

Bureau of Land Management Salem District Project Update September 2005

BLM
Salem District

Quartzville Creek

Public Lands: Use, Share, Appreciate

United States Department of the Interior

BUREAU OF LAND MANAGEMENT
Salem District Office
1717 Fabry Road S.E.
Salem, Oregon 97306

Dear Citizen:

Project Update is published to provide current information about projects planned on the Bureau of Land Management's Salem District lands. It is our intent to increase the public's awareness of BLM issues, activities, and opportunities. More importantly, we are seeking ideas and comments from those who may be affected by our multiple-use management programs. Your ideas, comments, and participation help us make informed decisions and implement better projects.

Project Update is organized by resource area and within each resource area by type of project. Additional information can be obtained from the BLM staff listed as contacts.

Please send written comments, including the specific project name, to the appropriate address listed below during the identified public comment period. If you wish to save paper and postage, and you have access to the internet, you can find the Project Update at www.or.blm.gov/salem or E-mail us at or080mb@or.blm.gov.

FOR MORE INFORMATION CONTACT:

Bureau of Land Management
Salem District Office
1717 Fabry Rd. SE
Salem, OR 97306
(503) 375-5646
OPEN: 7:30 a.m. - 4:00 p.m.
Monday - Friday

Bureau of Land Management
Tillamook Resource Area
4610 Third St.
Tillamook, OR 97141
(503) 815-1100
OPEN: 7:30 a.m. - 4:00 p.m.
Monday - Friday

Please contact us if you no longer wish to receive Project Update. You can also find a copy of Project Update at your local public library.

Your comments and concerns are welcome and may influence the final decision on these projects. Thank you for your continued interest!

Sincerely,

Denis Williamson
Salem District Manager

Current projects are described in Tables 1 – 4. FY 2005 timber sales are described in Table 5.

Explanatory comments concerning Tables 1-4:

Projects are organized by project type, project name/description, location, planning status, and contact person. A project may include the following stages:

Developing Proposed Action -A site-specific proposal, called a Proposed Action, is developed to move the existing condition of an area towards a desired condition or result.

Scoping -Public comment is sought on the Proposed Action. Comments are used to refine the proposal or to identify issues which will define the scope of analysis and alternatives to be considered.

Developing Alternatives -A range of alternatives is developed based on the issues raised during scoping, while addressing the purpose and need for the project.

Analyzing Effects - The effects of implementing the alternative(s) are determined and documented in an EIS (Environmental Impact Statement), EA (Environmental Assessment), CX (Categorical Exclusion) or DNA (Determination of NEPA Adequacy).

Comment Period - Comments are generally sought for 60 days on a draft EIS, and for 30 days on an EA and FONSI (Finding of No Significant Impact). There are no established comment periods for a CX or DNA. Comment periods are established commensurate with the anticipated level of public interest.

Notice of Decisions - Notice of decisions from an EIS and EA will be published in “a newspaper of general circulation in the area where the lands affected by the decision are located” and sent to those who have requested such. Notices of decision from an EIS will also be published in the Federal Register. Notice for projects which qualify as a CX or DNA will be available for public review at the appropriate Field Office.

Abbreviations Used in Tables:

AMA	Adaptive Management Area
AMR	Adaptive Management Reserve
CON	Connectivity
CX	Currently planned documentation is a Categorical Exclusion
DNA	Currently planned documentation is a Determination of NEPA Adequacy
EA	Currently planned documentation is an Environmental Assessment
ERFO	Emergency Relief for Federally Owned Roads
GFMA	General Forest Management Area
JITW	Jobs-In-The-Woods
LUA	Land Use Allocation
LSR	Late Successional Reserve
RR	Riparian Reserves

SALEM BLM SEEKS PUBLIC INPUT ON REVISIONS TO WESTERN OREGON MANAGEMENT PLANS

The Bureau of Land Management (BLM) is revising their Western Oregon Management Plans. In the next three years, the BLM will be taking a close look at how we manage 2.5 million acres of public lands in western Oregon. During the past decade, these lands have been managed under six resource management plans developed using the standards of the federal Northwest Forest Plan. It is now time to take a close look at these plans and make adjustments where needed. Your contribution to this process is important.

