Highline-Loop Hike

Saturday's and Sunday's rangers lead small groups on a fun-filled, all-day hike along the Continental Divide. Check the St. Mary and Lake McDonald sections for descriptions and information on how to sign up.

Goodbye to the Glaciers

The glaciers of Glacier National Park are quickly disappearing due to the effects of global climate change. Join us for an update on where the glaciers are headed, what their leaving will mean for the park, and what you might be able to do to help. **Presentations last about 15 minutes.**

Visiting Logan Pass

No phone or food services are available at Logan Pass.

Special Notes

Frequently, the parking lot at Logan Pass fills beyond capacity, forcing visitors to drive on without stopping. Expect parking difficulties between 11:00am and 3:00pm. Plan on visiting Logan Pass early in the day or late in the afternoon to avoid crowds.

Another option is to use the new free shuttle system to visit Logan Pass, and other destinations along the Going-to-the-Sun Road. Leave your vehicle at your campsite, hotel, or at the Apgar Transit Center and shuttle up to the high country for a day of hiking and site-seeing along the crest of the Continental Divide. Check in the Waterton-Glacier Guide for your shuttle map and information, or ask at visitor centers for suggestions.

Glacier also has two companies that provide guided tours through the park, including a stop at Logan Pass. They provide a valuable service to those with oversized vehicles and help reduce traffic on the road. Tours can be arranged by contacting the following companies:
