

DRAWINGS—Watermarks

Watermark

Two basic Government watermarks have been established. The Group I watermarks consist simply of the “eagle” and a “star” for each 25 percent of cotton/linen fiber specified for the paper.

The Group II watermarks have the word “recycled” in the design. The paper stock must have a postconsumer (PC) fiber content, whether it is a PC wood fiber or PC recovered (cotton/linen) fiber. Note, *recovered material (cotton/linen) is not a PC recovered fiber.*
