. We may not be able to parcel blanket requests for inclusion in one sale. Please, prioritize large requests so we can better meet your needs. Following is a list of tentative dates for this calendar year.

September 17, 1998 and December 10, 1998

Bidders are reminded that a bid shall not be withdrawn and shall constitute a legally binding commitment to execute the lease bid form and accept a lease, including the obligation to pay the bonus bid, first year's rental, and administrative fee. There have been cases in past oral auctions where the minimum deposit due from the high bidder on the day of the auction was not paid, or was paid by a check drawn on an account with insufficient funds. The Bureau of Land Management will be closely monitoring situations of this nature to determine whether further measures should be initiated to protect the integrity of the system.

NOTE: SHOULD ASSISTANCE BE NEEDED FOR THE HEARING OR VISUALLY IMPAIRED, PLEASE CONTACT EASTERN STATES AT (703) 440-1546 BY May 22, 1998. THE SALE SITE IS ACCESSIBLE TO EVERYONE.

NOTICE TO LESSEE

Provisions of the Mineral Leasing Act (MLA) of 1920, as amended by the Federal Coal Leasing Amendments Act of 1976, affect an entity's qualifications to obtain an oil and gas lease. Section 2(a)(2)(A) of the MLA, 30 U.S.C. 201(a)(2)(A), requires that any entity that holds and has held a Federal coal lease for 10 years beginning on or after August 4, 1976, and who is not producing coal in commercial quantities from each such lease, cannot qualify for the issuance of any other mineral lease granted under the MLA. Compliance by coal lessees with Section 2(a)(2)(A) is explained in 43 CFR 3472.

In accordance with the terms of this oil and gas lease with respect to compliance by the initial lessee with qualifications concerning Federal coal lease holdings, all assignees and transferees are hereby notified that this oil and gas lease is subject to cancellation if: (1) the initial lessee as assignor or as transferor has falsely certified compliance with Section 2(a)(2)(A), or (2) because of a denial or disapproval by a State Office of a pending coal action, i.e., arms-length assignment, relinquishment, or logical mining unit, the initial lessee as assignor or as transferor is no longer in compliance with Section 2(a)(2)(A). The assignee, sublessee, or transferee does not qualify as a bona fide purchaser and, thus, has no rights to bona fide purchaser protection in the event of cancellation of this lease due to noncompliance with Section 2(a)(2)(A).

Information regarding assignor, sublessor, or transferor compliance with Section 2(a)(2)(A) is contained in the lease case file as well as in other Bureau of Land Management records available through the State Office issuing this lease.

 Occupancy Stipulation

NO SURFACE OR SUB-SURFACE OCCUPANCY

No Occupancy (surface or sub-surface) is allowed on the lands described below unless application by letter for a waiver (as defined below) is made that demonstrates that surface or sub-surface occupancy on the leasehold is necessary to produce the lease, consent is given by the Surface Management Agency, if applicable, and subsequent planning analysis/environmental assessment (PA/EA) shows that surface or sub-surface occupancy, as requested, would not result in unacceptable adverse impacts to the environment, as determined by the Authorized Officer.

Location: T. 10 N., R. 32 W., Fifth Principal Meridian
Sec. 12, SESE.

Waiver: A waiver from this lease stipulation may be granted for all or portion of this lease. Prior to granting any waiver, a PA/EA documentation must be completed for the entire lease based on a Reasonably Foreseeable Development Scenario (RFDS). The analysis must consider past, present, and reasonable foreseeable impacts on the lease and adjacent areas. With the consent of the Surface Management Agency, if applicable, a waiver of the stipulation may be granted for those portions of the lease identified as not containing sensitive or important historic, cultural, and scenic values, fish or wildlife resources or their habitat or other important or sensitive natural systems, processes or human values.

Exception: None.

Modification: None.

