

**Workshop on Doing Business with the Environmental
Protection Agency
At the 2007 National Environmental Partnership Summit
May 7, 2007
New Orleans, LA**

Come and join this interactive workshop at the summit

If you are a Business - Increase your success in getting contracts with EPA and its Grantees

If you are a Grantee - Increase your knowledge about the federal grant requirement Do's and Don'ts

This workshop will include an interactive session with both the Business and Grantee community to conduct a self-assessment identifying the strengths and weakness of their organizations. Participants, in the second part of the interactive session, will work on an action plan to identify specific steps to build on their organization's strengths and eliminate their weaknesses.

Who Should Attend

From the Business Community - Small businesses, businesses that are declared disadvantaged, including 8(a), Non 8(a) Disadvantaged Businesses, Women-Owned Businesses, HUBZone Businesses, and Service Disabled Veteran Owned Small Businesses.

From the Grantee Community - Non-Profits, state and local government agencies, Tribes and colleges and universities who are interested in pursuing federal grants or those organizations that currently have grants and want to manage them more effectively.