BLM is entering the first stage of the planning process called "Scoping." In Scoping, public comment is most helpful relating to these questions:

1. What forest management issues are you most interested in?
2. What forest management issues do you recommend we address in the RMP revision?
3. What planning criteria or guidelines should be used?
4. What alternatives should be considered in the planning analysis?

Salem BLM will hold four public meetings in Northwest Oregon that will focus on the 'Scoping' questions. The public meetings will also provide general information about the planning process and will be an opportunity to share your ideas, questions and opinions with BLM staff and managers. The dates and times are:

September 8, 2005	Salem District Office 1717 Fabry Rd. SE Salem OR 97306	12:30 pm-4:30 pm 5:30 pm-9:30 pm
September 13	Clackamas County Service Center 9101 SE Sunnybrook Blvd. Clackamas OR Auditorium Please park in the parking lot on the right, just west of the Service Center	1:00 pm-4:30pm 5:30 pm-8:30pm
September 22	LaSells Stewart Center Oregon State University Agriculture Leaders Room	12:30 pm-4:30 pm 5:30 pm-9:30 pm
September 27	Nestucca High School 34660 Parkway Dr. Cloverdale, OR School Library (Meeting cosponsored by Nestucca Valley Development Council.)	12:30 pm-4:30 pm 5:30 pm-9:30 pm

Afternoon and evening meetings are being held to accommodate the schedules of as many people as possible. The agenda for the afternoon and evening meetings is the same. A presentation and small group discussion is scheduled for both 1:30 and 6:30 PM.

For more information please contact Paul Jeske, Planner, at 503-375-5644.