LEASE NOTICE #4

All or part of the leased lands may be classified as wetlands in accordance with Executive Order 11990, "Protection of Wetlands" or a flood plain in accordance with Executive Order No. 11988, "Flood plain Management." Additional management requirements for the protection of riparian areas are contained in 36 CFR 219.27(e) and the National Forest Management Act of 1976.

All activities within these areas may require special measures to mitigate adverse impacts to the resource values. They must comply with the above referenced executive orders, regulations, laws and be in accordance with the Forest Land and Resource Management Plan guidelines.

Further information concerning the classification and management of these lands may be obtained from the authorized Forest Officer.

All parcels within the Ouachita National Forest are subject to the following Standard Stipulation in addition to all specified special stipulations in each parcel.

STANDARD STIPULATION

This stipulation is for lands on the National Forest System under jurisdiction of the Department of Agriculture.

The licensee/permittee/lessee must comply with all the rules and regulations of the Secretary of Agriculture set forth at Title 36, Chapter II, of the Code of Federal Regulations governing the use and management of the National Forest System (NFS) when not consistent with the rights granted by the Secretary of the Interior in the license/prospecting permit/lease. The Secretary of Agriculture's rules and regulations must be complied with for (1) all use and occupancy of the NFS prior to approval of a permit/operation plan by the Secretary of the Interior, (2) uses of all existing improvements, such as Forest development roads, within the outside area licensed, permitted or leased by the Secretary of the Interior, and (3) uses and occupancy of the NFS not authorized by a permit/operating plan approved by the Secretary of the Interior.

Occupancy Stipulation

NO SURFACE OR SUB-SURFACE OCCUPANCY

No Occupancy (surface or sub-surface) is allowed on the lands described below unless application by letter for a waiver (as defined below) is made that demonstrates that surface or sub-surface occupancy on the leasehold is necessary to produce the lease, consent is given by the Surface Management Agency, if applicable, and subsequent planning analysis/environmental assessment (PA/EA) shows that surface or sub-surface occupancy, as requested, would not result in unacceptable adverse impacts to the environment, as determined by the Authorized Officer.

Location: T. 17 S., R. 3 E., Louisiana Meridian
Sec. 7, NENE.

Waiver: A waiver from this lease stipulation may be granted for all or portion of this lease. Prior to granting any waiver, a PA/EA documentation must be completed for the entire lease based on a Reasonably Foreseeable Development Scenario (RFDS). The analysis must consider past, present, and reasonable foreseeable impacts on the lease and adjacent areas. With the consent of the Surface Management Agency, if applicable, a waiver of the stipulation may be granted for those portions of the lease identified as not containing sensitive or important historic, cultural, and scenic values, fish or wildlife resources or their habitat or other important or sensitive natural systems, processes or human values.

Exception: None.

Modification: None.

LEASE NOTICE NO. 5

BREEZY HILL IMPACT AREA

The lands within the impact area are contaminated by unexploded and dangerous ordnance on, or below, the surface. The United States is unable to certify that these lands are decontaminated and safe for use.

The Final Land and Resource Management Plan for the Kisatchie National Forest, approved September 1985, required a No Surface Occupancy (NSO) stipulation for this management area. The Kisatchie National Forest is in the process of revising its plan. The revised plan should be in effect by mid-1996. The revision will address the potential clean-up of the impact area by the U. S. Army Corps of Engineers (Corps). It is anticipated that the revised plan will allow for exceptions, modifications or waivers of restrictions on a site specific basis conditioned upon compliance with decontamination or other remedial requirements.

The revised Forest Plan will provide standards and guidelines addressing the conditions of surface occupancy. The extent of the area and degree of clean-up for any specific area would be determined by the Forest Service and the Corps. The lessee would be required to execute an Indemnification and Release of Liability Statement. If the Corps has not completely decontaminated the area at the time a request is received, the lessee would be responsible for the cost of decontamination or other remedial requirements.

