

Syphilis is still a problem today, and it is in our community. The **Syphilis Elimination Effort (SEE)** is a national initiative to eliminate syphilis and wipe out one of our nation's biggest racial disparities in health. If you are a health care provider, a community leader, or a policy maker, find out what you can do to eliminate syphilis in our community. Visit www.cdc.gov/std/see/ and help us eliminate syphilis.

Syphilis is still a problem today, and the **Syphilis Elimination Effort (SEE)** needs your help to wipe out syphilis in our community. Visit www.cdc.gov/std/see/ and help us eliminate syphilis.

The **Syphilis Elimination Effort (SEE)** is a national initiative to eliminate syphilis and wipe out one of our nation's biggest racial disparities in health.