Table 1: Cascades Resource Area Proposed Projects

Name / Description of Project	Location	Planning Status	Contact
Vegetation Management Actions (Additional Vegetation Management Actions are described under the Multiple Projects heading)			
<p>2006 Timber Sale Project (EA# OR080-04-20) –This EA covers the Cascades FY 2006 timber sale program. Approximately 1880 acres have been assessed for commercial thinning in four project areas (<i>Annie’s Cabin</i>, <i>Missouri Ridge</i>, <i>Snakehouse and Round Mountain</i>). Average stand age ranges from 40 to 70 years old. Thinning would occur in the Matrix (1504 acres), Riparian Reserve (356 acres), and Late Successional Reserve (LSR) (20 acres in the <i>Snakehouse</i> Project Area) and Use Allocations (LUA). Approximately 713 acres of thinning in the Molalla River Recreation Corridor and portions of the Molalla Shared Use Trail System are included in this assessment (<i>Annie’s Cabin</i> Project Area).</p>	<p>Upper Molalla, Middle North Santiam and Little North Santiam watersheds near Mill City, Rock Creek/Pudding River watershed near Scotts Mills, Crabtree Creek and Hamilton Creek/South Santiam watersheds near Lebanon.</p>	<p>EA completed July 2005. Multiple final decisions are expected to be issued Spring 2006-Fall 2006.</p>	<p>Steve Dowlan (503)315-5909</p>
<p>Ag47 (EA# OR080-04-08, project 1): The proposed action is approximately 341 acres of thinning in the Matrix LUA; and 91 acres of riparian thinning.</p>	<p>T8S R1E Sec. 35; T8S R2E Sec. 31, T9S R2E Sections 3 and 5.</p>	<p>EA completed August 2004. Final decision expected to be issued Fall 2005.</p>	<p>Keith Wallon (503) 375-5676</p>
<p>Butte Creek (EA# OR080-04-09): The proposed action is to thin approximately 700 acres of mixed-conifer stands (40 to 85 years old) within the General Forest Management (GFMA) portion of the Matrix LUA. Approximately 20 acres are within the Riparian Reserve LUA.</p>	<p>T6S R2E and T7S R2E. 12 miles east of Silverton, in the Abiqua Creek and Upper Molalla watersheds.</p>	<p>EA completed December 2004. Decision expected to be issued October 2005.</p>	<p>Randy Herrin (503) 315-5924</p>
<p>Riparian Restoration (covered in the following EAs - EA# OR-080-03-02 –Turnridge project 2; # OR-080-03-06– Roaring River project 2; # OR080-04-08 –AG47 project 2; # OR-080-03-17–Lulay Camp project 2): Habitat restoration (create canopy gaps, wolf trees and snags) without wood removal in Riparian Reserves.</p>	<p><i>Turnridge</i>: T10SR3E, Sec. 1, 3, 5 and 11. <i>Roaring River</i>: T11S, R1E, Sec. 1 & 3 <i>AG47</i>: T8S R1E Sec. 35; T8S R2E Sec. 31, T9S R2E Sections 3 and 5. <i>Lulay Camp</i>: T10S, R1E, Sec. 19, 29 and 33; T10S, R2E, Sec. 19</p>	<p>Final decision expected to be issued Fall 2005.</p>	<p>Carolyn Sands (503) 315-5973</p>
<p>Roadside Salvage 2005 (CX): Salvage trees that pose a safety hazard within and adjacent to road rights-of-way.</p>	<p>Cascade Resource Area-wide</p>	<p>CX to be completed Winter 2006.</p>	<p>Rudy Heffer (503) 375-5671</p>
<p>Sinker Swim Oak Woodland Restoration: (Covered in Sinker Swim EA, OR-080-2001-20) A proposal to cut conifer trees that are encroaching upon and shading out native oaks. Project is in 4 small parcels totaling approximately 2 acres.</p>	<p>T. 8 S., R. 3 E., Section 35 in the Little North Santiam Watershed</p>	<p>Final decision expected to be issued Fall 2005.</p>	<p>Carolyn Sands (503) 315-5973</p>
<p>Special Forest Products (CX# OR 080-05-03): Under the Special Forest Products Program, contracts would be offered and administered for harvesting a variety of special forest products over the period 2005-2010. Products would include, but not be limited to: fuelwood, posts and poles, chip material, cedar wood products, specialty hardwoods, cut sticks, transplant stock, root products, moss, beargrass, conifer boughs, Christmas trees, floral greenery, cascara bark, quinine conk, mushrooms, pitch, and Pacific yew bark.</p>	<p>Cascades Resource Area-wide</p>	<p>CX to be completed Fall 2005.</p>	<p>Jim LeComte (503) 315-5916</p>
<p>Thomas Creek LSR Enhancement: (covered in the AG47 EA, Project 3, # OR080-04-08): A proposal to improve habitat conditions by density management thinning on approximately 67 acres of 40-50 year old plantations in Late Successional Reserve. This project would also include other small scale treatment areas adjacent to the stands proposed for thinning.</p>	<p>T10S, R2E. Sec. 11, 15, in the Thomas Creek Watershed</p>	<p>EA completed August 2004. Final decision expected to be issued Fall 2005.</p>	<p>Carolyn Sands (503) 315-5973</p>
Watershed Restoration Actions			
<p>Road Decommissioning (covered in EA# OR080-03-20 – South M&M project 2): Road Decommissioning: decommissioning of 1,200 feet of existing road.</p>	<p>T12S R3E, Sections 19 & 30 in the Quartzville Watershed.</p>	<p>Final decision expected to be issued Fall 2005.</p>	<p>Carolyn Sands (503) 315-5973</p>

Table 1: Cascades Resource Area Proposed Projects

Name / Description of Project	Location	Planning Status	Contact
Minsinger Bench Stewardship Project: Integrated invasive plant management, reforestation of pasture land. This will be a request for proposals for an 8 to 10 year contract to reforest the site.	T2S., R6E., Sec. 20 in the Sandy River Watershed.	Request for proposals will be issued this summer. EA will be done based on proposal.	Barbara Raible (503) 375-5687
Multiple Projects			
Hillock (EA# OR080-04-04): Project 1/ Hillock Timber Sale: The proposed action is approximately 450 acres of thinning in the Matrix LUA; and 50 acres of riparian thinning. Project 2/ Lakeshore Restoration and Off Road Vehicle Trail Closure: Close and rehabilitate unauthorized lakeshore camping area and off-road vehicle trails.	T5S R4E, Sections 12, 14, 24 & 26. 12 miles south of Estacada in the Middle Clackamas Watershed.	EA was completed May 2004. Project 1/ Decision Issued 06/24/2005. Project 2/ Decision Issued 08/10/2005.	1/ Keith Walton (503)375-5676 2/ Patrick Hawe (503)315-5974
Recreation Actions			
Elkhorn Valley Recreation Site Trail Puncture Replacement CX (OR-080-05-17): Replace deteriorating puncheons (small boardwalk/footbridge) with new structures.	T. 9 S., R. 3 E., Section 9, approximately 30 miles east of Salem on North Fork County Road	CX scheduled to be completed in September 2005	Zach Jarrett (503) 375-5610
Larch Mtn Scientific Educational Environment Research Area Management Plan and Environmental Assessment: Will address long term management and use of site.	T1S, R5E, Section 3, 8 miles east of the city of Corbett on Larch Mtn. Road.	Early Scoping	Laura Dowlan (503) 315-5908
Mollalla River Recreation Management Plan and Environmental Assessment: Will address long term management of recreation and facility needs along the Mollalla River and the Mollalla River Shared-Use Trail System.	Final planning area still being determined – general area approximately 10 miles southeast of the City of Molalla. <i>Wildwood:</i> T. 2 S., R. 7 E, Section 31; <i>Fisherman's Bend:</i> T. 9 S. R. 2 E., Section 25 <i>Elkhorn:</i> T. 9 S. R. 3 E. Section 9; <i>Canyon Creek:</i> T. 9 S., R. 3 E., Section 7; <i>Yellowbottom:</i> T. 11 S., R. 4 E., Section 19 <i>Dogwood:</i> T. 12 S., R. 3 E., Section 3; <i>Old Miner's Meadow:</i> T. 11 S. R. 4 E. Section 29; <i>Larch Mountain:</i> T. 1 S., R. 5 E. Section 3 <i>Aquila Vista:</i> T. 7 S., R. 3 E. Section 6 & 7	Early Scoping	Zach Jarrett (503) 375-5610
Recreation Site Hazard Tree Removal (OR-080-05-16): CX covers the removal of unsafe trees in developed recreation sites for FY 2005 – FY 2009.	Final planning area still being determined - general area located approximately 30 miles east of Portland.	CX scheduled to be completed in September 2005	Laura Dowlan (503) 315-5908
Sandy River Management Plan: Will address long term resource protection and management needs for newly acquired lands in the Sandy River Watershed.	Final planning area still being determined - general area located approximately 30 miles east of Portland.	Early Scoping	Laura Dowlan (503) 315-5908
Table Rock Wilderness Management Plan Update and Environmental Assessment: The 1984 plan will be updated to address changes in use, access and resource protection.	T. 7 S., R. 3 & 4 E, located approximately 19 miles southeast of the City of Molalla.	Early Scoping	Zach Jarrett (503) 375-5610
Transportation System Management Actions			
Road Maintenance and Repair (EA/CX/DNA).	Cascades Resource Area-wide.	Ongoing	Dan Nevin (503) 375-5673
Yellowbottom Box Culvert Replacement (EA) – Replace a 52 year old concrete culvert structure.	T11S R4E, Section 19, about 20 miles northeast of Sweet Home.	NEPA to be completed winter 2006.	Dan Nevin (503) 375-5673
Miscellaneous Land Use Requests			

Table 1: Cascades Resource Area Proposed Projects

Name / Description of Project	Location	Planning Status	Contact
<p>Clackamas County Communication Tower Environmental Assessment (OR-080-05-13): BLM has received a request from Clackamas County to install a 70-foot communication tower in the Brightwood Communication Site area to improve communications for emergency services (police, fire and rescue).</p>	<p>T. 2 S., R. 6 E., Section 14, located approximately 12 miles east of the City of Sandy.</p>	<p>Early Scoping</p>	<p>Laura Dowlan (503) 315-5908</p>
<p>Process requests (E/A/CX/DNA) for various land uses such as rights-of-way, tailholds, and special use permits.</p>	<p>Cascades Resource Area-wide</p>	<p>Ongoing.</p>	<p>Carolyn Sands (503) 315-5973</p>
Watershed Analysis			
<p>Milk Creek Watershed Analysis – The BLM is working in partnership with Molalla River Watch to complete an analysis of the aquatic, terrestrial and social resources in this watershed.</p>	<p>Townships: T4S-R3E, T4S-R4E, T5S-R3E, T5S-R4E</p>	<p>Scheduled for completion by Fall 2005</p>	<p>Laura Dowlan (503) 315-5908</p>
<p>Pudding River Watershed Assessment - The BLM is working in partnership with the Pudding River Watershed Council to complete an analysis of the aquatic, terrestrial and social resources in this watershed.</p>	<p>Townships: T6S-R1&2 E, T7S -R1 &2 E, T8S-11E</p>	<p>Scheduled for completion by Winter 2006</p>	<p>Wesley Wong (503) 589-6844</p>