Sec. 36: W2, W2NE 395.68

For the purpose of:

The above described lands were formerly used by the Department of Defense as an impact area for an artillery (bombing, machine gun, etc.) range, and are contaminated by unexploded and dangerous bombs, shells, rockets, mines, charges and/or other explosives on or below the surface thereof. The United States is unable to certify that these lands are completely decontaminated and safe for public use.

The lessee is authorized to employ directional drilling to explore for mineral resources within the aforementioned area(s) provided such drilling will not disturb the surface.

Any changes to this stipulation will be made in accordance with the land use plan and/or the regulatory provisions for such changes. (For guidance on the use of this stipulation, see BLM Manual 1624 and 3101 or FS Manual 1950 and 2820.)

**KISATCHIE NATIONAL FOREST
STIPULATION #8**

CONTROLLED SURFACE USE STIPULATION NO. 8

Surface occupancy or use is subject to the following operating constraints.

The lessee is given notice that all or portions of the lease area are located within the Intensive Use Area for Fort Polk. Army use of these areas is necessary for the accomplishment of the Military mission and any surface use or occupancy that might be allowed within such areas under the terms of this lease will be limited. It will be authorized by the Forest Service only if the lessee demonstrates the surface use or occupancy is essential to his operations, and if he submits special plans for operations affecting these areas which provide for such modifications as are satisfactory to the Forest Service for protection of these special values and existing or planned uses. After the Forest Service has been advised of the proposed surface use on the leased lands, and on request of the lessee, the Forest Service will furnish further data on such areas which now include, but are not limited to the following:

Military Activity

Any changes to this stipulation will be made in accordance with the land use plan and/or the regulatory provisions for such

changes. (For guidance on the use of this stipulation, see BLM Manual 1624 and 3101 or FS Manual 1950 and 2820.

All parcels within the Kisatchie National Forest are subject to the following Standard Stipulation in addition to all specified special stipulations in each parcel.

STANDARD STIPULATION

This stipulation is for lands on the National Forest System under jurisdiction of the Department of Agriculture.

The licensee/permittee/lessee must comply with all the rules and regulations of the Secretary of Agriculture set forth at Title 36, Chapter II, of the Code of Federal Regulations governing the use and management of the National Forest System (NFS) when not consistent with the rights granted by the Secretary of the Interior in the license/prospecting permit/lease. The Secretary of Agriculture's rules and regulations must be complied with for (1) all use and occupancy of the NFS prior to approval of a permit/operation plan by the Secretary of the Interior, (2) uses of all existing improvements, such as Forest development roads, within the outside area licensed, permitted or leased by the Secretary of the Interior, and (3) uses and occupancy of the NFS not authorized by a permit/operating plan approved by the Secretary of the Interior.

The authorized representative of the Secretary of Agriculture to be addressed in all matters related to any stipulation is:

NO SURFACE OR SUB-SURFACE OCCUPANCY

No Occupancy (surface or sub-surface) is allowed on the lands described below unless application by letter for a waiver (as defined below) is made that demonstrates that surface or sub-surface occupancy on the leasehold is necessary to produce the lease, consent is given by the Surface Management Agency, if applicable, and subsequent planning analysis/environmental assessment (PA/EA) shows that surface or sub-surface occupancy, as requested, would not result in unacceptable adverse impacts to the environment, as determined by the Authorized Officer.

Waiver: A waiver from this lease stipulation may be granted for all or portion of this lease. Prior to granting any waiver, a PA/EA documentation must be completed for the entire lease based on a Reasonably Foreseeable Development Scenario (RFDS). The analysis must consider past, present, and reasonable foreseeable impacts on the lease and adjacent areas. With the consent of the Surface Management Agency, if applicable, a waiver of the stipulation may be granted for those portions of the lease identified as not containing sensitive or important historic, cultural, and scenic values, fish or wildlife resources or their habitat or other important or sensitive natural systems, processes or human values.

Exception: None.

Modification: None.

TIMING LIMITATION STIPULATION 01

No surface use is allowed during the following time period(s). This stipulation does not apply to operation and maintenance of production facilities.