Table 2: Marys Peak Resource Area Proposed Projects

Name / Description of Project	Location	Planning Status	Contact
Vegetation Management Actions (Additional Vegetation Management Actions are described under the Multiple Projects heading)			
Gleason Thin (EA# OR080-04-14): The project area is approximately 200 acres of 40-60 year old forest in General Forest Management Area and riparian reserves. Proposed activities include commercial thinning, density management, road construction, renovation, blocking and decommissioning.	T13S, R6W, Section 19, Benton Co., approx. 12 miles SW of Philomath, OR. Located in the Benton Foothills Watershed.	EA public review completed in July 2005. The project is proposed for FY 2007.	Dan Schreindorfer (503) 315-5994
Gold Goose Thinning (Project 1 of EA# OR 080-04-05): The proposed project area is approximately 180 acres of 50-year-old forest in Adaptive Management, Late Successional and Riparian Reserves. Proposed activities include density management, commercial thinning and road renovation.	T 6S, R 7W, Section 34; T 7 S., R. 7 W., Sec. 3 and 4 (Polk Co.) approx. 10 miles west of Dallas, OR in the Mill Creek Watershed.	Decision Rationale signed June 2005. The project was sold as a timber sale in July, 2005	Andy Frazier (503) 315-5979
K-Line Adaptive Management Reserve Enhancement (EA# OR 080-05-08): The proposed project area is approximately 357 acres of 50 to 60 year-old forest in Adaptive Management Reserve and Riparian Reserve. Proposed activities include density management, road construction, renovation and decommissioning.	T7S, R7W, Section 31(Polk Co.) approx. 15 miles west of Dallas, OR in the Rickreall and Upper Siletz Watersheds.	Scoping in progress for issues. EA to be completed in winter 2006. The project is proposed for FY 2007.	Gary Humbard (503) 315-5981
Maxfield Cr. Density Management and Meadow Restoration (EA# OR 080-04-19): Approximately 268 acres of forest stands aged 35-110 years in Adaptive Management Area and Riparian Reserves are proposed for density management and restoration to oak and woodland habitat. Approximately 50 acres of upland meadow and Oregon white oak habitat are proposed for restoration by removal of encroaching conifers, seeding native species, controlling invasive species, and planting oak trees. A after vegetation treatments, approximately 321 acres are proposed for management with prescribed fire.	Maxfield, Berry and Soap Creek, northwest of Corvallis, Oregon. (T. 10 S., R. 5W. Sec. 19 and 29 and T. 10 S., R6 W., Sec. 22)	Plan to complete EA and start Public review in September, 2005. This project is proposed for FY 2006.	Hugh Snook (503) 315-5964
Condenser Peak Adaptive Management Reserve Enhancement (EA# OR 080-05-07): The proposed project area is approximately 352 acres of 50 to 60 year-old forest in Adaptive Management Reserve and Riparian Reserve. Proposed activities include density management, road construction, renovation and decommissioning.	T7S, R8W Sections 13 and 14 (Polk Co.) approx. 18 miles west of Dallas, OR in the Mill Creek and Upper Siletz Watersheds.	Scoping in progress for issues. The project is proposed for FY 2007.	Amy Haynes (503) 315-5955
Cold Springs Tie Adaptive Management Reserve Enhancement (EA# OR 080-05-12): The proposed project area is approximately 178 acres of 50 to 60 year-old forest in Adaptive Management Reserve and Riparian Reserve. Proposed activities include density management, road construction, renovation and decommissioning.	T9S, R7W, Section 3 (Polk Co.) approx. 9 miles southwest of Dallas, OR in the Luckiamute River Watersheds.	Scoping in progress for issues. The project is proposed for FY 2007.	Gary Humbard (503) 315-5981
Neuman Thinning (Project 2 of EA# OR 080-04-05): The proposed project area is approximately 101 acres of 40-55 year-old forest in LSR/RR within the Adaptive Management Area. Proposed activities include density management, road construction, road renovation and road decommissioning.	T7S, R7W Sections 1 and 2 (Polk County) approximately 8 miles west of Dallas, OR in the Mill Creek Watershed.	This project is proposed for FY 2007. Final decision in April 2006.	Andy Frazier (503) 315-5979
Parker Bear Density Management (EA# OR 080-04-18): The proposed project area is approximately 253 acres of 50-70- year-old forest in Late Successional and Riparian Reserves. Proposed activities include density management, road construction, road decommissioning and road renovation.	T12S, R7W, Sections 29, 32 and 33 and T13 S, R7W, Section 5 (Benton County) approx. 11 miles southwest of Philomath, OR in the North Fork Alsea Watershed.	EA public review completed in July 2005. The project is proposed for FY 2006.	Gary Humbard (503) 315-5981
Mainline II Thinning (EA# OR080-05-11): The proposed project area is approximately 218 acres of 60 year old forest in General Forest Management and Riparian Reserves. The proposed activities include commercial thinning, density management, road construction and road renovation.	T.14S., R.6W., Section 17 (Benton County) approximately five miles west of Bell Fountain, OR in the Marys River Watershed	Analysis and scoping is in process. The sale is planned for FY 2007	Bill Caldwell (503) 315-5961

Table 2: Marys Peak Resource Area Proposed Projects

Name / Description of Project	Location	Planning Status	Contact
Rickard Creek (EA# OR 080-04-16): This proposed project area is approximately 120 acres of 72 year-old forest in GFMA and Riparian Reserves. Proposed activities include regeneration harvest with some density management.	T13S, R6W, Section 29 (Benton County) approx. approx. 10 miles west of Monroe, OR in the Marys River Watershed.	Developing proposed action. The project is proposed for FY 2007.	Phil Sjoding (503) 315-5980
Multiple Projects			
School House Creek Restoration (EA or CX): This document consists of 4 projects. 1) Trash rack removal, 2) in-stream placement of Large Woody Debris, 3) riparian restoration through hardwood conversion/conifer planting, 4) road decommissioning.	T14S, R8W Section 3 (Benton County) in the Lower Alsea River Watershed.	An EA/FONSI has been completed and a Decision Rationale was signed for projects 1, 2, & 4.	Ashley La Forge (503) 375-5716
Wooden Lobster (EA): Whole trees would be cut and placed in streams in the Lobster and Alsea Basins by helicopter to enhance fish habitat.	Lobster River mainstem, Little Lobster Creek, Briar Creek and Bummer Creek.	Planned EA completion July, 2006. Project planned for FY 2007.	Scott Snedaker (503) 375-5928
Recreation Actions			
Alsea Falls Recreation Site Management Plan: Develop a comprehensive recreation management plan to include operations and maintenance of the Alsea Falls Recreation Site. Equestrian trail and connecting route/byway between Hult Reservoir and South Fork byway.	T14S, R7W Section 25; South Fork Alsea River.	Early scoping, assessment ongoing - general comments and concerns welcome.	Traci Meredith (503) 315-5991
Yaquina Head Outstanding Natural Area Management Plan (EA): Develop a comprehensive management plan to include all aspects of the environment and the operations and maintenance of the site.	T10S, R11W Section 29 and 30 (Lincoln County) 3 miles North of Newport, Oregon.	Scoping, draft plan in progress, assessment ongoing. Planned EA completion September 2006.	Joe Ashor (541) 574-3142
Transportation System Management Actions			
Road Decommissioning (Rd. 7-7-4) (Project 3 of EA# OR 080-04-05): Remove culvert, block vehicle access on approximately 1 mile of road within the AMR and Riparian Reserves LUA. This project is South of Gold Goose Thinning.	T6S, R7W Section 34 and Township 7 South, Range 7 West, Section 3 and 4 (Polk Co.) approx. 10 miles west of Dallas, OR in both the South Yamhill River and Mill Creek Watersheds.	Decision Rationale pending allocation of funds.	Andy Frazier (503) 315-5979
Miscellaneous Land Use Requests			
Process requests (EA/CX/DNA): For various land uses such as rights-of-way, tailholds, and special use permits.	Marys Peak Resource Area-wide	Ongoing.	Randy Gould (503) 375-5682
Watershed Analysis