Site construction and drilling may be restricted during the wet season from 11/30 thru 3/31 depending on site specific conditions at the time the Application for Permit to Drill is filed.

On the lands described below:

Entire Lease

For the purpose of (reasons):

Prevent excessive soil erosion and rutting resulting from construction activities during the wet season. Land and Resource Management Plan, National Forests in Mississippi, as amended, 9/85.

Any changes to this stipulation will be made in accordance with the land use plan and/or the regulatory provisions for such changes. (For guidance on the use of this stipulation, see BLM Manual 1624 and 3101 or FS Manual 1950 and 2820.)

**NATIONAL FORESTS IN MISSISSIPPI
LEASE NOTICE NO. 3**

All or part of the leased lands may contain animal or plant species classified under the Endangered Species Act of 1973, as amended. Other species may have been identified as sensitive in accordance with Forest Service Manual 2670 and be listed on the current Regional Forester's List of Sensitive Plant and Animal Species. Further information concerning the classification of these species may be obtained from the authorized Forest Officer.

Exploration and development proposals may be limited or modifications required if activity is planned within the boundaries of a threatened, endangered or sensitive plant or animal species location as it thence exists. All activities within these areas must be conducted in accordance with existing laws, regulations and the Forest Land and Resource Management Plan guidelines.

LEASE NOTICE NO. 4

All or part of the leased lands may be classified as wetlands in accordance with Executive Order 11990, "Protection of Wetlands" or a flood plain in accordance with Executive Order No. 11988, "Flood plain Management." Further information concerning the classification of these lands may be obtained from the authorized Forest office.

All activities within these areas must be conducted in a manner to minimize adverse impacts to the resource values and in accordance with the Forest Land and Resource Management Plan guidelines.

Military Use Special Stipulations - No. 6

Camp Shelby Training Area

All the lands in T1N, R9W, except those lands in Sections 1 & 2, the NWNE & N2NW of Section 11 and the NENW & N2NE of Section 12 are located in a restricted area and subject to the following:

1.

The lessee shall not conduct exploratory activities on the lands included in this lease during periods when the USDA, Forest Service grants to the National Guard the privilege of using the area. Such use by the National Guard will be limited to a continuous three month period out of each year, normally but not necessarily May 15 through August 30, and for additional periods totaling not more than 20 days. The USDA, Forest Service shall approve the dates of such use by the National Guard. The periods of use will be subject to 90 days prior public notice given by the National Guard. Provided however, the lessee may conduct exploratory activities on the lands under this lease during the periods when the National Guard uses the area if the National Guard gives the lessee written permission for such exploratory activities.

2.

Lessee will forever release and discharge the State of Mississippi, its agencies, agents, and authorized personnel from any and all liabilities arising out of, or in connection with, the use of said premises by the National Guard, excepting such liabilities as result from the willful misconduct or negligence of any agents or authorized personnel of the State of Mississippi.

3.

Lessee will defend, pay or settle all liabilities and claims by or in favor of any third persons against the State of Mississippi, its agencies, agents, and authorized personnel arising out of, or in connection with, the use of the premises by the lessees; and the lessees will hold the State of Mississippi, its agencies, agents, and authorized personnel harmless against any such liabilities or claims asserted by third persons, including costs of suit, attorney's fees, and other expenses in connection therewith, excepting herefrom such liabilities or claims as a result from the willful misconduct or negligence of any agents, or authorized personnel of the State of Mississippi.

4.

Lessee will pay or settle claims for injury, loss, or damage to personnel or property of or under control of the State of Mississippi, arising out of, or in connection with, the use of the premises by the lessees, excepting such injuries, losses, or damages as a result solely from the negligence of any agents or authorized personnel of the State of Mississippi.

5.

It is understood that land included in this lease has been and is being used by the Mississippi National Guard, as an impact area of artillery (bombing, machine gun, etc.) range, and other military training purposes, and:

That such land has been and may be subject to contamination by the introduction of unexploded and dangerous bombs, shell-rockets, mines, and charges either upon or below the surface thereof; and

THAT THE UNITED STATES IS UNABLE TO CERTIFY THAT THE PROPERTY HAS BEEN COMPLETELY AND FULLY CLEARED AND DECONTAMINATED AND IS UNABLE TO STATE WHETHER OR NOT THE SAME IS SAFE FOR USE; and

That the lessee assumes full obligation for any risk involved in exercise of the rights and privileges authorized by this lease.

6.

Use or occupancy of the surface within 200 feet of the cleared right-of-way line of all regularly traveled roads or within 100 feet of stream banks is limited strictly to access facilities such as roads, power, pipe, or telephone lines which may be installed in a manner as specified by the Forest Supervisor, USDA, Forest Service, Jackson, Mississippi.

The lessee agrees to obtain written approval from the Forest Supervisor prior to installing any such access facilities.

The lessee is authorized to employ directional drilling to exploit the mineral resources within the aforementioned areas providing such drilling will not disturb the surface.

7.

Lessee will bury all gas and oil pipelines underneath the earth's surface a depth of two feet, except that such lines crossing street and roads over which military vehicles and armored tanks usually travel, the pipelines shall be buried a depth of three feet underneath such streets and roads.

The lessee shall not conduct exploratory activities on the lands included in this lease during periods when the USDA, Forest Service grants to the National Guard the privilege of using the area. Such use by the National Guard will be limited to a continuous three month period out of each year, normally but not necessarily May 15 through August 30, and for additional periods totaling not more than 20 days. The USDA, Forest Service shall approve the dates of such use by the National Guard. The periods of use will be subject to 90 days prior public notice given by the National Guard. Provided however, the lessee may conduct exploratory activities on the lands under this lease during the periods when the National Guard uses the area if the National Guard gives the lessee written permission for such exploratory activities.

2.

Lessee will forever release and discharge the State of Mississippi, its agencies, agents, and authorized personnel from any and all liabilities arising out of, or in connection with, the use of said premises by the National Guard, excepting such liabilities as result from the willful misconduct or negligence of any agents or authorized personnel of the State of Mississippi.

3.

Lessee will defend, pay or settle all liabilities and claims by or in favor of any third persons against the State of Mississippi, its agencies, agents, and authorized personnel arising out of, or in connection with, the use of the premises by the lessees; and the lessees will hold the State of Mississippi, its agencies, agents, and authorized personnel harmless against any such liabilities or claims asserted by third persons, including costs of suit, attorney's fees, and other expenses in connection therewith, excepting herefrom such liabilities or claims as a result from the willful misconduct or negligence of any agents, or authorized personnel of the State of Mississippi.

4.

Lessee will pay or settle claims for injury, loss, or damage to personnel or property of or under control of the State of Mississippi, arising out of, or in connection with, the use of the premises by the lessees, excepting such injuries, losses, or damages as a result solely from the negligence of any agents or authorized personnel of the State of Mississippi.

5.

It is understood that land included in this lease has been and is being used by the Mississippi National Guard, as an impact area of artillery (bombing, machine gun, etc.) range, and other military training purposes, and:

That such land has been and may be subject to contamination by the introduction of unexploded and dangerous bombs, shell-rockets, mines, and charges either upon or below the surface thereof; and

THAT THE UNITED STATES IS UNABLE TO CERTIFY THAT THE PROPERTY HAS BEEN COMPLETELY AND FULLY CLEARED AND DECONTAMINATED AND IS UNABLE TO STATE WHETHER OR NOT THE SAME IS SAFE FOR USE; and

That the lessee assumes full obligation for any risk involved in exercise of the rights and privileges authorized by this lease.

6.

Use or occupancy of the surface within 200 feet of the cleared right-of-way line of all regularly traveled roads or within 100 feet of stream banks is limited strictly to access facilities such as roads, power, pipe, or telephone lines which may be installed in a manner as specified by the Forest Supervisor, USDA, Forest Service, Jackson, Mississippi.