Multiple Projects			
Elkhorn Creek (EA). The proposed project includes density management thinning on approximately 2,000 acres of 40-60-year-old mixed Douglas-fir/western hemlock, wildlife habitat enhancement, and watershed restoration within the Adaptive Management Area and Riparian Reserve LUAs.	Portions of the Trask River Watershed approximately 20 miles east of Tillamook, OR.	Analyzing effects	Carolima Hooper (503) 815-1119
Hoag Pass (EA) The proposed project includes density management thinning on approximately 921 acres of 30-97 year-old primarily Douglas fir. The fish and wildlife habitat enhancement project encompasses 927 acres with treatment of up to 8 trees per acre, and a project removing hardwoods to reduce road maintenance problems, approximately 10 miles of roadway treated with removal of hardwoods leaning over the roadway.	The project area is 22 miles SE of Tillamook, OR in the upper reaches of the Nestucca River Watershed. The project area includes T3S,R7W, sections 13, 14, 21-28, 34-36; T3S, R6W, sections 19, 30 and 31; Willamette Meridian.	Analyzing effects	Steve Bahe (503)-815-1123
Recreation Actions			
Process requests for various actions such as special use permits (EA/CX/DNA).	Tillamook Resource Area-wide.	Ongoing	Debra Drake (503) 815-1134
Transportation System Management Actions			
Road Maintenance and Repair (EA/CX/DNA).	Tillamook Resource Area-wide.	Ongoing	Rick Kneeland (503)815-1141
Miscellaneous Land Use Requests			
Process requests for various land uses such as right-of-ways, easements, etc. (EA/CX/DNA).	Tillamook Resource Area-wide.	Ongoing	Carolyn Sands (503) 315-5973
Watershed Analysis

Salem Resource Management Plan Implementation Strategy Development			
Ginger-Cedar APU Project Identification. An interdisciplinary team approach to project identification on a watershed-level basis. Potential projects include: wildlife and fish habitat improvement, watershed restoration, and vegetation management.	Portions of the Nestucca River fifth-field Watershed.	Anticipated to begin in August 2004. Project identification process not subject to National Environmental Policy Act	Steve Bahe (503) 815-1123
Moon Creek APU Project Identification. An interdisciplinary team approach to project identification on a watershed-level basis. Potential projects include: wildlife and fish habitat improvement, watershed restoration, and vegetation management.	East Creek and Moon Creek drainages of the Nestucca River.	Anticipated to begin in March 2005. Project identification process not subject to National Environmental Policy Act	Kent Mortensen (503)815-1133

Table 4: District-wide Proposed Projects

Name / Description of Project	Location	Planning Status	Contact
Vegetation Management Actions			
Invasive Weed Management (EA) The objectives are to establish an integrated weed management program for the Marys Peak and Tillamook Resource Areas. All treatment methods would be considered, including herbicide application to certain weed species.	Marys Peak and Tillamook Resource Areas	Project deferred until further notice.	Claire Hibler (503) 375-5677
Remote Automated Weather Stations (RAWS) site maintenance (EA) The objectives are to establish a long term vegetation management plan around three sites. These stations monitor weather data to assist in rating fire danger and are located in areas which represent local forest conditions and weather patterns.	Cascades – Horse Creek , Yellowstone Tillamook - Rye Mountain	Scoping Fall 2005. Estimated EA completion date Winter 2005/2006	Barbara Raible (503) 375-5687
Multiple Projects			
Hoag Pass (EA 086-05-03) To be determined	Tillamook Resource Area	Scoping approx. April 2005. Estimated EA completion date, Winter 2005/06.	Steve Bahe (503) 815-1123
Recreation Actions			
Filming on Salem District Lands (Programmatic EA) This includes professional still photography and filming on developed recreation sites and special areas.	All Salem District recreation sites and special areas	Early scoping. Estimated EA completion Winter 2005.	Traci Meredith (503) 315-5991
Transportation System Management Actions			
None