The lessee agrees to obtain written approval from the Forest Supervisor prior to installing any such access facilities.

The lessee is authorized to employ directional drilling to exploit the mineral resources within the aforementioned areas providing such drilling will not disturb the surface.

7.

Lessee will bury all gas and oil pipelines underneath the earth's surface a depth of two feet, except that such lines crossing street and roads over which military vehicles and armored tanks

CORPS OF ENGINEERS
BERLIN LAKE
COE Oil and Gas Lease Stipulation No. 2

MANDATORY STIPULATIONS FOR LANDS UNDER JURISDICTION OF
DEPARTMENT OF THE ARMY, CORPS OF ENGINEERS

1. All rights under this lease are subordinate to the rights of the United States to flood and submerge the lands, permanently or intermittently, in connection with the operation and maintenance of the above-named project.
2. The United States shall not be responsible for damages to property or injuries to persons which may arise from or be incident to the use and occupation of the said premises, or for damages to the property of the lessee, or for injuries to the person of the lessee (if an individual), or for damages to the property or injuries to the person of the lessee's officers, agents, servants, or employees, or others who may be on said premises at their invitation or the invitation of any one of them arising from or incident to any other governmental activities; and the lessee shall hold the United States harmless from any and all such claims.
3. The work performed by the lessee on the lands shall be under the general supervision of the District Engineer, Corps of Engineers, in direct charge of the project, and subject to such conditions and regulations as may be prescribed by him, and the plans and location for all structures, appurtenances thereto, and work on said lands shall be submitted to the said District Engineer for approval, in advance of commencement of any work on said lands. The District Engineer shall have the right to enter on the premises, at any time, to inspect both the installation and operational activities of the lessee.
4. No structure or appurtenance thereto shall be of a material or construction determined to create floatable debris.
5. The construction and operation of said structures and appurtenances thereto shall be of such a nature as not to cause pollution of the soils and the waters of the project.
6. The United States reserves the right to use the land jointly with the lessee in connection with the construction, operation, and maintenance of the Government project and to place improvements thereon or to remove materials therefrom, including sand and gravel and other construction material; as may be

necessary in connection with such work, and the lessee shall not interfere in any manner, with such work or do any act which may increase the cost of performing such work. If the cost of the work performed by the Government at and in connection with the project, including work performed on lands outside the property included in the lease, is made more expensive by reason of improvements constructed on the leased property by the lessee, the lessee shall pay to the United States money in an amount, as estimated by the Chief of Engineers, sufficient to compensate for the additional expense involved.

7. The Secretary of the Army or his designee reserves the right to require cessation of operations in a national emergency or if the Army needs the premises for a use incompatible with lease operations. On approval by higher authority, the District Commander will notify the lessee in writing or, if time permits, request the Bureau of Land Management to notify the lessee. The lessee understands that rights granted by this lease do not include the period of any such cessation, and the United States has no obligation to compensate the lessee for damages or contractual losses resulting from exercise of the stipulation. The lessee shall include this stipulation in contracts with third parties to supply oil and gas. This stipulation shall not affect the lessee's right to seek suspension of the lease term from the Bureau of Land Management.

8. If the District Commander or the District Commander's authorized representative finds an imminent danger to safety, security or significant environmental values for which there is no time to consult the Bureau of Land Management, that person may order an immediate stop of such activities. The State Director of the Bureau of Land Management will be notified immediately to determine the need for further remedial action.

9. The lessee or its operator will immediately stop work if contamination is found in the operating area, and request the District Commander or the District Commander's authorized representative provide assistance in dealing with the contamination.

10. Lessee liability for damage to improvements shall include improvements of the Department of Defense.

11. Prior to commencement of drilling operations, the lessee must consult with any third parties authorized to use real estate within the leased area, and to take into consideration the programs for which the third party grantee has contractual responsibility.
